Town Center Elementary School Weekly Update

A Message From the Town Center Administration

Dear Town Center Parents & Guardians,

The weeks since our closure on March 13 have found administrators, teachers and parents exploring new ways to successfully bring meaningful learning into the homes of our K-5 WW-P students. The process led teachers into new modes of planning and delivering instruction that even weeks ago, we could hardly have imagined. New ways of introducing, reinforcing, and maintaining essential learnings have welcomed engagement and interactions into the school day in your living rooms, dining rooms, and kitchens. Laptops, screens, cameras, and phones have been staged throughout our homes as the new pandemic era classrooms have evolved. Your active and enthusiastic involvement in this 'new normal' learning experience has been critically important to the success our students have been able to achieve. Your resiliency, patience, and stamina, as you embrace these challenges, is a valuable learning lesson as your children observe your commitment to their education on a daily basis.

As the adult community, we have listened to the direction Governor Murphy maps out for the remainder of this school year for our New Jersey schools. We prepare ourselves for these last weeks and once again we will take on the challenge and move forward.

We have become dependent upon and grateful for your partnership in this remote learning. We have learned from one another how to surround our students with a message so simple yet so strong and profound. We, the parents, administrators and staff, "*Have this,*" we are here to take care of you.

We continue to be here to support you and want to assist you as needed. We have resources available to families in need.

- Families who qualify for free or reduced meals are being supported by bi-monthly food distribution. If your circumstances have changed and you need

assistance in this area, please contact either the guidance counselor, nurse or building administrator.

- Technology is another resource available. Families who are having difficulty with their school-issued device or for those families who need access to a device for their child, please complete this [form](#). Once you complete this form, you may report to High School North on Tuesday or Thursday between 11 a.m. and 2 p.m. to get the tech support or sign out a device. Please note: The form must be completed prior to going to High School North. You will not receive a notification to report to the high school; please go to High School North on the next Tuesday or Thursday following submission of the form.
- In addition to the curriculum that is being provided virtually, we also support any student who is struggling with the circumstances and loss of being at school with peers and teachers. If your child is experiencing difficulty, please reach out to his/her teacher, guidance counselor, CST, or building administrator for support.

The administrators and staff members of the WW-P schools have been humbled by the outpouring of supportive sentiments from our parents and students as the nation celebrated National Principals' Day, National Nurses' Day, and National Teachers' Week. We have observed our students' lovely drawings, read their thoughtful notes, viewed creative videos, and enjoyed every heartfelt comment of thanks for our dedication and spirit. Your acknowledgement of our commitment sparks our energy to keep our work at the top of our game for the sake of our WW-P children. Thank you for taking the time to extend your appreciation. It has truly touched us as a district family.

Many families have been affected by the grip this pandemic has on our world. We are thinking of you every day and please let us know if we can make these days less stressful for you.

Warm regards,
Janet Bowes and Renee Osterbye
