WEST WINDSOR-PLAINSBORO REGIONAL SCHOOL DISTRICT

505 Village Road West, P.O. Box 505

Princeton Junction, NJ 08550

Phone: 609-716-5000 FAX: 609-716-5012

October 25, 2010

Honorable President, Members of the
Board of Education, and Constituents
West Windsor-Plainsboro Regional School District
County of Mercer, New Jersey

Dear Board Members and Constituents:

The comprehensive annual financial report of the West Windsor-Plainsboro Regional School District ("District" or "WW-P") as of and for the year ended June 30, 2010, is hereby submitted. Responsibility for both the accuracy of the data, and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information at June 30, 2010, and the respective changes in financial position and cash flows, where applicable, for the year then ended. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical, and single audit. The introductory section includes this transmittal letter (designed to complement Management's discussion and analysis and should be read in conjunction with it), the District's organizational chart, roster of officials, and independent auditors' and advisors. The financial section includes the management's discussion and analysis, basic financial statements, required supplementary information and other supplementary information, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis and is unaudited. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations," and New Jersey OMB's Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments." Information related to this single audit, including the auditor's reports on internal control and compliance with applicable major programs, are included in the single audit section of this report.

1. Reporting Entity and Its Services

West Windsor-Plainsboro Regional School District is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB) as established by GASB Statement No. 14. All funds of the District are included in this report. The following chart details the changes in the in-district student seat count of the District over the last five years. These amounts will differ from the ASSA student count taken every October.

District Seat Count

Fiscal Year	Student Enrollment*	Percent Change Increase
2009-2010	9,821	0.6%
2008-2009	9,766	0.7
2007-2008	9,632	1.5
2006-2007	9,537	2.1
2005-2006	9,304	2.0

*Only in-district students

2. Economic Condition and Outlook

West Windsor and Plainsboro are vibrant and diverse communities that are popular with residents and businesses alike. With a robust mix of commercial and residential properties, the West Windsor-Plainsboro area is projected to continue its economic growth; however, student enrollment is expected to plateau slightly above the current level.

3. Major Initiatives

The West Windsor-Plainsboro Regional School District has served the municipalities of West Windsor Township and Plainsboro Township since its formation in 1969. In fulfilling its mission since regionalization, the district has been successful in providing school facilities and an outstanding education for our ever-increasing student population.

The taxpayers of West Windsor and Plainsboro Townships realize a remarkable return on their investment. Students are well prepared for higher education and, in actuality, gain acceptance to the top colleges in the nation. WW-P students have extraordinary opportunities to develop knowledge and skill in world language, science, language arts, history, and mathematics as well as in music and athletics. The district's vocal and instrumental music, fine arts, and drama programs publicly demonstrate exceptional results. WW-P schools also provide a broad array of co-curricular and athletic programs, including extensive after-school intramurals and clubs for early adolescents.

Student achievement is one of the great rewards for support of the WW-P school district. Such accomplishment is demonstrated on standardized tests where WW-P students

surpass state and national counterparts. It is a tribute to the talents of our students and teachers that we continue to have a graduation rate of almost 100 percent. Student achievement indicators reveal that high school students continue to perform at high levels. Ninety-five percent of high school students indicated that they planned to attend college or other post-secondary education. SAT scores (594/632/600 for Critical Reading/Math/Writing) are well above state (496/513/496) and national (501/515/493) averages.

The population of the school community reflects the growing trend toward pluralism in American society. Students represent major racial and ethnic groups (51 percent Asian, 38 percent White, 6 percent African American, 5 percent Hispanic). Our students speak 33 languages, and we host magnet ESL programs in four languages for elementary and secondary students. This diversity affords students excellent opportunities for intercultural understanding and provides them with a global view of the world.

The school district budget reflects maintenance of high program and service standards and targeted initiatives to improve student achievement. Recent top budget priorities for improvement included: maintaining excellent student: teacher ratios; dedicated funding for textbooks, technology, and capital projects; integrated pre-school programs; and commitment to professional development.

Technology in WW-P has increasingly become a part of daily teaching and learning: all classrooms have Internet access and the wide area network has a significant impact on the breadth and depth of instruction and on administrative efficiency. Also, middle and high school students can strengthen literacy and visual arts skills through hands-on experience with broadcast media. We are proud of our electronic libraries, administrative network, computer literacy in grades K-8, and an elective program in grades 6-12. The district has taken a rational approach to the integration of technology based upon what it is that students, teachers, staff, and other stakeholders already know about technology, what is necessary to keep up with rapidly advancing technology, and just how it fits into the curriculum. The district is meeting these objectives in an efficient and cost-effective manner. The WW-P Regional School District continues to prepare students for a future characterized by changing and increasing dependence on technology. Students are developing the skills necessary to gather, analyze, and communicate information using the same state-of-the-art technology tools and resources available in the world outside of school.

WW-P commits considerable resources to the social, emotional, and ethical development as well as the intellectual and physical growth of students. Each elementary school has a full-time guidance counselor, in addition to guidance counselors who support students at grades 4 through 12. The district also employs two substance abuse counselors and child study teams (learning consultant, psychologist, and social worker) at every school.

Students with special learning needs and challenges receive extensive support through Reading Recovery, basic skills, bilingual/English as a Second Language, and special education services. The district hosts an Academy for high school students who would otherwise be educated outside the district, multiply disabled programs, and other programs for special needs children, including integrated pre-school programs.

The district reaches out to meet the needs of our many-faceted school community. Diversity has become a key factor in the area today. In order to fulfill the needs of our multicultural communities, we have made every effort to create an awareness of the many ethnic and cultural distinctions represented here. Children learn about the traditions and mores not only of their own background, but also those of their classmates who come from all corners of the world.

The school district reflects the lifestyle of a community that takes pride in its continuing tradition of academic and cultural achievement. The richness of the academic program, alternative options, and extracurricular activities expands learning beyond the classroom boundaries. The schools provide an educational environment that motivates students to learn and requires them to exercise imagination and sensibility in solving problems.

Dutch Neck Elementary School

Dutch Neck Elementary School, a K-3 school, is representative of the community's tremendous multicultural diversity. Dutch Neck Elementary School provides a nurturing environment where students are empowered with academic and social skills to become enthusiastic lifelong learners. This is accomplished by working in close partnership with parents and the community to provide child-centered programs that recognize and build on the unique potential of each child. The school's primary goal is to build the foundations that will sustain and promote a life of learning. Dutch Neck Elementary School provides an educational program that challenges children to learn as they participate in meaningful real-world experiences.

Dutch Neck Elementary School was named one of the top elementary schools in New Jersey by *New Jersey Monthly*. This K-3 school has earned Star School recognition for Best Practices in Mathematics and has been recognized by *Red Book Magazine* as one of America's best schools. The strength of the school lies in the collegiality and dedication of its staff and parent community. Dutch Neck Elementary School has established open communication and high expectations for children through worthwhile programs such as Pastries with the Principal, a variety of activities during American Education Week, poetry sharing, Jump-a-thon, Arts Festival, an interactive Literacy Festival, and many other valuable opportunities for children and their families. Recently, the school created a School Community Garden that is operated by the school's students, faculty, and families. Students learn important academic concepts through integrating the real life happenings in the school garden.

Faculty members nurture and engage students in current best practices, including responsive classroom, guided reading, application of brain research and multiple intelligences, as well as developmentally appropriate early childhood practices. The Dutch Neck Elementary School is a special place for children, parents, and faculty.

Maurice Hawk Elementary School

A K-3 elementary school, Maurice Hawk School is acknowledged as a Blue Ribbon School by the U.S. Department of Education; it also has been selected for recognition in the area of educational technology through the Best Practices/STAR Program, a program sponsored by the New Jersey Department of Education. The encouraging school

atmosphere inspires the staff in promoting collegiality, becoming unified with students in learning, and integrating all subject areas so students and teachers have a more meaningful learning experience. A culturally, ethnically, and economically diverse community, Maurice Hawk Elementary School endeavors to prepare its students to live effectively in a society that will become more diverse. One of its overriding goals is to enlighten each student to the richness of cultural diversity and to encourage the student to feel pride in one's cultural uniqueness. The curriculum emphasizes literacy, language learning, mathematical reasoning, critical thinking, problem solving, and cross-cultural understanding. The hallmark of this school is a nurturing teaching staff that fosters lifelong learning skills for all students. All instructional practices are based on district curriculum, which provides for the teaching of literacy, mathematics, science, social studies, and social and emotional development.

The Hawk Garden Club is a school beautification project that maintains a Children's Garden and the butterfly and lobby garden. Third-grade students organize a school postal service and serve as school tour guides and a welcome committee. Second-grade students administer a recycling project by collecting paper, cans, and bottles. First-grade students organize a school bake sale to raise money for local charities.

Town Center Elementary School at Plainsboro

Town Center Elementary School is fortunate to be part of a diverse and multicultural community in Plainsboro. Our diversity enriches programs as well as the students' school experience. The students and staff at Town Center Elementary School, a K-3 school, enthusiastically take advantage of our technology capabilities and the many resources that are available. This includes global connection via the Internet to student computers, a fully equipped computer lab, SmartBoard use in many classrooms, and an intra-school cable broadcast system. Town Center students participate in a live television news program that is broadcast three times each week. We are the proud recipients of Best Practices in Technology Award from the state of New Jersey.

Town Center Elementary School's core values -- love of learning, character development, and interpersonal relationships -- influence the teaching and learning environment throughout the school. Learning is valued and cherished as a lifelong commitment. To foster and develop this value, Town Center Elementary School provides a secure and open atmosphere that supports diversity and welcomes inquiry. The school believes that developing positive character traits will empower students throughout their lives and staff members work closely with parents to enhance and strengthen the educational program.

The professional commitment and collegiality of our staff is a continuing strength of Town Center Elementary School. They are committed to implementing best practices in teaching and learning and to promoting the self-confidence, integrity, responsibility, and respect that support learning. The annual Fall Fest celebrates the harvest tradition and provides a meaningful opportunity for service learning. The Literacy Celebration, Science Fair, MathMagic Week, and Gatoraide Leadership Program in grade 3 are among the events and programs that provide students with ways to develop their potential in many areas.

John V. B. Wicoff Elementary School

Wicoff Elementary School, built in 1919, provides pre-K-3 students with learning experiences that foster academic, social, physical, and emotional success. The principal and staff believe there must be cooperation and communication between family and school. The mission of the Wicoff Elementary School is to prepare its diverse community of children for their continuing educational journey, to be responsible and productive citizens, and to respect themselves and others. This is accomplished by providing a nurturing environment, developing a foundation of skills necessary for independent thinking and problem solving, and meeting individual needs through a strong partnership among students, staff, parents, and community. Wicoff Elementary School is able to take advantage of technology and the many resources it makes available including a fully equipped computer lab and global connections via the Internet. The curriculum provides students with a strong basis for lifelong learning.

In this culturally rich and diverse community, students gain an understanding and respect for individual and ethnic uniqueness. At the Wicoff Elementary School, an accepting and supportive environment allows each child to grow and learn among a community of caring adults who contribute to the child's positive self-esteem. Wicoff Elementary School faculty challenge and encourage children to take risks and to strive to reach their full potential. Education at Wicoff Elementary School is a shared responsibility. The staff keeps current through a variety of professional development activities such as faculty meetings, morning share sessions, in-district workshops, local and national conferences, and graduate course work.

Millstone River School and Village School

The district boasts two schools for students in grades 4 and 5. The Millstone River School and Village School enable approximately 1,500 students in grades 4 and 5 to be part of an organized study environment that focuses on their developmental stages for the purpose of maximizing learning opportunities.

Students engage in serious educational projects with their classes and in individual study. The culture of the schools encourages collaboration and cooperation among students. Through discussions and activities, the Character Education Program highlights ethics, citizenship, personal integrity, and contributions to the community. Arts and sciences combine in enabling students to learn and express their learning through multiple intelligences. Technology, art, science investigations, and physical education curricula emphasize high standards to develop students' competencies.

To advance students' learning, Millstone River School and Village School offer special programs. The district's outstanding instrumental and vocal music program features small group lessons and whole group performances. Parents attend their children's recitals and concerts. The Accelerated and Enriched mathematics program enables advanced learners of mathematics to collaborate with intellectual peers in conceptual development. The language arts resource specialists work with teachers and students to develop writing skills in various genres. The Media Centers in each of the schools offer over 30,000 resources for learning, as well as access to appropriate information through the Internet. Teachers work on grade-level teams to develop and maintain consistency in curriculum.

Strong parent-teacher associations support both schools through organized events and contributions to the entire school community.

The Millstone River School and Village School have created productive, enjoyable, and humanistic environments through the cooperative efforts of grades 4-5 faculty, staff, administration, students, and parents. The educational process in each of the grades 4-5 schools strives to develop capable and self-confident human beings who in turn enhance a community rich in cultural diversity.

Community Middle School and Grover Middle School

Community Middle School (CMS) and Thomas R. Grover Middle School (GMS) provide a comprehensive, developmentally responsive middle school experience based on the principles of middle level education outlined in the most current middle level research. The facilities and programs are uniquely designed to promote discovery, effective interdisciplinary learning through teaming, and academic excellence. Central to our mission are the following goals: developing significant adult relationships with every student, providing a rigorous academic program, and creating opportunity for all students to explore a wide variety of offerings.

The core academic program, aligned with the New Jersey Core Content Standards, consists of language arts, mathematics, science, social studies, and world language. The language arts program is integrated in its approach to literature and writing. The program is well articulated from kindergarten through grade 12 and promotes literacy and effective writing and oration skills. The mathematics program is theme-based, integrating hands-on, discovery-based learning, problem solving, mathematical modeling, and exploration, with skill development, thereby making mathematical concepts easier to learn and remember. The science program is based upon national and local standards and is designed to promote inquiry and critical thinking. The hands-on, minds-on format engages students in problem-solving activities that foster scientific inquiry and understanding. Social studies deals with ancient civilizations, United States history, and world cultures to develop critical thinking about how historical events shape modern perceptions and civilizations. In the area of world language, students have a choice of learning communication and culture in German, Chinese, French, or Spanish. This comprehensive, daily program promotes language fluency.

Students discover their own particular abilities, talents, interests, and preferences through elective and cycle classes that include instruction in computer technology, performing arts, life skills, broadcasting and television production, industrial technology, art, and music. Health and physical education classes affirm the school's commitment to the concept of a healthy mind in a healthy body. Students may participate in choral, orchestra, and instrumental music programs that provide group and individual instruction. Comprehensive guidance and support services are available. The Media Center houses a collection of print, non-print, and on-line materials to support the curriculum, sustain student interest, and serve as a focal point for instruction and research. The computer technology curriculum helps students develop the research and presentation skills utilized throughout their academic program.

High School North and High School South

West Windsor-Plainsboro High School North and High School South reflect the lifestyle of a community that takes pride in its continuing tradition of academic and cultural achievement. The richness of the academic programs, alternative options, and extracurricular activities expands learning beyond classroom boundaries. Each high school provides an educational environment that motivates students to learn and requires them to exercise imagination and sensibility in solving problems.

Over 3,200 students choose from a program of studies that reflects a demanding and challenging curriculum. Close partnerships have been developed with area businesses and the Route 1 research corridor, Educational Testing Service, James Forrestal Research Campus of Princeton University, and Princeton University. Qualifying high school seniors may elect to participate in Senior Option Career Internships or Senior Option Service Learning projects; these projects are designed to give students structured, supervised activities that will assist them to clarify career goals, explore career possibilities, develop employable skills, or make the transition between school and employment or further education and training.

The high schools offer state-of-the-art resources and technology that allow faculty to provide interdisciplinary instruction with maximum flexibility. West Windsor-Plainsboro High School North and High School South each offer teams in 29 sports and cheerleading and sponsor various student publications, acclaimed performing groups in vocal and instrumental music, academic teams, and over 30 clubs/activities devoted to specialized interests. Approximately 17 percent of the senior class earned National Merit semifinalist or commended scholar status. Approximately 95 percent of graduates continue their education with 85 percent going on to four-year colleges. Average SAT scores are higher than state and national averages.

The academic and cultural resources of West Windsor and Plainsboro have attracted a dedicated and highly trained instructional staff, which welcomes the challenges and excitement of a diverse student population. The high schools value their 11.7 to 1 student to faculty ratios. Approximately 59 percent of the teachers and administrators hold advanced degrees (M.A. or Ph.D.). Additionally, many faculty members serve as educational consultants or teach part-time at local colleges or universities.

The populations of High School North and High School South reflect the growing trend toward pluralism in American society. Students represent all major racial and cultural groups (38 percent White, 51 percent Asian, 6 percent African American, 5 percent Hispanic). Students speak 33 languages. The students enrolled in the high schools represent a multitude of countries and states. This diversity affords students excellent opportunities for intercultural understanding and provides them with a global view of world states.

West Windsor-Plainsboro High School North and High School South are accredited by the New Jersey Department of Education and an excellent reputation for both high schools has been earned through the commitment of staff and students to the quality of life and learning. Both high schools are Blue Ribbon Schools and were named by *New Jersey Monthly* as top high schools in the state.

4. Internal Control

Management of the District is responsible for establishing and maintaining internal control designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. Internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that adequate internal control is in place to ensure compliance with applicable laws and regulations related to those programs. Internal control is also subject to periodic evaluation by District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of internal control, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations relating to its major programs.

5. Budgetary Controls

In addition to internal control, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2010.

6. Accounting System and Reports

The District's accounting records reflect GAAP, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Basic Financial Statements."

7. Cash Management

The investment policy of the District is guided in large part by state statute as detailed in “notes to the basic financial statements.” The district has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

8. Risk Management

The Board carries various forms of insurance, including but not limited to, general liability, automobile liability and comprehensive/collision, hazard, and theft insurance on property and contents, and fidelity bonds.

9. Independent Audit

State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Wiss and Company LLP was selected by the Board of Education. In addition to meeting the requirements set forth in State statutes, the audit also was designed to meet the requirements of the Single Audit Act Amendments of 1996 and the related OMB Circular A-133 and New Jersey OMB’s Circular 04-04, OMB “Single Audit Policy for the Recipients of Federal Grants, State Grants and State Aid.” The auditor’s report on the basic financial statements and specific required supplemental information is included in the financial section of this report. The auditor’s report related specifically to the single audit is included in the single audit section of this report.

10. Awards

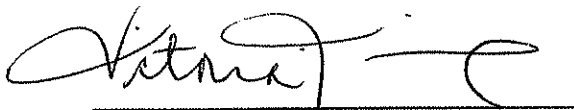

The International Association of School Business Officials (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its comprehensive annual financial report for the fiscal year ended June 30, 2009. This was the second consecutive year that the District has received this prestigious award. In order to be awarded this certificate, the District published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both accounting principles generally accepted in the United States and applicable legal requirements.

The Certificate is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Programs’ requirements and we are submitting it to ASBO to determine its eligibility for the fiscal year 2009/2010 certificate.

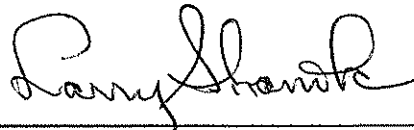

11. Acknowledgments

We would like to express our appreciation to the members of the West Windsor-Plainsboro Regional School District Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

Victoria Kniewel

This Certificate of Excellence in Financial Reporting is presented to

WEST WINDSOR-PLAINSBORO REGIONAL SCHOOL DISTRICT

**For its Comprehensive Annual Financial Report (CAFR)
For the Fiscal Year Ended June 30, 2009**

Upon recommendation of the Association's Panel of Review which has judged that the Report substantially conforms to principles and standards of ASBO's Certificate of Excellence Program

President

Executive Director

Financial Section

Independent Auditors' Report

Honorable President and
Members of the Board of Education
West Windsor-Plainsboro Regional School District
County of Mercer, New Jersey

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the West Windsor-Plainsboro Regional School District, County of Mercer, New Jersey (the "District"), as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards and requirements require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the District as of June 30, 2010 and the respective changes in financial position, and cash flows where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 25, 2010, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in

accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's discussion and analysis and budgetary comparison information on pages 18 through 27 and 65 through 76 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information, which consists of the introductory section, combining and individual fund financial statements, long-term debt schedules and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and long-term debt schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion on them.

The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey OMB Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Required Supplementary Information
Part I

Management's Discussion and Analysis

West Windsor-Plainsboro Regional School District
Princeton Junction, New Jersey
Management's Discussion and Analysis
Year ended June 30, 2010
(Unaudited)

The discussion and analysis of West Windsor-Plainsboro Regional School District's ("WW-P") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at WW-P's financial performance as a whole; readers also should review the financial statements, notes, and additional information in the transmittal letter to enhance their understanding of WW-P's financial performance.

Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 - *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

Financial Highlights

Key financial highlights for fiscal 2010 are as follows:

- Total net assets are \$68,973,172. It is composed of both current and capital assets less current and outstanding long-term liabilities (Schedule A-1).
- General revenues accounted for \$154,737,813 of total revenue or 94.1 percent of all revenues. Program specific revenues in the form of charges for services, grants, aid, and contributions accounted for \$9,784,641 or 5.9 percent of total revenues of \$164,522,454 (Schedule A-2).
- The District had \$156,971,774 in governmental activities expenses. Of that amount, the General Fund expenditures totaled \$145,318,641 including \$9,507,146 in State TPAF pension and social security contributions. Grant-related expenditures totaled \$3,043,026 in the special revenue fund. Business-type activities expenses were \$5,688,221.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the West Windsor-Plainsboro Regional School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities. The three components that comprise the District's basic financial statements are: district-wide financial statements; fund financial statements; and notes to the basic financial statements. The CAFR also contains required and other supplementary information in addition to the basic financial statements themselves.

Reporting the School District as a Whole

District-wide Statements

The Statement of Net Assets and Statement of Activities provide information about the activities of the entire District, and are designed to provide readers with a broad overview of the District's finances in a manner similar to private-sector business. These District-wide statements found at A-1 and A-2 are not intended to drive budgetary decisions of the Board of Education. Instead, the fund statements found at B-1 through B-8 as well as the supplementary budgetary comparison at C-1 should be utilized, as in the past, for the decision making of the Board of Education. The fund financial statements are explained later in this MD&A.

These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into consideration all of the current year's revenues and expenses regardless of when cash is received or paid.

In the Statement of Net Assets and the Statement of Activities, the District is divided into two distinct kinds of activities:

- Governmental activities – All of the District's programs and services are reported here including instruction, support services, operation and maintenance of facilities, pupil transportation, and extracurricular activities.
- Business-type activities – Programs reported here are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the District is that the costs of providing goods and services be financed through user charges. The Food Service Enterprise Fund is reported as a business-type activity, as is Community Education (Student Care and Adult Education Programs).

The district-wide financial statements are Schedules A-1 and A-2.

Reporting the School District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the District's funds. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. The fund financial statements are utilized for District financial decision making.

Governmental Funds

The District's main activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

The District maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the general fund, special revenue fund, capital projects fund, and debt service fund, all of which are considered to be major funds.

The District adopts an annual appropriated budget for its general fund, special revenue fund, and debt service fund. Budgetary comparison statements have been provided as required supplementary information for the general fund and special revenue fund to demonstrate compliance with this budget.

The basic governmental fund financial statements are Schedules B-1, B-2 and B-3.

Enterprise Fund

The District maintains two enterprise funds, which are proprietary fund types. Enterprise funds are used to report the same functions presented as business-type activities in the district-wide financial statements. The District uses enterprise funds to account for the operations of its food service program and community education program, both of which are considered to be major funds of the District.

The basic enterprise fund financial statements are Schedules B-4, B-5 and B-6.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the governmental entity. Fiduciary funds are not reflected in the district-wide financial statements because the resources of those funds are not available to support the District's own programs. The District uses trust funds to account for the activity in its private-purpose scholarship fund and unemployment compensation trust fund. The District uses agency funds to account for resources held for student activities and groups, and payroll-related liabilities. The basic fiduciary fund financial statements are Schedules B-7 and B-8.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements. The notes to the basic financial statements can be found on pages 38 through 64 of this report.

The School District as a Whole

The Statement of Net Assets provides the perspective of the District as a whole. Net assets may serve as an indicator of a government's financial position. However, as noted earlier, net assets are not the primary basis for decision making for each budget cycle. The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

The following table provides a summary of WW-P's net assets relating to the District's governmental and business-type activities over the past two years.

Net Assets

June 30, 2010 and 2009

	Governmental Activities		Business-type Activities		Total	
	2010	2009	2010	2009	2010	2009
Current and other assets	\$ 29,684,171	\$ 29,931,940	\$ 5,401,017	\$ 5,463,072	\$ 35,085,188	\$ 35,395,012
Capital assets, net	140,333,031	141,909,891	133,990	180,711	140,467,021	142,090,602
Total assets	170,017,202	171,841,831	5,535,007	5,643,783	175,552,209	177,485,614
Current liabilities and other	13,309,632	10,201,717	452,160	796,932	13,761,792	10,998,649
Long-term liabilities	92,817,245	99,376,252			92,817,245	99,376,252
Total liabilities	106,126,877	109,577,969	452,160	796,932	106,579,037	110,374,901
Net assets:						
Invested in capital assets, net of related debt	45,082,595	43,410,085	133,990	180,711	45,216,585	43,590,796
Restricted	17,757,994	17,980,565			17,757,994	17,980,565
Unrestricted	1,049,736	873,212	4,948,857	4,666,140	5,998,593	5,539,352
Total net assets	\$ 63,890,325	\$ 62,263,862	\$ 5,082,847	\$ 4,846,851	\$ 68,973,172	\$ 67,110,713

The largest portion of WW-P's net assets is its investment in capital assets, e.g. land, construction in progress, buildings and improvements, and furniture and equipment, net of accumulated depreciation, less any related debt (general obligation bonds payable) used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The increase in the District's current liabilities primarily resulted from a combination of the District's invoiced workers compensation and health benefits billings totaling

approximately \$675 thousand and accrued severance payments totaling approximately \$1.2 million.

A portion of the District's net assets represent a balance of restricted net assets. This balance reflects the net assets in the debt service fund and other reserve accounts, including capital reserve, maintenance reserve, emergency reserve and excess fund balance designated for subsequent years expenditures. The decrease primarily resulted from a decrease in the District's current year excess surplus generated, which is a decrease of \$2.1 million from prior year's excess surplus. This was primarily caused by a reduction in the District's state aid by the State after the approval of the District's 2009-2010 budget. The remaining balance of unrestricted net assets may be used to meet the District's ongoing obligations to citizens and creditors.

Total net assets increased by approximately \$1.8 million, as a result of a combination of a decrease in the long term portion of bonds payable by \$4.8 million, which causes an increase in the District's invested in capital assets, net of related debt, and the offsetting decrease in the restricted net assets balance in the amount of \$3.3 million.

The following table presents changes in net assets for the fiscal years ended June 30, 2010 and 2009.

Changes in Net Assets (000's)						
	Governmental Activities		Business-type Activities		Total	
	2010	2009	2010	2009	2010	2009
Revenues:						
Program revenues:						
Charges for services	\$ 375	\$ 498	\$ 5,411	\$ 5,794	\$ 5,786	\$ 6,292
Operating grants and contributions	3,043	3,222	513	430	3,556	3,652
Capital grants/contributions	442	4			442	4
General revenues:						
Property taxes	134,786	134,071			134,786	134,071
Federal and state aid not restricted to specific purposes	19,448	20,976			19,448	20,976
Earnings on investments	86	499			86	499
Miscellaneous	418	469			418	469
Total revenues	158,598	159,739	5,924	6,224	164,522	165,963
Expenses:						
Instructional services	98,010	95,395	2,652	2,937	100,662	98,332
Support services	54,537	54,619	3,036	2,968	57,573	57,587
Special schools	1	9			1	9
Charter schools	10	10			10	10
Interest on long-term liabilities	4,414	4,663			4,414	4,663
Total expenses	156,972	154,696	5,688	5,905	162,660	160,601
Increase in net assets	1,626	5,043	236	319	1,862	5,362
Net assets – beginning	62,264	57,221	4,847	4,528	67,111	61,749
Net assets – ending	\$ 63,890	\$ 62,264	\$ 5,083	\$ 4,847	\$ 68,973	\$ 67,111

Net assets increased by approximately \$1.8 million. The increase in net assets was lower than prior year's increase primarily due to an overall decrease of \$1.5 million in federal and state aid.

Financial Analysis of the District's Funds

Governmental Funds (Schedules B-1 and B-2)

Governmental funds are accounted for using the modified accrual basis of accounting. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of resources. Such information is essential in assessing the District's financing requirements.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility of sound financial management. The following schedules represent revenues and expenditures from a New Jersey budgetary viewpoint. The first schedule presents a summary of the revenues of the General Fund, Special Revenue Fund and Debt Service Fund for the fiscal year ended June 30, 2010, and the amount and percentage of increases and (decreases) in relation to prior year revenues.

Revenues

Year Ended June 30, 2010

Revenue	Amount	Percent of Total	Increase (Decrease) from 2009	Percent of Increase (Decrease)
Local sources	\$ 135,737,948	85.8%	\$ 25,357	0.1%
State sources	19,347,793	12.3	(1,736,498)	(8.2)
Federal sources	3,057,496	1.9	135,950	4.7
Total	<u>\$ 158,143,237</u>	<u>100.0%</u>	<u>\$ (1,575,191)</u>	<u>(1.0)%</u>

The reduction in the state sources was mainly attributable to the reduction in state aid. Federal sources increased due to an increase of the utilization of federal grant revenue relating to the I.D.E.I.A. program by approximately \$142,000 and revenue from funds received related to the American Recovery and Reinvestment Act.

Expenditures

Year Ended June 30, 2010

The following schedule presents a summary of general fund, special revenue fund, and debt service fund expenditures for the year ended June 30, 2010, and the percentage of increases and (decreases) in relation to prior year amounts.

Expenditures	Amount	Percent of Total	Increase (Decrease) From 2009	Percent of Increase (Decrease)
Current:				
Instruction	\$ 70,816,259	44.6%	\$ 710,536	1.0%
Undistributed expenditures	76,865,009	48.3	3,241,902	4.4
Capital outlay	669,007	0.4	(921,410)	(57.9)
Special schools	1,304	0.0	(7,982)	(86.0)
Charter schools	10,088	0.0	395	4.1
Debt Service:				
Principal	6,315,000	4.0	720,000	12.9
Interest	4,280,926	2.7	(412,777)	(8.8)
Total	<u>\$ 158,957,593</u>	<u>100.0%</u>	<u>\$ 3,330,664</u>	<u>2.1%</u>

The increase is mainly the result of an increase in instructional and undistributed expenditures reflecting salary and wage contractual increases and the on-behalf pension contributions. Capital outlay expenditures reflect the current spending level.

Debt Service reported higher principal expenditures, reflecting the current year's principal repayment schedule and a decrease in interest expense due to the decreased level of outstanding principal as a result of the District's principal payments.

General Fund Budgeting Highlights (Schedule C-1)

The District's budget is prepared according to New Jersey law. The most significant budgeted fund is the General Fund.

The largest difference to the budget on the revenue side was due to additional extraordinary aid received over the amount budgeted offset by the reduction in state aid.

Fiscal discipline freed up funds in some budget areas, allowing selected budgetary transfers to be made between budgetary line items and approved by the Board for various reasons including:

- Instruction – regular programs-general supplies – an increase of \$424,978. With this transfer, \$1.5 Million was expended on instructional supplies, 14.8% lower than in the prior year.

- Instruction – learning and/or language disabilities – other salaries for instruction – a decrease of \$397,656. With this transfer, \$569,098 thousand was expended on other salaries for instruction, 40.7% lower than prior year.
- Instruction – resource room/center – other salaries for instruction – an increase of \$474,627. With this transfer, \$1.4 million was expended on other salaries for instruction, 54.1% higher than prior year. This is a change in category with the prior items; instructional aides in both.
- Undistributed expenditures – required maintenance for school facilities – cleaning, repair and maintenance services – an increase of \$511,590. With the transfer, \$794,378 was expended on cleaning, repair and maintenance services, 8.4% lower than prior year.
- Undistributed expenditures – personal services - employee benefits – workmen's compensation – an increase of \$243,779. With the transfer, \$874,998 was expended on workmen's compensation, 11.9% lower than prior year.
- Undistributed expenditures – personal services - employee benefits – health benefits – a decrease of \$1,043,313. With the transfer, \$18.4 million was expended on health benefits, 12.1% higher than prior year.
- Undistributed expenditures – personal services - employee benefits – other benefits – an increase of \$1,170,563. With the transfer, \$1.6 million was expended on other benefits, 1726.6% higher than prior year. This reflects severance and contractual payouts of departing employees.

The District also experienced significant variations between the final amended budget and the actual expenditures for various reasons including:

- Undistributed expenditures – instruction – tuition to CSSD and regional day schools – a remaining balance of \$261,303. Similarly, a balance of \$232,375 represents tuition to private schools.

This was due to greater utilization of IDEIA Cluster (Regular and ARRA) funds for tuition.

- Undistributed expenditures – support service - general administration – other purchased professional services – a remaining balance of \$387,258.

This is due to a significant decline in the intensity of legal activity.

- Undistributed expenditures – support service - school administration – other purchased services – a remaining balance of \$279,318.
- Undistributed expenditures – support service - school administration – supplies and materials – a remaining balance of \$242,900.

- Undistributed expenditures – custodial services – energy – a remaining balance of \$1,271,463.

Once again the district operated prudently. Total revenues increased 2.4%. Total expenditures increased 2.2% in the face of increasing labor and benefit costs. Labor costs met contractual expectations. Spending on utilities decreased 17.5%. Spending on capital outlay declined 57.7%. With this overall favorable outcome for the year, the district funded both tax relief and additions to state allowed capital reserve accounts.

Capital Assets

At June 30, 2010 and 2009, the District had a net investment of \$140,467,021 and \$142,090,602, respectively, in land, construction in progress, site improvements, building and building improvements, and machinery, equipment and vehicles.

	Capital Assets (Net of Depreciation)			
	Governmental Activities		Business-type Activities	
	2010	2009	2010	2009
Land	\$ 7,722,907	\$ 7,722,907		
Construction in progress	27,803,940	25,614,337		
Site improvements	4,563,052	4,736,040		
Building and building improvements	96,740,477	99,612,925		
Machinery and equipment	3,502,655	4,223,682	\$ 133,990	\$ 180,711
Total	<u>\$140,333,031</u>	<u>\$141,909,891</u>	<u>\$ 133,990</u>	<u>\$ 180,711</u>

The decrease in capital assets is due to the increase in construction in progress offset by current year depreciation of other assets and SDA grant funded projects. For more detailed information, please refer to Note 4 to the basic financial statements.

Debt Administration

At June 30, 2010, the District had \$99,431,391 of outstanding long-term liabilities, including debt. Of this amount, \$4,180,955 is for compensated absences; \$562,862 is for the unamortized premium of bonds payable; \$(1,294,426) is for unamortized deferred interest costs; and \$95,982,000 of principal on serial bonds.

For more detailed information, please refer to Note 5 to the basic financial statements.

At June 30, 2010, the School District's overall gross bonded debt was \$95,982,000, compared to total capital assets of \$242,728,218. The remaining unutilized school borrowing margin is \$304,158,323. For more detailed information, refer to J-13 (statistical section) of this report.

For the Future

The West Windsor-Plainsboro Regional School District is in a strong financial condition. The District is proud of the community's support of the public schools. A major concern is the continued growth of salary/benefit costs to the District and the reliance on local property taxes. However, future finances are not without challenges. The State has drastically reduced funding and taxpayers are increasingly reluctant to fund education at much more than at the rate of inflation. Legislation by the State of New Jersey continues to constrain the educational and financial flexibility of the District.

In conclusion, the West Windsor-Plainsboro Regional School District has committed itself to sound financial practices. The School District plans to continue to improve its fiscal management to meet the challenges of the future.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional information, contact Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary at West Windsor-Plainsboro Regional Board of Education, Administration Building, 505 Village Road West, Princeton Junction, New Jersey 08550. Please visit our web site at www.ww-p.org.

Basic Financial Statements

District-wide Financial Statements

The district-wide financial statements provide a financial overview of the District's operations. These financial statements present the financial position and operating results of all governmental activities and business-type activities as of and for the year ended June 30, 2010.

The reconciliation of the fund balances of governmental funds to the net assets of governmental activities in the statement of activities is presented in an accompanying schedule (B-3).

West Windsor-Plainsboro Regional School District
Governmental Funds

Reconciliation of the Statement of Revenues, Expenditures
and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year ended June 30, 2010

Total net change in fund balances - governmental funds (from B-2) \$ (3,263,380)

Amounts reported for governmental activities in the statement
of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeded capital outlays in the period.

Capital outlays	\$ 3,873,487	
Depreciation expense	<u>(5,450,346)</u>	(1,576,859)

Interest on long-term debt in the statement of activities is accrued, regardless of when due.
In the governmental funds, interest is reported when due.

35,006

The issuance or of long-term debt (e.g. bonds, capital leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

6,147,026

In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid).

284,670

Change in net assets of governmental activities (A-2)

\$ 1,626,463

See accompanying notes to the basic financial statements.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements

Year ended June 30, 2010

1. Summary of Significant Accounting Policies

The financial statements of the West Windsor-Plainsboro Regional School District (the "District") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The more significant of the District's accounting policies are described below.

A. Reporting Entity

The financial reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

The District, as the primary government for financial reporting entity purposes, has oversight responsibility and control over all activities related to the West Windsor-Plainsboro Regional School District in Princeton Junction, New Jersey. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities.

The District has no component units that are required to be included within the reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards.

- the organization is legally separate (can sue or be sued on their own name);
- the District holds the corporate powers of the organization;

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

1. Summary of Significant Accounting Policies (continued)

- the District appoints a voting majority of the organization's board;
- the District is able to impose its will on the organization;
- the organization has the potential to impose a financial benefit/burden on the District; or
- there is a fiscal dependency by the organization on the District.

B. District-Wide and Fund Financial Statements

The district-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the District. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the district-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The New Jersey Department of Education requires all funds be reported as major to promote consistency among the school districts in the State of New Jersey.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

1. Summary of Significant Accounting Policies (continued)

are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers all revenues, except property taxes, to be available if they are collected within six months of the end of the current fiscal year. Property taxes are considered to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences are recorded only when payment is due.

Property taxes, interest, and state equalization monies associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when the District receives cash.

The District has reported the following major governmental funds:

General Fund: The general fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment, which are classified in the capital outlay subfund.

Special Revenue Fund: The District maintains one special revenue fund which includes the proceeds of specific revenue sources (other than fiduciary funds or major capital projects) that are legally restricted to expenditures for specified purposes.

Capital Projects Fund: The capital projects fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

1. Summary of Significant Accounting Policies (continued)

Debt Service Fund: The debt service fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The District reports the following major proprietary funds:

Food Service and Community Education Enterprise Funds: The food service and community education funds account for all revenues and expenses pertaining to cafeteria and community education program operations and account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e., expenses including depreciation) of providing goods or services to the students and others on a continuing basis are financed or recovered primarily through user charges.

Additionally, the District reports the following fund types:

Fiduciary Funds: Fiduciary funds of the District include the unemployment compensation and private purpose scholarship trust funds and agency funds. The trust funds are reported using the economic resources measurement focus. Agency funds are purely custodial (assets equal liabilities) and thus do not involve measurements of results of operations. The following is a description of the fiduciary funds of the District.

Trust and Agency Funds: The trust and agency funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District.

Trust Funds: These unemployment compensation and private purpose scholarship funds are accounted for using the economic resources measurement focus. The unemployment compensation fund is used to account for contributions from the District and employees and interest earned on the balance as well as payments to the State for reimbursement of unemployment claims. The private purpose scholarship fund is utilized to provide scholarships to students and to account for the related transactions.

Agency Funds (Payroll and Student Activity Fund): Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

1. Summary of Significant Accounting Policies (continued)

In its accounting and financial reporting, the District follows the pronouncements of the GASB and the pronouncements of the Financial Accounting Standards Board (FASB) and its predecessor organizations issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements. The District's business-type activities and enterprise funds have elected not to apply the standards issued by the FASB after November 30, 1989.

As a general rule the effect of interfund activity has been eliminated from the district-wide financial statements.

Amounts reported as program revenues include 1) fees charged to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Enterprise funds distinguish operating revenue and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a enterprise fund's principal ongoing operations. The principal operating revenues of the District enterprise funds are charges for sales of food and tuition. Operating expenses for enterprise funds include the cost of sales, administrative expenses, and depreciation on capital assets, if applicable. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's requirement to use restricted resources first, then unrestricted resources as they are needed.

The District reports deferred / unearned revenue on its balance sheet and statements of net assets. Deferred / unearned revenue arises when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred / unearned revenue also arises when resources are received by the District before it has legal claim to them, as when federal assistance is received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for deferred / unearned revenue is removed from the combined balance sheet and statements of net assets and revenue is recognized.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

1. Summary of Significant Accounting Policies (continued)

Ad Valorem (Property) taxes are susceptible to accrual as, under New Jersey State Statute, a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable."

The County Board of Taxation is responsible for the assessment of properties, and the Township Tax Collector is responsible for collection of taxes. Assessments are certified and taxes are levied on January 1; taxes are due February 1, May 1, August 1 and November 1. Unpaid taxes are considered delinquent the following January 1 and are then subject to lien.

D. Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the county office and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting and the special revenue fund uses a non-GAAP budget (budgetary basis). The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referred in N.J.A.C. 6A:23. The over-expenditure in the general fund is due to the inclusion of the non-budgeted on-behalf payments made by the State of New Jersey as District expenditures. These amounts are offset by related revenues and as such do not represent budgetary over-expenditures. All budget amendments must be approved by School Board resolution and certain other matters require approval by the County Superintendent of Schools. Budgetary transfers were made during the current year in accordance with statutory guidelines.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

1. Summary of Significant Accounting Policies (continued)

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

E. Cash, Cash Equivalents and Investments

Cash and cash equivalents include petty cash, amounts on deposit, and money market accounts.

F. Interfund Receivables/Payables

Interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

G. Inventories

Inventories, which benefit future periods, other than those recorded in the enterprise fund, are recorded as an expenditure during the year of purchase. The consumable inventory is the property of the District's food service vendor.

At June 30, 2010, there were no unused Food Donation Program commodities owned by the District.

H. Capital Assets

Capital assets, which include land, property, plant and equipment and construction in progress, are reported in the applicable governmental or business-type activities columns in the district-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than \$2,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or through estimation procedures. Donated capital assets are valued at their estimated fair value on the date of donation.

The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend the assets lives are not capitalized.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

1. Summary of Significant Accounting Policies (continued)

Property, plant and equipment of the District is depreciated using the straight line method. The following estimated useful lives are used to compute depreciation:

	<u>Years</u>
Machinery and equipment	2-20
Buildings	50
Building improvements	20
Vehicles	5-10

I. Compensated Absences

A liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits. The District uses the "vesting method" for estimating its accrued sick and vacation leave liability.

District employees are granted vacation and sick leave in varying amounts under the District's personnel policies and collective bargaining agreements. In the event of termination, an employee is reimbursed for accumulated vacation. Sick leave benefits provide for ordinary sick pay and begin vesting with the employee after one year of service. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with Districts agreements with the various employee unions. Under terms of association agreements, employees earn vacation and sick leave in amounts varying with tenure and classification by the District for the unused sick leave in accordance with Districts agreements with the various employee unions.

The liability for vested compensated absences of the District is recorded in the district-wide financial statements and includes salary related payments.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2010, a liability existed for compensated absences in the district-wide financial statements in the amount of \$4,180,955 and no liability existed for compensated absences in the proprietary fund types.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

1. Summary of Significant Accounting Policies (continued)

J. Deferred Revenue/Unearned Revenue

Deferred revenue in the special revenue fund represents cash, which has been received but not yet earned and outstanding encumbrances. Unearned revenue in the enterprise fund represents cash receipts from students for meals that have been received in advance and tuition fees for community education programs received in advance of the program offering.

K. Long-Term Obligations

In the district-wide financial statements and enterprise fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or enterprise fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight line method which approximates the effective interest method. Bonds payable are reported net of the applicable bonds premium of discount and unamortized loss on a refunding. Bond issuance costs are reported as deferred charges and amortized over the life of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financial sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing used. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as either capital projects fund or debt service fund expenditures in the year of issuance.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

1. Summary of Significant Accounting Policies (continued)

L. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designated fund balances represent plans for future use of financial resources that are subject to change. Of the \$19,796,951 of General Fund fund balance (B-1) at June 30, 2010, \$904,257 is reserved for encumbrances, \$6,318,301 is reserved in a Capital Reserve Account, \$4,581,456 is the prior year excess surplus designated for subsequent years, \$2,103,369 is reserved for excess surplus-current year, \$503,570 is reserved in a maintenance reserve, \$999,033 is reserved in an emergency reserve, \$1,194,602 has been appropriated as anticipated revenue for the year ending June 30, 2011 and \$3,192,363 is unreserved and undesignated. See separate management report for calculation of excess surplus. The Capital Projects Fund fund balance at June 30, 2010 is \$3,122,066, of which \$935,370 is reserved for encumbrances and \$2,186,696 is unreserved and undesignated. The Debt Service Fund fund balance at June 30, 2010 is \$130,199, of which \$117,651 is designated for subsequent years expenditures and the remainder is undesignated. In accordance with the State of New Jersey Statutes, the fund balance estimated to be utilized in the subsequent year budget is not legally restricted and therefore has been classified in the balance sheet as fund balance designated for subsequent year's expenditures and is not reserved.

M. Calculation of Excess Surplus

The designation for reserved fund balance -- excess surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve general fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2010 was \$2,103,369.

N. Net Assets

Net assets represent the difference between assets and liabilities in the district-wide financial statements. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net assets are reported as restricted in the district-wide financial statements when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

1. Summary of Significant Accounting Policies (continued)

O. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

P. On-Behalf Payments

Revenues and expenditures of the general fund include payments made by the State of New Jersey social security and post-retirement pension and medical contributions for certified teacher and other members of the New Jersey Teachers Pension and Annuity Fund. The amounts are not required to be included in the District's annual budget.

Q. Subsequent Events

Management has reviewed and evaluated all events and transactions that occurred between June 30, 2010 through October 25, 2010, the date that the financial statements were issued for possible disclosure and recognition in the financial statement, and no items have come to the attention of the District that would require disclosure.

2. Reconciliation of District-Wide and Fund Financial Statements

Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the District-Wide Statement of Net Assets

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net assets – governmental activities as reported in the district-wide statement of net assets. One element of that reconciliation explains that long-term liabilities are not due and payable in the current period and therefore are not reported in the funds. The details of this \$99,431,391 difference are as follows:

Bonds payable	\$95,982,000
Unamortized deferred interest costs	(1,294,426)
Unamortized premium on bonds	562,862
Compensated absences	4,180,955
Net adjustment to reduce fund balance-total governmental funds to arrive at net assets – governmental activities	<u>\$99,431,391</u>

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

3. Deposits and Investments

Investments are stated at fair value in accordance with Governmental Accounting Standards Board (GASB) Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools." The Board classifies certificates of deposit, which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments and are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts. Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public

funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include savings and loan institutions, banks (both state and national banks) and savings banks, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the governmental units.

Deposits

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey that are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund, M.B.I.A. Class and the New Jersey Arbitrage Rebase Management Fund.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

3. Deposits and Investments (continued)

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

The District's cash and cash equivalents are classified below to inform financial statement users about the extent to which a government's deposits and investments are exposed to custodial credit risk. Pursuant to GASB Statement No. 40, "Deposit and Investment Risk Disclosures" ("GASB 40"), the District's operating cash and money market accounts are profiled in order to determine exposure, if any, to Custodial Credit Risk (risk that in the event of failure of the counterparty the District would not be able to recover the value of its deposits and investments). Deposits are considered to be exposed to Custodial Credit Risk if they are: uncollateralized (securities not pledged to the depositor), collateralized with securities held by the pledging financial institution, or collateralized with securities held by the financial institution's trust department or agent but not in the government's name.

The District does not have a policy for the management of custodial credit risk, other than depositing all of its funds in banks covered by GUDPA. At least five percent of the District's deposits were fully collateralized by funds held by the financial institution, but not in the name of the District. Due to the nature of GUDPA, further information is not available regarding the full amount that is collateralized.

Operating cash accounts are held in the District's name by several commercial banking institutions. At June 30, 2010, the carrying amount of the District's deposits for all funds was \$18,868,784 and the bank balance was \$22,195,716. Of the bank balance, \$757,307 of the District's cash deposits on June 30, 2010 were secured by federal depository insurance. The New Jersey Governmental Unit Deposit Protection Act (GUDPA) covered the remaining bank balance of \$21,438,409.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

3. Deposits and Investments (continued)

Custodial Credit Risk-Deposits: Custodial credit risk is the risk that in the event of a bank failure, the District's deposits, in the form of certificates of deposit, money market accounts and checking accounts, may not be returned to it. The District does not have a deposit policy for custodial credit risk.

Investments

New Jersey statutes permit the Board to purchase the following types of securities:

- a. Bonds and other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or of any United States Bank, which have a maturity date not greater than twelve months from the date of purchase.
- c. New Jersey Cash Management Fund, New Jersey Arbitrage Rebate Management Fund and MBIA CLASS.

The District did not hold any investments at June 30, 2010 other than funds held in the cash management fund.

New Jersey Cash Management Fund

In order to maximize liquidity, the District utilizes the New Jersey Cash Management Fund ("NJCMF") as its sole investment. The NJCMF is administered by the State of New Jersey, Department of the Treasury and issues a separate report that can be obtained directly from the Department of the Treasury. It invests pooled monies from various State and non-State agencies in primarily short-term investments. These investments include: U.S. Treasuries, short-term Commercial Paper, U.S. Agency Bonds, Corporate Bonds, and Certificates of Deposit. Agencies that participate in the NJCMF typically earn returns that mirror short-term investments rates. Monies can be freely added or withdrawn from the NJCMF on a daily basis without penalty. At June 30, 2010, the District's balance was \$14,157,822 and is classified as cash equivalents due to its short-term nature.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

3. Deposits and Investments (continued)

All investments in the Fund are governed by the regulations of the Investment Council, which prescribes specific standards designed to ensure the quality of investments and to minimize the risks related to investments. In all the years of the Division of Investment's existence, the Division has never suffered a default of principal or interest on any short-term security held by it due to the bankruptcy of a securities issuer; nevertheless, the possibility always exists, and for this reason a reserve is being accumulated as additional protection for the "Other-than-State" participants. In addition to the Council regulations, the Division sets further standards for specific investments and monitors the credit of all eligible securities issuers on a regular basis.

Custodial Credit Risk: The District does not have any investments that are exposed to custodial credit risk and does not have a policy for custodial credit risk.

Credit Risk: The District does not have any investments exposed to credit risk and does not have an investment policy regarding the management of credit risk.

Concentration of Credit Risk: The District places no limit on the amount the District may invest in any one issuer and does not have a policy for limiting the concentration of investments.

Interest Rate Risk: The District does not have a policy to limit interest rate risk.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

4. Capital Assets

The following schedule is a summarization of the governmental activities changes in capital assets for the year ended June 30, 2010:

	Beginning Balance	Increases	Transfers	Ending Balance
Governmental activities:				
Capital assets, not being depreciated:				
Land	\$ 7,722,907			\$ 7,722,907
Construction in progress	25,614,337	\$ 2,904,024	\$ (714,421)	27,803,940
Total capital assets, not being depreciated	33,337,244	2,904,024	(714,421)	35,526,847
Capital assets, being depreciated:				
Site improvements	9,299,877	271,460		9,571,337
Buildings, and building improvements	152,643,762	536,606	714,421	153,894,789
Machinery, equipment and vehicles	43,273,848	161,397		43,435,245
Total capital assets being depreciated	205,217,489	969,463	714,421	206,901,371
Less accumulated depreciation for:				
Site improvements	4,563,837	444,448		5,008,285
Buildings and building improvements	53,030,838	4,123,474		57,154,312
Machinery, equipment and vehicles	39,050,166	882,424		39,932,590
Total accumulated depreciation	96,644,841	5,450,346		102,095,187
Total capital assets, being depreciated, net	108,572,646	(4,480,833)	-	104,806,184
Governmental activities capital assets, net	\$141,909,890	\$(1,576,859)	\$ -	140,333,031

Depreciation expense was charged to functions/programs of the District as follows:

Instruction	\$ 4,316,705
General administration	102,911
Operation of plant	488,966
Student transportation	541,764
Total depreciation expense – governmental activities	<u>\$ 5,450,346</u>

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

4. Capital Assets (continued)

The following is a summary of enterprise fund changes in capital assets for the year ended June 30, 2010.

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Ending Balance</u>
Business-type activities:			
Capital assets, being depreciated:			
Machinery and equipment	\$ 1,069,507		\$ 1,069,507
Less accumulated depreciation for:			
Machinery and equipment	888,796	\$ 46,721	935,517
Total accumulated depreciation	888,796	46,721	935,517
Total business-type activities capital assets, net	<u>\$ 180,711</u>	<u>\$ (46,721)</u>	<u>\$ 133,990</u>

5. Long-Term Liabilities

During the year ended June 30, 2010, the following changes occurred in long-term liabilities:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due within One Year</u>
Governmental activities:					
Compensated absences payable	\$ 4,465,625	\$ 512,922	\$ (797,592)	\$ 4,180,955	\$ 340,000
Bonds payable	102,297,000		(6,315,000)	95,982,000	6,370,000
Deferred interest costs	(1,424,958)		130,532	(1,294,426)	(130,532)
Premium on bonds	597,540		(34,678)	562,862	34,678
Governmental activity long-term liabilities	<u>\$105,935,207</u>	<u>\$ 512,922</u>	<u>\$ (7,016,738)</u>	<u>\$ 99,431,391</u>	<u>\$6,614,146</u>

The District expects to liquidate the compensated absences with payments made from the District's general fund. Bonds payable are expected to be liquidated by expenditures charged to the debt service fund.

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

5. Long-Term Liabilities (continued)

Bonds Payable

Bonds are authorized in accordance with State law or by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are general obligation bonds.

In December 2005, the District issued \$10,000,000 of refunding bonds to provide resources to refund a portion of the District's outstanding debt. As of June 30, 2010, \$9,615,000 of defeased debt remains outstanding, which are all scheduled to be redeemed on September 15, 2010.

In February 2006, the District issued \$10,000,000 of refunding bonds to provide resources to refund a portion of the District's outstanding debt. As of June 30, 2010, \$9,620,000 of defeased debt remains outstanding, which are all scheduled to be redeemed on September 15, 2010.

In January 2007, the District issued \$17,500,000 of refunding bonds to provide resources to refund a portion of the District's outstanding debt. As of June 30, 2010, \$17,325,000 of defeased debt remains outstanding, which are all scheduled to be redeemed on September 15, 2010 and June 1, 2013.

Principal and interest due on all bonds outstanding is as follows:

	Principal	Interest	Total
Year ending June 30:			
2011	\$ 6,370,000	\$ 3,982,033	\$ 10,352,033
2012	6,060,000	3,676,204	9,736,204
2013	6,165,000	3,402,540	9,567,540
2014	6,475,000	3,126,141	9,601,141
2015	6,605,000	2,838,366	9,443,366
2016-2020	33,885,000	9,894,908	43,779,908
2021-2025	25,255,000	3,578,324	28,833,324
2026-2028	5,167,000	341,967	5,508,967
	<u>\$ 95,982,000</u>	<u>\$ 30,840,481</u>	<u>\$ 126,822,481</u>

6. Pension Plans

Description of Systems

Substantially all of the Board's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Teachers' Pension and Annuity Fund (TPAF) or the Public Employees' Retirement System (PERS). These systems are sponsored and administered by the State of New Jersey. The Teachers' Pension and Annuity Fund Retirement System is considered a cost-sharing multiple-employer plan, with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the Board and the system's other related non-contributing employers. The Public Employees' Retirement System is considered a cost-sharing multiple-employer plan.

Teachers' Pension and Annuity Fund

The Teachers' Pension and Annuity Fund was established in January 1955 under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirement health care to substantially all full time public school employees in the State. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for health care coverage. Members are eligible for retirement at age 55 with an annual benefit generally determined to be 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of credited service. Early retirement is available for these systems to those employees under age 55 participating in TPAF or PERS with 25 or more years of credited service. Anyone who retires early and is under age 55 receives retirement benefits as calculated in the above mentioned formula but at a reduced rate (one quarter of one percent for each month the member lacks of attaining age 55).

Public Employee's Retirement System

The Public Employees' Retirement System was established in January 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full time employees of the State or any county, municipality, school Board or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service. Members are eligible for retirement at age 55 with an annual benefit generally determined to be 1/55th of the average annual

6. Pension Plans (continued)

compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available for these systems to those employees under age 55 participating in TPAF or PERS with 25 or more years of credited service. Anyone who retires early and is under age 55 receives retirement benefits as calculated in the above mentioned formula but at a reduced rate (one quarter of one percent for each month the member lacks of attaining age 55). The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issued publicly available financial reports that include the financial statements and required supplementary information for TPAF and PERS. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

Funding Policy

The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing members. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the Board is a non-contributing employer of the TPAF.

During the year ended June 30, 2010, the State of New Jersey contributed \$4,427,053 to the TPAF for on-behalf medical and pension contributions on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66, the State of New Jersey reimbursed the District \$5,080,093 during the year ended June 30, 2010 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. These amounts have been included in the district-wide and fund financial statements. The Board's actuarially determined contributions to PERS for each of the years ended June 30, 2010, 2009, and 2008 were \$1,433,743, \$1,248,540 and \$866,800, respectively, equal to the required contributions for each year.

6. Pension Plans (continued)

Post Retirement Benefits

Plan Description

The School District contributes to the New Jersey State Health Benefits Program (the "SHBP"), a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the State of New Jersey Division of Pension and Benefits. SHBP provide medical, prescription drug, mental health/substance abuse and Medicare Part B reimbursement to retirees and their covered dependents. The State Health Benefits Program Act is found in New Jersey Statutes Annotated, Title 52, Article 17.25 et.seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. The State of New Jersey Division of Pension and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for SHBP. That report may be obtained by writing to Division of Pension and Benefits, PO Box 295, Trenton, NJ 08625-0295.

Funding Policy

P.L. 1987, chapter 384 and P.L. 1990, Chapter 6 required Teachers' Pension and Annuity Fund (TPAF) and Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, chapter 103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2009, there were 84,590 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992, c.126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$116.9 million toward Chapter 126 benefits for 13,320 eligible retired members in fiscal year 2009.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

6. Pension Plans (continued)

The State will set the contribution rate based on the *annual required contribution of the employers* (ARC), an amount actuarially determined in accordance with parameters of GASB 45. The ARC represents the level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The State's contributions to the SHBP Fund for TPAF retirees' post-retirement benefits on behalf of the District for the years ended June 30, 2010, 2009 and 2008 were \$4,203,254, \$3,983,722 and \$1,745,076 respectively, which equaled the required contributions for each year. The State's contributions to the SHBP Fund for PERS retirees' post-retirement benefits on behalf of the District was not determined or made available by the State of New Jersey.

7. Interfund Receivables and Payables

New Jersey statute requires that interest earned on the investments in the capital projects fund be credited to the general or debt service fund. The total interfund accounts receivable and payable for the District amounted to \$636,966 analyzed as follows:

Fund	Interfund Receivable	Interfund Payable
General Fund	\$ 546,195	\$ 90,771
Special Revenue Fund	87,532	396,637
Food Service Enterprise Fund	3,239	
Fiduciary Fund-Unemployment		149,558
	<u>\$ 636,966</u>	<u>\$ 636,966</u>

The general fund interfund receivable is comprised of two interfunds. The \$149,558 represents general fund expenditures paid out as unemployment compensation but has not yet been reimbursed by the fiduciary fund. The second interfund represents a loan to the special revenue fund in the amount of \$396,637 to eliminate a pooled cash deficit. The interfund payable in the general fund is offset with an interfund of \$87,532 in the special revenue fund, which represents a reimbursement to the general fund in excess of the amount payable, and an interfund of \$3,239 in the food service enterprise fund, which represents food service funds received by the general fund and not transferred to the food service enterprise fund by June 30. All interfunds are expected to be liquidated within one year.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

8. Economic Dependency

The District receives support from federal and state governments. A significant reduction in the level of support, if this were to occur, would have an effect on the District's programs and activities.

9. Contingent Liabilities

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable at June 30, 2010 may be impaired. In addition, the District is receiving funding in the form of grants from the New Jersey Schools Development Authority, (NJSDA), in connection with capital projects. The costs associated with the funding received from the NJSDA are subject to a final review of eligible costs and compliance by the New Jersey Department of Education and the NJSDA. To the extent that the District has not complied with the rules and regulations governing the NJSDA funds or has not met the final eligible costs requirements, refunds of any money received may be required and the collectibility of any related receivable at June 30, 2010 may be impaired. In the opinion of the District's management, there are no significant contingent liabilities relating to compliance with the rules and regulations or final eligible cost requirements governing the respective grants or funding; therefore, no provisions have been recorded in the accompanying basic financial statements for such contingencies.

In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing other federal and state grants; therefore, no provisions have been recorded in the accompanying basic financial statements for such contingencies.

The District is also involved in several claims and lawsuits incidental to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material adverse effect on the financial position of the Board.

10. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

10. Risk Management (continued)

During the 2010 fiscal year, the District was covered by a joint insurance fund as well as commercial insurance.

Property and Liability Insurance

The Board is a member of the School Alliance Insurance Fund (SAIF), a public entity risk pool currently operating as a common risk management and insurance program. The SAIF is a School District Joint Self Insurance Fund comprised of Boards of Education.

The Board pays an actuarial determined annual assessment to SAIF for its insurance coverage. Supplemental assessments may be levied to supplement the fund. The Board has not been notified of any supplemental assessments. The coverage provided by SAIF is partially self-insured retention and partially excess coverage provided by commercial insurance. The self-insured retention coverage for crime is \$50,000, and \$10,000 for theft, disappearance and destruction.

The District continues to carry commercial insurance for all other risks of loss, including employee health, accident insurance and public officials bonds. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years and there have been no significant decreases in insurance coverage from the prior year.

New Jersey Unemployment Compensation Insurance

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method." Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's unemployment trust fund for the past three years:

Fiscal Year	Interest on Investments	Contributions	Amount Paid	Ending Balance
2009-10	\$ 15,233	\$ 268,436	\$ 386,018	\$900,113
2008-09	17,837	178,631	131,132	1,002,462
2007-08	10,313	169,521	70,581	937,126

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

11. Deferred Compensation

The District offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by various insurance companies, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. Participants' rights under the plan are equal to those of general creditors in an amount equal to the fair market value of the deferred account of each participant. The District has no liability for losses under the plan. Since the District does not hold the assets in a trustee capacity, the related assets are not included in the District's Fiduciary Fund Financial Statements.

12. Capital Reserve Account – Restricted Assets

A capital reserve account was established by the District by inclusion of \$228,986 in June of 2002 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget. Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfers by Board resolution at year end (June 1 to June 30) of any unanticipated revenue or unexpended line item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2009 to June 30, 2010 fiscal year is as follows:

Beginning balance, July 1, 2009	\$ 6,417,764
Interest earnings	537
Deposits:	
Approved at April 2009 election	6,220,829
Approved in June 2010 Board Resolution	1,750,000
Withdrawals:	
Transfer to capital projects fund	(1,850,000)
Transfer to debt service fund	(6,220,829)
Ending balance, June 30, 2010	<u>\$ 6,318,301</u>

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

12. Capital Reserve Account – Restricted Assets (continued)

The June 30, 2010 LRFP balance of local support costs of uncompleted projects is \$39,425,402. On September 27, 2005, the District approved its revised Long-Range Facility Plan, which includes this local share.

13. Deferred Charges

The deferred charges recorded in the district-wide statement of net assets represent debt issuance costs that are being amortized using the straight-line method over the life of the related bonds. The unamortized costs associated with the issues of the various bonds amounted to \$820,107 at June 30, 2010. The amortization expense for the year ended June 30, 2010 amounted to \$72,119. In governmental funds, debt issuance costs are recognized in the current period.

14. Transfers – Reconciliation

The following presents a reconciliation of transfers during the 2010 fiscal year:

	Transfers In	Transfers Out
General Fund		\$8,834,691
Capital Projects Fund	\$2,613,862	12,548
Debt Service Fund	6,233,337	
	<u>\$8,847,239</u>	<u>\$8,847,239</u>

The transfer of \$2,613,862 from the general fund to the capital projects fund represents the transfer of funds from the capital reserve account and capital outlay for use for the ongoing capital projects. The transfer of \$6,220,829 from the general fund to the debt service fund represents the transfer of funds from the capital reserve account for use in the District's debt service fund. The transfer of \$12,548 from the capital projects fund to the debt service fund represents the transfer of interest earned for use in the District's debt service fund.

West Windsor-Plainsboro Regional School District

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2010

15. Referendum and Commitments

There are \$935,370 of contractual commitments at June 30, 2010 to vendors related to the ongoing construction projects.

Budget to GAAP Reconciliation

Year ended June 30, 2010

	<u>General Fund</u>	<u>Special Revenue Fund</u>
Sources/inflows of resources		
Actual amounts (budgetary basis) "revenue" from the Budgetary Comparison Schedule (C-1, C-2)	\$ 151,529,638	\$3,083,306
Differences - Budget to GAAP:		
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.		
Current year		(49,060)
Prior year		8,780
State aid payments from prior year recognized in prior year for budgetary purposes, and recognized for GAAP statements in the current fiscal year.	676,570	
State aid payments recognized for budgetary purposes, not recognized for GAAP statements.	<u>(858,925)</u>	
Total revenues as reported on the Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds (B-2)	<u>\$151,347,283</u>	<u>\$3,043,026</u>
Uses/outflows of resources		
Actual amounts (budgetary basis) "total outflows" from the Budgetary Comparison Schedule (C-1, C-2)	\$ 145,318,641	\$ 3,083,306
Differences - budget to GAAP:		
Encumbrances (net) for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes.		<u>(40,280)</u>
Total expenditures as reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds (B-2)	<u>\$145,318,641</u>	<u>\$3,043,026</u>

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the district's financial performance and well being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the district's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the district's current levels of outstanding debt and the district's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the district's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the district's financial report relates to the services the district provides and the activities it performs.

Sources: *Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Report (CAFR) for the relevant year. The District implemented GASB Statement 34 in the year ended June 30, 2003; schedules presenting district-wide information include information beginning in that year. Ten years of information has been provided where available.*

Total direct and overlapping debt			\$ 296,134,314

Sources Township Finance Officers

- (1) West Windsor Twsp., Mercer County and Stony Brook RSA, as of December 31, 2009.
- (2) Plainsboro Twsp. and Middlesex County, as of March 31, 2010 and December 31, 2009, respectively.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the district. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

^a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

Single Audit Section

Independent Auditors' Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an
Audit of the Financial Statements Performed in Accordance
with *Government Auditing Standards*

Honorable President and Members
of the Board of Education
West Windsor-Plainsboro Regional School District
Princeton Junction, New Jersey
County of Mercer

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the West Windsor-Plainsboro Regional School District, in the County of Mercer, New Jersey (the "District") as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements and have issued our report thereon dated October 25, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

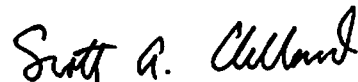

However, we noted certain other matters involving internal control over financial reporting that we have reported to the District in a separate *Auditors' Management Report on Administrative Findings* dated October 25, 2010.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters of noncompliance that we have reported to the District in the separate *Auditors' Management Report on Administrative Findings* dated October 25, 2010.

This report is intended solely for the information and use of the District's management and Board, others within the entity, the New Jersey State Department of Education, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance with
Requirements That Could Have a Direct and Material Effect
on Each Major Program and on Internal Control
Over Compliance in Accordance with OMB Circular A-133
and New Jersey OMB Circular 04-04

Independent Auditor's Report

Honorable President and Members
of the Board of Education
West Windsor-Plainsboro Regional School District
Princeton Junction, New Jersey
County of Mercer

Compliance

We have audited the Board of Education of the West Windsor-Plainsboro Regional School District, in the County of Mercer, New Jersey (the "District") with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* and the *New Jersey State Grant Compliance Supplement* that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2010. The District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey OMB Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments*. Those standards and requirements, OMB Circular A-133 and New Jersey OMB Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a

reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2010.

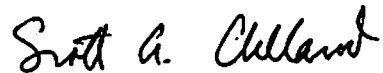

Internal Control Over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the District's internal control over compliance with the requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, and to test and report on internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB Circular 04-04 but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of federal or state programs will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the District's management and Board, others within the entity, the New Jersey Department of Education, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

West Windsor-Plainsboro Regional School District

Notes to Schedules of Expenditures of
Federal Awards and State Financial Assistance

Year ended June 30, 2010

1. General

The accompanying schedules of expenditures of federal awards and state financial assistance present the activity of all expenditures of federal awards and state financial assistance programs of the District. The District is defined in Note 1 to the District's basic financial statements. All federal awards and state financial assistance received directly from federal and state agencies, as well as federal awards passed through other government agencies are included on the schedule of expenditures of federal awards and state financial assistance.

2. Basis of Accounting

The accompanying schedules of expenditures of federal awards and state financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting and those recorded in the special revenue fund, which are presented using the budgetary basis of accounting. These bases of accounting are described in Note 1 to the District's basic financial statements. The information presented in these schedules are presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in the schedules may differ from amounts presented, or used in the preparation of, the basic financial statements.

3. Relationship to Basic Financial Statements

Amounts reported in the accompanying schedules agree with amounts reported in the District's basic financial statements. The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund, the special revenue fund and debt service fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules of the modified accrual basis with the exception of the revenue recognition of the last two state aid payments in the current year budget, which is mandated pursuant to N.J.S.A. 18A:22-4.2. For GAAP purposes, those payments are not recognized until the subsequent year due to the state

West Windsor-Plainsboro Regional School District

Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance

Year ended June 30, 2010

3. Relationship to Basic Financial Statements (continued)

deferral and recording of the last state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-4.2. The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$182,355 for the general fund and \$40,280 for the special revenue fund. See Note to Required Supplementary Information for a reconciliation of the budgetary basis to GAAP of accounting for the general and special revenue funds (C-3).

Additionally, as discussed further in footnote 5, the State of New Jersey makes contributions on-behalf of the District for TPAF post retirement medical and pension contributions. The total amount of these contributions during the 2010 fiscal year was \$4,427,053.

Financial award revenues are reported in the District's basic financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 164,505	\$ 18,658,610	\$ 18,823,115
Special Revenue Fund	2,892,991	64,219	2,957,210
Capital Projects Fund		442,434	442,434
Debt Service Fund		624,964	624,964
Food Service Fund	484,286	28,560	512,846
Total financial award expenditures	<u>\$ 3,541,782</u>	<u>\$ 19,818,787</u>	<u>\$ 23,360,569</u>

4. Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

West Windsor-Plainsboro Regional School District

**Notes to Schedules of Expenditures of
Federal Awards and State Financial Assistance**

Year ended June 30, 2010

5. Other

Revenues and expenditures reported under the Food Donation Program represent current year value received and current year distributions respectively.

TPAF Social Security Contributions represent the amounts reimbursed by the State for the employer's share of social security for TPAF members for the year ended June 30, 2010.

The State of New Jersey also makes TPAF post retirement medical and pension contribution expenditures on behalf of the District. These expenditures are not subject to New Jersey OMB Circular 04-04 because the contributions are made by the State directly and do not have any compliance related requirements, and therefore have not been included on the Schedule of State Awards, as directed by the funding agency.
