### **BOARD PRESIDENT’S COMMENTS**

Board President Kaish explained that the meeting was called to order during the earlier executive session.

### **SUPERINTENDENT’S COMMENTS**

Dr. Aderhold welcomed everyone to the meeting. He reported that today was the governor’s annual budget address and that state aid numbers should be announced soon. He also reported that, as of the time of this meeting, there have been no updates on vaccine prioritization for educators and no additional guidance from the state on safely opening schools for the 2021-2022 school year. He explained that the District is still following guidance for public schools from the CDC, the NJ Department of Health, and the NJ Department of Education, to ensure District buildings are safe for students and staff. Dr. Aderhold reported that senior student are actively working with school leaders on event ideas to recognize and celebrate the Class of 2021.

### **PILOT SUMMER COURSE PRESENTATION**

Board President Kaish introduced Ms. Andrea Bean to present information regarding a pilot summer mathematics course.

The Mathematics Supervisor, grades 6-12, Andrea Bean, presented a proposal for a summer mathematics course titled, Introduction to Discrete Mathematics. She explained that the course would meet for three hours per day, every weekday, for four weeks. Students who complete the course will receive half-year math credit on their WW-P transcript. Ms. Bean described discrete mathematics as the study of mathematical structures that are fundamentally discrete rather than continuous. In contrast to real numbers that have the property of varying "smoothly," the topics studied in discrete mathematics – such as codes, networks, game theory and statements in logic – do not vary smoothly but have distinct, separated values. She completed her presentation by sharing that the summer course would cost \$650 per student and registration will take place through Community Education.

The Board engaged Ms. Bean in a discussion regarding specifics of the course, including grading, homework, possible honors credit, GPA inclusion, registration limitations, and registration timeframes.

Ms. Kaish thanked Ms. Bean for her presentation.

Board member Robin Zovich joined the meeting at 7:49 pm.

## PUBLIC COMMENTS

Board President Kaish opened the first opportunity for public comment:

Becky Marks, 28 Westminster Ct, Princeton Junction, commented via audio and video. Ms. Marks inquired about the District's plans for the 2021-2022 school year. She requested information regarding the planning process for returning to school in September. She also inquired as to how the community may support the District in the planning process.

Board Attorney Jeffrey Caccese read the following written comments:

Julie Thomas, 197 Varsity Ave, Princeton, 08540 wrote:

“When will the district offer all-in learning to all students K-3 with IEPs?”

Johan Glozman, 14 Wellington Dr, Princeton Junction, 08550 wrote:

“While we understand the need to continue limited in person instruction for the remainder of the 2020-21 school year, we are now concerned about the 2021-22 school year. 6 months of CDC and DOE data are showing that schools can be open with 3 foot distances when masked and 6 foot distances when eating, without outbreaks of in school transmission of COVID. Private schools and Catholic schools, many of those with fewer resources than the public schools, have been able to do this all year. What is the school board's commitment to doing everything it can to resume full time in person education for the parents who want it, especially for elementary school, and especially for students with IEPs? Will the school board require full vaccination of the entire student body (which is of course impossible) in order to commit to in person education for 2021-22? Same question for enforcing 6 foot distances, which would also make it impossible to resume full time in person instruction? Finally, is there a date that we will know the final decision on this, so that parents can make alternate arrangements if they need to do so? Thanks!”

Jennifer Riccards, 85 Warwick Rd., West Windsor, 08550 wrote:

“As President of the WWP Special Education Parent Teacher Student Association, I want to again thank Dr. Aderhold, Mr. Earle, and Karen Slagle for expanding the opportunity for more students on IEPs at the middle and high school levels to attend school in person full time. This has been so valuable for the students who have been able to take advantage of this opportunity. I am writing today to ask you to PLEASE consider expanding this opportunity to as many elementary students as possible. As a frequent point of contact for parents of students on IEPs, SEPTSA leadership has been hearing over and over again how detrimental virtual learning is for so many elementary special needs students. Even if they have a parent at home to essentially serve as a one-to-one aide, these students are just not able to even partially access many of the teachings and services provided by our excellent teachers and staff. I have personally talked to parents who have said they would be happy to transport their children to school and back if busing is a problem. They even understand that you could not make a blanket policy for all elementary special ed students. But I beg of you to start considering full time opportunities on a case-by-case basis, as classroom in-person numbers might allow. These students are falling further and further behind and it will be very hard for them to make this time up in the fall no matter how good our staff are. Many of these students are not just lagging behind where they would have been otherwise, but they are often regressing in basic skills in ways that will take years to remedy. Thank you for your consideration of this important matter.”

Latoya Edwards, 249 Robbinsville Edinburg Rd, West Windsor, 08550 wrote:

"As Black History Month comes to a close, I want to take this opportunity to applaud WWP for its obust Black History Month calendar. Special thanks to Anthony Jones, High School North's SHADES/Black Student Union, High School South's Black Student Union, the People of Color Advocacy Group and others (charge it to my head, not my heart) for putting together dynamic programs each week. Also, thank you for allowing AAPSG to participate on various panels. To conclude this Black History Month, AAPSG will be hosting the Spoken World/Family Stories this Friday, the 26th at 7:00 p.m. and Get Financially Smart on Sunday, February 28th at 3:00 p.m. Let's not forget Black History is America History. Thanks. Latoya Edwards, President, African American Parent Support Group"

Board President Kaish closed the first public comment section.

### **SUPERINTENDENT'S COMMENTS**

Dr. Aderhold responded to the public comments concerning the planning process for the return to school in September. He explained that the planning process has already begun ahead of any state guidance and that full in-person learning is one of the included scenarios. Committees have been developed at the State level and have just started to meet to develop a plan. He remarked that the current social distancing requirement makes full in-person instruction very difficult for WW-P. If social distancing were reduced from 6 feet to 3 feet, the District would be closer to accommodating full in-person learning. Dr. Aderhold explained that the District is currently planning for both a complete return to school and a hybrid model, developing schedules that could pivot from hybrid to in-person. Dr. Aderhold conveyed that he is not aware of any discussions regarding a vaccine mandate to return to school or work. He expressed that he is advocating for vaccine availability, but not for a vaccine mandate. He also reported that conversations are taking place in-district regarding the possibility of additional in-person learning for students with IEPs.

### **COMMITTEE REPORTS**

Ms. Kaish turned the floor over to Board member Anthony Fleres to begin the committee reports.

#### **Administration & Facilities Committee**

Board member Anthony Fleres reported that the Administration & Facilities Committee met virtually on February 16, 2021. Dr. Aderhold and Mr. Earle provided the Committee with an update on virtual and hybrid school progress. District officials continue discussions with the health department regarding the potential for staff vaccinations and are communicating with NJDOE officials advocating for prioritizing the vaccination of staff. Food distribution and delivery continues to operate efficiently. Many seniors are now able to attend school daily based on transportation availability and classroom space. Plans are being developed for senior activities over the spring. Dr. Aderhold provided an update regarding the current instructional models. The District will continue to support students in both models using digital content, virtual and in-person instruction, and assistance for struggling learners. District administrators will continue to monitor the current models and adjust, if necessary. The Committee reviewed the following policies and regulations and recommends them for first reading this evening: P0145-Board Member Resignation and Removal; P5330.01-Administration of Medical Cannabis; R5330.01-Administration of Medical Cannabis; P7425-Lead Testing of Water in Schools; and R7425-Lead Testing of Water in Schools. The A&F Committee reviewed the following policies and regulations and recommends them for second reading and approval: P2431- Athletic Competition; R2431.1- Emergency Procedures for Sports and Other Athletic Activity; P7450- Property Inventory; P7510- Use of School Facilities; R7510- Use of School Facilities; and P8561- Procurement Procedures

for School Nutrition Programs. The A&F committee reviewed Policy and Regulation 7430, School Safety, and determined that the guidelines and procedures are covered in several other board approved policies and regulations, so the Committee recommends it be abolished. The A&F committee reviewed the final draft of the 2022-2023 school year calendar and recommends approval of the calendar this evening. The Committee reviewed an Eagle Scout Project proposal submitted by a student. The proposal identifies an area located behind Millstone River School and Community Middle School. The project will focus on preservation of the wooden bench seating, construction of wooden picnic tables, and trail maintenance. The committee recommends the Eagle Scout Project Proposal for approval at tonight's meeting. The committee reviewed two updated job descriptions: Teacher and School Nurse and recommends both job descriptions for approval. Staff provided the Committee with an update on athletics. The Winter 2 season is underway. Boys and girls basketball and fencing had their first competitions on Thursday, February 11, 2021. The games were a success and the District streamed the basketball games through a Zoom webinar. Winter 2A season is also moving along nicely with the swim teams preparing to participate in virtual swim meets within the CVC. Track and field is currently practicing and might participate in a "Polar Bear Meet." Season 3, which includes volleyball and wrestling, is set to begin March 1, 2021, with volleyball competing in the Burlington County Scholastic League and wrestling teams competing in-district. The athletic director is currently planning for the opening of the spring athletic season on April 1, 2021, with the intent to compete within the CVC only. The Governor's office recently released Executive Order 220 on February 12, 2021, allowing parents/guardians to attend events with capacity limited to 35 percent. WW-P has communicated with winter families regarding protocols and procedures and provided game passes for parents/guardians to attend their children's games. The special education review is in the final phase of the process, Phase III. Public Consulting Group (PCG) is focused on getting final input from parents and staff. They are currently planning the most appropriate and safe mechanism to gather students' input data for the report. The consultant has tentatively planned to provide a draft report to District officials in June and a report to the community will be scheduled for the fall of 2021. The Committee received updates on the referendum projects. The fire alarm project at Millstone River is complete and closeout and planning is underway to install a new fire alarm system at Community Middle School. HVAC upgrades at High School North and Millstone River are taking place, with various components of the project making substantial progress. The remaining punch list items for security vestibules are complete and final inspections will be done by the architect. The Grover Middle School addition is on target for completion with courtyard, stone and topsoil finished and countertops being installed on casework. Phase 2 of High School South renovations and additions are progressing well. Interior renovation work is underway at the library and playhouse, with the renovations at the guidance area starting next week. Metal framing, sheathing and block work continue at CMS in Block A. Work has also started at the exterior wall of the media center, administrative area, PE office and other gym areas. Finally, the Committee received an Equity update. The Diversity, Equity, and Inclusivity Coordinator, Mr. Anthony Jones, has collaborated with staff and students to plan and implement Black History Month events across the district. Conversations have also started on the coming months, with a focus on Women's History and Asian Heritage History. The committee reviewed the final draft of the District Strategic Goal 4 related to equity and recommends its approval.

### Curriculum Committee

Board member Dana Krug reported that the Curriculum Committee met virtually on February 16, 2021. Dr. Nathan shared the upcoming curriculum work and professional development for spring with the Committee. Posts have been created for staff to apply for the writing opportunities. Curriculum work is selected due to changes in standards shared by the NJDOE, timelines for implementation of those standards, and our district goals. Dr. Aderhold shared information about athletics and instructional programs (virtual and hybrid settings) with the Committee. The Committee recommends approval of a joint venture between Community Education and Curriculum and Instruction to offer a 2021 Summer

Math course titled Introduction to Discrete Mathematics. This course is designed for students who have completed Algebra 2 and have a passion for mathematics. In place of summer acceleration, this course is an opportunity to choose to explore different branches of mathematics, not traditionally taught in high school. The course is designed to award students a half-year mathematics credit from WW-P on their official high school transcript. It will be taught virtually by WW-P teachers and the cost will not exceed \$650 per student. The Committee recommends approval of the 2021 Financial Literacy Summer Course online platform through Apex Learning. The Committee recommends authorization of the third year of a five-year shared services agreement between West Windsor Township and the West Windsor-Plainsboro Regional School District for cable television originally approved February 19, 2019.

### Finance Committee

Board member Louisa Ho reported that the Finance Committee also met virtually on February 16, 2021. The Committee reviewed the monthly financial reports. The District's financial position is trending favorably with respect to last year, which is mainly attributable to changes in spending due to the Pandemic. This trend is a good thing as it is expected there will be more one-time expenditures due to the pandemic prior to the start of school in September. The Committee reviewed several motions on the agenda for approval, including the revision of the amount of a transfer from capital reserve for the installation of bi-polar air ionizers as part of the ESIP, setting the auction date of the previously cancelled SREC auction, the disposal of some obsolete media equipment, and a teacher's virtual attendance at a workshop. Staff shared information regarding the 2021-2022 budget process. Meetings are taking place with budget managers and the District has a good picture of what the budget will look like for the 21-22 school year. State aid numbers will not be available until February 25. Initial reports indicate that the State received tax revenues substantially above their projections, so there is hope that state aid will be available. The budget calendar was shared with the Committee and has been updated with current events. The Board's Committees will meet on February 25 to further discuss the budget and meet again on March 2 to review the impacts of state aid. Staff provided updates on the referendum projects. Staff also provided updated on the Energy Savings Improvement Projects (ESIP). Work continues on the High School South HVAC equipment in the Science wing. The remaining work at South is coming to a close with final communication and controls configuration occurring. At Dutch Neck, balancing of the HVAC system is being completed along with final controls and communication work. Work is complete at Community Middle School. At High School North, the equipment for the computer room is coming in this month and work will begin when all is on site. Also at High School North, the LED lighting retrofit is about 50% complete. The emergency lighting system work at Millstone River is coming to a close. Controls work at Town Center and Village is complete with final balancing taking place. Bi-polar air ionizer installation is complete except for the few HVAC air-handling units to be installed at High School North. The ionizers are installed in the unit ventilators in each classroom. The final utility hook-up at Grover Middle School is now complete and the installer is awaiting permitting for installation at additional schools. The SREC sale for January was postponed due to an electric generation monitor failure, which caused a delay in acquiring our generation reports. We were able to fix those issues and now have the amount of electricity generated during the last six months needed to hold an auction to sell the Solar Renewable Energy Credits (SRECs). Food distribution is continuing as it has been since the pandemic started. The Community Middle School cafeteria supplies and utensils were cleaned-out along with equipment that can be repurposed in other cafeterias in the District. Renovation of the cafeteria, as part of the referendum, will start at Community Middle School on Monday. The District was recently notified that Rick Bus plans to not renew approximately fifty of our oldest routes with them. These routes were bid when diesel fuel was much lower, which is why the vendors do not want to renew them at the old rates. Staff shared that basketball at the high school level will be limited to competition between the District's two high schools. The District has begun the process of procuring very large tents for each District high school for the usual spring events such as performing arts performances like band, orchestra, choir, and plays, and student activities such as prom, and graduation ceremonies. The District

is assuming the tents will be used steadily for activities for students over a seven week rental period from May to the 3rd week in June. Some seniors have asked if they could attend in-person school on a daily basis. After much research into accommodating these students safely, the ones who asked to attend High School North were granted permission. At High School South, there was a greater number of students requesting a return to in-person learning. In order to accommodate them safely, attendance at South will be based on a schedule that will allow in-person attendance for these students to increase from 50% to closer to 70%. There is no guidance for the re-opening of school in the fall from the Department of Education, so administration is creating a schedule that will allow for a quick pivot if needed between full-time, hybrid and virtual. There was no other business.

**2021-2022 Budget Discussion**

Ms. Kaish introduced Dr. Russo to present information regarding the budget.

Dr. Russo presented information on the 2021-2022 budget. He began his presentation by revisiting the District Mission Statement, explaining the components of a school budget, and reviewing the budget process and timelines. Dr. Russo reviewed the budget parameters, explaining that there is a 2% cap on the general

fund tax levy, plus spending growth limitation adjustments and banked cap. Dr. Russo explained the new state health plan under Chapter 44, and that the expected savings for school districts that was projected by the state was not actualized. Dr. Russo highlighted the 2021-2022 budget stressors, which included special services tuition increases, the custodial contract renewal, mid-year health care increases, staffing needs for program growth, additional special education transportation routes, salary increases, and the Energy Saving Improvement Plan (ESIP) start-up costs. Dr. Russo displayed the anticipated appropriations for the upcoming school year and compared them to the current school year, explaining the increases and decreases in budget categories. He provided a breakdown of the capital projects planned for 2021-2022 using both capital reserve funds and capital outlay. Dr. Russo completed his presentation by explaining that state aid numbers are expected to be received in a couple of days. Dr. Aderhold reminded the Board members that additional budget discussions will take place in committee meetings. [The full presentation will be available on the district website in the budget information section].

### **LIAISON REPORTS** (None)

Board Member Dana Krug, New Jersey School Boards Association liaison, provided the following report:

*As the Board's liaison to the New Jersey School Boards Association, I would like to share with you, my board colleagues, a few training opportunities. On Thursday, April 8 at 7pm (virtual), the Mercer County School Board Association will host its spring meeting. This meeting will feature the Eighth-Grade Dialogues. This event will bring together eighth grade students from across our county to share views on current topics and issues. NJSBA is reaching out to our two middle schools to ensure participation from our district. As mentioned previously by Dr. Aderhold, please consider signing up for the new NJSBA spring symposium on May 12-13. We need to have the Board Secretary's office sign us up. This new event will feature more than 40 sessions running concurrently over eight tracks on topics including cyber/school security, school law, finance, special education and other educational practices. The conference will also be available (on-demand) to those who register for 30 days following the live symposium so participants can access all sessions. This comprehensive and interactive program will also provide training and networking opportunities. Also, we may still attend the October 2020 annual NJSBA conference. Sessions are available on demand until October of this year. There are many opportunities to learn more about educational practices, leadership, school law, school facilities/maintenance and technology, among many other topics. Please consider these opportunities. Thank you.*
