October 29, 2013

Honorable President, Members of the  
Board of Education, and Constituents  
West Windsor-Plainsboro Regional School District  
County of Mercer, New Jersey

Dear Board Members and Constituents:

The comprehensive annual financial report of the West Windsor-Plainsboro Regional School District ("District" or "WW-P") as of and for the year ended June 30, 2013, is hereby submitted. Responsibility for both the accuracy of the data, and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information at June 30, 2013, and the respective changes in financial position and cash flows, where applicable, for the year then ended. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical, and single audit. The introductory section includes this transmittal letter (designed to complement Management's discussion and analysis and should be read in conjunction with it), the District's organizational chart, roster of officials, and independent auditors and advisors. The financial section includes management's discussion and analysis, basic financial statements, required supplementary information and supplementary information and other information, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis and is unaudited. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations," and New Jersey OMB's Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments." Information related to this single audit, including the auditor's reports on internal control and compliance with applicable major programs, are included in the single audit section of this report.

## 1. Reporting Entity and Its Services

West Windsor-Plainsboro Regional School District is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB). All funds and the government-wide financial statements of the District are included in this report. The following chart details the changes in the in-district student seat count of the District over the last five years. These amounts will differ from the ASSA student count taken every October.

### District Seat Count

Fiscal Year	Student Enrollment*	Percent Change Increase
2012-2013	9,793	(0.2)%
2011-2012	9,817	(0.3)
2010-2011	9,842	0.2
2009-2010	9,821	0.6
2008-2009	9,766	0.7

## 2. Economic Condition and Outlook

West Windsor and Plainsboro are vibrant and diverse communities that are popular with residents and businesses alike. With a robust mix of commercial and residential properties, the West Windsor-Plainsboro area is projected to continue its economic growth; however, student enrollment is expected to plateau slightly above the current level.

## 3. Major Initiatives

The West Windsor-Plainsboro Regional School District has served the municipalities of West Windsor Township and Plainsboro Township since its formation in 1969. In fulfilling its mission since regionalization, the District has been successful in providing school facilities and an outstanding education for our ever-increasing student population. The taxpayers of West Windsor and Plainsboro Townships realize a remarkable return on their investment. Students are well prepared for higher education and, in actuality, gain acceptance to the top colleges in the nation.

The mission of the West Windsor-Plainsboro Regional School District, valuing our tradition of excellence, is to develop all of our students as passionate, confident, lifelong learners who have competence and strength of character to realize their aspirations and

thoughtfully contribute to a diverse and changing world. Our core values state: We believe that continuous learning is essential for individual fulfillment and for the advancement of society. We believe that every individual has intrinsic worth. We believe that embracing diversity enriches and empowers our community. We believe that honesty, integrity, and trust are cornerstones for continuing excellence. We believe that people reach their highest potential when challenged to believe it is possible. We believe that openness to change is essential to progress and future viability.

Students in the West Windsor-Plainsboro Regional School District have extraordinary opportunities to develop knowledge and skill in world languages, science, language arts, history, and mathematics. The District's vocal and instrumental music, fine arts, and drama programs publicly demonstrate exceptional results. WW-P schools also provide a broad array of co-curricular and athletic programs, including extensive after-school intramurals and clubs for early adolescents. The District offers state-of-the-art resources and technology that allow faculty to provide interdisciplinary instruction with maximum flexibility.

Student achievement is one of the great rewards for support of the WW-P school district. Such accomplishment is demonstrated on standardized tests where WW-P students surpass state and national counterparts. It is a tribute to the talents of our students and teachers that we continue to have a graduation rate of almost 100 percent. Student achievement indicators reveal that high school students continue to perform at high levels. Ninety-five percent of high school students indicated that they planned to attend college (84 percent to attend four-year colleges) or other post-secondary education. SAT scores (597/637/607) for Critical Reading/Math/Writing are well above state (495/517/499) and national (496/514/488) averages. There were 31 National Merit Scholar Finalists and 116 National Merit Scholar Letters of Commendation. There were 147 Advanced Placement Scholars, 96 Advanced Placement Scholars with Honors, 194 Advanced Placement Scholars with Distinction, and 36 Advanced Placement National Scholars. WW-P had 921 students taking 2,026 Advanced Placement examinations, with 92 percent receiving grades of 3 or higher.

The population of the school community reflects the growing trend toward pluralism in American society. Students represent major racial and ethnic groups (55 percent Asian, 34 percent White, 7 percent African American, and 4 percent Hispanic). Our students speak 33 languages. This diversity affords students excellent opportunities for intercultural understanding and provides them with a global view of the world. In order to fulfill the needs of our multicultural communities, we have made every effort to create an awareness of the many ethnic and cultural distinctions represented here. Children are taught the traditions and mores not only of their background but also those of their classmates who come from all corners of the world.

The school district commits resources to the social, emotional, and ethical development as well as the intellectual and physical growth of students. Each elementary school has a nurse, and full-time guidance counselor, in addition to guidance counselors who support students at grades 6 through 12. The district also employs two substance abuse counselors

for grades 6-12 and child study teams (learning consultant, psychologist, and social worker) at every school. Students with unique learning challenges receive extensive support through Reading Recovery, Basic Skills, Bilingual/English as a Second Language, and Special Education services.

The district operates several specialized programs for students: integrated preschools for students with disabilities; full-day kindergarten for students with language/learning disabilities; expanded MD/autistic programs; kindergarten-grade 12 (through age 21) program for students with multiple disabilities including autism and cognitive disabilities; and the Academy for high school students with emotional needs.

The school district reflects the lifestyle of a community that takes pride in its continuing tradition of academic and cultural achievement. The richness of the academic program, alternative options, and extracurricular activities expands learning beyond the classroom boundaries. The schools provide an educational environment that motivates students to learn and requires them to exercise imagination and sensibility in solving problems.

#### *Dutch Neck Elementary School*

Dutch Neck Elementary School, a K-3 school, is representative of the community's tremendous multicultural diversity. Dutch Neck Elementary School provides a nurturing environment where students are empowered with academic and social skills to become enthusiastic lifelong learners. This is accomplished by working in close partnership with parents and the community to provide child-centered programs that recognize and build on the unique potential of each child. The school's primary goal is to build the foundations that will sustain and promote a life of learning. Dutch Neck Elementary School provides an educational program that challenges children to learn as they participate in meaningful real-world experiences.

Dutch Neck Elementary School has been named one of the top elementary schools in New Jersey by *New Jersey Monthly*. This K-3 school has earned Star School recognition for Best Practices in Mathematics and has been recognized by *Red Book Magazine* as one of America's best schools. The strength of the school lies in the collegiality and dedication of its staff and parent community. Dutch Neck Elementary School has established open communication and high expectations for children through worthwhile programs including a variety of activities during American Education Week, poetry sharing, Jump-a-thon, Arts Festival, an interactive Literacy Festival, and many other valuable opportunities for children and their families. The school created a School Community Garden that is operated by the school's students, faculty, and families. Students learn important academic concepts through integrating the real life happenings in the school garden.

Faculty members nurture and engage students in current best practices, including responsive classroom, guided reading, application of brain research and multiple intelligences, as well as developmentally appropriate early childhood practices. The Dutch Neck Elementary School is a special place for children, parents, and faculty.

### *Maurice Hawk Elementary School*

A K-3 elementary school, Maurice Hawk School is acknowledged as a Blue Ribbon School by the U.S. Department of Education; it also has been selected for recognition in the area of educational technology through the Best Practices/STAR Program, a program sponsored by the New Jersey Department of Education.

The encouraging school atmosphere inspires the staff in promoting collegiality, becoming unified with students in learning, and integrating all subject areas so students and teachers have a more meaningful learning experience. A culturally, ethnically, and economically diverse community, Maurice Hawk Elementary School endeavors to prepare its students to live effectively in a society that will become more diverse. One of its overriding goals is to enlighten each student to the richness of cultural diversity and to encourage the student to feel pride in one's cultural uniqueness. The curriculum emphasizes literacy, language learning, mathematical reasoning, critical thinking, problem solving, and cross-cultural understanding. The hallmark of this school is a nurturing teaching staff that fosters lifelong learning skills for all students. All instructional practices are based on district curriculum, which provides for the teaching of literacy, mathematics, science, social studies, and social and emotional development.

The Hawk Garden Club is a school beautification project that maintains a Children's Garden and the butterfly and lobby garden. Third-grade students organize a school postal service and serve as school tour guides and a welcome committee. Second-grade students administer a recycling project by collecting paper, cans, and bottles. First-grade students organize a school bake sale to raise money for local charities.

### *Town Center Elementary School at Plainsboro*

Town Center Elementary School is fortunate to be part of a diverse and multicultural community in Plainsboro. Our diversity enriches programs as well as the students' school experience. The students and staff at Town Center Elementary School, a K-3 school, enthusiastically take advantage of our technology capabilities and the many resources that are available. This includes global connection via the Internet to student computers, a fully equipped computer lab, SmartBoard use in several classrooms, and an intra-school cable broadcast system. Town Center students participate in a live television news program that is broadcast three times each week. We are the proud recipients of Best Practices in Technology Award from the state of New Jersey.

Town Center Elementary School's core values -- love of learning, character development, and interpersonal relationships -- influence the teaching and learning environment throughout the school. Learning is valued and cherished as a lifelong commitment. To foster and develop this value, Town Center Elementary School provides a secure and open atmosphere that supports diversity and welcomes inquiry. The school believes that developing positive character traits will empower students throughout their lives and staff members work closely with parents to enhance and strengthen the educational program. Also, students learn important academic concepts through integrating the real life happenings in the school garden.

The professional commitment and collegiality of our staff is a continuing strength of Town Center Elementary School. They are committed to implementing best practices in teaching and learning and to promoting the self-confidence, integrity, responsibility, and respect that support learning. The annual Fall Fest celebrates the harvest tradition and provides a meaningful opportunity for service learning. The Literacy Celebration, Science Fair, and a host of other special events and programs provide students with ways to develop their potential in many areas.

#### *John V. B. Wicoff Elementary School*

Wicoff Elementary School, built in 1919, provides K-3 students with learning experiences that foster academic, social, physical, and emotional success. The principal and staff believe there must be cooperation and communication between family and school. The mission of the Wicoff Elementary School is to prepare its diverse community of children for their continuing educational journey, to be responsible and productive citizens, and to respect themselves and others. This is accomplished by providing a nurturing environment, developing a foundation of skills necessary for independent thinking and problem solving, and meeting individual needs through a strong partnership among students, staff, parents, and community. Wicoff Elementary School is able to take advantage of technology and the many resources it makes available including a fully equipped computer lab and global connections via the Internet. The curriculum provides students with a strong basis for lifelong learning.

In this culturally rich and diverse community, students gain an understanding and respect for individual and ethnic uniqueness. At the Wicoff Elementary School, an accepting and supportive environment allows each child to grow and learn among a community of caring adults who contribute to the child's positive self-esteem. Wicoff Elementary School faculty challenge and encourage children to take risks and to strive to reach their full potential. Education at Wicoff Elementary School is a shared responsibility. The staff keeps current through a variety of professional development activities such as faculty meetings, morning share sessions, in-district workshops, local and national conferences, and graduate course work.

#### *Millstone River School and Village School*

The District boasts two schools for students in grades 4 and 5. The Millstone River School and Village School enable approximately 1,450 students in grades 4 and 5 to be part of an organized study environment that focuses on their developmental stages for the purpose of maximizing learning opportunities.

Students engage in serious educational projects with their classes and in individual study. The culture of the schools encourages collaboration and cooperation among students. Through discussions and activities, the Character Education Program highlights ethics, citizenship, personal integrity, and contributions to the community. Arts and sciences combine in enabling students to learn and express their learning through multiple intelligences. Technology, art, science investigations, and physical education curricula emphasize high standards to develop students' competencies.

To advance student learning, Millstone River School and Village School offer special programs. The district's outstanding instrumental and vocal music program features small group lessons and whole group performances. Parents attend their children's recitals and concerts. The Accelerated and Enriched mathematics program enables advanced learners of mathematics to collaborate with intellectual peers in conceptual development. The language arts resource specialists work with teachers and students to develop writing skills in various genres. The Media Centers in each of the schools offer over 30,000 resources for learning, as well as access to appropriate information through the Internet. Teachers work on grade-level teams to develop and maintain consistency in curriculum. Strong parent-teacher associations support both schools through organized events and contributions to the entire school community.

The Millstone River School and Village School have created productive, enjoyable, and humanistic environments through the cooperative efforts of grades 4-5 faculty, staff, administration, students, and parents. The educational process in each of the grades 4-5 schools strives to develop capable and self-confident human beings who in turn enhance a community rich in cultural diversity.

#### *Community Middle School and Grover Middle School*

Community Middle School (CMS) and Thomas R. Grover Middle School (GMS) provide a comprehensive, developmentally responsive middle school experience based on the principles of middle level education outlined in the most current middle level research. The facilities and programs are uniquely designed to promote discovery, effective interdisciplinary learning through teaming, and academic excellence. Central to our mission are the following goals: developing significant adult relationships with every student, providing a rigorous academic program, and creating opportunity for all students to explore a wide variety of offerings.

The core academic program, aligned with the Core Content Standards, consists of language arts, mathematics, science, social studies, and world language. The language arts program is integrated in its approach to literature and writing. The program is well articulated from kindergarten through grade 12 and promotes literacy and effective writing and oration skills. The mathematics program is theme-based, integrating hands-on, discovery-based learning, problem solving, mathematical modeling, and exploration, with skill development, thereby making mathematical concepts easier to learn and remember. The science program is based upon national and local standards and is designed to promote inquiry and critical thinking. The hands-on, minds-on format engages students in problem-solving activities that foster scientific inquiry and understanding. Social studies deals with ancient civilizations, United States history, and world cultures to develop critical thinking about how historical events shape modern perceptions and civilizations. In the area of world language, students have a choice of learning communication and culture in German, Chinese, French, or Spanish. This comprehensive, daily program promotes language fluency.

Students discover their own particular abilities, talents, interests, and preferences through elective and cycle classes that include instruction in computer technology, performing

arts, life skills, broadcasting and television production, industrial technology, art, and music. Health and physical education classes affirm the school's commitment to the concept of a healthy mind in a healthy body. Students may participate in choral, orchestra, and instrumental music programs that provide group and individual instruction. Comprehensive guidance and support services are available. The Media Center houses a collection of print, non-print, and on-line materials to support the curriculum, sustain student interest, and serve as a focal point for instruction and research. The computer technology curriculum helps students develop the research and presentation skills utilized throughout their academic program.

### *High School North and High School South*

West Windsor-Plainsboro High School North and High School South reflect the lifestyle of a community that takes pride in its continuing tradition of academic and cultural achievement. The richness of the academic programs, alternative options, and extracurricular activities expands learning beyond classroom boundaries. Each high school provides an educational environment that motivates students to learn and requires them to exercise imagination and sensibility in solving problems.

Over 3,200 students may choose from a program of studies that reflects a demanding and challenging curriculum. Qualifying high school seniors may elect to participate in Senior Option Career Internships or Senior Option Service Learning projects; these projects are designed to give students structured, supervised activities that will assist them to clarify career goals, explore career possibilities, develop employable skills, or make the transition between school and employment or further education and training.

The high schools offer state-of-the-art resources and technology that allow faculty to provide interdisciplinary instruction with maximum flexibility. West Windsor-Plainsboro High School North and High School South each offer teams in over 30 sports and sponsor various student publications, acclaimed performing groups in vocal and instrumental music, academic teams, and over 30 clubs/activities devoted to specialized interests.

Student achievement indicators reveal that high school students continue to perform at high levels. It is a tribute to the talents of our students and teachers that we continue to have a graduation rate of almost 100 percent. Student achievement indicators reveal that high school students continue to perform at high levels. Ninety-five percent of high school students indicated that they planned to attend college (84 percent to attend four-year colleges) or other post-secondary education. SAT scores (597/637/607) for Critical Reading/Math/Writing are well above state (495/517/499) and national (496/514/488) averages. There were 31 National Merit Scholar Finalists and 116 National Merit Scholar Letters of Commendation. There were 147 Advanced Placement Scholars, 96 Advanced Placement Scholars with Honors, 194 Advanced Placement Scholars with Distinction, and 36 Advanced Placement National Scholars. WW-P had 921 students taking 2,026 Advanced Placement examinations, with 92 percent receiving grades of 3 or higher.

The academic and cultural resources of West Windsor and Plainsboro have attracted a dedicated and highly trained instructional staff, which welcomes the challenges and excitement of a diverse student population. The high schools value their 11 to 1 student to faculty ratios. Over 50 percent of the teachers hold advanced degrees (M.A. or Ph.D.). Additionally, many faculty members serve as educational consultants or teach part-time at local colleges or universities.

The populations of High School North and High School South reflect the growing trend toward pluralism in American society. Students represent all major racial and cultural groups (51 percent Asian, 37 percent White, 7 percent African American, and 5 percent Hispanic). Students speak 33 languages. This diversity affords students excellent opportunities for inter-cultural understanding and provides them with a global view of the world.

West Windsor-Plainsboro High School North and High School South are accredited by the New Jersey Department of Education and an excellent reputation for both high schools has been earned through the commitment of staff and students to the quality of life and learning. Both high schools are Blue Ribbon Schools and were named by *New Jersey Monthly* and *US News & World Report* as top high schools in the state and nation.

#### **4. Internal Control**

Management of the District is responsible for establishing and maintaining internal control designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. Internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that adequate internal control is in place to ensure compliance with applicable laws and regulations related to those programs. Internal control is also subject to periodic evaluation by District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of internal control, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations relating to its major programs.

#### **5. Budgetary Controls**

In addition to internal control, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the

annual appropriated budget approved by the voters. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2013.

## **6. Accounting System and Reports**

The District's accounting records reflect GAAP, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in the "Notes to the Basic Financial Statements."

## **7. Independent Audit**

State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Wiss and Company LLP was selected by the Board of Education. In addition to meeting the requirements set forth in State statutes, the audit also was designed to meet the requirements of the Single Audit Act Amendments of 1996 and the related OMB Circular A-133 and New Jersey OMB's Circular 04-04, OMB "Single Audit Policy for the Recipients of Federal Grants, State Grants and State Aid." The auditor's report on the basic financial statements and specific required supplemental information is included in the financial section of this report. The auditor's report related specifically to the single audit is included in the single audit section of this report.

## **8. Awards**

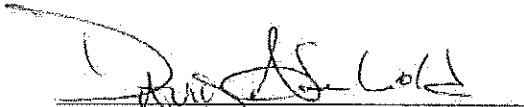

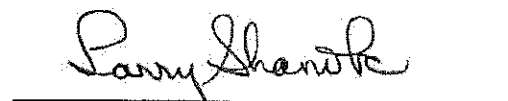

The International Association of School Business Officials (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its comprehensive annual financial report for the fiscal year ended June 30, 2012. This was the fifth consecutive year that the District has received this prestigious award. In order to be awarded this certificate, the District published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both accounting principles generally accepted in the United States and applicable legal requirements.

The Certificate is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Programs' requirements and we are submitting it to ASBO to determine its eligibility for the fiscal year 2012/2013 certificate.

### 9. Acknowledgments

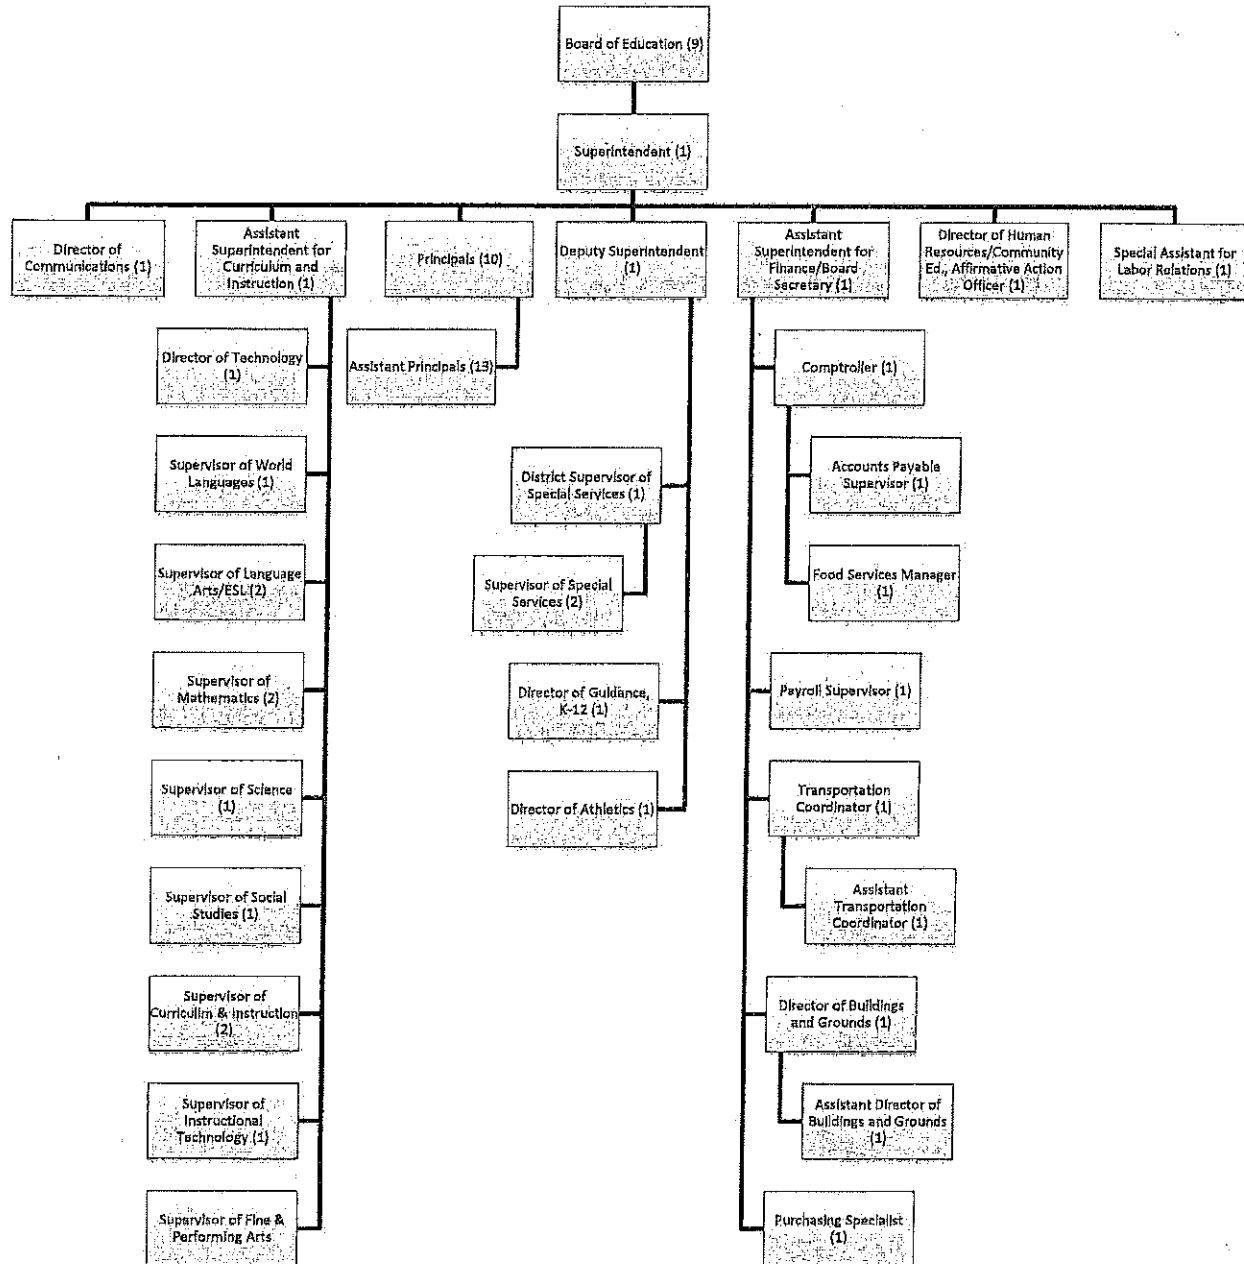

We would like to express our appreciation to the members of the West Windsor-Plainsboro Regional School District Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

## Financial Section

## Independent Auditors' Report

Honorable President and  
Members of the Board of Education  
West Windsor-Plainsboro Regional School District  
County of Mercer, New Jersey

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the West Windsor-Plainsboro Regional School District, County of Mercer, New Jersey (the "District"), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards and requirements require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the District as of June 30, 2013, and the respective changes in financial position, and, where applicable, cash flows, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and budgetary comparison information as identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Supplementary and Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information, which consists of the combining and individual fund financial statements, long-term debt schedules and schedules of expenditures of federal awards and state financial assistance, as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, respectively*, and the other information such as the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information identified above is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The other information identified above has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 29, 2013 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis

West Windsor-Plainsboro Regional School District  
West Windsor, New Jersey  
Management's Discussion and Analysis  
Year ended June 30, 2013  
(Unaudited)

The discussion and analysis of West Windsor-Plainsboro Regional School District's ("WW-P") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2013. The intent of this discussion and analysis is to look at WW-P's financial performance as a whole; readers also should review the financial statements, notes, and additional information in the transmittal letter to enhance their understanding of WW-P's financial performance.

Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 - *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. Certain comparative information between the current year and the prior year is required to be presented in this MD&A.

**Financial Highlights**

Key financial highlights for fiscal 2013 are as follows:

- Total net position is \$104,022,465. It is composed of both current and capital assets less current and outstanding long-term liabilities (Schedule A-1).
- General revenues accounted for \$169,916,369 of total revenue or 94.5 percent of all revenues. Program specific revenues in the form of charges for services, grants, aid, and contributions accounted for \$9,930,274 or 5.5 percent of total revenues of \$179,846,643 (Schedule A-2).
- The District had \$165,480,088 in governmental activities expenses (Schedule B-2). Of that amount, the General Fund expenditures totaled \$151,597,340 including \$14,714,380 in State TPAF pension and social security contributions. Grant-related expenditures totaled \$3,537,600 in the special revenue fund. Business-type activities expenses were \$5,375,168.

**Using this Comprehensive Annual Financial Report (CAFR)**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the West Windsor-Plainsboro Regional School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities. The three components that comprise the District's basic financial statements are: government-wide financial statements; fund financial statements; and notes to the basic financial statements. The CAFR also contains required and supplementary information and other information in addition to the basic financial statements themselves.

## **Reporting the School District as a Whole**

### **Government-wide Statements**

The Statement of Net Position and Statement of Activities provide information about the activities of the entire District, and are designed to provide readers with a broad overview of the District's finances in a manner similar to private-sector business. These government-wide statements found at A-1 and A-2 are not intended to drive budgetary decisions of the Board of Education. Instead, the fund statements found at B-1 through B-8 as well as the supplementary budgetary comparison at C-1 should be utilized, as in the past, for the decision making of the Board of Education. The fund financial statements are explained later in this MD&A.

These statements include all assets, liabilities, deferred inflows and outflows using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into consideration all of the current year's revenues and expenses regardless of when cash is received or paid.

In the Statement of Net Position and the Statement of Activities, the District is divided into two distinct kinds of activities:

- **Governmental activities** – All of the District's programs and services are reported here including instruction, support services, operation and maintenance of facilities, pupil transportation, and extracurricular activities.
- **Business-type activities** – Programs reported here are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the District is that the costs of providing goods and services be financed through user charges. The Food Service Enterprise Fund is reported as a business-type activity, as is Community Education (Student Care and Adult Education Programs).

The government-wide financial statements are Schedules A-1 and A-2.

## **Reporting the School District's Most Significant Funds**

### **Fund Financial Statements**

Fund financial reports provide detailed information about the District's funds. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. The fund financial statements are utilized for District financial decision making.

## **Governmental Funds**

The District's main activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

The District maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the general fund, special revenue fund, capital projects fund, and debt service fund, all of which are considered to be major funds.

The District adopts an annual appropriated budget for its general fund, special revenue fund and debt service fund. Budgetary comparison statements have been provided as required supplementary information for the general fund and special revenue fund to demonstrate compliance with this budget.

The basic governmental fund financial statements are Schedules B-1, B-2 and B-3.

## **Enterprise Fund**

The District maintains two enterprise funds, which are proprietary fund types. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The District uses enterprise funds to account for the operations of its food service program and community education program, both of which are considered to be major funds of the District.

The basic enterprise fund financial statements are Schedules B-4, B-5 and B-6.

## **Fiduciary Funds**

Fiduciary funds are used to account for resources held for the benefit of parties outside the governmental entity. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The District uses trust funds to account for the activity in its private-purpose scholarship fund and unemployment compensation trust fund. The District uses agency funds to account for resources held for student activities and groups, and payroll-related liabilities. The basic fiduciary fund financial statements are Schedules B-7 and B-8.

## Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 40 through 67 of this report.

### The School District as a Whole

The Statement of Net Position provides the perspective of the District as a whole. Net position may serve as an indicator of a government's financial position. However, as noted earlier, net position is not the primary basis for decision making for each budget cycle. The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

The following table provides a summary of WW-P's net position relating to the District's governmental and business-type activities over the past two years.

The largest portion of WW-P's net position is its net investment in capital assets, e.g. land, construction in progress, buildings and improvements, and furniture and equipment, net of accumulated depreciation, less any related debt (general obligation bonds payable) used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the District's net investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The District's capital assets net decreased in the current fiscal year as depreciation expense exceeded current year additions.

The increase in current and other assets is mainly due to an increase in cash and cash equivalents resulting from revenues exceeding expenditures in the current year, the receipt of additional state aid and positive current year operating results.

The increase in the District's current liabilities and other primarily resulted from an increase in unearned revenue and the current portion of long-term obligations at fiscal year-end as compared to the prior year.

Long-term liabilities decreased mainly due to the reduction of principal on the District's outstanding bonds.

A portion of the District's net position represents a balance of restricted net position. This balance reflects the net position in the debt service fund and other reserve accounts, including capital reserve, maintenance reserve, emergency reserve and excess fund balance designated for subsequent years expenditures. The increase primarily resulted from an increase in the District's capital reserve, which is an increase of approximately \$5.8 million from prior year's capital reserve. The remaining balance of unrestricted net assets may be used to meet the District's ongoing obligations to citizens and creditors.

Total net position increased by approximately \$11.3 million, as a result of a combination of an increase of restricted for other purposes of approximately \$7.2 million due to an increase in capital reserve and maintenance reserve and an approximate \$1.8 million increase in the net investment in capital assets due to the reduction in outstanding debt. Much of the increase is attributable to current year operating results.

The following table presents changes in net position for the fiscal years ended June 30, 2013 and 2012.

Net position – ending	\$ 97,766	\$ 86,934	\$ 6,256	\$ 5,810	\$ 104,022	\$ 92,744

Operating grants and contributions increased due to the District expending more federal IDEA funds than in the prior year. Capital grants decreased due to a reduction in funds expended related to capital projects partially funded by New Jersey Schools Development grants. Interest expense decreased due to the payment of principal on debt and the refunding of debt during the 2013 fiscal year. Net position increased by approximately \$11.3 million. The increase in net position was lower than prior year's increase primarily due to an overall decrease of debt service fund tax levy of \$4.2 million and a decrease in federal and state capital project related sources of revenue of \$2.5 million.

Once again the District operated prudently. Total revenues increased 0.8%. Total expenditures increased 2.9% in the face of increasing individual labor and benefit costs. Labor costs met contractual expectations. These changes resulted in an excess of revenues over expenses allowing the District to fund tax relief and additions to the state allowed reserve accounts.

## Financial Analysis of the District's Funds

### Governmental Funds (Schedules B-1 and B-2)

Governmental funds are accounted for using the modified accrual basis of accounting. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of resources. Such information is essential in assessing the District's financing requirements.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility of sound financial management. The following schedules represent revenues and expenditures from a New Jersey budgetary viewpoint. The first schedule presents a summary of the revenues of the General Fund, Special Revenue Fund and Debt Service Fund for the fiscal year ended June 30, 2013, and the amount and percentage of increases and (decreases) in relation to prior year revenues.

#### Revenues

Year Ended June 30, 2013

Revenue	Amount	Percent of Total	(Decrease) Increase from 2012	Percent of (Decrease) Increase
Local sources	\$ 146,143,259	84.2%	\$(1,454,881)	(1.0)%
State sources	24,002,569	13.8	4,066,728	20.4%
Federal sources	3,371,267	2.0	812,772	31.8%
Total	<u>\$ 173,517,095</u>	<u>100.0%</u>	<u>\$ 3,424,619</u>	<u>2.0%</u>

The decrease in the local sources was primarily as a result of a combined tax levy decrease. The increase in the state sources was mainly attributable to the increase in state aid for on behalf TPAF pension the state pays for teachers and state aid. Federal sources increased due to increases in the special revenue activity and use of IDEA carryover funds.

## Expenditures

Year Ended June 30, 2013

The following table presents a summary of general fund, special revenue fund, and debt service fund expenditures for the year ended June 30, 2013, and the percentage of increases and (decreases) in relation to prior year amounts.

Expenditures	Amount	Percent of Total	Increase (Decrease) From 2012	Percent of Increase (Decrease)
Current:				
Instruction	\$ 67,647,497	41.1%	\$ 1,783,369	2.7%
Undistributed expenditures	86,286,127	52.4	3,992,056	4.9
Capital outlay	1,201,023	0.7	664,210	123.7
Special schools	293	0.0	(662)	(69.3)
Debt Service:				
Principal	6,400,000	3.9	340,000	5.6
Interest	2,952,940	1.8	(723,265)	(19.7)
Costs of issuance	187,978	0.1	187,978	100.0
Total	<u>\$ 164,675,858</u>	<u>100%</u>	<u>\$6,243,686</u>	<u>3.9%</u>

The increase in instruction expenditures is mainly due to an increased utilization of federal funds for special education purposes.

The increase in undistributed expenditures is mainly the result of increases in unbudgeted state on behalf pension and social security contributions for certified staff.

Debt Service reported higher principal expenditures, reflecting the current year's principal repayment schedule and a decrease in interest expense due to the decreased level of outstanding principal as a result of the District's principal payments and the refunding of debt during the 2013 fiscal year.

### General Fund Budgeting Highlights (Schedule C-1)

The District's budget is prepared according to New Jersey law. The most significant budgeted fund is the General Fund.

The largest difference to the budget on the revenue side was due to the increase in state aid.

Fiscal discipline freed up funds in some budget areas, allowing selected budgetary transfers to be made between budgetary line items and approved by the Board for various reasons including:

- Undistributed expenditures – support services – school administration – a decrease of \$670,480. Discipline in expenditures for other purchased services freed funds for transfer to general administration.
- Undistributed expenditures – support services – general administration - an increase of \$771,709. The funds transferred in from school administration were largely in support of costs relating to the Village School addition.
- Undistributed expenditures – custodial services – a decrease of \$536,157. Fewer expenditures in support of custodial needs allowed this transfer.
- Undistributed expenditures – required maintenance for school facilities – an increase of \$853,807. This transfer allowed an increase in expenditures in support of maintenance needs.

The District also experienced significant variations between the final amended budget and the actual expenditures for various reasons including:

- Instruction – regular programs – a remaining balance of \$1,796,972. While the budget anticipated enrollment growth, enrollment held steady. Discipline in regards to class size led to favorable balances.
- Undistributed expenditures – undistributed instruction – a remaining balance of \$1,810,241. Utilization of federal funds for special education tuition resulted in a balance remaining in the general fund.
- Undistributed expenditures – support service - general administration – a remaining balance of \$1,008,658. Fiscal restraint with respect to purchased professional services resulted in a favorable balance.
- Undistributed expenditures – custodial services - a remaining balance of \$1,370,837. Moderate temperatures and energy prices resulted in this favorable variance.
- Undistributed expenditures – personal services – employee benefits - a remaining balance of \$3,142,260. Moderate health premium increases combined with a decline in PERS retirement contributions due to actuarial recognition of the outsourcing of buildings and grounds personnel fueled this balance.

## Capital Assets

At June 30, 2013 and 2012, the District had a net capital investment of \$132,339,465 and \$136,355,690, respectively, in land, construction in progress, site improvements, building and building improvements, and machinery, equipment and vehicles.

	Capital Assets (Net of Depreciation)			
	Governmental Activities		Business-type Activities	
	2013	2012	2013	2012
Land	\$ 7,722,907	\$ 7,722,907		
Construction in progress	1,765,865	1,052,335		
Site improvements	4,013,516	4,148,541		
Building and building improvements	116,807,601	120,880,325		
Machinery and equipment	1,924,079	2,425,300	\$ 105,497	\$ 126,282
Total	\$132,233,968	\$136,229,408	\$ 105,497	\$ 126,282

The large decrease in capital assets is due to the current year capital asset additions that were less than depreciation of capital assets. For more detailed information, please refer to Note 4 to the basic financial statements.

## Debt Administration

At June 30, 2013, the District had \$81,707,401 of outstanding long-term liabilities. Of this amount, \$5,157,858 is for compensated absences; \$2,562,937 is for the unamortized premium of bonds payable; \$(1,475,394) is for unamortized deferred interest costs; and \$75,462,000 consists of outstanding principal on serial bonds. For more detailed information, please refer to Note 5 to the basic financial statements.

At June 30, 2013, the School District's overall gross bonded debt was \$75,462,000, compared to total capital assets of \$252,139,578. The remaining unutilized school borrowing margin is \$324,381,560. For more detailed information, refer to J-13 (statistical section) of this report.

## Enterprise Funds

Community Education had a solid year in the still weak economic environment. It sustained a positive change in net position.

Food service had a solid year despite the impact of new federal nutrition requirements. As with many districts across the country, revenue declined. Expenses also declined, leaving a positive change in net position.

### **For the Future**

The West Windsor-Plainsboro Regional School District is in a strong financial condition. The District is proud of the community's support of the public schools. However, future finances are not without challenges. A major concern is the continued growth of salary/benefit costs to the District and the reliance on local property taxes. The State has restricted funding and taxpayers are increasingly reluctant to fund education at much more than at the rate of inflation. Legislation by the State of New Jersey continues to constrain the educational and financial flexibility of the District. However, the State aid did restore a portion of State aid in the 2012-2013 fiscal year.

In conclusion, the West Windsor-Plainsboro Regional School District has committed itself to sound financial practices. The School District plans to continue to improve its fiscal management to meet the challenges of the future.

### **Contacting the District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. The reconciliation of the fund balances of governmental funds to the net position of governmental activities in the statement of activities is presented in an accompanying schedule (B-3).

West Windsor-Plainsboro Regional School District  
Governmental Funds

Reconciliation of the Statement of Revenues, Expenditures  
and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year ended June 30, 2013

Total net change in fund balances - governmental funds (from B-2)		\$ 8,733,369
Amounts reported for governmental activities in the statement of activities (A-2) are different because:		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeded capital additions in the period.		
	Capital additions	\$ 1,949,326
	Depreciation expense	(5,944,766)
		(3,995,440)
Interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due.		78,528
The issuance of long-term debt for general and refunding purposes provides current financial resources to governmental funds, however has no effect on net position.		
	Refunding Bonds Issued	(20,090,000)
	Bonds refunded	24,500,000
		4,410,000
Repayments of bond principal are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities.		
	Serial Bonds Payable	3,680,000
Governmental funds report the effect of issuance costs, premiums and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences.		
	Premium on Bond Issuance	(2,352,609)
	Amortization of Premium on Bonds	283,179
	Deferred Interest Costs on Bond Refunding	640,184
	Deferred charges offset against deferred loss on refunding	(165,553)
	Amortization on Deferred Interest Costs	(198,153)
	Payment of Bond Issuance Costs	187,978
	Amortization of Bond Issuance Costs	(63,198)
		(1,668,172)
In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid).		(406,272)
Change in net position of governmental activities (A-2)		<u>\$ 10,832,013</u>

See independent auditors' report and accompanying notes to the basic financial statements.

The District received \$191,913 of food commodities from the U.S. Department of Agriculture for the year ended June 30, 2013.

## Notes to the Basic Financial Statements

Year ended June 30, 2013

### 1. Summary of Significant Accounting Policies

The financial statements of the West Windsor-Plainsboro Regional School District (the "District") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The more significant of the District's accounting policies are described below.

#### A. Reporting Entity

The financial reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

The District, as the primary government for financial reporting entity purposes, has oversight responsibility and control over all activities related to the West Windsor-Plainsboro Regional School District in West Windsor, New Jersey. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities.

The District has no component units that are required to be included within the reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards.

#### **B. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The New Jersey Department of Education requires all funds be reported as major to promote consistency among the school districts in the State of New Jersey.

#### **C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

### 1. Summary of Significant Accounting Policies (continued)

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers all revenues, except property taxes, to be available if they are collected within six months of the end of the current fiscal year. Property taxes are considered to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences are recorded only when payment is due.

Property taxes, interest, and state equalization monies associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when the District receives cash.

The District has reported the following major governmental funds:

*General Fund:* The general fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment, which are classified in the capital outlay subfund.

*Special Revenue Fund:* The District maintains one special revenue fund which includes the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes, other than debt service or capital projects.

*Capital Projects Fund:* The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to an expenditure for capital outlays, including the acquisition or construction of major capital facilities and other capital assets (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds, state and local funds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

*Debt Service Fund:* The debt service fund accounts for and reports financial resources that are restricted, committed, or assigned to an expenditure for the principal and interest on long-term general obligation debt of governmental funds.

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

The District reports the following major proprietary funds:

*Food Service and Community Education Enterprise Funds:* The food service and community education funds account for all revenues and expenses pertaining to cafeteria and community education program operations and account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e., expenses including depreciation) of providing goods or services to the students and others on a continuing basis are financed or recovered primarily through user charges.

Additionally, the District reports the following fund types:

*Fiduciary Funds:* Fiduciary funds of the District include the unemployment compensation and private purpose scholarship trust funds and agency funds. The trust funds are reported using the economic resources measurement focus. Agency funds are purely custodial (assets equal liabilities) and thus do not involve measurements of results of operations. The following is a description of the fiduciary funds of the District.

*Trust and Agency Funds:* The trust and agency funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District.

*Trust Funds:* These unemployment compensation and private purpose scholarship funds are accounted for using the economic resources measurement focus. The unemployment compensation fund is used to account for contributions from the District and employees and interest earned on the balance as well as payments to the State for reimbursement of unemployment claims. The private purpose scholarship fund is utilized to provide scholarships to students and to account for the related transactions.

*Agency Funds (Payroll and Student Activity Fund):* Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

### **1. Summary of Significant Accounting Policies (continued)**

#### **C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)**

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) fees charged to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Enterprise funds distinguish operating revenue and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a enterprise fund's principal ongoing operations. The principal operating revenues of the District enterprise funds are charges for sales of food and tuition. Operating expenses for enterprise funds include the cost of sales, administrative expenses, and depreciation on capital assets, if applicable. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The District reports unearned revenue on its balance sheet and statements of net position. Unearned revenue arises when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenue also arises when resources are received by the District before it has legal claim to them, as when federal assistance is received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the combined balance sheet and statements of net position and revenue is recognized.

### **1. Summary of Significant Accounting Policies (continued)**

#### **C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)**

Ad Valorem (Property) taxes are susceptible to accrual as, under New Jersey State Statute, a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable."

The County Board of Taxation is responsible for the assessment of properties, and the Municipal Tax Collectors are responsible for collection of taxes. Assessments are certified and taxes are levied on January 1; taxes are due February 1, May 1, August 1 and November 1. Unpaid taxes are considered delinquent the following January 1 and are then subject to lien.

#### **D. Budgets/Budgetary Control**

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds and submitted to the county office. In accordance with P.L. 2011, c.202, which became effective January 17, 2012, the District elected to move the April 2013 School Board election to the date of the November general election thereby eliminating the vote on the base budget. Budgets are prepared using the modified accrual basis of accounting and the special revenue fund uses a non-GAAP budget (budgetary basis). The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referred in N.J.A.C. 6A:23. The over-expenditure in the general fund is due to the inclusion of the non-budgeted on-behalf payments made by the State of New Jersey as District expenditures. These amounts are offset by related revenues and as such do not represent budgetary over-expenditures. All budget amendments must be approved by School Board resolution and certain other matters require approval by the County Superintendent of Schools. Budgetary transfers were made during the current year in accordance with statutory guidelines.

### **1. Summary of Significant Accounting Policies (continued)**

#### **D. Budgets/Budgetary Control (continued)**

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States with the exception of the legally mandated revenue recognition of the last state aid payments for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

#### **E. Cash, Cash Equivalents and Investments**

Cash and cash equivalents include petty cash, amounts on deposit, and money market accounts.

#### **F. Interfund Receivables/Payables**

Interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

#### **G. Inventories**

Inventories, which benefit future periods, other than those recorded in the enterprise fund, are recorded as an expenditure during the year of purchase. The consumable inventory is the property of the District's food service vendor.

At June 30, 2013, there were no unused Food Donation Program commodities owned by the District.

#### H. Capital Assets

Capital assets, which include land, property, plant and equipment and construction in progress, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than \$2,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or through estimation procedures. Donated capital assets are valued at their estimated fair value on the date of donation.

The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend the assets lives are not capitalized.

Property, plant and equipment of the District is depreciated using the straight line method. The following estimated useful lives are used to compute depreciation:

	<u>Years</u>
Machinery and equipment	2-20
Buildings	50
Building improvements	20-40
Vehicles	5-10

#### I. Compensated Absences

A liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits. The District uses the "vesting method" for estimating its accrued sick and vacation leave liability.

District employees are granted vacation and sick leave in varying amounts under the District's personnel policies and collective bargaining agreements. In the event of termination, an employee is reimbursed for accumulated vacation. Sick leave benefits provide for ordinary sick pay and begin vesting with the employee after one year of service. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with Districts agreements with the various employee unions. Under terms of association agreements, employees earn vacation and sick leave in amounts varying with tenure and classification by the District for the unused sick leave in accordance with Districts agreements with the various employee unions.

### **1. Summary of Significant Accounting Policies (continued)**

#### **I. Compensated Absences (continued)**

The liability for vested compensated absences of the District is recorded in the district-wide financial statements and includes salary related payments.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2013, a liability existed for compensated absences in the government-wide financial statements in the amount of \$5,157,858 and no liability existed for compensated absences in the proprietary fund types.

#### **J. Unearned Revenue**

Unearned revenue in the special revenue fund represents cash, which has been received but not yet earned and outstanding encumbrances. Unearned revenue in the enterprise fund represents cash receipts from students for future meals that have been received in advance and tuition fees for community education programs received in advance of the program offering.

#### **K. Long-Term Obligations**

In the government-wide financial statements and enterprise fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or enterprise fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight line method which approximates the effective interest method. Bonds payable are reported net of the applicable bonds premium of discount and unamortized loss on a refunding. Bond issuance costs are reported as deferred charges and amortized over the life of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as either capital projects fund or debt service fund expenditures in the year of issuance.

#### L. Fund Balances

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* ("GASB 54") established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Under GASB 54, fund balances in the governmental funds financial statements are reported under the modified accrual basis of accounting and classified into the following five categories, as defined below:

- 1) **Nonspendable** – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Assets included in this fund balance category include prepaid assets, inventories, long-term receivables, and corpus of any permanent funds.
- 2) **Restricted** - includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
- 3) **Committed** - includes amounts that can be used only for the specific purposes imposed by a formal action of the government's highest level of decision-making authority. The District's highest level of decision-making authority is the Board of Education (the "Board") and formal action is taken by resolution of the Board at publicly held meetings. Once committed, amounts cannot be used for other purposes unless the Board revises or changes the specified use by taking the same action (resolution) taken to originally commit these funds.
- 4) **Assigned** – amounts intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed. Intent is expressed by either the Board or Business Administrator, to whom the Board has delegated the authority to assign amounts to be used for specific purposes, including the encumbering of funds.
- 5) **Unassigned** - includes all spendable amounts not contained in the other classifications in the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In the other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

## West Windsor-Plainsboro Regional School District

### Notes to the Basic Financial Statements (continued)

#### **1. Summary of Significant Accounting Policies (continued)**

##### **L. Fund Balances (continued)**

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed. For the unrestricted fund balance, the District first spends committed funds, then assigned funds, and finally, unassigned funds.

Of the \$42,384,698 of fund balances in the General Fund, \$2,467,506 are encumbrances which are classified as assigned to other purposes, \$10,200,069 has been restricted for excess surplus-current year, \$11,775,651 has been restricted for prior year excess surplus that has been designated for subsequent year's expenditures, \$10,627,922 has been restricted for the capital reserve, \$999,033 has been restricted for the emergency reserve, \$805,539 has been restricted for the maintenance reserve, \$1,708,734 has been classified as assigned fund balance designated for subsequent years expenditures and \$3,800,244 is classified as unassigned.

##### **M. Calculation of Excess Surplus**

The designation for restricted fund balance - excess surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve general fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2013 was \$10,200,069, which will be utilized in the 2014-15 budget.

##### **N. Net Position**

GASB Statement Number 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* became effective for financial statements for periods beginning after December 15, 2011 and established standards for reporting deferred outflows of resources, deferred inflows of resources and net position. The adoption of this statement resulted in a change in the presentation of the statement of net assets to what is now referred to as the statement of net position and the term "net assets" is changed to "net position" throughout the financial statements.

## West Windsor-Plainsboro Regional School District

### Notes to the Basic Financial Statements (continued)

Year ended June 30, 2013

#### **1. Summary of Significant Accounting Policies (continued)**

##### **N. Net Position (continued)**

Net position represents the difference between assets and liabilities in the government-wide financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net positions are reported as restricted in the government-wide financial statements when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

##### **Implementation of GASB No. 65**

In March, 2012, GASB issued Statement No. 65, *Items Previously Reported as Assets and Liabilities* ("GASB No. 65"). This statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The provisions of this statement will improve financial reporting by clarifying the appropriate use of the financial statement elements deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2012. The District has not completed the process of evaluation the impact that will result from adopting GASB No. 65.

##### **O. Management Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

##### **P. On-Behalf Payments**

Revenues and expenditures of the general fund include payments made by the State of New Jersey social security and post-retirement pension and medical contributions for certified teacher and other members of the New Jersey Teachers Pension and Annuity Fund. The amounts are not required to be included in the District's annual budget.

### 1. Summary of Significant Accounting Policies (continued)

#### Q. Subsequent Events

Management has reviewed and evaluated all events and transactions that occurred between June 30, 2013 and October 29, 2013, the date that the financial statements were available for issuance, for possible disclosure and recognition in the financial statements, and no items have come to the attention of the District that would require disclosure.

### 2. Reconciliation of Government-Wide and Fund Financial Statements

#### Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that long-term liabilities are not due and payable in the current period and therefore are not reported in the funds. The details of this \$81,707,401 difference are as follows:

Bonds payable	\$75,462,000
Unamortized deferred interest costs	(1,475,394)
Unamortized premium on bonds	2,562,937
Compensated absences	<u>5,157,858</u>
Net adjustment to reduce fund balance-total governmental funds to arrive at net position – governmental activities	<u>\$81,707,401</u>

### 3. Deposits and Investments

Investments are stated at fair value in accordance with Governmental Accounting Standards Board (GASB) Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools." The Board classifies certificates of deposit, which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments and are stated at cost. All other investments are stated at fair value.

#### 3. Deposits and Investments (continued)

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts. Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include savings and loan institutions, banks (both state and national banks) and savings banks, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the governmental units.

#### Deposits

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey that are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund, M.B.I.A. Class and the New Jersey Asset and Rebate Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

## West Windsor-Plainsboro Regional School District

### Notes to the Basic Financial Statements (continued)

Year ended June 30, 2013

#### 3. Deposits and Investments (continued)

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

The District's cash and cash equivalents are classified below to inform financial statement users about the extent to which a government's deposits and investments are exposed to custodial credit risk. Pursuant to GASB Statement No. 40, "Deposit and Investment Risk Disclosures" ("GASB 40"), the District's operating cash and money market accounts are profiled in order to determine exposure, if any, to Custodial Credit Risk (risk that in the event of failure of the counterparty the District would not be able to recover the value of its deposits and investments). Deposits are considered to be exposed to Custodial Credit Risk if they are: uncollateralized (securities not pledged to the depositor), collateralized with securities held by the pledging financial institution, or collateralized with securities held by the financial institution's trust department or agent but not in the government's name.

The District does not have a policy for the management of custodial credit risk, other than depositing all of its funds in banks covered by GUDPA. At least five percent of the District's deposits were fully collateralized by funds held by the financial institution, but not in the name of the District. Due to the nature of GUDPA, further information is not available regarding the full amount that is collateralized.

Operating cash accounts are held in the District's name by several commercial banking institutions. At June 30, 2013, the carrying amount of the District's deposits for all funds was \$54,360,407 and the bank balance was \$59,813,953. Of the bank balance, \$752,591 of the District's cash deposits on June 30, 2013 were secured by federal depository insurance. The New Jersey Governmental Unit Deposit Protection Act (GUDPA) covered the remaining bank balance of \$59,061,362. The District also has \$176,248 of cash held with fiscal agents.

*Custodial Credit Risk-Deposits:* Custodial credit risk is the risk that in the event of a bank failure, the District's deposits, in the form of certificates of deposit, money market accounts and checking accounts, may not be returned to it. The District does not have a deposit policy for custodial credit risk.

### 5. Long-Term Liabilities (continued)

#### Bonds Payable

Bonds are authorized in accordance with State law or by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are general obligation bonds.

On August 14, 2012, the District issued \$20,090,000 in Refunding School Bonds with interest rates ranging from 3.00% to 4.00%. The District issued the bonds to advance refund \$21,780,000 of the outstanding School Bonds dated September 15, 2002 with interest rates ranging from 4.25% to 5.00%. As a result, \$21,780,000 of the refunded bonds is considered defeased and the liability will be removed from the basic financial statements. This advance refunding was undertaken to reduce total debt service payments over the next eight years by \$2,674,638 and resulted in a net present value savings of \$2,760,638.

Principal and interest due on all bonds outstanding is as follows:

	Principal	Interest	Total
Year ending June 30:			
2014	\$ 6,390,000	\$ 3,024,316	\$ 9,414,316

	<u>\$ 75,462,000</u>	<u>\$ 19,397,092</u>	<u>\$ 94,859,092</u>

#### Purchase Agreement Payable – Enterprise Fund

During the fiscal year ended June 30, 2009, the District contracted with Sodexo, a third-party food management company, to operate the District's food service program. As part of the contract, Sodexo agreed to expend up to \$65,000 for facility renovations and food service equipment to be used on the District's premises. After completion of the purchase of the renovations and equipment, the District is required to reimburse Sodexo on a straight line monthly basis for a term of five years interest free. The remaining \$8,827 is due during the 2014 fiscal year.

#### **6. Pension Plans**

##### **Description of Systems**

Substantially all of the District's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Teachers' Pension and Annuity Fund (TPAF) or the Public Employees' Retirement System (PERS). These systems are sponsored and administered by the State of New Jersey. The Teachers' Pension and Annuity Fund Retirement System is considered a cost-sharing multiple-employer plan, with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. The Public Employees' Retirement System is considered a cost-sharing multiple-employer plan.

##### **Teachers' Pension and Annuity Fund**

The Teachers' Pension and Annuity Fund was established in January 1955 under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirement health care to substantially all full time public school employees in the State. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for health care coverage.

Age eligibility and benefit provisions were affected by Chapters 92 and 103, P.L. 2007, Chapter 89, P.L. 2008, Chapter 1, P.L. 2010, and Chapter 78, P.L. 2011. Members are classified into one of five tiers dependent upon the date of their enrollment. Tier 1, 2 and 3 members are eligible to retire at age 60, 60, and 62, respectively, with an annual benefit generally determined to be  $1/55^{\text{th}}$  of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of credited service. Tier 4 and 5 members are eligible to retire at age 62 and 65, respectively, with an annual benefit generally determined to be  $1/60^{\text{th}}$  of the average annual compensation for the highest five fiscal years' compensation for each year of membership during years of credited service. Anyone who retires early and is under their respective tier's retirement age receives retirement benefits as calculated in the above mentioned formulas but at a reduced rate in accordance with applicable New Jersey Statute based upon their tier.

##### **Public Employee's Retirement System**

The Public Employees' Retirement System was established in January 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full time employees of the State or any county, municipality, school Board or public agency provided the employee is not a member of another State-administered retirement system.

Age eligibility and benefit provisions were affected by Chapters 92 and 103, P.L. 2007, Chapter 89, P.L. 2008, Chapter 1, P.L. 2010, and Chapter 78, P.L. 2011. Members are classified into one of five tiers dependent upon the date of their enrollment. Tier 1, 2 and 3 members are eligible to retire at age 60, 60, and 62, respectively with an annual benefit generally determined to be  $1/55^{\text{th}}$  of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of credited service. Tier 4 and 5 members are eligible to retire at age 62 and 65, respectively with an annual benefit generally determined to be  $1/60^{\text{th}}$  of the average annual compensation for the highest five fiscal years' compensation for each year of membership during years of credited service. Anyone who retires early and is under their respective tier's retirement age receives retirement benefits as calculated in the above mentioned formulas but at a reduced rate in accordance with applicable New Jersey Statute based upon their tier.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issued publicly available financial reports that include the financial statements and required supplementary information for TPAF and PERS. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

##### **Funding Policy**

The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing members. Plan member and employer contributions may be amended by State of New Jersey legislation. Under the provisions of Chapter 78, P.L. 2011, employee contribution rates for TPAF and PERS increased from 5.5% to 6.5% of employees' annual compensation. An additional increase is to be phased in over the next seven years that will bring the total pension contribution rate to 7.5% of employees' annual

compensation. Employers are required to contribute at an actuarially determined rate in both the TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the Board is a non-contributing employer of the TPAF.

During the year ended June 30, 2013, the State of New Jersey contributed \$9,628,034 to the TPAF for on-behalf medical and pension contributions on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66, the State of New Jersey reimbursed the District \$5,086,346 during the year ended June 30, 2013 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. These amounts have been included in the district-wide and fund financial statements.

The District's actuarially determined contributions to PERS for each of the years ended June 30, 2013, 2012, and 2011 were \$1,275,378, \$1,709,380 and \$1,774,146, respectively, equal to the required contributions for each year.

#### **Post-Retirement Benefits**

##### ***Plan Description***

The School District contributes to the New Jersey School Employees Health Benefits Program (the "SEHBP"), a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the State of New Jersey Division of Pension and Benefits. SEHBP provide medical, prescription drug, mental health/substance abuse and Medicare Part B reimbursement to retirees and their covered dependents. The State Health Benefits Program Act is found in New Jersey Statutes Annotated. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. The State of New Jersey Division of Pension and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for SEHBP. That report may be obtained by writing to Division of Pension and Benefits, PO Box 295, Trenton, NJ 08625-0295.

##### ***Funding Policy***

P.L. 1987, chapter 384 and P.L. 1990, Chapter 6 required Teachers' Pension and Annuity Fund (TPAF) and Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, chapter 103 amended the law to

eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2012, there were 97,661 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992, c.126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$146.6 million toward Chapter 126 benefits for 16,618 eligible retired members in fiscal year 2012.

The State will set the contribution rate based on the *annual required contribution of the employers* (ARC), an amount actuarially determined in accordance with parameters of GASB 45. The ARC represents the level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The State's contributions to the SHBP Fund for TPAF retirees' post-retirement benefits on behalf of the District for the years ended June 30, 2013, 2012 and 2011 were \$5,109,416, \$4,329,933 and \$4,385,301 respectively, which equaled the required contributions for each year. The State's contributions to the SHBP Fund for PERS retirees' post-retirement benefits on behalf of the District was not determined or made available by the State of New Jersey.

### 7. Interfund Receivables and Payables

The total interfund accounts receivable and payable for the District amounted to \$108,062 analyzed as follows:

Fund	Interfund Receivable	Interfund Payable
General Fund		\$ 90,771
Special Revenue Fund	\$ 87,532	
Capital Projects Fund		17,291
Debt Service Fund	17,291

### **7. Interfund Receivables and Payables (continued)**

The interfund payable in the general fund is offset with an interfund of \$87,532 in the special revenue fund, which represents a reimbursement to the general fund in excess of the amount payable, and an interfund of \$3,239 in the food service enterprise fund, which represents food service funds received by the general fund and not transferred to the food service enterprise fund by June 30. The interfund between the capital projects fund and debt service fund represents interest earned in the capital projects fund that has not been turned over at June 30, 2013. New Jersey statute requires that interest earned on the investments in the capital projects fund be credited to the general or debt service fund. All interfunds are expected to be liquidated within one year.

### **8. Economic Dependency**

The District receives support from federal and state governments. A significant reduction in the level of support, if this were to occur, would have an effect on the District's programs and activities.

### **9. Contingent Liabilities**

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable at June 30, 2013 may be impaired. In addition, the District is receiving funding in the form of grants from the New Jersey Schools Development Authority, (NJSDA), in connection with capital projects.

The costs associated with the funding received from the NJSDA are subject to a final review of eligible costs and compliance by the New Jersey Department of Education and the NJSDA. To the extent that the District has not complied with the rules and regulations governing the NJSDA funds or has not met the final eligible costs requirements, refunds of any money received may be required and the collectibility of any related receivable at June 30, 2013 may be impaired. In the opinion of the District's management, there are no significant contingent liabilities relating to compliance with the rules and regulations or final eligible cost requirements governing the respective grants or funding; therefore, no provisions have been recorded in the accompanying basic financial statements for such contingencies.

In the opinion of the District's management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing other federal and state

grants; therefore, no provisions have been recorded in the accompanying basic financial statements for such contingencies.

The District is also involved in several claims and lawsuits incidental to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material adverse effect on the financial position of the Board.

#### **10. Risk Management**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

During the 2013 fiscal year, the District was covered by a joint insurance fund as well as commercial insurance.

##### **Property and Liability Insurance**

The Board is a member of the School Alliance Insurance Fund (SAIF), a public entity risk pool currently operating as a common risk management and insurance program. The SAIF is a School District Joint Self Insurance Fund comprised of Boards of Education.

The Board pays an actuarial determined annual assessment to SAIF for its insurance coverage. Supplemental assessments may be levied to supplement the fund. The Board has not been notified of any supplemental assessments.

The coverage provided by SAIF is partially self-insured retention and partially excess coverage provided by commercial insurance. The self-insured retention coverage for crime is \$50,000, and \$10,000 for theft, disappearance and destruction.

The District continues to carry commercial insurance for all other risks of loss, including employee health, accident insurance and public officials bonds. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years and there have been no significant decreases in insurance coverage from the prior year.

##### **New Jersey Unemployment Compensation Insurance**

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method." Under this plan, the District is required to

reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State.

The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's unemployment trust fund for the past three years:

Fiscal Year	Interest on Investments	Contributions	Amount Paid	Ending Balance
2012-13	\$ -	\$ 722,268	\$ 148,795	\$900,299
2011-12	1,069	585,520	490,320	326,826
2010-11	3,652	335,559	1,008,767	230,557

### 11. Deferred Compensation

The District offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by various insurance companies, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. Participants' rights under the plan are equal to those of general creditors in an amount equal to the fair market value of the deferred account of each participant. The District has no liability for losses under the plan. Since the District does not hold the assets in a trustee capacity, the related assets are not included in the District's Fiduciary Fund Financial Statements.

### 12. Capital Reserve Account – Restricted Assets

A capital reserve account was established by the District by inclusion of \$228,986 in June of 2002 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget. Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfers by Board resolution at year end (June 1 to June 30) of any unanticipated revenue or unexpended line item appropriation amounts, or both.

#### 12. Capital Reserve Account – Restricted Assets (continued)

A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2012 to June 30, 2013 fiscal year is as follows:

Beginning balance, June 30, 2012	\$ 4,806,454
Interest earnings	15,600
Deposits:	
Approved at April 2012 vote	9,829,239
Approved by June 2013 resolution	1,750,000
Unused capital reserve funds	718,300
Withdrawals:	
Transfer to capital projects fund	232,500
Transfer to debt service fund	6,259,171
Ending balance, June 30, 2013	<u>\$ 10,627,922</u>

At June 30, 2013, the amount deposited in the capital reserve account does not exceed the District's local share reported in its Long-Range Facility Plan.

In addition, at June 30, 2013, the District has restricted amounts resulting from the maintenance reserve of \$805,539 and emergency reserve of \$999,033.

#### 13. Deferred Charges

The deferred charges recorded in the Government-wide statement of net position represents debt issuance costs that are being amortized using the straight line method over the life of the related bonds. The unamortized costs associated with the issues of the various bonds amounts to \$635,094 at June 30, 2013. As a result of the bond refunding during the 2013 fiscal year, the District incurred current year issuance costs of \$187,978. The amortization expense for the year ended June 30, 2013 amounted to \$63,198. In governmental funds, debt issuance costs are expended in the current period.

**14. Transfers – Reconciliation**

The following presents a reconciliation of transfers during the 2013 fiscal year:

	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$ 593,300	\$ 6,366,671
Capital Projects Fund	107,500	598,420
Debt Service Fund	6,264,291	
	<u>\$ 6,965,091</u>	<u>\$ 6,965,091</u>

The transfer of \$107,500 from the general fund to the capital projects fund represents the transfer of funds from the capital reserve account and capital outlay for use for the ongoing capital projects. The transfer of \$6,259,171 from the general fund to the debt service fund represents the transfer of funds from the capital reserve account for payment of debt in the District's debt service fund. The transfer of \$5,120 from the capital projects fund to the debt service fund represents the transfer of interest earned for use in the District's debt service fund. The transfer of \$593,300 from the capital projects fund to the general fund is to return unused capital reserve funds.

**15. Commitments**

The District has contractual commitments at June 30, 2013 to various vendors, which are recorded in the general fund as fund balance assigned to other purposes in the amount of \$2,467,506.

There were \$635,916 of contractual commitments at June 30, 2013 to vendors related to the ongoing construction projects recorded as restricted for capital projects in the capital projects fund.

The change in the reserved fund balance is the result of capital project fund expenditures incurred for projects in which the funding was received in prior years through the issuance of bonds.

GASB # 54 was implemented in the 2011 fiscal year, which required the presentation of fund balances to be reported in different classifications from those presented in prior years (See footnote 1.L. in the basic financial statements). Prior years have not been restated above.

School taxes are collected by the Municipal Tax Collectors. Under New Jersey State Statute, a municipality is required to remit to the school district the entire property tax balance, in the amount voted upon or certified prior to the end of the school year. The taxes levied above do not include the debt service fund.

**Note:** Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the district. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

<sup>a</sup> For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

Report on Internal Control Over Financial Reporting and on Compliance  
and Other Matters Based on an Audit of Financial Statements Performed  
in Accordance with *Government Auditing Standards*

Independent Auditors' Report

Honorable President and Members  
of the Board of Education  
West Windsor-Plainsboro Regional School District  
Princeton Junction  
County of Mercer, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the West Windsor-Plainsboro Regional School District, in the County of Mercer, New Jersey (the "District") as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 29, 2013.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

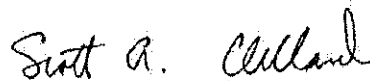

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Report on Compliance For Each Major Federal and State Program and Report on Internal Control Over Compliance

### Independent Auditors' Report

Honorable President and Members  
of the Board of Education  
West Windsor-Plainsboro Regional School District  
Princeton Junction  
County of Mercer, New Jersey

### **Report on Compliance for Each Major Federal and State Program**

We have audited the West Windsor-Plainsboro Regional School District's, in the County of Mercer, New Jersey (the "District") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2013. The District's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

### **Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its federal and state programs.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for each of the District's major federal and state programs based on an audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*; and New Jersey OMB Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards, OMB Circular A-133 and New Jersey OMB Circular 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether

noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination on the District's compliance.

#### **Basis for Qualified Opinion on Individuals with Disabilities Education Act**

As described in the accompanying schedule of findings and questioned costs, the District did not comply with requirements regarding CFDA 84.027 Individuals with Disabilities Education Act, Part B and 84.173 Individuals with Disabilities Education Act, Preschool as described in finding number 2013-1 for Cash Management and Reporting. Compliance with such requirements is necessary, in our opinion, for the District to comply with the requirements applicable to that program.

#### **Qualified Opinion on Individuals with Disabilities Education Act**

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, the District complied, in all material respects, with the types of compliance requirements referred to previously that could have a direct and material effect on the Individuals with Disabilities Education Act program for the year ended June 30, 2013.

#### **Unmodified Opinion on Each of the Other Major Federal and State Programs**

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to previously that could have a direct and material effect on each of its other major state programs identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2013.

#### **Other Matter**

The District's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

## **Report on Internal Control Over Compliance**

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

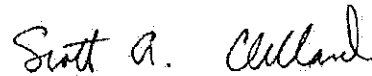

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2013-1 that we consider to be a significant deficiency.

### **Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and New Jersey OMB Circular 04-04. Accordingly, this report is not suitable for any other purposes.

Notes to Schedules of Expenditures of  
Federal Awards and State Financial Assistance

Year ended June 30, 2013

**1. General**

The accompanying schedules of expenditures of federal awards and state financial assistance present the activity of all expenditures of federal awards and state financial assistance programs of the District. The District is defined in Note 1 to the District's basic financial statements. All federal awards and state financial assistance received directly from federal and state agencies, as well as federal awards passed through other government agencies are included on the schedule of expenditures of federal awards and state financial assistance.

**2. Basis of Accounting**

The accompanying schedules of expenditures of federal awards and state financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting and those recorded in the special revenue fund, which are presented using the budgetary basis of accounting. These bases of accounting are described in Note 1 to the District's basic financial statements. The information presented in these schedules are presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in the schedules may differ from amounts presented, or used in the preparation of, the basic financial statements.

**3. Relationship to Basic Financial Statements**

Amounts reported in the accompanying schedules agree with amounts reported in the District's basic financial statements. The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund, the special revenue fund and debt service fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules of the modified accrual basis with the exception of the revenue recognition of the last two state aid payments in the current year budget, which is mandated pursuant to N.J.S.A. 18A:22-4.2.

West Windsor-Plainsboro Regional School District

Notes to Schedules of Expenditures of  
Federal Awards and State Financial Assistance

Year ended June 30, 2013

**3. Relationship to Basic Financial Statements (continued)**

For GAAP purposes, those payments are not recognized until the subsequent year due to the state deferral and recording of the last state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-4.2. The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$91,704 for the general fund and \$2,829 for the special revenue fund. See Note to Required Supplementary Information for a reconciliation of the budgetary basis to GAAP of accounting for the general and special revenue funds (C-3).

Additionally, as discussed further in footnote 5, the State of New Jersey makes contributions on-behalf of the District for TPAF post retirement medical and pension contributions. The total amount of these contributions during the 2013 fiscal year was \$9,628,034.

Financial award revenues are reported in the District's basic financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 48,261	\$ 23,437,205	\$ 23,485,466
Special Revenue Fund	3,323,006	70,512	3,393,518
Capital Projects Fund		305,311	305,311
Debt Service Fund		494,852	494,852
Food Service Fund	553,983	25,072	579,055
Total financial award expenditures	<u>\$ 3,925,250</u>	<u>\$24,332,952</u>	<u>\$28,258,202</u>

**4. Relationship to Federal and State Financial Reports**

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

West Windsor-Plainsboro Regional School District

Federal Awards and State Financial Assistance

Year ended June 30, 2013

**5. Other**

Revenues and expenditures reported under the Food Donation Program represent current year value received and current year distributions respectively.

TPAF Social Security Contributions represent the amounts reimbursed by the State for the employer's share of social security for TPAF members for the year ended June 30, 2013.

The State of New Jersey also makes TPAF post retirement medical and pension contribution expenditures on behalf of the District. These expenditures are not subject to New Jersey OMB Circular 04-04 because the contributions are made by the State directly and do not have any compliance related requirements, and therefore have not been included on the Schedule of State Awards, as directed by the funding agency.

**6. Adjustments**

The adjustments presented on the schedule of expenditures of federal awards relate to the cancelation of prior year encumbrances and accounts receivable.

*Criteria:* In accordance with federal regulations, the District is required to expend its own funds and then request a reimbursement for those expenditures from the State of New Jersey via the Electronic Web-Enabled Grant ("EWEG") system. At the end of the program year, the District is required to report the total amount of expenditures in the final report, as supported by the District's underlying financial records. The total expenditures reported in the District's final reports are then compared to the grant award to determine the amount of available funds that are permitted to be carried forward into future grant periods.

*Statement of Condition:* The District requested reimbursements in excess of the expenditures charged to the program. Consequently, the District received funds in excess of the amount expended resulting in unearned revenue. This resulted from the District recording expenditures to the federal program, submitting those expenditures for reimbursement and subsequently reclassifying certain expenditures to the general fund. Subsequent reimbursement requests were not adjusted to reflect this reclassification. In addition, the reports submitted via EWEG did not always reconcile to the underlying financial records.

*Questioned Costs:* None, as the District will reduce the next reimbursement request accordingly.

West Windsor-Plainsboro Regional School District  
Schedule of Findings and Questioned Costs (continued)

Year ended June 30, 2013

*Context:* During our testing of IDEA cash management and reporting requirements, we were unable to reconcile the reimbursement requests to expenditures incurred during the program year. We also were unable to reconcile the reports submitted via EWEG to the underlying accounting records. Upon further investigation and conversation with District personnel, it was noted that the District made a reclassification of expenditures originally charged to IDEA to another fund which was the underlying reason for the identified differences. The District did not correct the reimbursement requests and reports submitted via EWEG to reflect this reclassification.

*Cause and Effect:* Violations of grant requirements could lead to a potential reduction in funding or return of funds.

*Recommendation:* The District implement procedures to ensure that reimbursement requests are only made for expenditures charged to the program and that other financial reports are based on the financial records of the District. If reclassifications are made relating to grant expenditures subsequent to the submission to the grantor agency for reimbursement, the next submission should be adjusted accordingly.

*Views of Responsible Officials and Planned Corrective Action:* District management agrees with the finding and have prepared a corrective action whereby the Accountant and other program staff will collaborate to ensure financial report submissions agree or have been reconciled to the District's financial system reports. Procedures will ensure expenditure reports and reimbursement submissions are in sync, including proper accounting for reclassifications.
