Dr. Aderhold provided an overview of the meeting and mentioned that Bonnie Cheney and Kia Bergman are on the meeting helping on the back end. Dr. Aderhold introduced himself and turned the meeting over to the Board President.

BOARD PRESIDENT'S COMMENTS

Board President Kaish explained that the meeting was called to order during the earlier executive session. Ms. Kaish spoke about the COVID-19 school shutdown in March and that we are now planning for the reopening. She explained that the reopening plan being presented is a result of hundreds of hours of work of staff and Dr. Aderhold. Ms. Kaish thanked the District's reopening teams, staff, and parents who provided feedback and insight for the development of the reopening plan. She turned over the meeting to Dr. Aderhold to present the restart and reopening plan.

PRESENTATION ON SCHOOL REOPENING PLAN

Dr. Aderhold prefaced his presentation by reminding all that the District is bound by the rules that govern public schools in New Jersey. He explained that the District must operate within those confines, which are overseen by the New Jersey Department of Education and the Commissioner of Education. There are also executive orders issued by the Governor of New Jersey that further govern the District. On June 26, the State of New Jersey issued a reopening plan entitled *The Road Back*. That plan contains information regarding what districts can and cannot do when reopening. Last Monday, Governor Murphy announced that parents could move to a completely virtual model. On Friday, the Governor provided official word that districts could reopen with a virtual only model. As for the West Windsor-Plainsboro plan, there are still many components to be worked out as planning is an ongoing process.

The Superintendent presented the WW-P Restart and Reopening Plan for the 2020-2021 school year, explaining that the plan serves as a compliance document to ensure the health, wellness, and safety of our students and staff. He described the document as a living document that will change with circumstances and is not intended to answer every question, but rather to provide a high-level framework for the standard operational protocols that the school district intends to implement for the 2020-2021 school year. The plan will be posted to the District's website tomorrow.

Dr. Aderhold stated that throughout the summer, representatives of district administration, staff members, school nurses, and counselors spent hundreds of hours meeting and planning to ensure the health, safety, and emotional well-being of our students and staff. Parental choice of instructional format was offered, training and support was provided to prepare staff for hybrid and virtual instructional formats; and protocols

and processes were created to mitigate the transmission of COVID-19. Policy updates are on the agenda this evening for emergency approval.

Dr. Aderhold provided a list of topics included in the Restart and Reopening plan, including, but not limited to, transportation, food distribution, COVID-19 symptom reading, PPE requirements, enhanced cleaning protocols, grading, and scheduling. He reviewed the parental selections for reopening by grade level, with 59 percent of parents district-wide selecting a virtual-only learning model. He then reviewed school schedules by grade level for both the in-person hybrid model and the all-virtual model. He explained that lunch will not be served in the schools as in-person students will be following a half-day schedule, however, food distribution will be provided for those receiving benefits. The superintendent relayed that the IEPs of all students will be fulfilled as required by NJ Administration Code 6A:14, and that counseling support and related services will continue to be provided either in-person or virtually.

Dr. Aderhold outlined the building safety measures that have been put in place to ensure social distancing, enhance facility and bus cleaning, and efforts to ensure hand sanitizer and PPE are readily available. He reviewed the health and safety protocols, including daily health screening questionnaires, daily temperature checks, the requirement of face covering for all students and staff, availability of time for hand washing, and contact tracing. He reviewed the mental health supports the district will have in place. Dr. Aderhold explained that transportation is available for those students attending the in-person hybrid model. He also explained that athletic programs may be delayed or cancelled in compliance with health recommendations from the NJSIAA and CVC, but all other clubs and after-school activities will be virtual for the fall. The extended day program for grades Pre-K – 8 is currently under development.

Dr. Aderhold wrapped up his presentation by assuring the Board that the District is proceeding carefully as safety is the District's top priority. He explained that the administration would continue to monitor the situation and be ready to pivot to all virtual if necessary. He thanked the Board for their support and the staff for their input and work on the plan. The superintendent stated that the District will continue to communicate information to the community and will put out a series of videos for parents and students to better understand what reopening will look like at the different grade levels.

There were no questions or comments from the Board.

Ms. Kaish thanked Dr. Aderhold for his presentation.

BOARD PRESIDENT'S COMMENTS

Ms. Kaish turned the meeting over to Board Attorney Mark Toscano to comment on the closed executive session items noted on the agenda. Mr. Toscano explained that, in addition to the items noted on agenda, the Board also discussed, under item #4: Matters regarding negotiations, and specifically, proposed sidebar agreements with the WWPEA, the Service Association, and the Administrators Association. This change is reflected in the Closed Executive Session table at the beginning of these minutes.

PUBLIC COMMENT

Board President Kaish opened the first opportunity for public comment and explained that the comments for this section were received on a form that was open and available on the district website up until the start of this first opportunity for public comment. All submissions containing all required fields completed were viewed during the meeting and are included in these minutes in their entirety. Ms. Kaish turned the meeting over to Board Attorney Mark Toscano to read the public comments.

This comment is regarding Health Occupations Students Of America (HOSA), an organization targeted towards aspiring healthcare workers. Starting a chapter of HOSA at WWP South would be an amazing opportunity for many students like me to gain knowledge outside of the school curriculum. This would also help students be better prepared for the classes they will be taking in college. Having the chance to compete in conferences and build leadership and team working skills in a fun and memorable way is perfect for students to become strong contributors to society. I have heard many amazing experiences from WWP North students, and would love to be able to share the same experiences with them. Aspiring healthcare students like me would greatly appreciate having this organization at school!

"Hello my name is Aakshay Gupta and I am a rising junior at WWP High School South. I would love to have HOSA as an option at this school as it is a great opportunity for students who want to pursue Medicine like myself. Along with the immense amount of research for the large variety of events HOSA would help me strengthen my leadership and collaboration skills as I also have to share my thoughts and ideas with the judges and other students. At South there are existing clubs that give students a chance to explore topics like politics (Model Congress), and computer science (Absolute Coding). There is no opportunity that students like myself can use to get introduced to the many things medicine has to offer. My peers at North appreciate the club and some have changed their career interest because of that club."

Studies in Germany and South Korea are showing limited to no Covid outbreaks associated with elementary school openings in regions where the virus is contained. We are lucky to live in such a region but still seem to be taking extremely tough measures regarding school opening. Thank you."

I just want to thank the Board and the Superintendent for all of their hard work in this unprecedented time. I particularly am grateful for the dual options we were given and I am hopeful that both are successful. I do have a question: are the individual committee meetings open to the public? If so, how can we participate in those? Thank you.

Hello! My name is Siddharth Satish and I am the 2020-2021 NJ HOSA President-Elect. I will be the first ever state representative to HOSA in the history of our school district and the third EVER president-elect in NJ HOSA's history. However, all of this would not have been possible if I did not have a HOSA chapter in my school; which I am both lucky and grateful to have had. HOSA has not only given me a family and a group outside of school with shared interests, but also has helped me realize my passions. While we are a future health professionals group, we don't limit members to simply immersing themselves in biology and taking exams. The beauty of HOSA is in its options. I for one did

not follow the traditional studying and taking tests option that HOSA provides. I competed in public speaking at the regional and state level; then chose to take an exam at the international level and placed 8th in the world for Allied Health and Statistics while competing against both high school and college students. The ways in which HOSA allows you to realize your passions, take risks and get recognized is truly life changing. Through allied health statistics, I realized that I would like to pursue a career in global health and policy. If one organization can help a person so much, then it definitely deserves a place at both of our schools and inside of OUR MIDDLE SCHOOLS. Schools are made for helping give students a purpose and HOSA does exactly that. Give High School South, Grover and Community a chance to become a part of this organization.

The purpose of HOSA-Future Health Professionals is to develop leadership and technical HOSA skill competencies through a program of motivation, awareness and recognition, which is an integral part of the Health Science Education instructional program. Through co-co-curricular activities, competitive events, leadership trainings, and conferences, students develop the necessary professional and interpersonal skills and have access to a community of 4,500 members locally and 250,000 internationally. Due to the COVID-19 pandemic, all activities will be adjusted to a virtual format. I wholeheartedly support WWP South's initiative to begin a local HOSA chapter. Hi, I have a question regrading health form for my son who will be a new kindergarten student in September. Previously, it requires his annual wellness check. However, we have been stay-at-home since late March and there is no other reasons for us to visit doctor's office. Considering going to doctor's office has risk of getting sick, is there any flexibility to delay the requirement of annual wellness check after COVID-19 is no longer a concern later? Thank you very much.

"I am always sadden when the administrators of a school building say ""no"" to students without giving a reason.

A few weeks ago I was contacted by a group of South students that are highly motivated to bring HOSA (Health Occupations Students of America) which is an international career and technical student organization endorsed by the U.S. Department of Education and the Health Science Technology Education Division of ACTE, to South.

The South students have worked very diligently and did a Power Point presentation which was emailed to Mr. Lepold and Dr. Royster. However, the unsatisfactory answered that they got from Dr. Royster is ""Extra curricular and student run clubs will be revisited 1 month after we are physically back on campus at wwp south "" . I am wondering, does Dr. Royster know for sure that all students will be coming back to campus in the Fall? The first HOSA competition is in October. I believe that this is a very dismissive answer to give , given that fact that the school has a responsibility to provide OPPORTUNITIES to ALL students.

The students have contacted Ms. Jessica Seth who is the Assistant State Advisor for HOSA in NJ.

Ms. Seth presented me a plan for this academic year where the HOSA competitions will take place virtually, given the pandemic situation that the USA and the world is living. The students have me as their advisor for this student run club. Therefore, all the basic bases are covered. In addition, as a parent of future South students I find it overly offensive that North has a chapter, however, Mr. Lepold in South does not want to create one. Ms. Aderhold can you please explain to me why?

Given the fact that our taxes go higher and higher every year, it is only logical for parents to demand ""more"" as we are paying ""more"".

I would like to understand what is the ""issue"" that Mr. Lepold and Dr. Royster have in order to work on it and have this student club approved before September 2020. "

Knowing the topics that I will be exposed to during the educational journey towards being a healthcare professional will immensely help me as learning about the topics presented in HOSA would aid with a smooth experience in college. HOSA is a great opportunity to build team working skills, to create beneficial connections, and to make memories along the way that students would not forget. Good evening, my name is Rakiya Hassan and I am a rising sophomore at WWP High School South. I believe HOSA is an incredible opportunity for students at South to discover more about the medical field. HOSA will help improve our speaking, leadership, and collaboration skills. As someone who has wanted to be a neurologist for as long as I can remember, I believe that HOSA will give me necessary

and valuable experience that will help me for the rest of my educational career. We have a severe lack of medical clubs and groups at our school, which is extremely disproportionate to the number of students who are interested in the medical field. The only club they have to turn to is Red Cross, which is overpopulated, giving members little to no actual experience. A club like HOSA will do wonders for our students and our school. Please consider making this amazing club an addition to our high schools.

There's No Consensus"" In spite the title, the 8 sampled states have a ""mode"" of 180 minutes max for high school pupils, much lower for lower grades. The WWP cannot expect pupils to be glued to a computer screen from 0850 to 1520 with 4 minutes breaks between ""periods."" It is impossible to port the offline model to an online model.

A sane model that comes up again and again as optimal is:

Grades from K thru 2

1 hour a day (rest is self directed work with supply of materials from the schools for hands on, minds on options)

Grades from 3 thru 5

2 hours a day (ditto)

Grades from 6 thru 8

3 hours a day (ditto)

Grades from 9 onwards really must be converted to community college due to the prevalent drug and alcohol use, STD and teenage pregnancies, and other issues that are typical of maturing into adulthood. As well, they're ready given the street | village learning that happens, immaterial of school or unschool or homeschool.

In absence of such a morphing of schools

Grades from 9 thru 12

4 hours a day with other interactive, hands on, minds on options

Most are unsafe (Google news today and daily)

For 2020 JUL 28 two sampled news are:

[3] It also appears that the virtual only model will not have the same commitment of resources as the hybrid model, that may such the Oxygen, and short change the virtual model.

And, the WWP cannot attempt to fit a square peg in a round hole. Given this, this disparity must be resolved as parents pay the same taxes, for a diluted virtual model. I'm in favor of a virtual only model wherein parents take partial or total responsibility of making room for variety of learning experiences for their pupils, however, it must change the formula for the property taxes (lower them). And, going forwards, the virtual model is here to stay. Eventually, the offline model will be a vanity, not a necessity."

He commented that he is not aware of any denial with respect to HOSA and outlined the process for the approval of student run clubs. Dr. Aderhold relayed that annual wellness checks are required to attend school and that if there are specific issues, parents should reach out to Dr. McDonald or Mr. Earle for further guidance.

The district intends to run a variety of sessions to support the return to school in hybrid and virtual environments. All summer professional development will be held virtually. Dr. Nathan shared an example from the K-12 Flexible Tools and Content subcommittee. Digital resources such as Pear Deck, Gizmos, Pivot, Dreambox, Google Apps, and more will allow our teachers and students to use technology to connect, collaborate, create, learn, and build skill sets in virtual and hybrid learning environments. An additional resource LinkIt! was shared with the committee. LinkIt! is a Data Management and Assessment Warehouse. It provides districts with the ability to collect, sort, display, and manage data from a variety of assessments already utilized by the district and provides options for assessment platforms and processes in our hybrid and virtual classrooms. Teams, as part of the re-entry planning process, are learning more about this resource and how it can support data-driven decisions for instruction. The Committee recommends approval of the following: Charlotte Danielson Framework for Teaching (2013) as the evaluation instrument for all certificated staff, New Jersey Principal Evaluation for Professional Learning as the evaluation instrument for administrators, and the Highly Effective Option and the Alternative Evaluation Rubric used as part of the evaluation process for Highly Effective Teachers. Finance Committee

Board member Louisa Ho reported that the Finance Committee met on July 7, 2020, for a general discussion on COVID-19 issues related to the District and met again on July 21, 2020. At the July 21 meeting, the Committee reviewed the agenda items for tonight's Board meeting, the monthly financial reports, and technology purchases due to COVID-19 using cooperative pricing. There will be a motion on the agenda to approve adaptive playground equipment using a cooperative pricing vendor for a new Pre-K playground at Maurice Hawk. The agenda also includes the award of bids for special education transportation routes for 2020-2021, and virtual professional development that will occur over the summer.

Staff shared that, due to the pandemic and the State's memo on anticipated balances usage, the year-end has been complicated by PPE and other COVID-19 related purchases. The District plans to roll into the 2020-

2021 budget year by the end of this week. The District's 72 SRECs were sold on July 15 for \$223.50 each totaling \$16,092. The High School South Phase 2 bids were opened, but the bids are being rejected because the lowest bidder exceeds the budgeted amount. Staff shared that roofing work at Grover Middle School is almost complete; weather has delayed the final work. The contractor is preparing to start at HS North very soon. Paving work for the HS North bus parking depot has been completed and is awaiting the fence installation. Pre-construction meetings for the salt storage sheds at Village and HS North began last week and the work will begin shortly. There was a pre-construction meeting for the HVAC unit work at Maurice Hawk and that work will begin soon.

Staff shared with the Committee that the Energy Savings Improvement Plan work is in full swing with HVAC work continuing at HS South. Many of the classroom unit ventilators have been installed, the rooftop units are up and running, and the control work and further installation of ductwork and plumbing continues. The LED lighting retrofit work is continuing there as well. HVAC unit work at Dutch Neck is moving along swiftly. HVAC controls work continues at Town Center. Water conservation measure improvements will start at Grover Middle School this week. HS North computer room air conditioning work bid documents will be advertised this week along with emergency lighting bids and Grover Middle School mechanical room improvements. Solar panel installation has begun at the Millstone River School. Envelope repair work will be starting at HS North this week. Work on the roof at HS North has been delayed because of problems with the design. The start of this work has been delayed until the end of October. The contractor is waiting on design approval for other District projects.

Staff are looking into ways for Community Education to provide the Extended Day Program, because many families need it to supplement the hybrid model option. Staff are developing program scenarios based on CDC guidelines for spacing and materials. The CDC guidelines will increase staffing needs and reduce program capacity. The Committee discussed the School Reopening Plan that Dr. Aderhold presented earlier. There was no other business.

PUBLIC COMMENT

Board President Kaish opened the second opportunity for public comment and explained that the comments for this section were received on a form that was open and available on the district website up until the start of this second opportunity for public comment. All submissions containing all required fields completed were viewed during the meeting and are included in these minutes in their entirety. Ms. Kaish turned the meeting over to Board Attorney Mark Toscano to read the public comments.

Mr. Toscano read the following written public comments:

Libby Barak, 36 Scott Ave, West Windsor Township, 08550 wrote:

I am concerned that the school reopening plan does not directly address or offer a solution to the two communities who need it the most: full time working parents who require full time care, and special need students who require consistent in-person education. Neighboring townships have offered solutions to these populations (provider for extended program in school and special program for IEP students). In the lack of updates and clear information, parents have started looking into private schools that don't accommodate IEP needs and are not in the financial reach of many.

Kashif Anwar, 52 Woodland Drive, Plainsboro, 08536 wrote:

- "1. How will it be decided who will be in A week and who will be in B week?
2. For hybrid, what is the amount of time allotted to students to get home from school but before their additional virtual learning?
3. Will grading for elementary go back to how it was, or will it be narrative again?
4. How will standardized tests be handled?
5. What will happen with any musical activities, such as band or choir?
6. What can parents/PTAs do to help make this challenging year a success?
7. With the increased body of evidence that middle schoolers and high schoolers naturally sleep later in the night and suffer serious consequences from sleep deprivation, can we take advantage of this year to have middle school and high school classes start later in the day?"

Rachna Tyagi, Grovers Mill Rd, Plainsboro, 08536 wrote:

"Thanks for a very comprehensive presentation! Two questions: Could you elaborate on how labs will work for high schoolers who are doing virtual only programs? Additionally how are electives like Robotics going to be adapted to students who have selected a virtual only program?"

Anat Fuchs, anat.et@gmail.com, West Windsor, 08550 wrote:

Are young students (like kindergarten) will also receive chromebooks or other form of device for their virtual learning?

Steve Albin, 53 Krebs Road, Plainsboro, 08536 wrote:

If a student in hybrid requires 10-day quarantine, will that student be able to join those same classes virtually?

Melinda Chen, 21 Arnold Dr, Princeton Jct, 08550 wrote:

Will there be any alternatives offered for students who happen to be taking Princeton courses, since the rotating schedule currently guarantees conflicts?

Gloria Chappell, 11 Rider Place, Princeton Junction, 08550 wrote:

"1. Can the district look into how Lakewood NJ school district is planning to offer COVID testing every other week to students and staff. Can the district explore a similar approach for WWP schools by partnering with Rutgers University or other local/state institutions?

2. When can we expect to receive additional information on how DIL program will be run in the fall?

3. What is the protocol for a positive case identified? Student or teacher. "

Joy Horton, 827 Moti Ct, Ewing, 08638 wrote:

"The African American Parent Support group as part of our Student Social Activism Summer series will be hosting a Diversity, Equity and Inclusion Workshop which is being held on Thursday July 30th at 7pm via Zoom. This discussion will be moderated and led by WWP HS South graduate Jillian Medina as part of her Harvard Sparks public service program. Also on Thursday August 6th, we will have a Social Action in college workshop which will feature our student alumni who will discuss their college experience which is important to hear about in this virtual learn.

Students interested in joining in on the discussion can contact us via email at wwpaapsg@gmail.com. We welcome the opportunity from the community to continue to dialogue with us on the issue of social justice and stress the importance of hearing from our children as it relates to issues of racism, diversity, equality and inclusion. Thank you. "

Veronica Mehno, 41 Galston Drive, Princeton Junction, 08550 wrote:

I am stunned that not one single BOE member asked 1 question after the school opening presentation considering that we are talking about 10,000 students health. Here is one question, what would happen in the event that there is a positive case in one of the school buildings? Will all the buildings be closed? How many cases will be needed to be positive before the building closes? Who will do the contact tracing? Do you foresee voluntary pulling their kids from school in the event there is 1 single case in 1 building? Do not tell me that these BOE members represent the community!!

Bruce Salmestrelli, 346 Clarksville Road, Princeton Junction, 08550 wrote:

The times that we face are unique. There are so many questions that we have. The uncertainty of these times cause anxiety. As Dr. Aderhold stated in his presentation, "We are all in this together." With the same commitment to each other we had in the spring, we can do what is best for students and staff this upcoming school year. I would like to thank the Central Administration, Administrators, and staff who have participated in the numerous planning meeting. I know how much time each of my colleagues have given in helping to mold these plans. To the Board of Education, thank you for all the meetings you have attended over these last few weeks. Thank you for your commitment to education. "We are all in this together."

There were no other comments. Ms. Kaish closed the second opportunity for public comment and offered Dr. Aderhold an opportunity to respond.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold responded to several comments. Regarding contact tracing, he explained that there are different notice protocols with the local health departments, school closings could be possible, and the district would follow CDC and Department of Health guidelines. He explained that if a student, attending the hybrid model, became ill, they could continue to participate virtually. Regarding devices, he relayed that the District is prepared to distribute technology to families that have a need. The District is awaiting guidance on standardized testing, however, District assessments will be provided to all students. Dr. Aderhold agreed that providing labs is a challenge and that the District is working on virtual labs or labs with virtual partners.

Ms. Kaish confirmed with Dr. Aderhold that parents should expect an email tomorrow with a link to the video, the plan document, and the presentation. Dr. Aderhold clarified that if parents have questions after viewing these items, they may contact their building principal, or send an email to the wwpsis email address, and the District will attempt to field the questions. He asked that parents please be patient as the District is working through some items and may not be able to answer an email immediately.

Ms. Kaish acknowledged the hard work of all the staff and Board members that worked on the plan. She thanked Kia Bergman and Catherine Arminio for helping to organize and clean up comments. Ms. Kaish thanked everyone for their understanding, being flexible, and working together to provide a top education to our students.

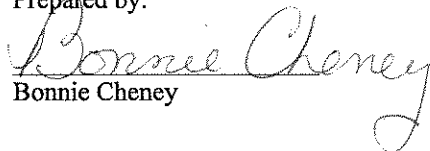

ADJOURNMENT

At 9:55 p.m., upon motion by Mr. Cheng, seconded by Mr. Whitfield, and by unanimous voice vote of all present, the meeting adjourned.

BOARD PRESIDENT'S COMMENTS

Ms. Kaish provided the superintendent the opportunity to make opening comments.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold welcomed members of the public and the Board to the September 1, 2020 BOE meeting. The superintendent recognized several staff members for their work in ensuring the District's opening, including the four reopening subcommittees that worked on the WW-P Restart and Reopening Plan. The Curriculum & Instruction subcommittee included Dr. Pamela Nathan, district supervisors, teachers and administrators. The Health and Wellness subcommittee consisted of Mr. James Earle, Dr. Lee McDonald, nurses and counselors. The Operations and Facilities subcommittee, led by Dr. Russo, included Food Service, Transportation, Building & Grounds, and several other departments. The Technology Team included Rick Cave, Allan Johnson, Harry Doctor, Russell Wray, and others. He thanked the Human Resources Department, including Charity Fues, Patrick Duncan and their team. He also thanked the Special Services Department, including Karen Slagle, her team, and special education staff members including OT/PT, Speech, and Child Study Team members. He gave special thanks to representatives of the WWPEA who participated in committees, planning, and food drives. Dr. Aderhold noted that the Education Association worked with Dr. Nathan, Mr. Earle, and the NJEA to raise \$18,000 for books for students and also organized book drives and pizza nights for families in need. He thanked the WWPEA, including Andrea Bean, Russell Wray, and all of the administrators for their fundraising efforts to purchase backpacks and school supplies for families in need. He thanked Mark Wise and Sue Totaro for coordinating the virtual new teacher training. He expressed appreciation to Marcey Behler, Cathy Muto, and the food service team for bringing forth food distribution over the summer for families in need, which was a collaborative effort involving community partners and Sodexo staff. Dr. Aderhold reported that WW-P would welcome back in-person staff members tomorrow to get acclimated to the school environment before students are welcomed back on September 8.

Dr. Aderhold took a few moments to go over some of the big picture components with respect to some of the procedures for the upcoming reopening.

After 4 P.M. on September 2, high school and middle school schedules will go live. After 4 P.M. on September 3, Pre-K through 5 teacher assignments will come out. For those who will be receiving transportation, there is a limit of 11 students per bus, and transportation information is in Genesis. Parents must complete all mandatory forms before they can access those schedules. For parents sending students in district, here are several reminders; 1) there is a screening form that must be completed every day at least 30 minutes prior to school, 2) please ensure that students leave for school with facemasks, they must be wearing them 3) please send students with pre-filled water bottles as water

fountains will be turned off, and 4) please be mindful of keeping students home if they are not feeling well. Dr. Aderhold reiterated that facemasks, handwashing and social distancing are some of the key components to ensure we are not spreading COVID-19. He explained that only certain doors would be open for entry into each school where bio scanners will check the temperatures of students and staff. Parents who have students attending virtually will receive letters from teachers with the Google Zoom codes. Classroom codes for grades 6-12 will be in Genesis. Dr. Aderhold again thanked the staff and everyone for all the time and work they did to prepare for the opening.

BOARD PRESIDENT'S COMMENTS

Board President Kaish explained that there was an earlier executive session at which the meeting was called to order.

PUBLIC COMMENTS

Board President Kaish opened the first opportunity for public comment and explained that the comments for this section were received on a form that was open and available on the district website up until the start of this first opportunity for public comment. All submissions containing all required fields completed were viewed during the meeting and are included in these minutes in their entirety. Ms. Kaish turned the meeting over to Board Attorney Mark Toscano to read the public comments.

Mr. Toscano read the following written public comments:

Elizabeth Shieh Fiuczynski, 1 Dorset Ct, Princeton, 08540 wrote:

"I want to start by saying that we are deeply grateful to the school board for all the ongoing efforts to keep our children safe. Our family does not take the devastation of COVID-19 lightly. We lost my mother (the children's grandmother) in April to COVID-19. We therefore take all the precautions we can when it comes to my father (their grandfather), as well as everyone around us, out of respect and hopes for beating this virus collectively. All that said, we also do not take mental and physical well-being lightly, especially during this unprecedented time of ever present stress. Movement, especially with the inevitable and exponentially increasing virtual/screen time currently, is vital for our developing Tweens and Teens. As a parent, I do the best I can to encourage it, but it is not sufficient. The thrill and fun and challenge of school sports provides extra motivation and camaraderie. We strongly believe that the choice to participate in school sports is an essential one, and it will be a strong contributor to all of our children's well-being. Our wish and ask, which I'm sure is echoed here a great deal today, is that our children can be given the choice to participate in school sports. We have extreme respect and appreciation for all of the health data and guidelines, and discuss it as a family daily. School sport 'participation' could understandably look different this year and can and should be modified with strict social distancing measures in place. Nonetheless, at least the kids would be moving, while learning how to cooperate and adapt as a team during these challenging times. Local club sports have recently been able to resume safely following strict health and safety precautions and health guidelines (such as daily pre-screenings, masks, distancing belongings, limited/no contact, frequent sanitization). Thank you for your time, and for being open to hearing from the parents and families, who want, above all else, overall mental and physical well-being for our children. This mental and physical well-being is at the root and foundation of their learning and growth, as well as how they will help others around them. It is vital now, as well as when we navigate and move forward into a stronger and healthier future together."

"Board President Michele Kaish:

No one disagrees that our Superintendent, Board and Administrators should make our return to academics their top priority - but it shouldn't be their only one. Athletics is just as important as academics and is a key part of the district's commitment to the Whole Child/Every Child and the Social and Emotional Learning of our students.

Dr. Aderhold stated: "It is our intention to honor the input of our school community and to meet the needs of all students and the realities of each family under the allowances provided by the NJ Department of Education and Governor Murphy." For academics, community input was considered and used to develop choices for our students and families. Safety practices and protocols were established with the health, safety and wellness of our students as a priority. We need to apply the same logic and due diligence to athletics and provide solutions that work for our student athletes.

Dr. Aderhold also stated that we need to provide "structure and normalcy in a time of crisis and concern." What better way to provide that sense of normalcy than through sports? The governing body of NJ High School sports, the NJSIAA, has provided guidance to safely return to sports this fall and the Governor supports this effort. Our student athletes need the "in person" experience that sports provide to balance their virtual lives. I agree with Dr. Aderhold that "teens will be teens" but believe that encouraging healthy behavior will minimize the temptation for bad ones. More importantly, athletics will provide mental stability and reduce stress during these unprecedented times.

Our Superintendent, Board of Education and Administration deserve a standing ovation for their efforts to provide choice for our academic return. They need to finish the job and provide our athletes with the same choice. Some of the same safety protocols in place for academics can be applied to athletics, such as permitting students to waive district provided transportation and daily temperature checks. Offer our coaches a phased in approach to their salaries this fall. Call emergent board meetings when needed. Their our solutions to make this work.

The reality is that our rate of transmission, positivity rate and hospital admissions continue to trend favorably for Mercer County and NJ. We can compete safely within our district and with our conference families. #LetThemPlay

Sincerely,
Pamela Grund"

Club sports are still happening, most other schools are still finding a way to play and so can we. You just need to give it a chance and come up with a compromise.

Michele Kaish, WW-P School Board President,
WW-P is failing to protect our Student Athletes

As you know, WW-P is the only suburban school in the Colonial Valley Conference not participating in the Fall Sports Program. We are now an outlier among our peer schools, and your actions have put our student athletes at a much greater risk.

Instead of participating in a controlled sport, being guided and supervised by their coaches and trainers, you have left the student athletes to their own devices. Our student athletes will be playing sports, hanging out with each other, and doing other activities (instead of organized sports) – all on their own. You have left our student athletes to watch their peers in surrounding schools participate and play. You have opened them up to depression and put them in danger of self-harm. You have taught them to be fearful, not responsible. You have taught them to hide instead of strive. The damage you are doing to our student athletes is far greater than any chance of a virus harming them. How did we get to this point?

9 days after the presentation of WW-P Restart and Reopening Plan we received the letter cancelling our Fall Sports Program. 9 days!

What had changed in those 9 days? Looking at Dr. Aderhold's letter here are a few examples of what he used to justify the decision:

1) Dr. Aderhold is concerned about the increased RT – Rate of Transmission

Dr. Aderhold cites in his letter that the RT (Rate of Transmission) had increased from .8 in June to 1.32 in August. In reality, the RT had increased at that time due to a statistical dumping of 600-700 prior cases by Quest on 7/23, thus inflating the August numbers. As of this letter, the RT in NJ is estimated at .9 (NJDOH).

2) Dr. Aderhold fears an increase risk of infection if sports are played.

Dr Aderhold goes on to cite how competing against other districts increases the risk of infection to our students and invalidates the efforts to keep the schools safe and open. Yet, Club sports and Little Leagues have been practicing and competing all summer long with the Governor's approval. There has not been an increase of the number of infections across the state, county, or in our two towns.

3) Dr. Aderhold is following the direction of those In State and Out of State Colleges that have cancelled programs

Dr Aderhold goes on to cite some of the college conferences that have been cancelled. Comparing college sports program to high school sports programs is not a fair comparison. College sports play schools in different states and travel to different areas. College infections are not typically linked to sports, but to college parties.

Dr. Aderhold sent an email on August 24th after he received pushback from athletes and parents on his decision. He cites several things that are confusing.

1) Schools have gone virtual

130 schools in NJ have chosen to go virtual. Yes, but that has nothing to do with outdoor sports programs. As per the Governor, even though school may be virtual, their students can still participate in fall sports programs.

2) NJSIAA's guidelines for school sports does not include masks and distancing while playing.

Dr. Aderhold cites Gov Murphy's mask and distancing rule – not the NJSIAA's guidance for High School sports which specifies masks on the sidelines but not during play (Phase 2 of the guidelines since 6/15)

The NJSIAA's guidelines have been approved by the Governor, why would these guidelines not be approved by WW-P?

3) Limiting student interaction outside of Cohorts

He also states that to maintain the safety of the academic environment, he has limited interactions outside of student cohorts. The students are not in quarantine and will be interacting with other students outside of the school setting.

WW-P school Board should revisit this decision immediately. This decision was made too early. It was made without flexibility. It was made unilaterally, using fear, not facts, as its basis. Our students deserve the chance that all other student athletes in this conference, county and state have been given. WW-P is an outlier – and this time it is not a good thing.

Sincerely,

Beth and Luke Kiernan

To Michele Kaish-Board President. Let me start by saying that we respect the time and discussion and review that went into the decision to go back to school and sports/clubs resuming by everyone involved. We are asking and hoping for an opportunity to work with all parents, coaches, BOE, administration to revisit the decision regarding cancelling fall sports and allow for a "modified" return to fall sports plan for our school district that would be supervised and follow guidelines outlined and supported by the NJSIAA and the Governor. The mental and physical well-being of our kids is of utmost importance as is with all staff involved. If we as a school district pledge ourselves "to develop the Whole Child" then we need to balance this semester with academics and extracurricular activities as we have in previous years otherwise the mental and physical well being of our children is impacted. If we can come up with a hybrid academic model, we can try to create a modified fall sports model by working together. All summer long youth outdoor sports have been in safe practice and play around the state and there has not been any direct correlation to an outbreak related to outdoor youth sports. We ask that you please reconsider allowing the student athletes to return to play this season as have the majority of NJ school districts while following the guidelines put in place by NJSIAA and Governor Murphy. Thank you.

"Dr. Aderhold prematurely cancelled the Fall athletics season. The reasons that he cited to cancel the season were either generalized statements about safety or quoting statistics that ultimately had no impact on our community. The transmission rate remains below 1.0 and as of August 13th, Princeton Hospital has zero COVID patients. In fact, there are only 484 people with COVID hospitalized in the entire state. It is unreasonable to wait for this virus to be fully eradicated before we move forward with living.

Per the NJSIAA 100,000 NJ children participated in organized sports in July and August without any negative impact to the players, coaches, family or the community. This includes wrestling, lacrosse, basketball, soccer, baseball, softball, and many high schools that began football practice in July. I am not asking that this school district do anything different than virtually every other school district in the state is doing. Hundreds of NJ schools have figured out a way to play. Thousands of students are playing this fall while our kids are sidelined. We have already wasted two months for our children to engage in meaningful activity and interaction that would have given them the opportunity to relieve the stress and isolation that they have had to bare for nearly 6 months.

As it stands, athletes are now forced to leave the district to pursue the Whole Child experience that is WWP's very own motto.

There is still time to reinstate fall sports and I implore you to Let Them Play."

I would like the school district to reverse its position on canceling the fall sports program. There are many students that feel overlooked in our district's competitive academic environment and where they fit and find their value within the school setting is on a playing field. Their sport is their identity and our athletics program has been their outlet to show their talent and bond with peers. To return to the pressure of a school year without the opening of sports, competition, and the ability to express themselves on the field is the wrong decision. Our district needs to allocate the resources and plan for a season like the surrounding districts have done. We must show our student athletes that they are supported.

the athletes, coaches or the community. Our Governor and NJSIAA are supportive of sports resuming. One of our sons has been participating in travel baseball since June. His team has safely and successfully practiced twice per week and participated in numerous regional tournaments throughout the summer. Our other son was looking forward to playing highschool football this fall. While we value the importance WW-P puts on education, we want a return to school this fall that allows the students to participate safely in outdoor activities as other townships around us are doing. We pay so much in taxes that we believe our township should be able to find a way to resume in person education as well as activities. Thank you."

Good evening and thank you for the opportunity to have my voice heard. One simple question? Is the cure worse than the disease? Are we taking what is and was a serious illness for a segment of the population and turning it into a vastly larger problem that is going to reverberate its harms for decades to come into our society? How much more of the lockdowns do you think our children can handle? How much more TV watching? How many more video games? What does 12 hours a day of phone usage do to the undeveloped brain? What about increased drug use, alcohol usage, domestic violence, depression, obesity, hopelessness and fear? How much time do we have before we permanently damage our children? While we focus on a threat to children that is statistically less dangerous than the regular flu. Are we going to let fear fog our ability to comprehend the vast amount of Covid data being collected around the world? We now know who is at risk from Covid 19, we know who and how to protect the vulnerable and we also know the physiological damage caused by closing down society. I'm confident WWP can figure out a way to walk and chew gum. We can figure out a way to have academics and athletics providing normalcy in two different spectrums of our childrens consciousness.

WWP opening athletics isn't going to somehow change the world trajectory on this problem and I'm surely not suggesting the school board or the superintendent is responsible for the place we find ourselves. But geez, can someone please in this moment in time, be the one that stands up against fear driven policies and moves that one chess piece in the right direction so that maybe one kid, has a reason to get up in the morning to exercise, to laugh, to live and to have a meaningful interaction with another human-being. Our battle here is not against Covid in our schools we are in a battle for the protection of our children's mental wellbeing. Thank you for your time."

To Michele Kaish Board President:

My name is Brian Mayer and I graduated from WWP in 1990. My wife Heather Mayer graduated from WWP in 1993. My son Morgan is a senior at WWP South and my daughter Ava is a freshman at WWP South. Morgan plays baseball and Ava plays field hockey and softball.

In the 1980's when my wife and I entered WWP High School, we experienced very early why the district was a special environment. We had both great teachers, administrators and coaches. We were taught to focus on our classes but also how important it was to become well-rounded young adults by joining clubs and playing sports. Many successful alumni that I still talk to attribute a large amount of success that they have achieved today to the lessons they learned on the field as a Pirate. Some examples of amazing mentors are Coach Tom Stuart, Coach Brian Welsh, Coach Dave Christiansen and Coach Don Hutchinson. This group of teachers taught life lessons both in the classroom and on the fields. WWP is now fortunate enough to have mentors such as Bryan Fisher, Walt Connors and Jeff Reilly. We need to keep the tradition moving forward of mentors helping students become successful adults.

I have been coaching numerous sports in West Windsor for over a dozen years. I have sat on numerous youth sports boards in the community such as West Windsor Little League and West Windsor Wildcats Football and Cheer. This summer in cooperation with local medical professionals, health departments, and national youth sports organizations, I assisted the West Windsor Little League design and implement a return to play safety guidelines and protocol plan. WWLL obtained proper PPE and launched a summer baseball program that started playing in July. The summer season was huge success with safety compliance being followed, children playing games and the community able to have some pleasure in very challenging times.

In addition, my children played baseball, softball and field hockey all summer long on travel teams against other teams from all over New Jersey, as well as New York, Pennsylvania, and Delaware. No cases of Covid-19 were reported to either WWLL or any teammates of my children all summer long. I commend the actions of the district in the spring because the data and health officials made the case for flattening the curve to avoid further spread of the virus. Today the data, health professionals and Governor Murphy present a different environment. Governor Murphy has backed the return to play guidelines the NJSIAA has instituted. Governor Murphy has also recently approved indoor dining and movie theaters reopening with certain capacity restrictions. Other schools down the street from WWP are planning fall sports seasons. The data is showing us the number of cases, spot positivity rate and daily positivity rate are all way down. Local medical professionals are more concerned with the increase in mental health cases versus low probability of cases due to outdoor sports.

I will conclude with a few questions:

Why can't we have a public discussion about how we can safely return these student athletes to the athletic fields?

What data is needed to be seen in the future to reconsider these decisions?

What happened to the spirit of WWP to not give up on an idea until we have exhausted all resources?

I appreciate the difficult times we live in but now is the time to LET THEM PLAY!

Thank You,

The Mayer Family"

"I would like to express my disappointment in the Superintendent Aderhold's decision to forego the upcoming high school sports seasons. Disappointed because high school sports are an integral component of a secondary education and while the superintendent listed "safety" as the primary reason for the cancellation, he provided no definition of what was unsafe and offered no data points that would indicate that playing sports in the fall was unsafe. The governor of NJ and the governing body of high school sports in NJ have both indicated that high school sports are safe to be played. Less than 10 of the close to 1,000 school districts in New Jersey have elected to cancel fall sports. If the superintendent is going to take such an extreme position, he needs to explain the reason thoroughly. Instead, he seemed to only repeat the vague term ""safety"" and quote headlines in his explanation. The explanation letter provided by the superintendent provided no hope, no inspiration, and no light at the end of the tunnel. A letter capped off with the statement the decision was final and would not be changed for any reason. How can someone in a leadership position refuse to be flexible when new information becomes available daily?

This cancellation of fall sports and the way it was communicated has left the student athletes, coaches, and parents in the district feeling betrayed. As if all their hard work and aspirations do not really matter. This is having a negative effect on a populous that has already been beset with adversity for months.

We have some phenomenal coaches in this district. Some of these coaches go beyond their on-field coaching duties to be mentors and guidance counselors to student athletes who struggle academically and may have minimal support at home. I have grave concerns about what will happen to these students without their sport or their coaches. Is the safety of these at-risk student athletes being considered?

The other disturbing aspect of the explanation is that even if we did try and play a season, it would likely end swiftly due to an outbreak. This sounds to me like giving up without trying...something athletes are taught is unacceptable.

This decision and the way it was delivered is sure to cause some families and coaches to reconsider continuing in the WWP school district. Losing only a handful of players and coaches from some of our team sports that are already struggling could foreshadow the death spiral of those sports in our WWP district.

Even if, as the superintendent has told us, it is solely his decision, the board will be held accountable for the results."

"To the Presiding Officer,

Sports are an essential part of the high school experience and mean even more to the fall athletes whose season has been canceled. The NJSIAA has ruled that they will have a fall sports season and Governor Murphy approved club sports to resume playing as of July 1st. These sports have been and can be played in a safe successful environment for practices and games. With the use of masks and attention to safety measures having a fall sports season poses no major risk. Let the seniors have that sense of normalcy that they have already been cheated out of. Other schools in the area who are having fall athletics, for the most part, have implemented all virtual learning. This ensures complete safety to those students and their families along with providing options for fall athletes. Studies show that COVID-19 is significantly more viral in indoor settings, one way to combat this is the use of outdoor circulation or complete outdoor interaction. Going all virtual will also guarantee better oversight for practices and games. The board must consider the emotional, social, and physical benefits of having fall sports. Student-athletes are your leaders in class, in the hallways, and of course on the field. They set examples for younger classes and represent WWP in the community. They are more than just athletes, they are well rounded and multi-facilitated people who without sports wouldn't be where they are today. Not only is this season important for those who will be graduating this year, but it's crucial

for WWP's future leaders. The community understands that this decision is not taken lightly and is more complicated than making the decision. But with proper communication between the school board, coaches, and student-athletes we can safely implement a fall season whether that be intramural or even letting them use the school facilities to host practices. It is inevitable that there will be another wave of COVID-19 in the fall and winter. What is to say that winter sports will be canceled or spring? We, as a school and district need to start asking these questions and coming up with the answers that protect and provide our students with a successful year."

We still have time to engage them, salvage a fall sports season, and let them know their voices matter. Don't keep them sidelined while virtually every other district in the state is playing fall sports. They deserve better.

Hi Presiding Officer Kaish, my comment is regarding accessibility to field space and facilities in our schools. With the cancelation of fall sports and denial of any extra-curricular athletic activity for WWP students, there are limited spaces for students to exercise and play sports recreationally. Opening up field spaces such as the high school turfs after school would greatly help all students. These fields don't have to be open to the public, you could limit them to WWP students. They would provide a way to help athletes and all students stay in shape which would promote all aspects of health. Additionally, it would show that WWP is still an open space for athletes and the district still values the physical well being of a student. Regulation for such areas could be easily enforced and it would promote overall health. Gyms are opened, club teams are practicing, and most WWP recreational programs are functioning. With all this said, the opening of athletic facilities is surely doable.

This includes all the students that participate in extracurricular activities besides just sports.

This is what sustains the students' mental and physical health. More than ever, we need these extracurricular activities, including sports, to buoy the students through these tough times. We all need the socially-distanced interactions.

I get asked all the time by the students if there is anything, anything the parents can do to reverse this decision because they are desperate and because they are hopeful we are the same team that worked with Dr. Aderhold to fight the state successfully to merge the football team.

I want to be able to say, ""Yes, we looked at all options; yes, we consulted with local pediatricians/school doctors; yes, we reviewed all the local statistics; yes, we reviewed the finances"", BUT have we done our due diligence??? Have we spoken to the local doctors about Mercer and Middlesex counties' transmission rates? The answer is ""No, we have not.""

Because until we have done our due diligence, I feel we preemptively canceled our fall season on the basis of it being ""unsafe"".

How can other school districts in our conference make it work? Because they are willing to put forth the effort and it is important to them.

We have WWP parents that are willing to make it work and will help to to make it work.

But, I will say that student athletes will have to look elsewhere to ensure their overall needs are met. The academics at WWP are unparalleled, but the sports opportunities have been eliminated preemptively. That does not spell ""Whole Child"" to me.

Curriculum Committee

Board member Dana Krug reported that the Curriculum Committee met virtually on August 10, and on August 25, 2020. Dr. Nathan shared a few slides with the district's AP results with the committee. This was the first year our students took the exam remotely. WW-P students performed similarly to when they took them in person. A presentation will be delivered for AP results at our next meeting. Dr. Nathan shared that administrators have been working hard behind the scenes to get agendas and presentations ready for staff professional development on Wednesday and Thursday (Sept 2-3). Opening days include learning around safety protocols, mandatory training, professional development and community building with staff as we kick off the new school year. Dr. Nathan shared with the Committee the numerous virtual summer professional development offerings and opportunities for staff throughout August. These virtual sessions range from learning about Zoom, Math Workshop, Literacy, Equity and Inclusivity, building relationships, and SEL in our hybrid and virtual classrooms. Staff attendance has been unprecedented. The Committee recommends approval of several curriculum documents that are either new or revised. A formal presentation will be conducted at the next board meeting, as additional documents will be added. Curriculum revisions and creation are part of an on-going cycle of improvement that allow our courses to reflect the most current content, thinking, standards and skills for student achievement. The list of revised curricula for approval are on the September Board agenda for approval. The Committee reviewed the District Professional Development Plan and District Mentoring Plan and recommends the approval of the Statement of Assurance for the 2020-2021 school year to the New Jersey Department of Education, pursuant to N.J.A.C. 6A:9C-4.2. The Committee recommends the Foundation for Educational Administration (FEA) to provide mentoring management services for new administrators in the district and to reimburse new administrators for the cost of their mentor. The Committee recommends the approval for six staff members to attend a virtual PLYOGA Educator Certification training. The Committee also recommends approval for district-wide licensing of Pear Deck premium access, allowing teachers and students to use technology to connect, collaborate, create, learn and build skill sets in virtual and hybrid learning environments.

Finance Committee

Board member Louisa Ho reported that the Finance Committee met virtually on August 10, 2020, to review and discuss the school reopening plan. Dr. Aderhold shared that scheduling at the middle school level has dominated the work recently. Many parents have asked to change their selections, most wanting to go to the remote learning program. Staff have notified us of their needed accommodations due to the pandemic. About 27% of the staff have requested some type of accommodations. The district will produce and publicize a series of videos explaining some of the new aspects of how the schools will operate. However, there will be some changes that will develop shortly before school opens and we will not have time to produce videos about them. Bus transportation has had to wait until school schedules were created to create bus routes. There is a cap of 11 students per bus. This is a huge challenge for the district. A letter will go out this evening stating that Wicoff will not open. Special education: certain programs will be providing in person services daily. Due to remote learning, the District is now K-12 with one to one with devices. The replacement program for devices down the road will be

challenging. The NJ Department of Health has not provided medical guidance on the re-opening of schools. The DOE has not provided guidance on State Aid. The State is reviewing plans of several districts that have submitted plans for all virtual instruction. There is much construction going on in the District and most was covered by the Administration and Facilities report. The District has been researching bi-polar air ionizer technology for the HVAC systems. This technology changes the polarity of the virus ions traveling through the air system. There are many studies out there corroborating the effectiveness of this technology. Our energy savings company, Schneider Electric, through a change order in the ESIP program can obtain and install these bi-polar air ionizers in all of the District's HVAC systems. This could be done quickly through the ESIP, would cost \$1,043,000, and would be funded through capital reserve. The capital reserve fund has a \$1 million line in it annually for energy savings improvement projects. This would fall under that line item so it can be funded from capital reserve by motion of the Board of Education. It is the administration's recommendation to move forward with this project. The Committee discussed state aid cuts.

The Committee met again virtually on August 24, 2020, and reviewed the agenda items for the September 1 Board of Education meeting, including the monthly financial reports. On the agenda is a necessary resolution summarizing the reductions in the FY 20-21 budget required to balance the budget due to the reduction in State Aid announced in May. These changes have been discussed previously in committee and with the entire board. There are also motions to approve Penn Medicine to provide drug and alcohol screening for bus drivers in accordance with the Department of Transportation, the purchase of additional iPads for elementary students, acceptance of a \$72,000 donation from the Princeton Theological Seminary, and registration for the annual New Jersey School Boards Association Workshop, which will be virtual this year. Staff shared the preliminary status of the remote and on-site completion of work. The Committee received an update on referendum construction. Staff provided updates on busing for the hybrid reopening plan. The state requires that lunch be available for purchase by all students even when the students are learning remotely. Food Service has developed a program to comply with these requirements. Since the Sodexo staff will not be handling lunches during school hours, 10 of their staff (1 per building) will work in the school during the day assisting the nurses. They will also assist in distributing PPE prior to the opening of school. Dr. Aderhold shared updated information regarding the school reopening plan.

There was a discussion in support of the bipolar air ionizers.

Ms. Kaish acknowledged the retirement of the following staff members and thanked them for their service to the District: Ruth Warren, Cafeteria Aide, 27 years and Penny Fisher, Supervisor of Language Arts K-5, 10.5 years.

APPROVAL OF MINUTES

Upon motion by Ms. Zovich, seconded by Mr. Fleres, and by affirmative voice vote of all present, the following Board of Education minutes were approved: July 28, 2020 Meeting and July 28, 2020 Closed Executive Session.

LIAISON REPORTS

Michele Kaish, District PTA-PTSA liaison, reported that the 10 school district PTA-PTSA's, the West Windsor-Plainsboro Education Association (WWPEA), the Special Education PTSA (SEPTSA), and the African American Parent Support Group (AAPSG), have partnered together to open a WWP Strong Unity Store. The Unity store is open and you can purchase your spirit wear through September 14. Merchandise will be shipped directly to the purchaser in mid-October. There is a District Spirit Day planned for November 16. The link to the Unity Store will be included in the District newsletters.

NEW BUSINESS (None)

PUBLIC COMMENT

Board President Kaish opened the second opportunity for public comment and explained that the comments for this section were received on a form that was open and available on the district website up until the start of this second opportunity for public comment. All submissions containing all required fields completed were viewed during the meeting and are included in these minutes in their entirety. Ms. Kaish turned the meeting over to Board Attorney Mark Toscano to read the public comments.

Mr. Toscano read the following written public comments:

Alex Patilsen, 524 Village Road West, Princeton Junction, 08550 wrote:

"To the Presiding Officer,

Sports are an essential part of the high school experience and mean even more to the fall athletes whose season has been canceled. The NJSIAA has ruled that they will have a fall sports season and Governor Murphy approved club sports to resume playing as of July 1st. These sports have been and can be played in a safe successful environment for practices and games. With the use of masks and attention to safety measures having a fall sports season poses no major risk. Let the seniors have that sense of normalcy that they have already been cheated out of. Other schools in the area who are having fall athletics, for the most part, have implemented all virtual learning. This ensures complete safety to those students and their families along with providing options for fall athletes. Studies show that COVID-19 is significantly more viral in indoor settings, one way to combat this is the use of outdoor circulation or complete outdoor interaction. Going all virtual will also guarantee better oversight for practices and games. The board must consider the emotional, social, and physical benefits of having fall sports. Student-athletes are your leaders in class, in the hallways, and of course on the field. They set examples for younger classes and represent WWP in the community. They are more than just athletes, they are well rounded and multi-facilitated people who without sports wouldn't be where they are today. Not only is this season important for those who will be graduating this year, but it's crucial for WWP's future leaders. The community understands that this decision is not taken lightly and is more complicated than making the decision. But with proper communication between the school board, coaches, and student-athletes we can safely implement a fall season whether that be intramural or even letting them use the school facilities to host practices. It is inevitable that there will be another wave of COVID-19 in the fall and winter. What is to say that winter sports will be canceled or spring? We, as a school and district need to start asking these questions and coming up with the answers that protect and provide our students with a successful year."

Andy Bae, 7201 Rue Terrace, Plainsboro, 08536 wrote:

"When is there going to be any kind of communication between the school board and the student athletes? I can't believe there was none of that making the decision for fall season. Please take a look any other districts. Wwp shows lack of attention and care for athletics. I am proud to have great peers and amazing educators around me, but I am disappointed in WWP school district. Mr. Aderhold and the new Athletic Director needs to take responsibility for the mistakes they made. I am asking for the Athletic Director to have an open conversation with the athletes regarding this issue.

Respectfully,
Andy Bae"

"How are we able to go back in school with 400+ kids but not play soccer on a massive field? Each family should be allowed to have the decision if they want to play or not. I don't know how you can claim you are doing for the safety of the kids but still be having a hybrid school setup. Not to mention 95% of other schools still have sports on and COVID cases have been extremely low in NJ for a while now. Please rethink your decision. Thank you #letusplay"

Emma Gartenberg, 4 rider place, princeton junction, 08550 wrote:

"First, I would like to thank Dr. Aderhold and the Board for what we all recognize is an unprecedented time. As a senior and a captain of the South Girls' Soccer team, I have two comments.

Students are wondering why Dr. Aderhold made the decision early in August instead of waiting to make his final decision on Fall sports and why, at a minimum, can't we compromise to play intra-district athletics (just North vs South). No bus, our own equipment, and safety protocols according to the district. We would appreciate the use of our district field with super vision from our coaches.

Thank you all for hearing us this evening. I appreciate your consideration.

Sincerely,

Emma Gartenberg "

Would you please let us know what Hybrid enrolled students will be doing when/if their teacher is absent or has been granted an exception to work remotely? In the past, students at North reported to UDH (no sub), how will this be handled now? Are there subs? Will students be sitting in a classroom with the teacher working remotely? A response now would be greatly appreciated.

I want to go the other way and lend support to our superintendent and the entire board. I find it extraordinary that we even will be able to pull off a hybrid academic model in these uncertain times. And in uncertain political and financial times, I commend everyone for getting the academic aspect for our children, which is the primary purpose for our EDUCATION system. The curriculum still includes physical education and emphasis on this to achieve our Whole Child mantra. It is far past time to expect our school systems to subsidize athletic development for professional leagues, especially in these extraordinary uncertain times. Tough choices need to be made, and to expect our school system to undertake sports competitions in these dangerous times would be a dereliction of duty for our board of EDUCATION.

How do you represent the community if you don't even listen to the community? Sports are more than just some extra curricular activity they are a way of life for some of us. For many of WWP athletes sports have been a way to express ourselves and be who we are. Sports have been a central part of not only my life but many others as well and you are simply ok with taking that away. LET US PLAY!!!

Frankly I think it is ridiculous the board did not vote on this decision. We understand that this for the wellness and safety for the students but we should at least be allowed to use the facilities. How can you care about the students if you only care them about students- to care about them as people who live in WW-P you must care about them as athletes as well. With or without your approval we will play and support each other as a community. We will follow your guidelines but don't expect me to show spirit for this district.

There were no other public comments. Board President Kaish closed the second public comment section and thanked those who shared their comments.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold responded to a several public comments. He stated that there would be no change to the academic calendar, with the exception of the Governor's Executive Order 177 stating that schools must be closed on election day. All WW-P students will participate in virtual learning on November 3. The change may also require virtual learning for all students on Wednesday, November 4 to account for voting areas that will need to be cleaned. Dr. Aderhold explained if a staff member is out for any reason, there will be other spaces utilized, a substitute, or a virtual teacher assigned to an in-person class. The District is working with instructional assistants (through the WWPSA) as well to provide coverage in others areas such as the nurses office.

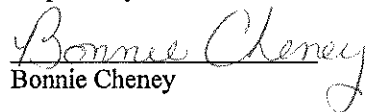

Dr. Aderhold acknowledged two staff hires that were approved this evening. Sukhpreet (Sonia) Singh as the new Assistant Principal at Community Middle School. Sonia is currently an Assistant Principal at Beck Middle School in Cherry Hill. Prior to serving as an Assistant Principal, she was a Biology Teacher at Cherry Hill East. Dr. Aderhold explained that Ms. Singh brings a wealth of administrative experience and will be a welcomed addition to the WW-P administrative team. Anthony Jones was appointed as the new Diversity, Equity, and Inclusivity Coordinator. Mr. Jones has a BA in English and a Master's in Public Administration from Rutgers University. He has served as the Director of College Prep Programs, Higher Education Liaison, and the Dean/Assistant Dean of the NJ SEEDS program. Mr. Jones has also served as an Academic Counselor at Columbia University and an Admissions Reader at Princeton University. He has direct experiences in data analysis, college counseling, and professional development training. He has extensive experiences working with students, parents, guidance counselors, teachers and principals in increasing the number of underrepresented students matriculating to college.

At approximately 9:45 p.m., by motion of Mr. Cheng, seconded by Ms. Ho, and by unanimous voice vote of all present, the meeting adjourned.

BOARD PRESIDENT'S COMMENTS

Board President Kaish explained that there was an earlier executive session at which the meeting was called to order. Ms. Kaish turned the meeting over to Board Attorney Mark Toscano to update the topics discussed in executive session. Mr. Toscano informed the public that, in addition to the items listed on the agenda for closed executive session, the Board also discussed, under item #4, health insurance information, and under item #7, potential litigation over fall sports. These changes are reflected in the closed session topics table above.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold welcomed everyone to the meeting. He thanked several groups for their work keeping the schools open, including school nurses, the health departments of Middlesex County and West Windsor, Health Officer Jill Swanson, administrators, building principals, assistant principals, and all of the WW-P educators. He mentioned some district students and staff are currently in quarantine, which indicates that people are following protocols. The superintendent clarified that quarantine is not a negative term, but rather a necessary precaution to ensure safety. Dr. Aderhold explained that there was a staff member at Community Middle School who tested positive, requiring the school to be shut down for a few days for cleaning. He thanked the Community Middle School staff, Principal Kyle Schimpf and Assistant Principal Peter James for their quick actions regarding the situation. He also thanked all district staff for adapting to the multitude of teaching models.

Dr. Aderhold introduced Dr. Pamela Nathan to present curriculum updates and testing information.

CURRICULUM & TESTING PRESENTATION

Dr. Pamela Nathan began the Curriculum & Testing Presentation by thanking the team of supervisors and teachers for collaborating on the curriculum to ensure alignment with Student Learning Standards and thanking the teachers and administrators working in a hybrid-learning environment. She also thanked Dr. Aderhold and the Board for supporting the curriculum work. Dr. Nathan reviewed the Science Curriculum documents, which were updated based on the Next Generation Science Standards and advances in technology. In addition, the Descriptive Astronomy and Genetics semester courses were revised to full year courses. AP Environmental Science, AP Chemistry, and AP Biology were updated to be in line with the College Board. She then reviewed the Math Curriculum updates. Math 8, Algebra 1, and Algebra 1 Honors received sequence and pacing updates to match resources and provide a better flow from 7th to 8th grade. Pre-calculus Honors and Algebra 1 H&A received second year revisions. Calculus Honors was revised for a new textbook and resources. Algebra 2 H&A had an increase in numbers of students and the textbook used is no longer available, so a new textbook was vetted and

purchased. Math 7 and Math 7 Honors received sequencing changes to better align with resources. There were Math structural changes for the 2020-2021 school year, including combined Math 7 classes for Honors and College Prep as well as combined Algebra 1 classes for Honors and College Prep. She outlined updates to Language Arts I, II, and IV College Prep and Honors, and IRLA 6, 7, and 8, which included the addition of more diverse works and literary lenses, updates to big ideas and understanding, and the addition of digital needs. Dr. Nathan explained that ESL at the middle schools received reading, literature, and language skills updates for all three levels. She outlined the changes to Special Ed focus documents, including essential literacy, MD/Autism IRLA and MD/Autism Social Studies. In Social Studies, AP European History was updated based on College Board revisions and the District added essential questions and evidence of learning exemplars to reflect the District's commitment to anti-racist and anti-bias instruction. Dr. Nathan reviewed changes to Fine and Performing Arts courses, including revisions to Computer Art & Design I and the addition of Computer Art & Design II. She explained changes to Career and Tech courses, including the new Robotics course, second year revisions for Digital Communications, updates to Information Literacy & Technology for grades 3, 4, and 5, and revisions to the Career Readiness course for MD/Autism. Dr. Nathan concluded the curriculum portion of the presentation with changes to the Dual Language Immersion program, including updates to the Kindergarten DLI Chinese and Spanish and new Chinese Culture and Spanish Culture curriculum for grade 2.

Dr. Nathan then reported on testing for the 2019-2020 school year, which consisted of only ACCESS Testing and Advanced Placement (AP) Testing. She explained that the ACCESS test is taken in-person, annually, by K-12 English Language Learners (ELLs). Test takers remain in ESL programs until they achieve a 4.5 or better. In 2019-2020, 173 students took the test, 155 students completed the test and 40 achieved a 4.5 or better. The AP tests were administered to high school students online for the first time for the 2019-2020 school year. There were 2,973 AP tests taken by WW-P students. The percentage of students who achieved different scores at each of the high schools were comparable. In total, 83% of juniors and seniors took at least one AP course and 91% scored 3 or above. Dr. Nathan thanked the Board for the opportunity to build curriculum and share testing results.

There were no questions or comments from Board members.

PUBLIC COMMENTS

Board President Kaish opened the first opportunity for public comment and explained that the comments for this section were received on a form that was open and available on the district website up until the start of this first opportunity for public comment. All submissions containing all required fields completed were viewed during the meeting and are included in these minutes in their entirety. Ms. Kaish turned the meeting over to Board Attorney Mark Toscano to read the public comments.

Mr. Toscano read the following written public comments:

As an Instructional Assistant at High School South I have experienced the trying times with regard to virtual teaching/learning. Along with that I am an avid watcher of the news. I see, as I am sure You ALL do, the coved-19 numbers rise as we attempt to return to some kind of new reality. We are ALL learning how to live with this virus. (Masks, gloves, social distancing, limited social engagements.) I hope that a vaccine will be developed and proven to be effective in the battle against coved-19. We seek to protect Ourselves, our Families, and our Community. The decision to not participate in sports this fall was the right one. The well being of our students (your Sons and Daughters) was

paramount in the decision making process. I would rank that deliberation and decision as among the top two important decisions that were made; the other being the decision to open our schools under a hybrid model. Education is being conducted. All our staff, (Administration, Teaching, Support, Custodial) are laser focused on teaching and protecting our students (your Sons and Daughters.)

"Thank you for opening the schools for those students who wanted to be in school. With all of Dr. Aderhold's tweets @GovMurphy I wasn't sure our district was going to be opened. My freshman at HSS chose hybrid because the virtual spring experience was lacking for many reasons. He knew hybrid would mean masks all the time, 6 feet distance, less students in class, and missing teachers, yet he wanted to go to school! What he didn't expect was to be in a classroom with both him and his teacher sitting at desks logged onto zoom.

I emailed Dr. Nathan and spoke with her yesterday regarding some of my concerns. I was happy to hear that the district is listening to parents and teacher feedback and I hope the district uses that feedback to improve the hybrid students educational experiences. I understand over the summer a lot of time was spent on professional development for the virtual experience, however, what about the hybrid students? Are there plans for professional development for the hybrid experience? Why aren't there cameras in the classrooms (like an owl camera) so the teacher can teach like they have in the past-there isn't any engagement with the students in the actual classroom? Why are the textbooks, which the district has, not being handed out to those students that want one in all classes? The online textbooks just increase screen time and I certainly don't want my son on the screen more than he already is!

When Governor Murphy shut down the schools, he had benchmarks the state had to hit in order to open up again, which has been happening for a few months now. What are the requirements that will determine when students can be full time in person if they so choose? We know what the parameters are to shut down, but is there a plan in place for our district to move forward and if so what is it? In addition, he allowed sports to resume in early July, however, WWP decided not to participate in fall sports. What are the guidelines WWP has in place for sports to resume?

Thank you"

"Princeton ISD recently invested in the Distributed Learning platform, Canvas, for their students. Given the limitations of Google Classroom's functionality, is the WW-P school district investigating investing in a DL platform like Canvas or MoodleRoom that offers a more comprehensive platform to support teachers and students learning? If so, what is the platform and timeline for roll out across the district and if not, why not?"

It has become apparent that not all teachers have received the necessary technological resources to utilize Zoom synchronistically in the classroom (i.e. they still need to connect their lap tops to a larger screen and need a secondary camera to point at themselves and the in class students so that the virtual students can see and hear the teacher alongside their in class mates. Are these additional tools being procured for all the classrooms and if so what is the timeline for the roll out in the classrooms? If not, why not?

It appears that the academic school calendar for 2020-21 was not revised to adapt to the new virtual/hybrid format. What will be the schedule for virtual and hybrid half days for the upcoming teacher conferences? What will be the schedule for "snow days" given that teachers and students have access to the virtual platform?

Given that parents are not allowed access into the schools during the hybrid school day due to reasons pertaining to COVID, what are the protocols in the event of an emergency? How does COVID shift internal responses in the new hybrid model in the event of an emergency?

"I have already raised all of these issues at the building level. I have yet to get any answers.

1. Besides the teacher, who should we notify when your child cannot log in to a Zoom meeting?
2. If your child cannot get into the Zoom meeting for no fault of their own, is that an unexcused absence?
3. Is the district tracking the hours of instruction lost because students cannot connect to a Zoom class? If so, what do they consider an acceptable and unacceptable amount of time lost? One week, my son lost 50% of math instructional time because he could not connect to the Zoom meeting.
4. How has the science curriculums been adjusted to accommodate the virtual model?
5. What virtual science resources are now available for the students?"

1. For science, how has/will climate change be incorporated into all the science topics?
 2. For math, are there updates/enhancements of statistics/financial literacy to better prepare our children for real-life, practical math?
 3. For literacy, in which ways have diversity increased? Is it simply racial diversity, or also gender and religious diversity? Do we have numbers on how much more?
 4. Does AP European History discuss the history of colonialism in a holistic and more honest manner, including the Atlantic slave trade?
 5. What would it take to expand Dual Language Immersion to all the lower elementary schools in WWP?

I am glad to hear that WWP is looking at learning through a different lens and am happy to hear that the district is choosing more diverse and anti-racist text. I've often spoken with African American parents and students who feel the literary choices were biased and in some cases, racist. I look forward to working with the district to make positive curriculum changes while still continuing to teach our kids the literary canon. "

The Board President closed the first public comment section as there were no other public comments at this time. Ms. Kaish offered the superintendent the opportunity to respond to the public comments.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold responded to the comments regarding the academic calendar, explaining that he is awaiting guidance in writing regarding virtual instruction on Election Day and emergency closing days. He is also awaiting additional guidance on the no visitor policy in the event of a student emergency, such as a medical emergency. Dr. Aderhold responded to curriculum comments by explaining that the technology the district is using is evolving, as is teachers' experience with that technology. However, there are some supply chain issues surrounding technology resources. Dr. Nathan responded to public comments regarding curriculum by explaining that the curriculum documents are online so the public can read them. She also conveyed that she is open to receive emails from parents for further discussion of curriculum. Dr. Aderhold commented that curriculum is on a revision cycle, but sometimes the cycle is disrupted due to mandates from the state.

COMMITTEE REPORTS

Ms. Kaish turned the floor over to Board member Anthony Fleres to begin the committee reports.

Administration & Facilities Committee

Board member Anthony Fleres reported that the Administration & Facilities Committee met virtually on September 15, 2020, and received an update on the opening of school. Dr. Aderhold and Mr. Earle provided an overview of the implementation of health and safety protocols; transportation; curriculum and instruction using digital content; and the entry and exiting of the buildings, which includes temperature checks and a health screening process. Mr. Earle provided the committee with a brief update on concerns raised related to technology and access for students and staff. All concerns are being addressed and the systems are operating more efficiently. Special Education Consultant PCG met with Dr. Aderhold, Mr. Earle, and the Director of Special Services, Karen Slagle, to discuss the next steps in the review process. PCG provided recommendations on how to use virtual tools to safely begin the "in-person" component of the review process. Areas of discussion included "In-Person File Review", "In-Person Classroom Walkthroughs" (to be completed virtually), Virtual Staff Interviews, and Virtual "Student Focus Groups". The District and PCG agreed to adjust the timeline for delivery due to the limited access of the "In-Person" component of the review. The Committee discussed the Referendum projects. Last week, electricians were installing the new HVAC duct smoke detectors and addressing the remaining troubleshooting of the new devices. OSI predicts that they will be ready to finish the system startup and have their Township inspection by early next week. Security vestibule renovations are underway; the exterior doors will be replaced and card readers will be moved. Toilet rooms at Dutch Neck are substantially complete and are approved for use. GMS construction is moving along well and is on target for completion on the designated date. Contractors at CMS have mobilized and construction is underway; the contractor is digging and pouring footings, and laying foundation block. The front parking lot at HSS is complete including the Basin and waiting on site lighting. Phase 2 at HSS is awaiting a mobilization date. The Committee discussed the Equity Update process. The new Diversity, Equity and Inclusivity coordinator begins in-district on Wednesday, September 15, 2020. The next meeting with the African American Parent Support Team is scheduled for September 29, 2020, to continue ongoing equity work.

Curriculum Committee

Board member Dana Krug reported that the Curriculum Committee met virtually on September 14, 2020, and discussed the summer Financial Literacy course that was provided virtually. The Committee received a preview of the Curriculum and Testing report presented tonight. The Committee reviewed the following new and/or revised curricula and supports the approval of the following curriculum documents: AT Physics,

Essential Literacy, Algebra 2 H&A, Algebra 1/Algebra 1 Honors, and Math 7/Math 7 Honors. The committee reviewed and recommends approval of several professional development consultants, including Flemington-Raritan Regional School District to provide 2020-2021 Reading Recovery professional development and technical support for nine (9) reading recovery teachers, Reading and Writing Project Network training through Columbia University paid through 2021 Every Student Succeeds Act Title II grant funds, and two virtual Fishbird Training workshops for district staff members including Kolbe Index A assessments for all participants. The Committee recommends approval of District wide licensing of CogAT Online, which will replace InView for cognitive testing for 2nd and 5th grade. CogAT can be used remotely and is a digital assessment similar to InView.

Finance Committee

Board member Louisa Ho reported that the Finance Committee met virtually on September 14, 2020, and reviewed the reopening of schools. Staff reported opening day went well. There were some glitches with the thermal cameras in some schools on day one, so hand-held thermometers were used when there were issues. In most buildings, they worked fine. By day two, most of the kinks were worked out and morning entry into the school ran smoothly. Transportation went well with all students arriving to school and returning home safely. There was an incident where a bus tapped a pole while making a turn but no one was hurt. The Wi-Fi has been moving more slowly this year than in the past. One reason is that, while cleaning this summer, ABM unplugged phones in the rooms. Each phone has its own IP address and port, so phones that were plugged into a different port when replaced, slowed the network as it searched for each phone. The second reason was due to the upgrading of access points in certain schools, which, due to the pandemic and the need to hand out devices, was not completed. The mix of new and old equipment is causing the network to run slower. The third issue is the fact that video “hogs” bandwidth, so we needed to install a limiter on the ability of any one unit to “hog” this space. The system is now running well. We are dealing with call-outs of staff members and have a few staff members that are quarantined. We have had some students sent home for quarantine and some students that just returned from international travel. The committee discussed different scenarios regarding concern over possible staffing shortages. We are nearing 70% of students learning virtually. The District has ordered 500 Rabbit Air Purifiers that contain five filters for classrooms that are being used. One filter is a HEPA filter, one is a carbon filter, one is a particulate filter and another is a germ filter. These are small stand-alone units. The Committee reviewed tonight’s agenda items. The monthly financial reports were reviewed. The NJ Schools Insurance Group (NJSIG) grant acceptance for \$19,474.65 on the agenda will be used to replace our AED devices and supplies that reached the end of their useful life. There is a motion for furniture for the Community Middle School expansion through NJ Cooperative Bids. There are motions to reduce transportation contracts due to the pandemic where students attended school remotely. There are also approvals for a few contracts that were needed for students that did attend in-person programs. Staff reported that work on the 2019-2020 audit continues. Staff reported on Summer Projects. Work is beginning on the salt storage sheds at the Village School and High School North. Roofing work continues at HSN. The bus storage area at HSN is complete. We are looking to add concrete wheel stops so the buses do not hit the fence as they are parking. The new HVAC unit in the OT/PT room at the Maurice Hawk School is operational and work has completed. The expansion of the Community Middle School is moving rapidly with footings poured and foundation block being laid. The site work contractor is beginning his work as well. There have been questions from the public regarding the trees in the front and side of Community MS. The administration has discussed this grove of trees with the contractors at every opportunity. An arborist was called in to review the trees on the site and discuss how work can proceed to cause as little damage as possible to this grove. The arborist uncovered that many of the trees are unhealthy. The Committee discussed ESIP construction. HVAC work continues at HS South. HVAC work at Dutch Neck is complete. Work will shift to Community Middle School for boiler replacement and HVAC work. Solar installation continues at Village and Dutch Neck. The installation is mostly complete at Millstone River; we are waiting on final connectivity. Overall,

ABM is doing a good job of providing custodial services and has been able to staff the District as required. Staff reported that the first weekly food distribution took place Monday night. The boxes will contain pre-packaged breakfasts and lunches for five days. On the agenda are many corrections to contracts that did not run during the summer. There is one contract to pay a parent to transport their child to a private placement and a few contracts for students attending out of District schools. The Committee discussed some academic changes for this year regarding Math 7 and Algebra 1. For these courses, Honors and College Prep classes were combined to open up the acceleration opportunity to more students. Historically, the movement of students between programs has created scheduling problems, which has limited student access. This will allow for individualized progress by each student and will help with logistics and equity of the scheduling. The changes reduce the structural limitations of the schedule and provide more access. The New Jersey Student Learning Standards (NJSLs), texts, and teachers for these classes are the same. The students enrolled in the Honors course will be assessed differently, will be required to solve conceptual problems that are more complex, and will be asked more often to apply their knowledge to new and different situations. These changes do not affect the A&E Math program.

APPROVAL OF MINUTES

Upon motion by Mr. Fleres, seconded by Ms. Ho, and by affirmative voice vote of all present, the following Board of Education minutes were approved: September 1, 2020 Meeting and September 1, 2020 Closed Executive Session.

PUBLIC COMMENT

Board President Kaish opened the second opportunity for public comment and explained that the comments for this section were received on a form that was open and available on the district website up until the start of this second opportunity for public comment. All submissions containing all required fields completed were viewed during the meeting and are included in these minutes in their entirety. Ms. Kaish turned the meeting over to Board Attorney Mark Toscano to read the public comments.

Mr. Toscano read the following written public comments:

Makarand Bidwai, 213 Carnegie Center Unit 7782, Princeton, 08543 wrote:
"According to NJ Gov Murphy's EO #175 of 2020 AUG 13:

""[Page 12 of 15, Item10] a. A school day, whether in-person or remote must consist of at least four (4) hours of active instruction to students by an appropriately certified teacher, except that one continuous session of two and one-half hours may be considered a full day in kindergarten, pursuant to N.J.A.C. 6A:32-8.3.""

For the health of the pupils, this at least must at once be treated as ""at most"" four (4) hours, or 240 minutes total with at least 10 minutes break in between:

A Middle School sample schedule of 40 minutes periods|modules =

- (1) 0740 0820 virtual arrival
- (2) 0830 0910
- (3) 0920 1000
- (4) 1010 1050
- (5) 1100 1140
- (6) 1150 1230 virtual dismissal

This is 240 minutes that satisfies the state's mandate. Please spare the cruelty of staring at the screen for no more than four (4) hours while you adhere to the EO vs the whopping 330 minutes or 6.5 hours. Is this crossing some one's minds?

An Elementary School sample schedule of 40 minutes periods|modules =

- (1) 0840 0920 virtual arrival
- (2) 0930 1010
- (3) 1020 1100
- (4) 1110 1150
- (5) 1200 1240
- (6) 1250 1330* virtual dismissal

*Military times

This is 240 minutes that satisfies the state's mandate. Please spare the cruelty of staring at the screen for no more than four (4) hours while you adhere to the EO with uniform length vs from 36 to 40 minutes periods|modules presently and 298 minutes or nearly 5 hours. These are younger kids and enough is enough at 4 hours and no more, please.

It is very evident that the full resources are applied to in person, and the virtual is relegated to an inferior status but ""filled-in with endless minutes as if it mimics the in person"" but sans its resources. I'd requested that props and kits to perform Math and Science and other subjects be packed for a monthly pick up by the parents. The online schools are there for over a decade now that do this with boxes of materials for the duration. Can we learn from them?

Unfortunately, if Dr Fauci, NIH, NIAID Director is to be believed as all believing in science do, then 2021_2022 school year will be online as well as a vaccine does not jump start the American economy or education. It needs time to permeate to create an artificial herd immunity, as the natural herd immunity happens in the background.

So please do not treat the virtual population as an after thought, and disposable or make believe by adding hours to match and mimic the in person vs adding resources much deserved by the virtual. That is, decrease the hours to no more than 4 per school day, and add resources packets for parental pickup. Many district already have a virtual academy. Why the WWP has no vision?"

There we no other public comments. Board President Kaish closed the second public comment section and thanked those who shared their comments.

RECESS INTO CLOSED EXECUTIVE SESSION

Board President Kaish expressed the need for the Board to return to executive session and read the following resolution:

BOARD PRESIDENT’S COMMENTS

Board President Kaish welcomed everyone to the meeting and explained there was an executive session earlier so the meeting had already been called to order.

SPECIAL PUBLIC HEARING ON THE 2019-2020 ANNUAL DISTRICT REPORT OF VIOLENCE AND VANDALISM AND HARASSMENT, INTIMIDATION AND BULLYING

Board President Kaish opened the hearing at 7:34 p.m. by introducing Assistant Superintendent for Pupil Services/Planning, Mr. James Earle, to present the annual report.

Mr. James Earle reported that, during the month of October, the District is required to present the Annual District Report of Violence and Vandalism and Harassment, Intimidation and Bullying to the Board of Education in accordance with state statutes. He explained the incidents required to be reported through the School Safety Data System (SSDS), including acts of violence, vandalism, HIB, weapons, and substance abuse. Mr. Earle reviewed the district’s mission statement: “Building upon our tradition of excellence, the mission of the West Windsor-Plainsboro Regional School District is to empower all learners to thoughtfully contribute to a diverse and changing world with confidence, strength of character, and love of learning.” Mr. Earle then outlined the types of activities that took place at the elementary, middle, and high schools during the first week of October, designated as the “Week of Respect” in accordance with the Anti-Bullying Bill of Rights. He also reviewed the State’s definition of HIB: “Any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory [handicap] disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function [or], on a school bus, or off school grounds as provided for in section 16 of P.L. 2010, CHAPTER 122, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students.” Mr. Earle then presented the statistical data of the Violence and Vandalism Report that included the following: HIB investigations as compared with founded HIB cases for the past two years, HIB patterns and trends, the breakdown of incidents by reporting category, and incident category totals by school.

Mr. Earle reviewed School Violence Awareness Week, the third week of October, during which the district provides a variety of activities at each school to help prevent school violence. These activities provide age-appropriate opportunities for students to discuss topics regarding conflict resolution, address issues of student diversity, and promote tolerance. The district will continue to provide proactive programs for student development and school violence awareness during the course of the school year. New for the 2020-2021 school year, Mr. Earle highlighted that the district hired Mr. Anthony Jones as

the Diversity, Equity, and Inclusivity Coordinator. The position was created to conduct an equity audit and assist with student advocacy, creating safe spaces, data analyses, and inclusivity communications.

SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON THE 2019-2020 ANNUAL DISTRICT REPORT OF VIOLENCE AND VANDALISM AND HARASSMENT, INTIMIDATION, AND BULLYING

Ms. Kaish turned the meeting over to Board Attorney, Mark Toscano, to relay changes to the format for public comment during virtual meetings.

Mr. Toscano explained that in March, the legislature and governor took action to amend the Open Public Meetings Act (OPMA) to allow public bodies to conduct public meetings virtually. The Division of Consumer Affairs (DCA) was charged with issuing regulations to help facilitate the meeting process. On March 23, the DCA issued a guidance document that the Board and all public bodies have been following up to this point. Within the last week or so, the Department of Consumer Affairs issued actual regulations. The District is making changes in response to those regulations. He explained that the notice of the meeting includes instructions on how to make public comment. In addition, during the public comment period for a virtual meeting, the public must be given the opportunity to submit written comments in advance of the meeting, as well as to comment in the same format that the meeting is being held, in this case, audio and video. We have implemented those changes for tonight, making the board substantially compliant with the regulations.

Ms. Kaish thanked Mr. Toscano for the explanation and read the following statement:

The Board invites thoughts and reactions on agenda items and items of concern from members of our community who submitted written comments to the Board Secretary prior to the submission deadline for this meeting and from those who have signed up on the form to comment via video and/or audio that was open and available on the District website up until the start of this Special Opportunity for Public Comment. Any written comments that were submitted prior to the deadline for this meeting will be read aloud by the Board Attorney for three minutes in accordance with Board Policy 0167. Members of the public who did not submit written comments and who have signed up will be offered the opportunity to make their comments via video and/or audio. Members of the public will not be permitted to submit both written comments and make additional comments via video and/or audio. Each comment should be directed to the Presiding Officer, not individual members of the Board, and must be made in accordance with the procedures and three-minute time limit set forth in Board Policy 0167. If the comment extends beyond three minutes, speakers will be asked to conclude their comments and may be muted by the Moderator. Once an individual has finished their comment or their three minutes has expired, their audio and video will be turned off by the Moderator. This public comment period shall be limited to 15 minutes.

There were no public comments regarding the 2019-2020 Annual District Report of Violence and Vandalism and Harassment, Intimidation, and Bullying. Ms. Kaish closed the public comment period.

APPROVAL OF THE REPORT

Upon motion by Ms. Juliana, seconded by Ms. Krug and by roll call vote with all Board members present voting yes, the following board action was approved:

1. To accept the “2019-2020 Annual District Report of Violence and Vandalism and Harassment, Intimidation, and Bullying” as required by the New Jersey State Department of Education (N.J.S.A. 18A:17-46 and N.J.A.C. 6A:16-5.3(f)).

ADJOURNMENT OF SPECIAL PUBLIC HEARING

The Special Public Hearing on the 2019-2020 Annual District Report of Violence and Vandalism and Harassment, Intimidation, and Bullying adjourned at 8:01 p.m. The regular board meeting reconvened immediately.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold thanked members of the community, staff, and administration for all the work they are doing to keep students and each other safe. He explained that there was a COVID positive case of a student at Grover Middle School and reviewed the process of contact tracing. He thanked Jill Swanson and her team and the health department of Middlesex County for their support. Dr. Aderhold asserted that every situation is different and the District is working hard to ensure the safety of students and staff. He explained that the District is being as transparent as possible, but cannot share all of the facts due to privacy rights.

Dr. Aderhold welcomed the student representatives to the meeting. Ms. Kaish expressed that it is nice to have the high school representatives joining the meeting this evening.

STUDENT REPRESENTATIVE COMMENTS

Allison Wu, High School North, reported that this week is the Week of Respect and today was the Act of Kindness Day, which encourages everyone to do something nice for someone else. Yesterday was a day to wear blue to show solidarity against cyberbullying. There are two new clubs to encourage inclusivity and further our work in building a community: Black Student Union (SHADES) and POC Advocacy Group. Conference based clubs are moving over to a virtual format – Medforum’s HOSA competition is coming up in the winter. Model Congress and Model United Nations mocks are starting in the coming weeks. The Student Council has organized a virtual homecoming with court and bulletin boards for each class. PSATs are scheduled for October 14 in school.

Edward Li, High School North, reported on his personal experiences with hybrid and virtual instruction. As a student who has gone through both variations of instruction over the past few weeks, I have noticed that both learning models have their own pros and cons. Initially, I chose hybrid instruction because I believed that in-person learning would allow me to develop better and deeper relationships with each of my teachers while also allowing me to resume a somewhat familiar version of school. As the first week of school passed by, I got to know a lot of my teachers face-to-face as well as the students in my classes. However, I realized that I was one of only 2-3 students in the classroom, which was a little surprising. As the first two weeks passed by and I experienced both hybrid and virtual, I noticed that they were very similar. For this reason, I actually ended up switching to virtual instruction the third week of school, because I felt like it was definitely the right model of instruction for me as it was suitable to my studying and learning habits. A benefit to virtual learning is it provides a more comfortable environment. I was able to effectively use the breaks in between my classes to relax and catch up on my breakfast if I overslept. Overall, I definitely enjoyed in-person instruction as I thought that it was definitely unique, but I did find virtual learning to be more suitable for me. Given that junior year is a very stressful school year for high school students, I was very nervous going into school, especially during the pandemic. However, as summer slowly transitioned into school, I felt that the overall process was definitely very smooth as the school community was very compassionate and understanding.

Saketh Subramanian, High School South, reported that Back to School Night at South is this Thursday, October 8. It will be hosted on Flipgrid, where teachers will upload short videos of themselves describing their classes and how the year is going. If you are unfamiliar with Flipgrid, it is an app as

well as website where many videos can be posted within a forum for easy viewing. Teachers have used it in the past to ask a question and then have students respond in video format. The Back to School Night Flipgrid will be a collection of teacher videos discussing their classes. South's Student Council School Store will also be in on the action. We have been open via Google forms sent out to students in their classrooms, but we will also have a Flipgrid posted showcasing our merchandise for sale. We sell masks, hoodies, shirts, sweatpants, sunglasses, water bottles and more. For all the Pirate parents watching, this is a great way to show Pirate Pride and help support the many events the Student Council holds now and in the future. A virtual Club Fair will also take place on Flipgrid for students to attend. Many clubs have already begun. The Club Fair has no concrete date but further details will be passed directly to students as we get more submissions from clubs and it comes together. Homecoming will be a 2-week event to accommodate both flights of hybrid students. Our Homecoming Court has been named the Captain's Crew this year. In terms of the Captain's Crew, although there will be no King or Queen, we are currently experimenting with different ways to digitally host a live showcase of members of the Crew, of course all within safe social distancing guidelines. We have also been working with South school administration and the fire department to find safe ways to decorate. Again, this is another issue where we will pass on additional information to students, as we know more. There are many issues and events to iron out, so to draw more ideas out from students and hear from them directly, we are hosting Student Council Town Halls for the first time where students can voice their opinions on Homecoming, Spirit Weeks and other events. In the future, we would like to send out forms where they can propose topics and discuss issues they would like to see solved within the school community. We student council members try to speak to as many students as possible about school issues, but we know there are so many passionate students out there we cannot speak to. This is to the benefit of the student body as well as the Student Council so to any Pirate Parents out there, please urge your kids to participate. We would love to hear their ideas. Saketh thanked the Board for their time.

Ms. Kaish thanked the student representatives for their reports.

PUBLIC COMMENT

Ms. Kaish read the following statement:

The Board invites thoughts and reactions on agenda items and items of concern from members of our community who submitted written comments to the Board Secretary prior to the submission deadline for this meeting and from those who have signed up on the form to comment via video and/or audio that was open and available on the District website up until the start of this First Opportunity for Public Comment. Any written comments that were submitted prior to the deadline for this meeting will be read aloud by the Board Attorney for three minutes in accordance with Board Policy 0167. Members of the public who did not submit written comments and who have signed up will be offered the opportunity to make their comments via video and/or audio. Members of the public will not be permitted to submit both written comments and make additional comments via video and/or audio. Each comment should be directed to the Presiding Officer, not individual members of the Board, and must be made in accordance with the procedures and three-minute time limit set forth in Board Policy 0167. If the comment extends beyond three minutes, speakers will be asked to conclude their comments and may be muted by the moderator. Once an individual has finished their comment or their three minutes has expired, their audio and video will be turned off by the moderator. This public comment period shall be limited to 60 minutes.

Board Attorney Mark Toscano reported that there was one written comment and one member of the public signed up to speak. The video/audio comment was taken first.

Sonia Gawas, 28 Melville Rd, Princeton Jct., 08550 commented via audio and video.

Ms. Gawas commended everyone on opening the schools. She commented that both of her students are in hybrid learning, which is better for them than virtual. She questioned the number of students being transported on a single bus and asked if it is possible to consolidate the buses to save money.

Mr. Toscano read the following written public comment:

Christine Hodges, 18 Zaitz Farm Road, Princeton Junction, 08550 wrote:

"When Governor Murphy opened up the schools, he had benchmarks the state had to hit. What are the requirements that will determine when WWP students can be full time in person if they so choose? We know what the parameters are to shut down, but what is the plan for our district to move forward? How many students switched from hybrid to virtual since the first day of school in High School, Middle School, and Elementary School? Did the district ask why the student switched? What changes have been made to the hybrid model to make it a better experience for those students in school? Why can't the hybrid students go each week if they have only 2-5 people in each class? Governor Murphy allowed sports to resume in July, yet WWP opted out of participating. What are the guidelines WWP has in place for sports to resume? Thank you"

Ms. Kaish closed the First Opportunity for Public Comment section.

SUPERINTENDENT'S COMMENTS

Superintendent Dr. David Aderhold provided responses to several questions raised by public comments. He explained that bus runs had to allow for no more than eleven students on each bus. If parents did not opt-out of transportation, the District is required to hold the seat for that student in anticipation that there may be a situation where the student needs to use that seat. Dr. Aderhold reported that there have been 1,335 switches from hybrid to virtual and only 62 switches from virtual to hybrid. Looking across systems, assignments, and staffing, moving to in-person learning more frequently is complicated and has difficulties that may not work well with our instructional programming. He explained that the District is exploring options and discussing the model moving forward. Most likely, the District will try to work within the current model as moving from virtual to hybrid is so complex due to all of the areas it affects. The Superintendent reported that Hopewell and West Windsor-Plainsboro are the only two districts currently open for K-12 in-person instruction. He expressed concerns about the duration the District may remain open due to the rising number of cases. Dr. Aderhold stated that he looks forward to receiving the guidelines from NJSIAA regarding athletics.

BOARD PRESIDENT'S COMMENTS

Board President Kaish welcomed everyone to the meeting and explained there was an executive session earlier so the meeting had already been called to order.

SPECIAL PUBLIC HEARING ON THE SUPERINTENDENT OF SCHOOLS CONTRACT

At 7:33 p.m., Board President Kaish opened the Special Public Hearing on the Superintendent of Schools Contract. Ms. Kaish provided background information on the reasons behind the public hearing on the superintendent's contract this evening. She explained the salary caps imposed by former Governor Christie in 2011, and the elimination of all superintendent salary caps by Governor Murphy in the summer of 2019. The elimination of the superintendent salary caps triggered a clause in Dr. Aderhold's contract allowing for a renegotiation of his contract. Ms. Kaish conveyed that both Dr. Aderhold and the Board agreed to wait until spring of 2020 to take any action in response to the change in the salary cap law. Back in February and March, the Board, with the help and assistance of the Board attorney, Mark Toscano, negotiated with Dr. Aderhold on the terms of a new employment contract. Ms. Kaish explained that, at the time, the Board reviewed and discussed the actions and trends of boards of education in comparable New Jersey school districts to better understand the impact of the elimination of salary caps on superintendent contracts. She shared that an agreement was reached in March as to the terms for a new employment contract, but before any formal action could be taken, the pandemic hit. Given all the uncertainty at the beginning of the pandemic, the Board and Dr. Aderhold mutually agreed to delay moving forward with a new contract at that time. Following the public meeting on September 22, the Board and Dr. Aderhold agreed to move forward on the new employment contract. The new proposed contract, which will run until June 30, 2025, was submitted to the Executive County Superintendent for approval on October 2, was conditionally approved on October 16, and was fully approved on October 20. The Public Hearing on the Superintendent's Contract was advertised as required, and a press release was posted on the district website and broadcast on social media announcing the public hearing and vote. Ms. Kaish noted that personnel matters and contract negotiations are strictly confidential and are not discussed publicly. However, now that an agreement has been reached, and the Board is prepared to vote, Board Attorney Mark Toscano will summarize the terms of the contract that was negotiated between the Board and Dr. Aderhold.

Mark Toscano summarized the three main areas of the contract that were negotiated between the Board and Dr. Aderhold. First, Mr. Toscano outlined the changes to compensation. Mr. Toscano explained that merit goals were eliminated and the salary amount was increased to \$249,900, representing a \$10,000 increase over the total compensation in the current contract. In addition, the proposed contract provides for an annual increase of 2.5% per year, compared to the prior contractual 2% increase, which was mandated by law. Next, Mr. Toscano outlined the terms of the agreement. The current contract would have expired in 2022, but a clause in the contract allowed for its renegotiation if superintendent salary caps were eliminated,

which they were in 2019. The proposed new contract term is 5 years, expiring in 2025. Lastly, Mr. Toscano outlined the fringe benefits modifications. The proposed contract allows for 2 additional personal days, membership in 2 additional associations, and 3 additional days of vacation. A provision was added to allow, during a school year in which there is public health crisis for at least 3 months, for vacation days not used to roll over to the subsequent school year. Mr. Toscano explained that there were other minor revisions made to legal wording or wording changes requested by the county office. The proposed contract was approved by the county executive superintendent and found to be in compliance with New Jersey Department of Education fiscal accountability regulations and found to be comparable to similar districts.

SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON THE SUPERINTENDENT OF SCHOOLS CONTRACT

Ms. Kaish read the following statement:

The Board invites thoughts and reactions from members of our community on the Superintendent of Schools Contract who submitted written comments to the Board Secretary prior to the submission deadline for this meeting and from those who have signed up on the form to comment via video and/or audio that was open and available on the District website up until the start of this Special Opportunity for Public Comment. Any written comments that were submitted prior to the deadline for this meeting will be read aloud by the Board Attorney for three minutes in accordance with Board Policy 0167. Members of the public who did not submit written comments and who have signed up will be offered the opportunity to make their comments via video and/or audio. Members of the public will not be permitted to submit both written comments and make additional comments via video and/or audio. Each comment should be directed to the Presiding Officer, not individual members of the Board, and must be made in accordance with the procedures and three-minute time limit set forth in Board Policy 0167. If the comment extends beyond three minutes, speakers will be asked to conclude their comments and may be muted by the Moderator. Once an individual has finished their comment or their three minutes has expired, their audio and video will be turned off by the Moderator.

The following members of the public commented via audio and video:

Maya Kamath, 19208 Warbler Way, West Windsor, commented in support of Dr. Aderhold's contract renewal.

Geeta Telang, 2 Stonewall Drive, West Windsor, commented in support of Dr. Aderhold's contract renewal.

Andrea Bean, 346 Clarksville Rd, West Windsor, commented, personally and on behalf of the West Windsor-Plainsboro Administrator's Association (WWPAA), in support of Dr. Aderhold's contract renewal.

Veronica Mehno, 41 Galston Drive, Princeton Junction, commented opposing Dr. Aderhold's contract renewal at this time, given the pandemic and high taxes. She also questioned the calculations of the salary increase, explaining that the user- friendly budget shows \$204,000 as the Superintendent's salary.

Board Attorney Mark Toscano read the following written public comments:

Harshad Kamat, 17 Parker Rd, Plainsboro, 08536 wrote:

Currently when people are losing their jobs and budgets are tight even with schools, it is not the time that the superintendent gets a 25% raise. There is a reason a contract was signed so the superintendent has job security for 5 years and the salary is locked in. There is no reason why this contract be voided and salary

be raised. I do not see anything extraordinary performance from our superintendent that warrants this exception. It is High time now that the board starts working for the community and not for the superintendent. If the board has so much money to spare, then that money should be used to hire more teachers so that our student to teacher ratio can be reduced which is already over the state limit.

Mary-Vicki Algeri, 5 Meadow Run, Princeton Junction, 08550 wrote:

I write as a parent of a 1st grader and 4th grader in the district. I believe Dr. Aderhold's leadership has been exceptional in ensuring the mission of educating the whole child. Also, my husband and I greatly appreciate his leadership, communication and prioritization of the health and well being of our students and community during the pandemic. I am in education professionally and know him as a leader in the field, and he is seen as such in wide circles in education. Our hope is that we do everything to keep him in our district.

Benjamin Bratton, 119 Acadia Ct, West Windsor, 08540 wrote:

Our family is proud to be a part of the outstanding WW-P district and we appreciate the leadership provided by the board of education and Dr. Aderhold (along with the other outstanding district and school level administrators).

I know that Dr Aderhold has been working diligently (attends state level meetings as well as township planning board meetings and overseeing construction as well as getting grants for construction) and had WWP open with a hybrid model while other districts remained remote. I commend his efforts. However, this is his job. I would expect nothing less from a superintendent in such a high quality school district. In regards to his new contract, I suggest waiting till March or April 2021, as we dont know whether the district will close again due to a rise in cases. It is still too early to say whether current implementation has been successful. In regards to the salary, I propose a yearly 2% salary increase to keep up with inflation from a current base salary of \$204,526. I believe a school board member mentioned that his total compensation would be \$240k for 2020. I believe the new contract should also include "bonuses" as well. However, I am in protest for a guaranteed salary of \$249k per the new contract request. I am not opposing Dr Aderhold in having a salary increase but the some component of his pay should be tied to performance, which should be specifically laid out in his new contract.

Vasanti Anand, Scott Ave, West Windsor, 08550 wrote:

Dr. Aderhold has demonstrated extreme resilience and courage in listening to each and every parent's voice with unwavering dedication. I strongly support renewal of his contract and need his leadership and support in helping us resume normalcy in the face of adversity. We are the one of the only few districts who started with both hybrid and virtual options even though there was constant criticism or lack of governor support at the state level. My sincere thanks to Dr. Aderhold for doing all that he does for us in the ww-p community. A huge Thank you!

I would like to sincerely thank Dr. Aderhold for working tirelessly and extensively to ensure the safety of our kids during this pandemic. He had the insight of asking so many questions early on in the summer to our Governor. He always asks the parents and is data driven and scientific in his approach. Please do renew his contract.

APPROVAL OF THE SUPERINTENDENT OF SCHOOLS CONTRACT

Upon motion by Ms. Juliana, seconded by Mr. Fleres, and by roll call vote with all Board members present voting yes, the following board action was approved:

1. Whereas, the West Windsor-Plainsboro Regional School District Board of Education ("Board") desires to maintain Dr. David Aderhold in the position of Superintendent;

Whereas, the Board and Dr. Aderhold engaged in good faith negotiations for a new employment contract for Dr. Aderhold to remain in the position of Superintendent, and that would be effective July 1, 2020 through June 30, 2025;

Whereas, pursuant to N.J.S.A. 18A:7-8(j) and N.J.A.C. 6A:23A-3.1(a), the Board also forwarded the proposed Employment Contract for Dr. Aderhold to continue to serve as the Superintendent to the Interim Executive County Superintendent for Mercer County for approval, and has received written approval and notice from the Interim Executive County Superintendent for Mercer County that it has been determined that the proposed Employment Contract for Dr. Aderhold is in compliance with the Fiscal Accountability, Efficiency, and Budgeting Regulations;

Whereas, the approved new Employment Contract for Dr. Aderhold replaces and supersedes all prior Employment Contracts, both expressed and implied, between the parties hereto for the time period of the new Employment Contract, and by approving and signing the approved new Employment Contract both the Board and Dr. Aderhold assent to a rescission of any and all prior contracts for the time period of the new Employment Contract, as well as agreement to the terms herein, except as noted and provided for in the approved new Employment Contract for Dr. Aderhold; now, therefore be it

Resolved that the Board approves and adopts the Employment Contract for Dr. David Aderhold to continue to serve as Superintendent, consistent with the terms and conditions set forth therein, and as approved by the Interim Executive County Superintendent for Mercer County, per N.J.S.A. 18A:7-8(j) and N.J.A.C. 6A:23A-3.1(a).

ADJOURNMENT OF SPECIAL PUBLIC HEARING ON THE SUPERINTENDENT OF SCHOOLS CONTRACT

The Special Public Hearing on the Superintendent of School Contract adjourned at 8:03 p.m. The regular board meeting reconvened immediately.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold thanked the board and the public. He expressed great pleasure in serving the district and the community. He thanked members of the leadership team for their constant support and dedication to the community. Dr. Aderhold explained that he has served in leadership roles in associations, has been an advocate for districts and students, and stands up for educational rights of all students in our state. He commented that, as this is day 36 of school this year, we keep plugging forward, constantly reviewing the model and working to get the special education community, and students that need more support, in the buildings more frequently. Dr. Aderhold provided some information regarding COVID-19 cases in the community. He urged parents and students to use caution, and continue to adhere to the

safety protocols designed to help keep students and staff safe, which in turn will enable schools to continue to operate on a hybrid model.

PUBLIC COMMENT

Ms. Kaish read the following statement:

The Board invites thoughts and reactions on agenda items and items of concern from members of our community who submitted written comments to the Board Secretary prior to the submission deadline for this meeting and from those who have signed up on the form to comment via video and/or audio that was open and available on the District website up until the start of this First Opportunity for Public Comment. Any written comments that were submitted prior to the deadline for this meeting will be read aloud by the Board Attorney for three minutes in accordance with Board Policy 0167. Members of the public who did not submit written comments and who have signed up will be offered the opportunity to make their comments via video and/or audio. Members of the public will not be permitted to submit both written comments and make additional comments via video and/or audio. Each comment should be directed to the Presiding Officer, not individual members of the Board, and must be made in accordance with the procedures and three-minute time limit set forth in Board Policy 0167. If the comment extends beyond three minutes, speakers will be asked to conclude their comments and may be muted by the Moderator. Once an individual has finished their comment or their three minutes has expired, their audio and video will be turned off by the Moderator. This public comment period shall be limited to 60 minutes.

Board Attorney Mark Toscano reported that there was one member of the public signed up to comment via audio and video, Nam Nguyen, 41 Sapphire Drive, West Windsor. At the time of this first opportunity for public comment, Nam Nguyen was not present at the meeting and therefore no comment was made.

Mr. Toscano read the following written public comments:

Given that 1400 children dropped out of the hybrid learning and only 100 joined, the demands on in-person learning have changed. Other states and townships have prioritized children in need for special education for extended in-person learning. Is the district considering extending the duration of in-person learning for students with IEP? When will the district revise all IEPs that are currently designed for in-person learning? What actions is the district planning to take to ensure children of special needs are not continuing to suffer from educational and mental health implications due to the lack of public education services that meet their needs?

Jennifer Riccards, 85 Warwick Rd, West Windsor, 08550 wrote:

"I am the new President of SEPTSA, the Special Education Parent Teacher Student Association for the district. I am asking you to consider allowing as many students on IEPs as possible to attend school every day in person, not just every other week. With the recent email from the district regarding the 1400 students who have shifted to all virtual from hybrid, it seems that:

- since there are less than 1000 students on IEPs in the district, and
- some of those are all virtual and want to remain all virtual for various reasons, and
- many of those are in self-contained programs and thus are already in full time; then

There should be room in most classrooms and on most buses to allow more IEP students to attend full time.

National research shows that special education students, more than almost any other subpopulation of students, are most disadvantaged with virtual education. I have heard story after story from WWP parents saying that their children are doing well when they go into the building but fall apart at home. They desperately need the support and structure that is provided by in-person learning.

I understand that this may not be possible in all grades or all schools. But I think parents of students on IEPs would be extremely appreciative if an effort was made to accommodate as many special education students in person as possible. And most would understand if there was a particular situation in a grade or school that would not allow for that to occur.

I have also heard multiple times from district staff that more students cannot come in person because of possible new students moving into the district that may need to be accommodated. I am disappointed that the district would prioritize the needs of a few hypothetical future students over the immediate needs facing current WWP students and protected under federal law.

The spring learning situation was not easy for anyone, but was especially difficult for students with special needs. Please, please consider prioritizing their needs now and allow as many students on IEPs to attend class full time starting in the next marking period. Thank you."

Christine Hodges, 18 Zaitz Farm, Princeton Junction, 08550 wrote:

"The WWP District Learning Model email that was sent out yesterday stated that over 1,400 students moved from hybrid to all-virtual (from Sept 8th? or from the initial survey?). Did the district ask those parents why they were moving their students? What is the current breakdown (in numbers and percents) of hybrid students in the district by schools. I'm most interested in South but it would be nice to know the current status of all hybrid students in the district. What is the district's benchmark to allow the hybrid students to go every week since the hybrid numbers are so low?

At the last BOE meeting one of the North student council representatives gave a brief overview of his hybrid experience and said why he changed to all-virtual. It was similar to what a lot of hybrid students have been saying. There isn't any difference between hybrid and all-virtual so why do hybrid. The students have to get up earlier to go to school to sit in their classes on zoom so what's the point. Why not relax at home where you can go grab food, text your friends, or play Among Us or Minecraft while in class?

I spoke with Dr. Nathan over a month ago and asked what the district was going to do to make the hybrid students experience better. She said that the district was getting feedback from parents and teachers and was looking into options. What were the suggestions/responses from parents and teachers and what did the district change in the hybrid experience? I asked the same question at the last BOE meeting. What is the district doing to improve the hybrid learning experience? I haven't seen any district emails addressing improving the hybrid experience or heard of improvements and the kids have been in school for 7 weeks now. What resources are the district providing to the in-school teachers to help them make their hybrid students experiences better since the teachers summer training was focused on the virtual experience?

Covid isn't going away. The district has to figure out how to make the hybrid experience better for those students who want to be in school by giving the teachers support, guidance and resources."

Dr. Aderhold reviewed the attendee list to allow Nam Nguyen an opportunity to comment via audio and video, however, there was no one by that name signed on to the meeting.

Ms. Kaish closed the First Opportunity for Public Comment section as there were no other comments.

SUPERINTENDENT'S COMMENTS

Superintendent Dr. David Aderhold explained that the District is looking at special education programs and the possibility of providing additional in-person learning for students who need additional support.

COMMITTEE REPORTS

Ms. Kaish turned the floor over to Board member Anthony Fleres to begin the committee reports.

Administration & Facilities Committee

Board member Anthony Fleres reported that the Administration & Facilities Committee met virtually on October 13, 2020, and received an update on the opening of school. Students, staff and community are complying with health and safety protocols when present on District property. District officials are engaged in COVID tracking and contact tracing when necessary. Transportation has gone well, with buses operating at approximately half the recommended student capacity in some areas. The District is currently discussing the possibility of allowing some groups of Special Education students to attend school each week. Teachers are adapting well to virtual instruction and the District continues to address concerns as they arise. The committee reviewed policy updates for P2464-Gifted and Talented Students. The committee recommends the policy for first reading. The committee discussed supporting current residents who may have family emergencies and need to travel out of the state or country. Building administrators and the Assistant Superintendent for Planning and Pupil Services, Mr. James Earle, will work with families on an individual basis if they need to travel for emergencies. Health & safety guidelines will be applied including mandatory quarantines, if appropriate. The A&F Committee reviewed two drafts of the 2022-2023 Academic Calendar. Draft calendars will be shared with district administrators and stakeholders for input. Calendars will be reviewed at the next A&F meeting for potential edits. The A&F committee began a discussion about Winter sports. The committee was informed that Winter Sports registration would open on Friday, October 16, 2020, to gauge interest from student-athletes about participation. They are scheduled to meet again on Thursday, October 15, 2020, to continue the discussion around the logistics of operating winter athletics including Health & Safety Procedures, Practice and Game Competition, Transportation, Spectators, Scheduling and NJSIAA rules and protocols. Registration closes on November 8, 2020, and the District will assess Winter Sports programs at that time. Special Education Review Consultant, PCG, began virtual classroom observations during the week of October 19, 2020. Observations are scheduled to be completed by the end of December. The Committee received updates on referendum projects. Millstone River's Fire Alarm System passed final township inspections on October 21, and punch list inspection for the project is underway. This project is now entering close-out and the new system has been functioning well. HSN HVAC upgrades are progressing and Preferred began installation of hot water pipes above the main office areas of the school. Installation of new boiler room controls continues at Millstone River and preparation to flip the existing boilers over to the new controls system is underway. Preferred is finishing the piping of the new HVAC water chemical treatment system this week. Millennium is back on site today to start remaining door work including wiring of door operators. Toilet room renovations are complete. Phase 1 site work at High School South is complete and the contractor will be removing equipment soon. Permits are expected to be issued for Phase 2 New Construction. Brickwork continues at Grover Middle School around the facade facing the drive lane. Masonry work is nearing completion and HVAC refrigerant piping, ductwork and electrical work installation are on-going. Steel is being erected in Block A at CMS and footings and foundation block work continue at the Block D addition. The Diversity, Equity and Inclusivity Coordinator, Mr. Anthony Jones, provide a brief overview of work in progress. He is the process of meeting with all building level administrators to assess what is working well in the areas of Equity and opportunities for growth. Mr. Jones will continue meetings and share findings with the Assistant Superintendent's office.

Curriculum Committee

Board member Dana Krug reported that the Curriculum Committee met virtually on October 13, 2020, and discussed the current instructional model for virtual/hybrid learning. Dr. Nathan and Dr. Aderhold shared that the current model is constantly being analyzed as we monitor health, safety, the rate of transmission in the state, and our students' learning needs. At this time, the current model will continue with hybrid and virtual students. In order to be responsive to family and staff needs, Dr. Nathan and Dr. Aderhold shared that a structure is being developed to support professional development time for staff while alleviating screen time for K-5 students and utilizing asynchronous time for 6-12 students one afternoon per week. This model would utilize a conference schedule for K-5 students so that all classes would happen in the morning portion of the day and students would not log back in for virtual classes in the afternoon. For 6-12 students, teachers would provide asynchronous assignments and their schedules would remain unchanged. During those afternoon times, staff would be engaged in professional development and collaboration time. More information will be communicated as the plan is further developed. The Committee recommends approval of the following virtual professional development opportunities: Five district employees to attend the Institute to Support High-Leverage Writing Instruction for Students Learning English as a New Language, and up to five district employees to attend the Culturally Responsive Literature Instruction. The Committee recommends approval of the Community Education Winter/Early Spring 2020/2021 Youth and Adult programs. The Committee also recommends approval for the disposal of instructional materials that are no longer a valuable resource: 806 books from the Millstone River School Media Center, 962 books from the High School North Media Center, and 1,356 books from the Community Middle School Media Center.

Finance Committee

Board member Louisa Ho reported that the Finance Committee met virtually on October 6, 2020, and on October 23, 2020. At the October 6 meeting, the committee discussed the health benefits program for District employees, which is up for renewal on January 1, 2021. The District asked the Health Insurance Broker of Record, Brown & Brown Insurance, to investigate various renewal options and costs. Brown & Brown shared with the Committee that if we do nothing else, our renewal would be a 9.9% increase with Aetna. Districts the size of West Windsor-Plainsboro could benefit from a self-insurance option. Brown & Brown shared information regarding the renewal RFP with respect to the State Health Plan, the Schools Health Insurance Fund (SHIF), and remaining with a fully insured product. The Schools Health Insurance Fund (SHIF) is a pooled self-insurance program and is another option for the District. The reason that Brown & Brown is not recommending this as a self-insurance option is that it would require the District to change to a different dental carrier and a different prescription plan. This is both disruptive to staff and could provide worse services to staff. As the discussion continued, it was apparent that self-insuring should be an option. One way in which this benefits the District and its member's premiums is savings on the ACA tax that is required for fully insured products. For WW-P, that tax is \$1 million. The ACA tax goes away January 2021; however, the State of NJ has imposed a new tax in the same amount. If the ACA tax is reinstated in 2021, the tax liability is estimated to be more than \$2 million.

A self-insurance program includes a risk corridor. This means that the district is self-insured for claims up to the maximum number in that "corridor". The district would obtain additional insurance to provide "stop-loss" coverage if claims exceed that maximum number or if any individual has claims in excess of \$250,000 in a claim year. This limits the risks to the District. The District pays the claims up to a point, and then the re-insurer pays the claim. In a self-insurance scenario, there is a fixed cost fee from the plan administrator, in this case Aetna, and an insurance premium from the stop-loss carrier. The administration fees in a self-insured plan are considerably lower than in a fully insured product. In addition, the premium for the stop-loss insurance is only for the stop-loss amount, not the entire cost of the plan as it is in fully insured product. When changing insurance carriers, there are claims that are

incurred before the change date, but submitted after you change carriers. This is called the "run-off". Brown & Brown is developing a proposal for us that includes the cost of insurance to cover the "run-off", for claims incurred during the last 12 months prior to the change in insurance, but not submitted until after the change date. The run-off would be for 3 months into the new plan year. Once your run-off number and stop-loss corridor balance is funded in the first year, this balance carries into future years. Run-off claims are known as claims IBNR (incurred but not reported). Given the current fiscal condition of the State, this may be very important in a couple of years.

Brown & Brown will develop a self-insurance proposal for the District with Aetna, which minimizes the disruption to staff because we currently use Aetna for health insurance. With this option, the District plan, health carrier and network would remain the same; only a new insurance card is needed. The proposal will include an estimate of the claims costs, Aetna administration fees, aggregate stop-loss fees for claims in excess of the risk corridor, stop loss coverage for individual claims and IBNR claims. In addition, the District needs to set aside funds to cover the "risk corridor", not just the expected claims costs. The funds we set aside for IBNR and the risk corridor can be carried over from year to year, if they are not needed in any particular year.

The Committee also met on October 13, 2020. Staff shared that work continues on the audit. The auditor will be available to review the audit at our November committee meeting. The District has received the Certificate of Excellence for the 11th straight year from the Association of School Business Administrators International. The Committee reviewed agenda items for tonight's meeting. Staff reported that the current budget balances to date are similar to prior years. Expenditures and encumbrances are up slightly over last year but the appropriations are as well. There is a motion to accept a Coronavirus Relief Fund Grant from the State of NJ for school start-up costs. The District has also applied to FEMA for cost reimbursement. There is a motion to contract with Millennium Communications to complete the electronic connections to door actuators for the security vestibules. The District has received more ROD grant money for the State share of previous capital projects. The shared services agreement with East Windsor is up for approval. East Windsor provides bus maintenance service to our District. There are some bus contracts for approval on the agenda as well as some employee virtual professional development. There will be a motion on the agenda to approve non-represented employees overtime pay structure in case they are requested to work overtime. Work over 40 hours will be paid at time and a half. This motion is needed to memorialize the amounts for the auditors. In addition, it is needed since the position of Operations Foreman became a Board employee and the technology department members have been putting in additional hours, with approval from the Superintendent, due to the pandemic. Staff shared that work has begun on the 2021-2022 budget calendar. As for general fund trends, the 2019-2020 budget closed out relatively similar to prior years in part due to the need to purchase PPE supplies and equipment. Staff shared that the Annual Required Maintenance Budget Amount Worksheet (Form M-1) is required by the DOE and calculates the minimum amount of money that may be spent on the maintenance of the facilities in the coming year. The form also establishes a maximum maintenance reserve amount and calculates what has been budgeted and/or spent in the last 10 years. The Comprehensive Maintenance Plan (CMP) is required by the DOE and shows what was spent in the prior year, shows what is budgeted for the current year, and estimates what is to be budgeted in the coming year. The committee discussed in detail and at length the pros and cons of self-funding the health insurance program. Staff shared that the food service program is continuing with breakfast and lunch meals being distributed each Monday afternoon for a 5-day period. Changes to the Federal program allowing free meals regardless of income will remain in place until June 2021. The changes have resulted in an increase in meals provided. This Monday, nine hundred students accepted the meals. Over the last several months, local service organizations have participated in our food distribution days, helping them gain access to families that are in need of their services. The Committee discussed transportation options in response to a comment made at the last Board meeting regarding efficiency. Due to the pandemic, bus routes cannot be significantly changed due to several

reasons including CDC recommended capacity and State Legislation that would require a vendor to be paid even if you did not run the route. The routes are currently being reviewed to see if there is capacity on the buses that we currently have if Hybrid Week 1 and 2 were consolidated into one schedule

Staff provided the Committee with an update on construction projects. At Community Middle School, one very large, healthy looking tree was cut down over the weekend because it was in the construction zone. This tree was one of the ones that residents commented about not cutting down. An arborist reviewed the trees in question and said that some of them are not healthy even though they look healthy. The tree that was felled this weekend was hollow even though it looked healthy, which is an example of what was found in the arborist's report. Staff provided the Committee with updates on the ESIP projects. Work is moving along nicely. In HS South, the science wing boilers were replaced and are ready to be started. The cold water and hot water pumps were replaced, as were the pumps for the main boilers. The transformers for the building are being replaced. Work on HVAC controls continues and the air handler in the playhouse will be replaced next week. Variable frequency drive installation will begin on HVAC equipment next week as well. In Dutch Neck, only controls work continues. New boilers were installed in Community MS, with final work being completed for an October 15 start-up. New rooftop units for the HVAC system will arrive shortly for installation in late October or early November. HS North computer room cooling work is going out to bid for installation of equipment. Millstone River emergency lighting system work is going out to bid this week. Schneider Electric handles these bids but follows the 18A:18 NJ Statutes. Mechanical work for Grover MS is going out to bid as well. Lighting retrofit work is substantially complete in Village and will begin in Town Center next week. Bi-polar air ionizer installation is complete at Village, Town Center, Maurice Hawk, and Community MS. HS South is complete with respect to where students are located and work has begun on HS North. Installation of a high efficiency transformer has started at HS South. Schneider has been working closely with the technology department for system access for HVAC controls. Solar panel installation continues at Village. Panels are installed on Millstone River and Dutch Neck and are awaiting final connections and approvals. The installer is mobilizing at Grover MS.

Staff reported that more students have opted for virtual instruction since the last report. There are less students in the building. We have had staff that have tested positive, quarantined and returned to work. The number of people in quarantine has remained approximately constant. Employee travel has been a challenge with respect to personal time use as many areas of destination are on New Jersey's quarantine list.

APPROVAL OF MINUTES

Upon motion by Ms. Krug, seconded by Mr. Fleres, and by affirmative voice vote of all present, the following Board of Education minutes were approved: October 6, 2020 Meeting and October 6, 2020 Closed Executive Session.

LIAISON REPORTS (None)

NEW BUSINESS (None)

PUBLIC COMMENT

Board President Kaish opened the second opportunity for public comment and read the following statement:

The Board invites thoughts and reactions on agenda items and items of concern from members of our community who submitted written comments to the Board Secretary prior to the submission deadline for this meeting and from those who have signed up on the form to comment via video and/or audio that

was open and available on the District website up until the start of this Second Opportunity for Public Comment. Any written comments that were submitted prior to the deadline for this meeting will be read aloud by the Board Attorney for three minutes in accordance with Board Policy 0167. Members of the public who did not submit written comments and who have signed up will be offered the opportunity to make their comments via video and/or audio. Members of the public will not be permitted to submit both written comments and make additional comments via video and/or audio. Each comment should be directed to the Presiding Officer, not individual members of the Board, and must be made in accordance with the procedures and three-minute time limit set forth in Board Policy 0167. If the comment extends beyond three minutes, speakers will be asked to conclude their comments and may be muted by the Moderator. Once an individual has finished their comment or their three minutes has expired, their audio and video will be turned off by the Moderator. This public comment period shall be limited to 15 minutes.

Board Attorney Mark Toscano reported that there were no written comments and one member of the public signed up to speak. One member of the public commented via audio and video:

Veronica Mehno, 41 Galston Drive, West Windsor, 08550 posed three questions to the Board. 1) She asked for verification that Dr. Aderhold would not be receiving any more bonuses going forward, 2) She asked why certain student clubs do not have stipends, such Mock Trial and HOSA at High School South, and 3) She asked for clarification regarding whether or not the District follows Common Core.

Board President Kaish closed the second opportunity for public comment.

Ms. Kaish asked Mr. Toscano to clarify the Superintendent's contract. Mr. Toscano clarified that the new Superintendent Contract does not allow for any merit goals or any merit bonus.

SUPERINTENDENT'S COMMENTS

The Superintendent reviewed the approval process for clubs and activities. He explained the difference between clubs with stipend advisors and student-run clubs. Currently, student run clubs work with volunteers, who are asked to be cleared and board approved. He reviewed the process for approval. Mock trial was built into the budget 2 years ago, was posted last year, and went unfilled. Dr. Aderhold asked Dr. Nathan to comment regarding the curriculum questions. Dr. Nathan explained that the district follows the New Jersey Student Learning Standards, not Common Core. She also explained that the Algorithm for grouping is addressed at a later stage in instruction.

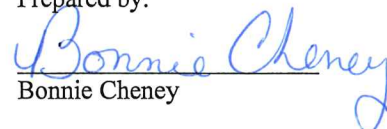

ADJOURNMENT

At approximately 8:56 p.m., by motion of Ms. Juliana, seconded by Ms. McKeown, and by unanimous voice vote of all present, the meeting adjourned.

Dr. Christopher J. Russo, Board Secretary

Mr. Toscano informed the public that, in addition to the items listed on the agenda for closed executive session, the Board also discussed, under item #1, staff and student health issues, and under item #7, Docket 20-CIV5878. The Board President thanked the ten District PTAs, the Special Education PTSA, the African American Parent Support Group, and the West Windsor-Plainsboro Education Association for collaborating to create and sell the spirit wear and for organizing the district-wide Spirit Day that was held yesterday.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold remarked that today was day 49 of the hybrid-learning model. He thanked all staff, students, and families for their efforts to keep schools open. Dr. Aderhold provided an update on the district's status. He reported that since Friday, when a district health and safety update was distributed, 29 additional staff members have been quarantined due to incidents outside of school. He also reported that, since September 8, in totality, 437 students have been quarantined or isolated and 182 staff members have been quarantined or isolated. He expressed difficulty in keeping schools operational as the increase in the number of teachers in quarantine strains the manpower capabilities of the district. He assured the public that the district is going to do its best to keep the hybrid model operational, but the potential of a pivot to all-virtual is becoming more likely. Dr. Aderhold explained the guidelines the district will follow when making determinations regarding in-person learning. He expressed his appreciation to staff members and administrators who have changed their schedules as needed. Dr. Aderhold explained that the increase in the number of virtual students poses additional challenges due to technological limitations. He appealed to the community to exercise caution, fight against Covid fatigue, and continue to keep one another safe.

STUDENT REPRESENTATIVE REPORTS

Saketh Subramanian, High School South, reported that this is the second week of homecoming at High School South. The Spirit Week days are movie themed this year and continuing a 40 plus year tradition, the Seniors are dominating the Spirit Week competition. South has been having a number of virtual student council events, including Trivia Night around Halloween, which was a rousing success with over 150 students turning up to compete. We have also had two virtual town halls where we have interacted with the student bodies, explaining things ranging from the difference between class and student council, to how clubs and student organizations will function this year, to tentative plans for Winter Sports, Washington Seminar, and Prom. After discussing with many teachers, we are also launching a campaign to encourage students to keep their cameras on as teachers have told us they find it difficult to teach a screen of black rectangles. Stay tuned for our advertising materials and videos coming soon. We also ran a State of the Ship Address, where just as I report on High School South at Board meetings, the four class councils and student council provide reports directly to the student body. That video is available on the High School South YouTube account and requires a district email to view. Now that the school year is fully underway, I ran some polls on social media on how students feel virtual learning is impacting their learning experience. The first key finding is that most students empathize with the experimentation process that teachers and administrators have gone through this marking period. Everyone I have spoken with has made it abundantly clear that they understand all the difficulties that teachers face. I want to take this time to thank all of my teachers for the changes they have made to their schedules and the remarkable work they have done in a radically different environment. With that said, one key desire of the student body is more transparency while that experimentation process goes on. Our generation has grown up in a technological world and we are prepared for it, but many students feel that the variability in the mode by which tests are taken and assignments are turned in necessitates more transparency. For example, as teachers switch between having tests on Google forms, Google Classroom assignments, and tests on other websites and services, students struggle to adapt quickly without prior notice and their work suffers. An open dialogue with more teachers needs to be had so that students feel comfortable that their work has not been hindered by a lack of familiarity with the testing software. Beyond that, many teachers have so much to do digitally now that the process of grading suffers. A key mental health concern students have brought to me is that very few grades are being inputted throughout the marking period with a flurry of inputs coming after they have any chance to input their grades. This makes students quite anxious towards the end of the marking period and has an even worse effect on seniors worried about sending these grades to colleges. We all understand the challenges teachers face, but an open discussion about when assignments will be graded to mitigate stress should be encouraged. This is ultimately a less urgent issue than managing public health concerns with more lockdowns and pivots looming but is something we have to address since this is the new normal. I know that we cannot wave our hands and fix this but a general guideline for more transparency from teachers can be issued so that the work and mental health of students is not impaired. Making people with the power to do something aware of the issues students face is the first step to solving this problem.

Allison Wu, High School North, reported on High School North's homecoming plan. This is the second week of Spirit Week which includes days of dressing up and a new activity on Wednesdays where we have students change their Zoom background to a chosen theme, hoping to encourage more students to turn their cameras on and become more active in class. During Spirit Weeks, music that matches spirit days is broadcast between classes to boost morale. Court is setting new precedent of inclusivity with no gender roles and 15 people on court. The winners are named "Knights of the Round Table" and going from two to five people, gender is not factored into court. The Theatre program did a reboot on Halloween to boost school spirit in lieu of a fall program. On Halloween night, the Theatre program did a reboot of Orson Welles's radio broadcast, a broadcast originally

hosted by Orson Welles in 1938 on Halloween eve where he convinced the citizens of Plainsboro of an alien invasion.

Edward Li, High School North, reported on club events. High School North Tutoring Society started tutoring WW-P & High School North students on October 25 several days per week. The National Honors Society is hosting a Thanksgiving food drive. The Mercer County March of Dimes (many officers/members go to HSN) is hosting an art competition; the deadline is November 30. The Red Cross Club is planning a hurricane relief fundraiser. Model Congress participated in Princeton Model Congress on Friday and Saturday with nearly 20 hours of debate covering bills about excise taxes, decriminalization of marijuana, funding wind power, and other topics. The Model Congress delegation won an Honorable Mention for Best Delegation and 16 High School North members and officers were awarded at the conference. The North HOSA team, which consists of around 44 individuals, has begun preparing for the Southern Regional HOSA competition. The professional individual yearbook pictures are being taken this week for virtual students. The professional individual yearbook pictures for hybrid students were taken last week. Club pictures are currently being sent to the Yearbook Club to be included in the yearbook. The first Half-Day Wednesday was November 11. Personally, I thought it was a great experience because it mitigated my eyestrain and allowed an opportunity to stay away from the screens. Teacher professional development started the week of November 8. High school juniors finished taking their PSATs on October 14. Some recent and upcoming SAT testing dates for high schoolers include October 3, November 7, and December 5. Many high school seniors who are applying to colleges for Early Action have submitted their applications, which were due on November 1. However, several colleges have extended this deadline to November 15. Many seniors are experiencing a feeling of stress relief.

Ms. Kaish thanked the student representatives for their reports.

2021-2022 PROGRAM OF STUDIES PRESENTATION

Dr. Pamela Nathan presented information on the changes for the 2021-2022 Program of Studies. She announced that two new courses have been added for 2021-2022. She provided a description of the new Student Research in the Social Sciences Honors SSD course and the new Social Justice: Race, Class, and Gender SSD440, which replaces Multicultural Studies. Dr. Nathan explained that one course, Conversations in Spanish, has not been offered in a few years, and is being removed as a course offering.

The Board engaged in a brief discussion regarding other student research courses.

DIVERSITY, EQUITY AND INCLUSIVITY PRESENTATION

Mr. Earle introduced Mr. Anthony Jones to begin the Diversity, Equity and Inclusivity presentation. Mr. Jones, Diversity, Equity and Inclusivity Coordinator, introduced himself and explained the District's long-term commitment to the work of diversity, equity, and inclusion. He explained that, since his recent appointment, his approach to diversity, equity and inclusion has been through the process of listening, learning, and discovering with various stakeholders at all schools. He highlighted the ongoing efforts of the WW-P Regional School District in the following areas: culturally responsive curriculum, professional development, safe and brave spaces for students and faculty, equity team meetings, and community building. Mr. Jones reviewed the Diversity, Equity and Inclusivity initiatives occurring throughout the District during November and December at various grade levels.

Ms. Charity Comella, Director of Human Resources, outlined diversity, equity, and inclusivity in the hiring practices at WW-P. She reviewed and compared the student demographics and staff demographics

for the District and the nation. She also presented a year-to-year comparison of new hires at WW-P in recent years, showing an increase in the hiring of a more diverse staff. Ms. Comella completed the presentation by explaining the district's actions to recruit more racially diverse staff members.

There were no questions or comments from the Board. Ms. Kaish thanked Mr. Jones and Ms. Comella for their presentation.

WINTER ATHLETICS PRESENTATION

Dr. Aderhold thanked Ms. Dobinson and members of the athletic community for coming together to discuss and provide feedback on athletics. Mr. James Earle introduced Ms. Kate Dobinson to present a Winter Athletic Update.

Ms. Kate Dobinson presented an update on winter athletics. She began the presentation by providing background on Governor Murphy's executive order 187, allowing for indoor sports, but limiting the capacity of indoor events and practices. Dr. Aderhold interpolated that Executive Order 196 was announced last night that further limits the indoor events. Ms. Dobinson reviewed the NJSIAA's guidelines for winter play, which mirror Executive Order 187. She outlined the NJSIAA's timeline for additional recommendations regarding winter sports, most of which should be coming out this week. Ms. Dobinson examined the high school registration statistics, which were 78 percent of what registration typically would be in a traditional year. She explained the ongoing athletic meetings and discussions that have been taking place within the department and in cooperation with the athletic community. Looking forward, Ms. Dobinson outlined the health and safety protocols for future practices and competitions and identified challenges that the District will face in the winter. She finalized her presentation by providing guidance for athlete accountability and responsible behavior.

The Board engaged Ms. Dobinson in a discussion regarding the oversight of adherence to guidelines.

Dr. Aderhold thanked Mr. Earle, Ms. Dobinson, the booster clubs, and the community for coming together to work on athletics. He explained that coaches have been advocating for the students and working on sports specific guidance. He asserted that the District would continue to support connections between coaches and athletes. Dr. Aderhold explained that the District is interested to see the NJSIAA guidance coming out this week. He mentioned that WW-P has been able to keep schools open while other districts have not and that some neighboring districts have not opened their high schools, but proceed with athletics. Dr. Aderhold stated that at WW-P, academics will come first and we will do what we can to add athletics. He announced that the District plans to have a decision by November 30.

PUBLIC COMMENTS

Board President Kaish opened the first opportunity for public comment and read the following statement:

The Board invites thoughts and reactions on agenda items and items of concern from members of our community who submitted written comments to the Board Secretary prior to the submission deadline for this meeting and from those who have signed up on the form to comment via video and/or audio that was open and available on the District website up until the start of this First Opportunity for Public Comment. Any written comments that were submitted prior to the deadline for this meeting will be read aloud by the Board Attorney for three minutes in accordance with Board Policy 0167. Members of the public who did not submit written comments and who have signed up will be offered the opportunity to make their comments via video and/or audio. Members of the public will not be permitted to submit both written comments and make additional comments via video and/or audio. Each comment should be directed to the Presiding Officer, not individual members of the Board, and must be made in

accordance with the procedures and three-minute time limit set forth in Board Policy 0167. If the comment extends beyond three minutes, speakers will be asked to conclude their comments and may be muted by the Moderator. Once an individual has finished their comment or their three minutes has expired, their audio and video will be turned off by the Moderator. This public comment period shall be limited to 60 minutes.

The following members of the public commented via audio and video:

Makarand Bidwai, bidwai.m@gmail.com, Princeton, commented regarding student Chromebooks. He asserted that the current 11-inch Chromebooks are outdated and students should receive bigger and better 15.6-inch Chromebooks. He also referred to an article in NJ.com about the West Windsor-Plainsboro hybrid-learning model entitled "A gym class of 1. An auditorium full of students. Why 1,400 students dropped out of hybrid learning."

Latoya Edwards, 249 Robbinsville Edinburg Rd, West Windsor commented that, as AAPSG president, she is happy to see WW-P's push towards diversity, equity, inclusion, and social justice. She gave a shout out to SEPTSA, all of the PTA presidents, and the AAPSG for their #WWPStrong efforts.

Board Attorney Mark Toscano read the following written public comments:

Maya Kamath, 19208 Warbler Way, West Windsor, wrote:

"I wanted to take a moment to thank all of the staff from our schools & Administration, the BOE members, Our WW-P students and families, and local community members for participating in the #WWPSTRONG spirit day and making this unity movement a success. It was heartwarming to see everyone share their pictures in solidarity. A special thanks to the WWPEA, Our School PTA's, SEPTSA & AAPSG for giving their support to the project. Stronger together even when apart, We are #WWPSTRONG."

Kristen Raeter, kristen.raeter@gmail.com, West Windsor, wrote:

"Nothing about this school year is normal, except for how students are being assessed. Maybe it is time for the administration to think outside the box and alleviate the effects that the COVID-19 pandemic is having on students by offering a flexible grading policy. Not the ""Any student who has actively engaged in class activities, responded to teacher feedback, and provided evidence of learning will earn an A"" policy adopted in the spring. But one that provides for the possibility of taking a non-graduation required class pass/fail or credit/no credit and not have it appear on an external transcript."

As there were no other public comments, the Board President closed the first public comment section.

COMMITTEE REPORTS

Ms. Kaish turned the floor over to Board member Anthony Fleres to begin the committee reports.

Administration & Facilities Committee

Equity team meetings are occurring every two weeks.

Curriculum Committee

Board member Dana Krug reported that the Curriculum Committee met virtually on November 10, 2020. Dr. Nathan and Dr. McDonald shared the revisions to the High School Program of Study for the 2021-2022 school year. A presentation will be given to the full board at the upcoming Board meeting. Brown & Brown is working on pseudo rates and

reviewing plan documents line by line. Staff shared that the auditor will share the results of the 2019-2020 audit with the Finance Committee at the December meeting and share with the Board at the December regular public meeting. The Committee reviewed the financial reports for the month. There are two change orders on the agenda. One is for Town Center for replacing existing stairs and the other is a list of changes for the bus parking area at High School North, which resulted in a credit to the District. There is a motion on the agenda to authorize the architect to assist the District in complying with the requirements of the Securing Our Children's Future Bond Act grant. The architect will design and make the required submittals to the Office of School Facilities on the District's behalf. Also on the agenda are the disposal of a few items that are past their useful life, and the cancellation of a bus route that is no longer needed. Staff provided an update on construction projects. Due to the topography of the Wicoff site with respect to ADA, staff discussed moving the main entrance to the opposite side of the building, which would require new travel patterns around the site. Staff shared that work continues on the High School North salt storage shed. Work on the Village salt storage shed has been held-up as we await permit approval from West Windsor Township. Staff provided an update on the Energy Savings Improvement Plan (ESIP) projects. The High School South fan coils are being hung in the locker rooms, along with network integration of controls in the building. Dutch Neck HVAC controls installation continues. At Community Middle School, there was a crane lift this week for the rooftop HVAC units and HVAC controls installation is occurring on other units in the 700/800 wing. At Millstone River, emergency lighting meetings were held to include more areas of the building on the back-up lighting system tied to the generators. LED lighting retrofit is substantially complete in Village, Town Center, and Wicoff elementary schools and beginning to mobilize at Dutch Neck. Network integration and commissioning of the HVAC systems at Village and Town Center elementary schools is happening this week and next. Bi-polar ionization unit installation is complete in Town Center, Maurice Hawk, Village, Community Middle School, Dutch Neck, and High School South except for locker rooms where work is being completed on the HVAC system. Work at High School North has been halted due to referendum work on unit ventilators, but all classrooms have stand-alone HEPA filter systems currently. Solar array racking is complete at Millstone River, Dutch Neck and Village and awaiting final steps to start operation of the systems. Installation of solar panels has started at Grover Middle School.

Staff shared information regarding the 2021-2022 budget. Due to Covid-19, there is concern of flat funding for next year or the subsequent year. There is legislation introduced in the Senate to allow for a 4 percent fund balance for school districts, which is currently set at 2 percent of the prior year's general fund expenditures. This further indicates the possibility of future aid cuts. The Budget Calendar was provided to the Committee and may be slightly different this year due to the pandemic. Staff provided an update on school operations, stating that the hybrid model has been in operation for 40 plus days and safety protocols are being followed. The District has started providing daily in-person instruction to more special education students in grades 4-12. The District has safely accommodated approximately 300 additional students on buses. The Superintendent commended everyone involved in making this happen and there has been positive feedback to the change. There was no other business discussed.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold welcomed everyone to the meeting. He communicated that a health update went out to the school community this evening. He also provided an overview of the decision-making process of school closings due to the impending snowstorm.

STUDENT REPRESENTATIVE REPORTS

Edward Li, High School North, reported that his co-representative, Allison Wu, was unable to join the meeting this evening. He provided an update on homecoming, explaining that crowns, sashes, and small gifts were provided to members of the court to commemorate the event. North’s changes to homecoming court to promote inclusivity resulted in an interview published by NJSBA. The ToKnight Show, formerly known as Mr. North, was also made more inclusive as contestants are no longer limited to only male students. The event will be virtual with “live” aspects and will be streaming on a media platform. North is planning host and participant auditions. The POC Advocacy club recently held a racial sensitivity discussion with the entire district and there was a great turnout with over 70 attendees. The North Med Forum/HOSA club will participate in the NJ HOSA Southern Regionals conference, which will be held on January 31, 2021. The North HOSA team has been vigorously preparing for NJ HOSA. Three candidates from High School North have been chosen to run for officership on the NJ HOSA Executive Council. The HS North Red Cross club is currently hosting their Hurricane Relief Fundraiser, which will support those affected by Hurricane Laura. The Mercer County March of Dimes club hosted their first annual Fall Art Competition, which ended on November 30 and was very successful, with over 100 participants. North MUN competed in BruinMUN, their first conference of the year, which took place virtually on November 21 and 22. HS North’s HEAL club and NuYu club co-hosted their second mental health webinar this past Saturday,

December 12, which discussed “Supporting Student Wellness During Virtual Learning.” In other updates, high school juniors received their October 14 PSAT scores, which arrived last Monday, December 7, on collegeboard.org. Students whose picture day was originally taking place on November 19 and 20 have been rescheduled, and will be taking place on December 17, 18, and 21 from 3-7 p.m. in the High School North theater

Saketh Subramanian, High School South, started his report with current events. South is running another noncumulative holiday-themed spirit week with days like Hawaiian T-shirt Day and Candy Cane Day. Since our last meeting, South also ran another successful Trivia Night, with prizes supporting local businesses along with vouchers to the school store. The success of these events have also inspired a number of class councils to conduct their own unique events and even partner with North class councils to do so. As far as what is upcoming, Student Council has switched it up from trivia to Wheel of Treasure, which is a Wheel of Fortune in which representatives from each grade, as well as teachers, will compete for bragging rights. He encouraged all students and parents to come out, watch, and try to solve the puzzles in the comfort of their own homes, which can be done at the link provided in Google Classroom on Tuesday, December 22. South is continuing to provide a State of the Ship address each morning during announcements when a representative of a different class council provides an update on their council’s work. For the holidays, a holiday charity collection is being conducted at South. They are collecting gift cards, toys, stuffed animals, footballs, hats, socks and gloves until this Friday in the back hallway and foyer at South.

Ms. Kaish thanked the student representatives for their reports.

PRESENTATION: JUNE 30, 2020 COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR)

Ms. Kaish turned the floor over to Dr. Christopher Russo for the presentation on the Comprehensive Annual Financial Report (CAFR).

Dr. Christopher Russo introduced Mr. Scott Clelland of Wiss & Company, LLP, school district auditor, to present a summary of the 2019-2020 school year audit results. Mr. Clelland thanked the administration, Dr. Aderhold, Dr. Russo, and everyone involved in the audit process for their work on the audit. He explained the challenges this year with working remotely due to the pandemic. He reported that the District’s internal controls have been maintained and that internal control tests did not identify any control weaknesses. Mr. Clelland relayed that he met with the Finance Committee last week to review the report in more detail and would provide a summary of the CAFR and audit findings this evening. Dr. Russo reported that the retiree health benefit information for the audit has not yet been received from the State of New Jersey; therefore, the deadline to submit the audit has been moved to February 5, 2021. The audit will be approved at the January 26, 2021 Board of Education meeting. Mr. Clelland congratulated the District on twelve consecutive years of receiving the Certificate of Excellence in Financial Reporting. Mr. Clelland reported that the District is receiving an unqualified opinion, which is the highest level that can be placed on an audit. He highlighted a few items in the report. He reported that the District’s enterprise funds, including food service and community education, usually generate income each year, however, this year, both had losses due to the COVID-19 situation. He reported that the District had a solid financial year, with the fund balance over two percent ending slightly higher than last year, meaning that the District must utilize those funds in the 2020-2021 budget. He stated that, of the funds set aside for capital reserve, \$8.1 million must be utilized this year. He reported that the district has emergency reserves set aside as well as maintenance reserves, putting the District in a good financial position. He relayed that normally, a two percent fund balance is allowed by the State, but for 2021-2022, this amount has been increased to four percent so districts may put more money aside for potential COVID-19 issues. He explained that

unusual items in the report include that bonds were issued in 2019-2020 year and a note regarding COVID-19. He concluded his report by stating there were no findings and that the District is in a very good financial position.

Ms. Kaish thanked Mr. Clelland for his presentation.

PUBLIC COMMENTS

Board President Kaish opened the first opportunity for public comment and read the following statement:

The Board invites thoughts and reactions on agenda items and items of concern from members of our community who submitted written comments to the Board Secretary prior to the submission deadline for this meeting and from those who have signed up on the form to comment via video and/or audio that was open and available on the District website up until the start of this First Opportunity for Public Comment. Any written comments that were submitted prior to the deadline for this meeting will be read aloud by the Board Attorney for three minutes in accordance with Board Policy 0167. Members of the public who did not submit written comments and who have signed up will be offered the opportunity to make their comments via video and/or audio. Members of the public will not be permitted to submit both written comments and make additional comments via video and/or audio. Each comment should be directed to the Presiding Officer, not individual members of the Board, and must be made in accordance with the procedures and three-minute time limit set forth in Board Policy 0167. If the comment extends beyond three minutes, speakers will be asked to conclude their comments and may be muted by the Moderator. Once an individual has finished their comment or their three minutes has expired, their audio and video will be turned off by the Moderator. This public comment period shall be limited to 60 minutes.

Board Attorney Mark Toscano reported that there were no members of the public signed up to comment via audio and/or video, nor were there any written comments submitted.

The Board President closed the first public comment section.

COMMITTEE REPORTS

Ms. Kaish turned the floor over to Board member Anthony Fleres to begin the committee reports.

Administration & Facilities Committee

Board member Anthony Fleres reported that the Administration & Facilities Committee met virtually on December 8, 2020. Mr. Earle provided the Committee with updates on hybrid and virtual school environments. Students and staff are working virtually with an expected return date of December 10, 2020. While the health concerns have increased in the community over the last few days, the District felt that staff and students can return safely on December 10. District officials continue to be engaged in COVID-19 tracking and contact tracing when necessary. Transportation is going well, with buses operating at reduced student capacity in some areas. Teachers continue to adapt well to virtual instruction and the District continues to address concerns as they arise. The Committee reviewed the following policies and regulations: P0152 Board Officers; P0164.6- Remote Public Board Meetings During a Declared Emergency; P1620- Administrative Employment Contracts; P5330.05- Seizure Action Plan; R5330.05- Seizure Action Plan; P6440- Cooperative Purchasing, P6470.01- Electronic Funds Transfer and Claimant Certification; R6470.01- Electronic Funds Transfer and Claimant Certification; P7440- School District Security; R7440- School District Security; and P8420- Emergency and Crisis Situations. The Committee recommends the policies for first reading on the

December 15, 2020. The Committee also reviewed the following policies and regulations: P1581-Domestic Violence; R1581-Domestic Violence; P2422-Health and Physical Education; P5330-Administration of Medication; R5330-Administration of Medication; P7243-Supervision of Construction; P8220-School Day; and P8462-Reporting Potentially Missing or Abused Children. The Committee recommends these policies for second reading on December 15. The Committee reviewed two drafts of the 2022-2023 school year calendar. Committee members provided feedback and updated drafts of the calendar will be shared with other stakeholders for input. The Committee will review calendars at the next A&F Committee meeting. The Committee discussed athletics. The NJSIAA recently published winter sports practice and game competition timelines. All winter sports will start in January, with the exception of hockey game competitions to begin on December 14, 2020. Governor Murphy's recent Executive Order, which placed a pause on all youth sports until January 11, 2021, moved hockey game competitions back to January; virtual and outdoor practices might begin on December 14, 2020. The District is currently considering virtual connections between coaches and students. The District is also exploring creating an E-sports league through Garden State E-sports. District administrators have met with Garden State E-Sports to discuss the potential for creating an E-Sports League in WW-P in the spring of 2021. The District special education review consultant, PCG, has completed 35 virtual observations, which exceeded their expectations at this time. They anticipated completing all virtual observations at the end of last week. Special Services and PCG are currently discussing how to facilitate "file review focus groups" and provide more opportunities for student, teacher, and parent feedback through either surveys or virtual focus groups. The Committee reviewed the referendum projects. The fire alarm project at Millstone River is complete and pending closeout. HVAC upgrades at High School North continue with UV retrofit work and classroom ductwork. Security vestibule final inspections for the schools located in Plainsboro Township have passed the final code inspections. Inspections for the schools located in West Windsor are still pending due to COVID-19 issues, which have been affecting the inspection office. The contractor has been addressing the punch list items and is assembling the closeout documentation for the project. The Grover Middle School addition is on target for completion with curbs, sidewalks, and walkways being poured. The contractor anticipated having the building enclosed soon. Phase 2 of High School South renovations and additions are progressing well. Foundation work is continuing; the plumbing subcontractor has mobilized on site in preparation for starting the underground plumbing work in block B. Planning for the interior renovation work is ongoing in an attempt to begin the work early without causing an unacceptable disruption. Mr. Earle updated the committee on some of the equity work happening in the district schools. CMS and High School North had an opportunity to hear from alumni and current students regarding their experiences in WW-P. An Equity team meeting was held on December 10, 2020, and the team provided feedback on the draft equity goal statement and recommendations for getting started, engaging students, engaging staff, getting buy-in, and building consistency in the work.

Curriculum Committee

Board member Dana Krug reported that the Curriculum Committee met virtually on December 8, 2020. The Committee reviewed and recommends approval of the final version of the 2021-2022 High School Program of Studies. The Committee also reviewed and recommends the disposal of instructional material, in accordance with R7300.1, that are either so outdated as to no longer serve as worthy instructional tools or are so worn and/or damaged as to preclude effective use and economical repair or restoration.

Finance Committee

Board member Louisa Ho reported that the Finance Committee also met virtually on December 8, 2020. Scott Clelland from Wiss and Co. presented information regarding the June 30, 2020 Comprehensive Annual Financial Report (CAFR). He stated that the District's financial position is

stable and that the District's record keeping is excellent. He reviewed various financial statements with the Committee members. Mr. Clelland will present the CAFR to the entire board at the December 15 Board meeting. The District is still waiting on information from the State to complete the audit. This information will not affect the audited operational statements of the District. When that information is received from the State, the completed audit will be approved, which is expected to be at the regular Board meeting on January 26, 2021. The Committee reviewed the agenda items for the December 15 Board meeting. There are several motions to approve the intercom and AV systems at Community and Grover middle schools as part of the additions and renovations. There are also several change orders for construction projects. The bus evacuation drills were completed during the month of November and are recommended for approval. Staff shared that the authorization for the sale of Solar Renewable Energy Certificates (SRECs) will be on the January 5 Board meeting agenda for approval. The auction will take place over the internet using the FlettExchange, an online auction. Regarding the 2021-2022 budget, staff shared that the budget module has been made available to school administrators to complete any adjustment in budget line items. The District is doing everything possible to keep the budget-to-budget increase at a minimum. Staff shared that the summer capital projects list will probably include work related to current facility improvement projects and not the typical linear feet of curbing or asphalt work. While some of this type of work will occur, the administration has to be focused on the referendum work. Much of the referendum work will be underway at that time. The Committee reviewed a sample of the Annual Health and Safety Checklists. The Statement of Assurance confirming that the annual checklist forms were completed will be included on the December 15 Board agenda. Staff provided updates on district construction projects. Fire alarm work is coming to completion at Millstone River Elementary School. There are motions on the agenda to approve the intercom and AV work at Community Middle School and Grover Middle School as part of the referendum work. HVAC work continues in High School North on equipment in the classroom areas while students are not in session. HVAC work is continuing at Millstone River as well, with plumbing and ductwork installation. Expansion work continues at High School South with footings being poured and foundation block-work starting. At Grover Middle School, electrical wiring installation, wall painting, and window and ceiling grid installation work continues. Installation of hallway lockers is expected to start next week. Community Middle School expansion continues with block walls going up where steel is erected. Plumbers are finishing their underground work where the slab is poured in D-wing. Steel erection in that location is expected to start any day. The site-work contractor continues to work on the water retention basin in the location of the old athletic field. Plans for the High School North dance studio, culinary arts and media center renovations are being reviewed, as are the plans for the Wicoff expansion. Staff also briefed the Committee on the Energy Savings Improvement Program (ESIP) projects. HVAC work continues at High School South with fan coils installed in the locker room areas and air handler installation in the playhouse and commons areas coming to completion. Science wing chiller work is complete. Control integration with IT is complete. At Dutch Neck, commissioning work and control integration is wrapping-up. The HVAC work at Community Middle School is near complete with commissioning work taking place. Emergency lighting replacement and enhancement at the Millstone River School will begin next week on second shift. LED light replacement is occurring at Millstone River as well. Solar panel installation is nearing completion at Grover Middle School. Pfister Energy is trying to coordinate a temporary shutdown of electricity with the utility company for the final connection so Village Elementary School can start generating prior to the end of the calendar year. This has proven difficult due to the utility company's scheduling because they are supporting utility companies in other states that have had storms recently. The Committee reviewed an October 2020 report on cafeteria operations from Sodexo, the District's Food Service Management Company (FSMC). Of note, on October 12, WW-P began to offer weekend meals to students. Each student now receives seven breakfasts and seven lunches in their weekly box. As of the date of the report, WW-P had served 27,971 breakfast meals and 27,971 lunch meals. The United States Department of Agriculture announced a new grant this week, the National School Lunch Program FY2020 Equipment Assistance Grant. It is a competitive grant providing up to eight of our school sites to receive up to \$20,000 each

for the purchase of up to two pieces of equipment. According to the memo provided by the USDA, the 2020 NSLP Equipment Assistance Grant funds are intended to assist schools in purchasing equipment needed to enhance food safety in the school meal programs, improve the overall energy efficiency of the school food service operations, and to increase participation in school breakfast and/or lunch, all while serving healthier meals that meet the nutritional standards for schools as required by the Healthy Hunger-Free Kids Act of 2010. The submission of the grant application is on the December 15 Board agenda for approval. The Committee reviewed the draft agenda for the January 5 reorganization meeting. The Committee discussed the reorganization process and slight changes necessary this year due to the need to meet virtually. Lastly, the Committee discussed district operations in response to an increase in the amount of staff requiring quarantine and the rising number of positive COVID-19 cases nationally.

REGULAR BUSINESS ITEMS

XXXV. PRESENTATIONS/REPORTS

BOARD PRESIDENT’S COMMENTS

Ms. Kaish congratulated Ms. Krug and Mr. Whitfield on their re-election and welcomed Ms. Loi Moliga.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold welcomed everyone and thanked the community, teachers, staff, and administration for all they are doing in service to our students. He congratulated Ms. Dana Krug on her fourth term with the Board, Mr. Martin Whitfield on his second term, and welcomed Ms. Loi Moliga. Dr. Aderhold also thanked Mr. Isaac Cheng for his service as a former member of the Board. He mentioned that January is School Board Recognition Month and thanked the members of the School Board for their dedicated service. He commented that the screen-free days will be moved from Wednesdays to Tuesdays in January, and Tuesdays to Thursdays in February in order to more evenly spread the impact on student schedules. Dr. Aderhold commented that it is the District’s full intention to return to the hybrid schedule on January 19, but will monitor the situation and track trend data.

STUDENT REPRESENTATIVE REPORTS

Saketh Subramanian, High School South, reported that the South themed Wheel of Fortune competition was successful. Teachers and students participated and the sophomore class won. South Student Council decided to donate money in lieu of participating in a 'Secret Santa' and raised \$300 for St. Jude's Children's Hospital. The South office is accepting applications for new student run clubs.

Allison Wu, High School North, reported on special achievements by North students. First, the High School North student council vice president was recently named the vice president of the statewide student council organization NJASC. Second, a High School North student who had been published in the "New York Times" in 2019, for his article about New York Penn Station, has had a second "mentor article" published in 2020, regarding the process of how he wrote the original article.

Edward Li, High School North, reported that the North and South Class of 2022 held a successful joint event called Quiplash on December 23, 2020. In this virtual event, groups of around 6-8 students competed against one another to determine who was the funniest person in the group. High School North staff members held a "Staff Holiday Spirit Week" the week before winter break, lasting from December 17 to December 23. On December 17, the theme was "Hey North, It's Cold Outside" and staff bundled up in their favorite winter gear. On December 18, the theme was "Deck the Halls" in which staff wore Knights holiday apparel or holiday sweaters. On December 21, the theme was "Candyland" and staff dressed up as a candy cane by wearing red and white. On December 22, the theme was "Jingle Bell Rock" and the staff wore their best holiday bling, including outfits with lights, bells, and more. The final day of the Staff Spirit Week took place on December 23, in which the theme was "Silent Knight" when staff wore their favorite holiday PJs.

Ms. Kaish thanked the student representatives for their reports.

BOARD OF EDUCATION ANNUAL ETHICS TRAINING

Ms. Kaish introduced Mr. Mark Toscano, school board attorney, to provide the required annual School Board ethics training. Mr. Toscano remarked that the Board of Education is required to annually review and discuss the School Ethics Act at a public board meeting. Mr. Toscano presented a review and analysis of the School Ethics Act *N.J.S.A. 18A:12-24.1*, including negotiations, chain of command, and areas of concern or retractions. He provided evidence of violations and case examples for each of the ten items listed in the code of ethics. He spoke about the School Ethics Commission; ethics complaints; advisory opinions; conflicts in definitions between the Ethics Act and Nepotism Regulations; confidentiality; collective negotiations participation; Doctrine of Necessity; Board member involvement in hiring/evaluating the superintendent; Board member limitations on hiring/evaluating school staff; volunteering; and shared services.

Several Board members engaged Mr. Toscano in a conversation regarding whether or not various scenarios would violate the School Ethics Act. Mr. Toscano encouraged the members to reach out for guidance if they found themselves in a situation that may be of concern. Ms. Kaish thanked Mr. Toscano for his presentation.

XXXVI. FIRST OPPORTUNITY FOR PUBLIC COMMENTS

Board President Michele Kaish read the following statement:

The Board invites thoughts and reactions on agenda items and items of concern from members of our community who submitted written comments to the Board Secretary prior to the submission deadline for this meeting and from those who have signed up on the form to comment via video and/or audio that was

open and available on the District website up until the start of this First Opportunity for Public Comment. Any written comments that were submitted prior to the deadline for this meeting will be read aloud by the Board Attorney for three minutes in accordance with Board Policy 0167. Members of the public who did not submit written comments and who have signed up will be offered the opportunity to make their comments via video and/or audio. Members of the public will not be permitted to submit both written comments and make additional comments via video and/or audio. Each comment should be directed to the Presiding Officer, not individual members of the Board, and must be made in accordance with the procedures and three-minute time limit set forth in Board Policy 0167. If the comment extends beyond three minutes, speakers will be asked to conclude their comments and may be muted by the Moderator. Once an individual has finished their comment or their three minutes has expired, their audio and video will be turned off by the Moderator. This public comment period shall be limited to 60 minutes.

Lindsay Mitchell, Senior at High School North, commented via audio and video regarding her in-person experiences of hybrid learning as a senior, including the use of the theatre as a learning space and attending virtual classes at school. Ms. Mitchell recommended combining hybrid weeks for seniors.

Board Attorney Mark Toscano read the following written public comments:

Dorothy Holmes, 19 Wallingford Drive, Princeton, wrote:

Dear Administration and Board, Good evening. I am writing to request that you consider allowing interested Seniors to attend daily in-school sessions rather than on a hybrid schedule. As many students are opting for all virtual learning, this frees up “slots” for those students who want to be in school. Our family has been very cautious during this pandemic. While we know it is the right thing to do, our kids are suffering from lack of social interaction. My daughter, Maddie, would love nothing more than to see her friends on a regular basis during their last year at High School North. The district has done a great job ensuring the right protocols are taken to create a safe environment in the buildings. It is for that reason, that I would be comfortable allowing my Senior to attend every day. So much of the class of 2021's Junior and Senior year has been stolen from them. For our part, as the adults and decision makers, I hope that when we find opportunities that safely create some sense of normalcy for them, we do all we can to make it happen. Thank you for your time and consideration,

Kaitlyn Chung, 27 Renfield Drive, Princeton, wrote:

A message from several seniors: Teachers should actively listen to students and implement their feedback in the classroom. We know the pandemic has made it difficult for both teachers and students to adjust, but the amount of work that is given has pressured students even more and crushed their mental health. Realistically, the workload could be reduced without impacting the AP timeline; many teachers are in fact ahead of the AP timeline and they could slow it down to give more time for students to take care of their families and personal needs. Mental health is often stigmatized and seen as something that's easily solvable through meditation or exercise, but the burden that students deal with in applying to college, getting good grades, and doing their work is not sustainable. We are not in normal times and teachers should not be teaching the way they normally have; it is their job to create a learning environment where every student has the opportunity to succeed and that success will only come if teachers implement reasonable workloads and grading systems. We understand that the subjects taught are challenging. However, more than ever, giving exams and putting grades into Genesis should not be a teacher's priority—especially when teachers don't give enough time for students to produce quality work or enough resources to perform well on tests. Teachers can give google forms to get students' feedback on the workload, the grading, and the classroom experience and actively implement change. Teachers have been unaccommodating and have actively refused to help and work with students. At this point, students are no longer upset by the grades. Now, we're scared because we aren't learning anything in subjects we're planning to major in because teachers refuse to adjust to virtual teaching. On top of

having to self study everything, there have been teachers who have admitted to grade deflation because of the “different grading system” this year which is something we wanted to bring to your attention. We understand that last year, the district didn’t have the resources or training to implement online teaching, and asking for 95s again is unreasonable. However, on top of an almost full year of isolation, this year’s seniors are going through the exact same pain of not seeing our friends and some even worse: the loss of family members. The seniors are not asking for free grades, we’re asking to please consider our mental health and home environment.

Michele Jaworowski, 26 Brookfield Way, West Windsor, wrote:

Good Evening and Happy New Year. As we approach the second half of the school year and in light of the relatively smaller percentage of students who participate in the hybrid model, would the district consider allowing the Senior hybrid students to attend every week instead of every other week, provided it works from a numbers and safety perspective? It is my understanding that HSN had a Senior Day a few weeks ago and I heard from one student that it was "the best day of the year so far". Although all of the WWP students have lost the same amount of time when it comes to being in school, I would argue that the current Senior Class of 2021 has lost, and stands to lose, more of the "significant" events and experiences than any of the other classes; even more than the Class of 2020. Perhaps being able to attend every day and to see more of their friends would help to boost morale and lessen the sting of what they have (and will) missed out on. Thank you for your consideration.

Christie Dory, 14 Findley Lane, West Windsor, wrote:

I would first like to thank the Board of Education for its leadership and guidance throughout the pandemic. I'd also like to wish you all a Happy New Year! I am the parent of a Senior at WWP-HS North so we have just 6 more months of class-time. Today I am writing to respectfully request the Board consider giving Seniors the opportunity to return school. Many students have now moved to virtual. Thankfully we have a vaccine, hopefully all students can return for the 2021-2022 school year. However, with less students in the school buildings right now - please examine the possibility of Seniors attending in person. This would allow them the opportunity to end their education here - having a chance to bond as a graduating class, meet with their teachers, and have some in person peer interaction before leaving the district. These children are bright, creative, strategic and smart. I trust they will do all they can to create some enjoyable, educational experiences in a safe manner and follow social distancing and safety procedures. I respectfully request you consider this request - Thank you all.

Caroline Corriveau, Senior at High School North, commented via audio and video regarding her in-person experiences of hybrid learning as a senior. Ms. Corriveau recommended combining hybrid weeks for seniors.

The Board President closed the first public comment section as there were no other public comments at this time. Ms. Kaish offered the superintendent the opportunity to respond to the public comments.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold commented that last week he corresponded with Dr. Dauber and Mr. Lepold regarding senior activities for the second half of the year. In a meeting scheduled for this week, they plan to discuss a range of items that impact juniors and seniors, including trips, proms, musicals, athletics, graduation, and other activities. He reported that the number of students in attendance will be reviewed and administration will work on finding further ways to address in-person learning. The superintendent conveyed that hearing students talk about feeling forgotten and invisible is not the aim or goal of the Board or the administration. Dr. Aderhold asserted that he will convey the information to administrators and advisors to see what changes can be made. He thanked the students for their comments.

BOARD PRESIDENT’S COMMENTS

Board President Kaish explained that the meeting was called to order during the earlier executive session and apologized for the delay in starting the meeting.

SPECIAL PUBLIC HEARING ON HARASSMENT, INTIMIDATION AND BULLYING

The Special Public Hearing on Harassment, Intimidation and Bullying opened at 7:38 p.m. Board President Michele Kaish introduced Dr. Lee McDonald, District Director of Counseling, Health and Wellness, to provide the annual report on Harassment, Intimidation and Bullying.

Dr. Lee McDonald opened the presentation by reviewing the state's definition of HIB. He reported on the HIB data during the reporting period from July 2020, through December 2020. Dr. McDonald reported on the HIB investigations, both founded and unfounded, by grade level, location, mode, distinguishing characteristics, and victim ethnicity. He relayed that patterns and trends indicated HIB investigations were down significantly from a year ago, as were founded HIB incidents. Dr. McDonald indicated that the reasons for the decline could most likely be attributed to the pandemic and the virtual learning environment. He explained that the bulk of the HIB investigations during the six-month period occurred over the Internet.

Dr. McDonald explained school climate and highlighted the District’s efforts to maintain a positive school climate in every building. He discussed the District's fall K-12 School Climate Summit, which focused on self-care, equity, and social and emotional learning. The event featured Alisha De Lorenzo, acting deputy director of Garden State Equality, and focused on building student, parent, and staff connections despite the challenges of remote and hybrid learning. He also shared a unique faculty professional development event where a panel of High School South students and alumni presented a “Student Made Teacher Handbook” with the goal of improving teacher understanding of the 21st century teenage experience. Finally, Dr. McDonald talked about the Digital Wellness Days that were hosted by both middle schools and focused on the eight dimensions of wellness (physical, intellectual, emotional, environmental, social, spiritual, occupational, and financial). During these digital wellness days, students and staff were paired to discuss and better understand how they can apply wellness practices to their daily lives.

Dr. McDonald closed the presentation by revisiting the district’s HIB mission statement to provide all students with a safe learning environment that is free from HIB. This includes adhering to the 2011 New

Jersey Anti-Bullying Bill of Rights legislation; training all staff to identify, report, and address HIB behaviors in a timely fashion; and proactively educating parents, students, Board of Education members, and the community to establish HIB expectations and the communication of our commitment to safety and respectful behavior for all.

Ms. Kaish and Dr. Aderhold thanked Dr. McDonald for his report.

SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON HARASSMENT, INTIMIDATION, AND BULLYING

Ms. Kaish opened the Special Opportunity for Public Comment on Harassment, Intimidation, and Bullying.

Dr. Aderhold reported that there were no members of the public signed up to comment via audio and/or video, nor were there any written comments submitted regarding the report on Harassment, Intimidation, and Bullying.

Ms. Kaish closed the Special Opportunity for Public Comment.

APPROVAL OF THE REPORT

Upon motion by Ms. Moliga, seconded by Ms. Juliana, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

1. Accept the “July 1, 2020, to December 31, 2020, District Semi-Annual Report of Harassment, Intimidation, and Bullying” as required by the New Jersey State Department of Education under the Anti-Bullying Bill of Rights Act (P.L. 2010, c.122).

At 7:51 p.m., the Special Public Hearing on Harassment, Intimidation and Bullying ended, and the business meeting immediately reconvened.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold welcomed everyone to the meeting. He communicated that Dr. Dauber and Mr. Lepold have been working with the seniors regarding the possibility of increasing in-person learning. A survey went out and responses are being analyzed. He reported that there was a transportation issue at Grover Middle School last week and thanked the Grover families and students for working with the District while it was resolved. Dr. Aderhold conveyed that the District has no information regarding when WW-P staff and the community will be able to get vaccinations. For additional information on vaccinations, he recommended contacting local or state health departments. Dr. Aderhold credited the district nurses who have been volunteering to support and administer vaccines.

REFERENDUM AND CAPITAL PROJECT UPDATE

Dr. Aderhold introduced Mr. George Duthie, principal architect of FVHD, the district’s architectural firm, to present information regarding referendum and capital facilities projects. Dr. Aderhold mentioned that also joining the meeting supporting Mr. Duthie are Mr. Dave Macken of New Road Construction, the District’s construction project manager, and Stephen W. Schreyer, architect at FVHD.

Mr. Duthie explained that the district has made much progress since the last presentation in March 2020. He reviewed the completed referendum projects including emergency generator installations, fire alarm

replacements at Dutch Neck, Millstone River, Village, and Town Center, and toilet room renovations at Dutch Neck and Wicoff. He explained that the security vestibules are nearly complete at many of the schools. The Thomas Grover Middle School addition is about 90 percent complete. The High School South parking lot is complete, and the High School South building construction has started, which includes additions and extensive renovations. High School South is expected to be complete in spring 2022. Building construction at Community Middle School is well underway as is the site work. Community Middle School should be completed by December 2022. The parking lot is moving along, but is being completed in two phases. The first phase will be completed by September of this year and the second phase will be completed during the summer next year. High School North and Millstone River HVAC work is well underway with a planned completion date of August 2022. The High School North addition and renovations project is being prepared for bid and expected to be advertised soon. The project should start around May 2021, and complete around September 2022. The Wicoff addition is pending final township approval and expected to be advertised for bid around the end of March. The Wicoff addition should be completed in the fall of 2022. Mr. Duthie provided illustrations of the Wicoff school base bid and the base bid with alternates included (music room, new main entrance, main office and nurse's suite). The Wicoff classroom HVAC improvements project is expected to be advertised for bid in April with anticipated completion in February 2022. Bids for the Media Center renovations at Wicoff are planned for advertisement soon and the work should be completed over the summer. The media center renovations at the remaining elementary schools are expected to start in spring 2022 and complete by October 2022.

Next, Mr. Duthie displayed a chart showing the status of the District's Energy Savings Improvement Program (ESIP) projects throughout the District. He highlighted that many projects are either completed or mostly completed. He also provided the status of the solar projects, commenting that Dutch Neck, Millstone River and Village are complete and generating power.

Finally, Mr. Duthie provided a list of the completed capital projects around the District, including the roof renovations at Grover Middle School and High School North, the bus parking lot at High School North, and the OT/PT HVAC replacement at Maurice Hawk. He reported that the salt storage buildings are underway at High School North and Village, with North's nearly complete and Village's anticipated to be complete in March.

Dr. Aderhold and Ms. Kaish thanked Mr. George Duthie for his presentation.

PUBLIC COMMENTS

Board President Kaish opened the first opportunity for public comment:

Dr. Aderhold reported that there were no members of the public signed up to comment via audio and/or video.

Board Attorney Jeffrey Caccese read the following written comment:

Jane Elephant, 4 Berkshire Drive, Princeton Junction, wrote:

I would like to add my voice for NOT continuing screen free half days. My children, husband, and I have found the scheduling changes extremely disruptive to the normal routine which already includes a hybrid schedule, various holidays, breaks, and teacher planning days. Children thrive on a predictable schedule and the weekly changes with half days on different days of the week (depending on the month) is very confusing. Also, my children (and I believe most other children) don't benefit from this schedule as it relies on a non-working parent to develop activities for their kids. In many cases, kids may end up

watching TV or playing video games. In many households, both parents work. Although you have committed to half days in February, I hope you can discontinue these half days going forward.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold commented that professional development for teachers occurs on the afternoons of the screen-free half-days. He explained that the day of the week on which these days fall was recently staggered to limit the impact on student schedules. He reported that the screen-free half-days have not yet been scheduled for March, April, May and June and are under discussion.

Board President Kaish closed the first public comment section.

COMMITTEE REPORTS

Ms. Kaish turned the floor over to Board member Anthony Fleres to begin the committee reports.

Administration & Facilities Committee

Board member Anthony Fleres reported that the Administration & Facilities Committee met virtually on January 19, 2021. Dr. Aderhold and Mr. Earle provided the committee with an update on virtual and hybrid school progress. Hybrid students returned on January 19, 2021, with minimal concerns. Classroom instruction continues to move forward with teachers adapting well to the hybrid and virtual teaching environments. There has been consistent reporting of COVID-19 concerns; however, the District has not seen dramatic increases. In addition, the District is in discussion with the health department regarding staff vaccinations; however, no decisions have been made at this time. District officials are currently working on a vaccination priority list in the event vaccinations become available. The Committee reviewed the following policies and regulations and recommends them for first reading at the January 26 Board meeting: P2431- Athletic Competition, R2431.1- Emergency Procedures for Sports and Other Athletic Activity, P7450- Property Inventory, P7510- Use of School Facilities, R7510- Use of School Facilities, and P8561- Procurement Procedures for School Nutrition Programs. Currently, WW-P does not have an adult school, so Policy 2451, Adult High School, will not move forward. The Committee reviewed the following policies and regulations and recommends them for second reading and approval at the January 26 Board meeting: P0164.6- Remote Public Board Meetings During a Declared Emergency, P1620- Administrative Employment Contracts, P5330.05- Seizure Action Plan, R5330.05- Seizure Action Plan, P6440- Cooperative Purchasing, P6470.01- Electronic Funds Transfer and Claimant Certification, R6470.01- Electronic Funds Transfer and Claimant Certification, P7440- School District Security, R7440- School District Security, P8420- Emergency and Crisis Situations. The committee reviewed Draft 1 of the 2022-2023 school year calendar. Committee members provided feedback and an updated draft of the calendar will be shared with other stakeholders for input. The committee will review the final draft at the next meeting on February 16, 2021. The committee reviewed the Living Yes, LLC proposal, which includes multiple diversity, equity, and inclusivity professional development opportunities for staff. The committee recommends the proposal for approval at the January 26, 2021, board meeting. Winter athletics began on January 19, 2021, except for hockey, which began earlier. The Athletics Director held meetings with coaches and players to review health and safety protocols and general practice and competition expectations. District Special Education Consultant, PCG, continues to make progress with the special education review. Currently, they are in the process of file review focus groups with special education and general education teachers. They are also providing virtual parent focus groups and creating a survey to solicit feedback from staff. Planning will continue to implement the student focus group process. Administration provided the Committee with an update on referendum projects. Building and district staff continue to engage in diversity, equity and inclusivity

activities. Dr. McDonald and Mr. Jones recently met with counselors to discuss how equity practices impact the Intervention & Referral process. WW-P alumni panel discussions are happening at the middle and high schools, with current high school students sharing experiences with staff and students at the elementary level. The Equity Committee continues to refine the equity goal statement and identify strategies for implementation. The committee reviewed the tentative dates for future Administration & Facilities meetings.

Curriculum Committee

Board member Dana Krug reported that the Curriculum Committee met virtually on January 19, 2021. The Committee reviewed with Dr. Nathan last summer's Option II data. New criteria were utilized due the pandemic. The District will be using the original criteria for 2021. Dr. Nathan shared the SMORE (digital newsletter with links and information) for the District PD day in February. An unconference, virtual EdCamp will be utilized and staff can begin signing up for topics and sessions. Dr. Nathan shared that the District is researching a foundational math provider/program to be utilized as a resource in K-5 to support the Math Workshop instructional approach. Dr. Nathan shared that feedback from various teams in the District have pointed to a need to revise our current K-5 standards-based report card. Specific attention to the 21st Century Skills sections among a few other areas for revision. Committees will be formed and surveys for feedback will be created for all stakeholder groups. The Committee reviewed several items on the Board agenda for approval this evening and recommends the following: Approval the Community Education Spring and Summer 2021 courses; approval of an online, district Financial Literacy course for summer 2021; and approval of the disposal of the obsolete items that are either so outdated as to no longer serve as worthy instructional tools, or are so worn and/or damaged as to preclude effective use and economical repair or restoration. The Committee reviewed the proposed committee meeting dates for 2021.

There was a brief discussion regarding the financial literacy course.

Finance Committee

Board member Louisa Ho reported that the Finance Committee also met virtually on January 19, 2021. Staff reviewed the monthly financial reports with the Committee including the treasurer's report, transfers, and bills lists. At the upcoming board meeting, there will be a motion to approve the annual audit, which the district auditor reviewed with the board at a prior meeting. There were no deficiencies found. The auditor is waiting on ancillary information from the State for informational purposes to finalize the report. Ms. Ho pointed out that after the Committee meeting it was decided to postpone the audit approval until the next board meeting to address a minor issue. Also on the agenda for approval is the acceptance of a \$31,000 grant award from the National School Lunch Program for new ovens at Grover Middle School and High School South. Other items include a \$2,000 change order decrease for Gaudelli Brothers for work at Maurice Hawk, the closeout of a ROD Grant for work previously done at Wicoff, and a motion to approve contracting with Penn Medicine Princeton Medical Center for health, drug and alcohol screening for bus drivers. A greater part of the finance section is comprised of the list of cooperatives and state contract vendors approved semi-annually. Staff provided the Committee with an update on District construction projects. Staff shared information regarding the Energy Savings Improvement Program (ESIP) work. The District received notice that it was awarded a grant in the amount of \$31,000 for the purchase of new ovens for High School South and Grover Middle School. The cafeteria is running a \$26,000 deficit for the school year. Staff shared with the Committee that the SREC auction that was to occur was cancelled due to a system failure at High School South during the past six months. A fuse was blown on the electric generation equipment, which did not allow the system to generate electricity to 100% capacity. The monitoring system also lost its programming during this time. The system at High School North had blown a fuse as well that did not allow the system to generate electricity. A new maintenance agreement has been procured to eliminate the possibility of this occurring

again. There are approximately 50 SRECS to sell on the Spot Market. Staff shared that most administrators have input their budgets into Systems 3000 for compilation and review. There have been various budget meetings with individual departments. The personnel portion of the budget is still being worked on. There has not been any recent news regarding State Aid. An updated Budget Calendar was shared with the Committee. The Committee reviewed and agreed to the proposed meeting dates for 2021. The meetings through June 30 have been added to the Board calendar. Administration provided an update on school operations. Tuesday was the first day back to school, so there was not much to report. Winter athletics is set to return in a reduced capacity. The competitions will basically be between North and South with video provided for public viewing. The current hybrid model remains in effect. There has been a slight increase in the total number of staff and students quarantined compared to prior to winter break. The district is reviewing options to increase the in-person days for certain students. A student videographer position may be needed to video athletic events this winter. This position does not exist on the current hourly rate chart so it will need to be added. The rate would be \$12 per hour. Some additional equipment may need to be purchased as well. The business office has been working on improvements to the student activities accounting and payment processes. The office is very close to piloting a new process and accounting software in several school buildings, which may begin next month.

STUDENT REPRESENTATIVE REPORTS

Allison Wu, co-representative from High School North, reported on current student council initiatives. She reported that hosts for the ToKnight Show, student council's biggest event of the year, have been selected and contestants will be selected soon. New club applications are open and can be found on the student council's website. Senior class leadership and advisors have been meeting with building administration, specifically Dr. Dauber, to discuss events during the second half of the year for seniors, including prom, graduation, and other activities. High School North and High School South's Black History Month celebration is being led by the Black Student Union and Media Specialist, Mrs. Carroll. The events will be taking place for the entire month of February. There is a S'more where you can find a schedule.

Edward Li, co-representative from High School North, provided an update on club activities. He reported that the North HOSA Team competed in the NJ Southern Regionals conference on Saturday, Jan. 30. The awards ceremony took place last Friday, Feb. 5, and 19 students from High School North medaled. Thirteen of the 19 medalists will be moving on to the NJ HOSA States competition, which will be taking place in March. The North Academic Decathlon team had their regionals competition on Friday Jan. 29, and Saturday Jan. 30, and their team will be moving on to the state's competition. The North Peer Leaders met with the current Community Middle School 8th graders last Wednesday to discuss general high school advice and tips for success. Mr. Li reported that the second marking period ended two weeks ago. As the school year is already halfway through, current 2022 juniors are meeting with their guidance counselors for senior year course scheduling. The winter sports season started recently and will be continuing for the next few months and spring sports registration opened on Feb. 1.

Saketh Subramanian, representative from High School South, reported that this month is Black History Month and South and North's administration have been working together with the Black Student Unions at both high schools to develop a series of events during the month of February. He thanked Mrs. Carroll and the Black Student Unions, and advisors, for all the work they put into organizing the events. The results of the senior all-in instruction survey showed more demand for in-person learning by seniors than capacity would allow. South administration is working on a solution and more information will be available soon. On Wednesday, Jan. 27, Mr. Lepold and the new assistant principal, Ms. Creveling, met with students via Zoom to discuss planning for spring and end of year activities including award ceremonies, proms, concerts, musical performances, and graduation. On Jan. 29, South announced the recipients of the first ever Pirate-ship awards. Students from each grade level were honored in the areas of relationships, scholarships, citizenship and leadership based on teacher nominations. Student unconferences, which allow

students to discuss, teach, and learn about topics of their choice with like-minded students, are tentatively scheduled for Mar. 3.

Ms. Kaish thanked the student representatives for their reports.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold thanked the student representatives for their reports. He gave credit to Mr. Anthony Jones, District Diversity, Equity, and Inclusivity Coordinator, who has been working with student leaders, building administration and club advisors on the Black History Month program as well as Mr. James Earle. Dr. Aderhold explained that the District Station Manager, Ty Jenkins, who is also a 2nd Lieutenant with the US Guard, was called to active duty for two weeks to defend the U.S. capital. Dr. Aderhold thanked Lieutenant Jenkins for his service to our country. The Superintendent reported that a health and safety update went out Friday explaining that WW-P experienced the first in-school classroom based transmission of COVID-19 last week. He also explained that the district continues to firmly adhere to safety protocols, including quarantine protocols for students and staff members for reasons including travel and exposure. Dr. Aderhold reported that he was recently named to a statewide committee of superintendents that will provide feedback on guidance for September. The last official guidance from the Department of Education was through the Road Back plan in June 2020. The NJ Department of Health issued guidance to schools in August 2020 and there have been a series of updates throughout the year, but no guidance for September yet. He explained that hybrid learning would most likely continue throughout this school year and that the district is preparing for a multitude of scenarios for September. As for vaccines, the superintendent stated that the District is awaiting information but pushing for educator vaccinations. Dr. Aderhold thanked District families for their partnership.

PUBLIC COMMENT

Board President Kaish opened the first opportunity for public comment:

Dr. Aderhold reported that there were no members of the public signed up to comment via audio and/or video.

Board Attorney Jeffrey Caccese read the following written comments:

Christine Hodges, 18 Zaitz Farm Road, Princeton Junction wrote:

“How many hybrid students as of today are currently going into the classrooms? What is the number of hybrid kids in each school? When will the district allow hybrid kids that want to be in school daily to do so like the kids who are all-in have been allowed to do (which is fantastic)? Thank you”

Latoya Edwards, 249 Robbinsville Edinburg Rd, West Windsor wrote:

"February is Black History Month and this year's theme is the Black Family: Representation, Identity and Diversity. In keeping with this year's theme, The African American Parent Support Group is hosting a number of events through the month: Black History Family Trivia Night, The History of the Divine Nine, Our Family Stories, A Spoken Word and Get Financially Smart. Please go to our website and/or our IG and FB pages for more information. Black History is American history and should be celebrated throughout the year. Latoya Edwards President, African American Parent Support Group"

2021-2022 Budget Discussion

Board President Kaish introduced Assistant Superintendent for Finance, Dr. Christopher Russo, to discuss information regarding the proposed 2021-2022 budget.

Dr. Russo began the 2021-2022 budget discussion by reviewing the District mission statement. He described the budget as a planning tool that considers contingencies, manages risk, is fiscally responsible, reflects the values of the community, and considers safeguards and buffers. Dr. Russo explained that the budget process is ongoing, with planning taking place throughout the school year. Important dates include the governor's budget address, which is scheduled for Feb. 23, 2021, followed by state aid notices, set to be released on

Feb. 25. The preliminary budget will be on the agenda for approval on Mar. 9, 2021, and the public hearing on the budget will be held on Apr. 27, 2021. He reviewed the district’s accolades, including receipt of the Certificate of Excellence for financial reporting for the past 12 years from the Association of School Business Officials International and receipt of the Meritorious Budget Award for the past six years. Dr. Russo reviewed the 2021-2022 budget stressors, which included special services tuition increases, the custodial contract renewal, mid-year health care increases, staffing needs for program growth, additional special education transportation routes, salary increases, and the Energy Saving Improvement Plan (ESIP) start-up costs. Dr. Russo displayed budget history for the past five years. He also displayed the current year’s estimated revenues from various funding sources as well as the corresponding appropriations. He further broke down appropriations by function and category. Dr. Russo shared the actual per pupil costs for WW-P as compared to similar districts in the area and the increase in those costs over the years. The per pupil comparison chart showed that, on a cost per student basis, the District has been fiscally responsible in keeping costs down. He shared the Taxpayers Guide to Education Spending 2020 showing the District’s actual per pupil costs, student to teacher ratio, student to administration ratio, median teacher pay, and facility spending per pupil. The chart presented also compared WW-P with similar districts in the area. Dr. Russo completed his presentation with important date reminders, including the expectation of state aide notices on Feb. 25, preliminary budget adoption on Mar. 9, and the Public Hearing on the budget on Apr. 27. [The full presentation will be available on the district website in the budget information section].

The Board engaged in a brief discussion regarding per pupil spending. Board President Kaish thanked Dr. Russo for his presentation.

Also present was board attorney, Jeffrey Caccese, Esq.

BOARD PRESIDENT’S COMMENTS

Board President Kaish explained that the meeting was called to order during the earlier executive session.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold welcomed everyone to the meeting. He reported that today was the governor’s annual budget address and that state aid numbers should be announced soon. He also reported that, as of the time of this meeting, there have been no updates on vaccine prioritization for educators and no additional guidance from the state on safely opening schools for the 2021-2022 school year. He explained that the District is still following guidance for public schools from the CDC, the NJ Department of Health, and the NJ Department of Education, to ensure District buildings are safe for students and staff. Dr. Aderhold reported that senior student are actively working with school leaders on event ideas to recognize and celebrate the Class of 2021.

PILOT SUMMER COURSE PRESENTATION

Board President Kaish introduced Ms. Andrea Bean to present information regarding a pilot summer mathematics course.

The Mathematics Supervisor, grades 6-12, Andrea Bean, presented a proposal for a summer mathematics course titled, Introduction to Discrete Mathematics. She explained that the course would meet for three hours per day, every weekday, for four weeks. Students who complete the course will receive half-year math credit on their WW-P transcript. Ms. Bean described discrete mathematics as the study of mathematical structures that are fundamentally discrete rather than continuous. In contrast to real numbers that have the property of varying "smoothly," the topics studied in discrete mathematics – such as codes, networks, game theory and statements in logic – do not vary smoothly but have distinct, separated values. She completed her presentation by sharing that the summer course would cost \$650 per student and registration will take place through Community Education.

The Board engaged Ms. Bean in a discussion regarding specifics of the course, including grading, homework, possible honors credit, GPA inclusion, registration limitations, and registration timeframes.

Ms. Kaish thanked Ms. Bean for her presentation.

Board member Robin Zovich joined the meeting at 7:49 pm.

PUBLIC COMMENTS

Board President Kaish opened the first opportunity for public comment:

Becky Marks, 28 Westminster Ct, Princeton Junction, commented via audio and video. Ms. Marks inquired about the District's plans for the 2021-2022 school year. She requested information regarding the planning process for returning to school in September. She also inquired as to how the community may support the District in the planning process.

Board Attorney Jeffrey Caccese read the following written comments:

Julie Thomas, 197 Varsity Ave, Princeton, 08540 wrote:

“When will the district offer all-in learning to all students K-3 with IEPs?”

Johan Glozman, 14 Wellington Dr, Princeton Junction, 08550 wrote:

“While we understand the need to continue limited in person instruction for the remainder of the 2020-21 school year, we are now concerned about the 2021-22 school year. 6 months of CDC and DOE data are showing that schools can be open with 3 foot distances when masked and 6 foot distances when eating, without outbreaks of in school transmission of COVID. Private schools and Catholic schools, many of those with fewer resources than the public schools, have been able to do this all year. What is the school board's commitment to doing everything it can to resume full time in person education for the parents who want it, especially for elementary school, and especially for students with IEPs? Will the school board require full vaccination of the entire student body (which is of course impossible) in order to commit to in person education for 2021-22? Same question for enforcing 6 foot distances, which would also make it impossible to resume full time in person instruction? Finally, is there a date that we will know the final decision on this, so that parents can make alternate arrangements if they need to do so? Thanks!”

Jennifer Riccards, 85 Warwick Rd., West Windsor, 08550 wrote:

“As President of the WWP Special Education Parent Teacher Student Association, I want to again thank Dr. Aderhold, Mr. Earle, and Karen Slagle for expanding the opportunity for more students on IEPs at the middle and high school levels to attend school in person full time. This has been so valuable for the students who have been able to take advantage of this opportunity. I am writing today to ask you to PLEASE consider expanding this opportunity to as many elementary students as possible. As a frequent point of contact for parents of students on IEPs, SEPTSA leadership has been hearing over and over again how detrimental virtual learning is for so many elementary special needs students. Even if they have a parent at home to essentially serve as a one-to-one aide, these students are just not able to even partially access many of the teachings and services provided by our excellent teachers and staff. I have personally talked to parents who have said they would be happy to transport their children to school and back if busing is a problem. They even understand that you could not make a blanket policy for all elementary special ed students. But I beg of you to start considering full time opportunities on a case-by-case basis, as classroom in-person numbers might allow. These students are falling further and further behind and it will be very hard for them to make this time up in the fall no matter how good our staff are. Many of these students are not just lagging behind where they would have been otherwise, but they are often regressing in basic skills in ways that will take years to remedy. Thank you for your consideration of this important matter.”

Latoya Edwards, 249 Robbinsville Edinburg Rd, West Windsor, 08550 wrote:

"As Black History Month comes to a close, I want to take this opportunity to applaud WWP for its obust Black History Month calendar. Special thanks to Anthony Jones, High School North's SHADES/Black Student Union, High School South's Black Student Union, the People of Color Advocacy Group and others (charge it to my head, not my heart) for putting together dynamic programs each week. Also, thank you for allowing AAPSG to participate on various panels. To conclude this Black History Month, AAPSG will be hosting the Spoken World/Family Stories this Friday, the 26th at 7:00 p.m. and Get Financially Smart on Sunday, February 28th at 3:00 p.m. Let's not forget Black History is America History. Thanks. Latoya Edwards, President, African American Parent Support Group"

Board President Kaish closed the first public comment section.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold responded to the public comments concerning the planning process for the return to school in September. He explained that the planning process has already begun ahead of any state guidance and that full in-person learning is one of the included scenarios. Committees have been developed at the State level and have just started to meet to develop a plan. He remarked that the current social distancing requirement makes full in-person instruction very difficult for WW-P. If social distancing were reduced from 6 feet to 3 feet, the District would be closer to accommodating full in-person learning. Dr. Aderhold explained that the District is currently planning for both a complete return to school and a hybrid model, developing schedules that could pivot from hybrid to in-person. Dr. Aderhold conveyed that he is not aware of any discussions regarding a vaccine mandate to return to school or work. He expressed that he is advocating for vaccine availability, but not for a vaccine mandate. He also reported that conversations are taking place in-district regarding the possibility of additional in-person learning for students with IEPs.

COMMITTEE REPORTS

Ms. Kaish turned the floor over to Board member Anthony Fleres to begin the committee reports.

Administration & Facilities Committee

Board member Anthony Fleres reported that the Administration & Facilities Committee met virtually on February 16, 2021. Dr. Aderhold and Mr. Earle provided the Committee with an update on virtual and hybrid school progress. District officials continue discussions with the health department regarding the potential for staff vaccinations and are communicating with NJDOE officials advocating for prioritizing the vaccination of staff. Food distribution and delivery continues to operate efficiently. Many seniors are now able to attend school daily based on transportation availability and classroom space. Plans are being developed for senior activities over the spring. Dr. Aderhold provided an update regarding the current instructional models. The District will continue to support students in both models using digital content, virtual and in-person instruction, and assistance for struggling learners. District administrators will continue to monitor the current models and adjust, if necessary. The Committee reviewed the following policies and regulations and recommends them for first reading this evening: P0145-Board Member Resignation and Removal; P5330.01-Administration of Medical Cannabis; R5330.01-Administration of Medical Cannabis; P7425-Lead Testing of Water in Schools; and R7425-Lead Testing of Water in Schools. The A&F Committee reviewed the following policies and regulations and recommends them for second reading and approval: P2431- Athletic Competition; R2431.1- Emergency Procedures for Sports and Other Athletic Activity; P7450- Property Inventory; P7510- Use of School Facilities; R7510- Use of School Facilities; and P8561- Procurement Procedures

for School Nutrition Programs. The A&F committee reviewed Policy and Regulation 7430, School Safety, and determined that the guidelines and procedures are covered in several other board approved policies and regulations, so the Committee recommends it be abolished. The A&F committee reviewed the final draft of the 2022-2023 school year calendar and recommends approval of the calendar this evening. The Committee reviewed an Eagle Scout Project proposal submitted by a student. The proposal identifies an area located behind Millstone River School and Community Middle School. The project will focus on preservation of the wooden bench seating, construction of wooden picnic tables, and trail maintenance. The committee recommends the Eagle Scout Project Proposal for approval at tonight's meeting. The committee reviewed two updated job descriptions: Teacher and School Nurse and recommends both job descriptions for approval. Staff provided the Committee with an update on athletics. The Winter 2 season is underway. Boys and girls basketball and fencing had their first competitions on Thursday, February 11, 2021. The games were a success and the District streamed the basketball games through a Zoom webinar. Winter 2A season is also moving along nicely with the swim teams preparing to participate in virtual swim meets within the CVC. Track and field is currently practicing and might participate in a "Polar Bear Meet." Season 3, which includes volleyball and wrestling, is set to begin March 1, 2021, with volleyball competing in the Burlington County Scholastic League and wrestling teams competing in-district. The athletic director is currently planning for the opening of the spring athletic season on April 1, 2021, with the intent to compete within the CVC only. The Governor's office recently released Executive Order 220 on February 12, 2021, allowing parents/guardians to attend events with capacity limited to 35 percent. WW-P has communicated with winter families regarding protocols and procedures and provided game passes for parents/guardians to attend their children's games. The special education review is in the final phase of the process, Phase III. Public Consulting Group (PCG) is focused on getting final input from parents and staff. They are currently planning the most appropriate and safe mechanism to gather students' input data for the report. The consultant has tentatively planned to provide a draft report to District officials in June and a report to the community will be scheduled for the fall of 2021. The Committee received updates on the referendum projects. The fire alarm project at Millstone River is complete and closeout and planning is underway to install a new fire alarm system at Community Middle School. HVAC upgrades at High School North and Millstone River are taking place, with various components of the project making substantial progress. The remaining punch list items for security vestibules are complete and final inspections will be done by the architect. The Grover Middle School addition is on target for completion with courtyard, stone and topsoil finished and countertops being installed on casework. Phase 2 of High School South renovations and additions are progressing well. Interior renovation work is underway at the library and playhouse, with the renovations at the guidance area starting next week. Metal framing, sheathing and block work continue at CMS in Block A. Work has also started at the exterior wall of the media center, administrative area, PE office and other gym areas. Finally, the Committee received an Equity update. The Diversity, Equity, and Inclusivity Coordinator, Mr. Anthony Jones, has collaborated with staff and students to plan and implement Black History Month events across the district. Conversations have also started on the coming months, with a focus on Women's History and Asian Heritage History. The committee reviewed the final draft of the District Strategic Goal 4 related to equity and recommends its approval.

Curriculum Committee

Board member Dana Krug reported that the Curriculum Committee met virtually on February 16, 2021. Dr. Nathan shared the upcoming curriculum work and professional development for spring with the Committee. Posts have been created for staff to apply for the writing opportunities. Curriculum work is selected due to changes in standards shared by the NJDOE, timelines for implementation of those standards, and our district goals. Dr. Aderhold shared information about athletics and instructional programs (virtual and hybrid settings) with the Committee. The Committee recommends approval of a joint venture between Community Education and Curriculum and Instruction to offer a 2021 Summer

Math course titled Introduction to Discrete Mathematics. This course is designed for students who have completed Algebra 2 and have a passion for mathematics. In place of summer acceleration, this course is an opportunity to choose to explore different branches of mathematics, not traditionally taught in high school. The course is designed to award students a half-year mathematics credit from WW-P on their official high school transcript. It will be taught virtually by WW-P teachers and the cost will not exceed \$650 per student. The Committee recommends approval of the 2021 Financial Literacy Summer Course online platform through Apex Learning. The Committee recommends authorization of the third year of a five-year shared services agreement between West Windsor Township and the West Windsor-Plainsboro Regional School District for cable television originally approved February 19, 2019.

Finance Committee

Board member Louisa Ho reported that the Finance Committee also met virtually on February 16, 2021. The Committee reviewed the monthly financial reports. The District's financial position is trending favorably with respect to last year, which is mainly attributable to changes in spending due to the Pandemic. This trend is a good thing as it is expected there will be more one-time expenditures due to the pandemic prior to the start of school in September. The Committee reviewed several motions on the agenda for approval, including the revision of the amount of a transfer from capital reserve for the installation of bi-polar air ionizers as part of the ESIP, setting the auction date of the previously cancelled SREC auction, the disposal of some obsolete media equipment, and a teacher's virtual attendance at a workshop. Staff shared information regarding the 2021-2022 budget process. Meetings are taking place with budget managers and the District has a good picture of what the budget will look like for the 21-22 school year. State aid numbers will not be available until February 25. Initial reports indicate that the State received tax revenues substantially above their projections, so there is hope that state aid will be available. The budget calendar was shared with the Committee and has been updated with current events. The Board's Committees will meet on February 25 to further discuss the budget and meet again on March 2 to review the impacts of state aid. Staff provided updates on the referendum projects. Staff also provided updated on the Energy Savings Improvement Projects (ESIP). Work continues on the High School South HVAC equipment in the Science wing. The remaining work at South is coming to a close with final communication and controls configuration occurring. At Dutch Neck, balancing of the HVAC system is being completed along with final controls and communication work. Work is complete at Community Middle School. At High School North, the equipment for the computer room is coming in this month and work will begin when all is on site. Also at High School North, the LED lighting retrofit is about 50% complete. The emergency lighting system work at Millstone River is coming to a close. Controls work at Town Center and Village is complete with final balancing taking place. Bi-polar air ionizer installation is complete except for the few HVAC air-handling units to be installed at High School North. The ionizers are installed in the unit ventilators in each classroom. The final utility hook-up at Grover Middle School is now complete and the installer is awaiting permitting for installation at additional schools. The SREC sale for January was postponed due to an electric generation monitor failure, which caused a delay in acquiring our generation reports. We were able to fix those issues and now have the amount of electricity generated during the last six months needed to hold an auction to sell the Solar Renewable Energy Credits (SRECs). Food distribution is continuing as it has been since the pandemic started. The Community Middle School cafeteria supplies and utensils were cleaned-out along with equipment that can be repurposed in other cafeterias in the District. Renovation of the cafeteria, as part of the referendum, will start at Community Middle School on Monday. The District was recently notified that Rick Bus plans to not renew approximately fifty of our oldest routes with them. These routes were bid when diesel fuel was much lower, which is why the vendors do not want to renew them at the old rates. Staff shared that basketball at the high school level will be limited to competition between the District's two high schools. The District has begun the process of procuring very large tents for each District high school for the usual spring events such as performing arts performances like band, orchestra, choir, and plays, and student activities such as prom, and graduation ceremonies. The District

is assuming the tents will be used steadily for activities for students over a seven week rental period from May to the 3rd week in June. Some seniors have asked if they could attend in-person school on a daily basis. After much research into accommodating these students safely, the ones who asked to attend High School North were granted permission. At High School South, there was a greater number of students requesting a return to in-person learning. In order to accommodate them safely, attendance at South will be based on a schedule that will allow in-person attendance for these students to increase from 50% to closer to 70%. There is no guidance for the re-opening of school in the fall from the Department of Education, so administration is creating a schedule that will allow for a quick pivot if needed between full-time, hybrid and virtual. There was no other business.

2021-2022 Budget Discussion

Ms. Kaish introduced Dr. Russo to present information regarding the budget.

Dr. Russo presented information on the 2021-2022 budget. He began his presentation by revisiting the District Mission Statement, explaining the components of a school budget, and reviewing the budget process and timelines. Dr. Russo reviewed the budget parameters, explaining that there is a 2% cap on the general

fund tax levy, plus spending growth limitation adjustments and banked cap. Dr. Russo explained the new state health plan under Chapter 44, and that the expected savings for school districts that was projected by the state was not actualized. Dr. Russo highlighted the 2021-2022 budget stressors, which included special services tuition increases, the custodial contract renewal, mid-year health care increases, staffing needs for program growth, additional special education transportation routes, salary increases, and the Energy Saving Improvement Plan (ESIP) start-up costs. Dr. Russo displayed the anticipated appropriations for the upcoming school year and compared them to the current school year, explaining the increases and decreases in budget categories. He provided a breakdown of the capital projects planned for 2021-2022 using both capital reserve funds and capital outlay. Dr. Russo completed his presentation by explaining that state aid numbers are expected to be received in a couple of days. LIAISON REPORTS (None)

Board Member Dana Krug, New Jersey School Boards Association liaison, provided the following report:

As the Board's liaison to the New Jersey School Boards Association, I would like to share with you, my board colleagues, a few training opportunities. On Thursday, April 8 at 7pm (virtual), the Mercer County School Board Association will host its spring meeting. This meeting will feature the Eighth-Grade Dialogues. This event will bring together eighth grade students from across our county to share views on current topics and issues. NJSBA is reaching out to our two middle schools to ensure participation from our district. As mentioned previously by Dr. Aderhold, please consider signing up for the new NJSBA spring symposium on May 12-13. We need to have the Board Secretary's office sign us up. This new event will feature more than 40 sessions running concurrently over eight tracks on topics including cyber/school security, school law, finance, special education and other educational practices. The conference will also be available (on-demand) to those who register for 30 days following the live symposium so participants can access all sessions. This comprehensive and interactive program will also provide training and networking opportunities. Also, we may still attend the October 2020 annual NJSBA conference. Sessions are available on demand until October of this year. There are many opportunities to learn more about educational practices, leadership, school law, school facilities/maintenance and technology, among many other topics. Please consider these opportunities. Thank you.

STUDENT REPRESENTATIVE REPORTS

Saketh Subramanian, representative from High School South, reported that the High School South administration worked with seniors to offer additional in-person instruction days. Sophomores will be taking the PSATs on March 10. The fall drama has recorded their original script and monologues and the performance will be shared on the District website soon. The South Model UN club is hosting South MUNC8 on March 20, which is a great opportunity for middle and high school students to practice public speaking, research and leadership skills. Registration is available online at the SouthMUNC website. Student unconferences are tentatively scheduled for the end of this month. Student council is actively planning events for this year, including Spring Spirit Week, and approving student run clubs for next year.

Allison Wu, co-representative from High School North, reported that the Black History Month celebration concluded last Thursday with an in-school day-long webinar event. This month is Women's History Month. If anyone is interested in discussions and learning more about women's history, please reach out to North's Girls Learn International club, which holds meetings at 3 p.m. on Thursdays. Student council is working on the ToKnight show as hosts and contestants are building new scripts for the show on April 17. Class councils have been doing fundraisers; if you missed them, there will be more in the future. Senior Class Council has been meeting with administration on a frequent basis to voice concerns and opinions regarding plans for the end of the year.

Edward Li, co-representative from High School North, provided an update on club activities. The Red Cross club held a Panera Restaurant fundraiser on Thursday, February 25. MedForum hosted a meeting on Wednesday, March 3, with Dr. Greenburg, a pediatrician at Princeton Nassau pediatrics, to talk about her medical journey and her profession. The North Model UN club recently competed in NAIMUN and MUNUM, and earned the Best Small Delegation award in both. Juniors who were interested in National Honors Society finished applying on March 3. Senior year scheduling took place over the last few weeks.

Ms. Kaish and Dr. Aderhold thanked the student representatives for their reports.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold reported that tonight there will be a presentation to the Board of the tentative budget. After adoption, the tentative budget goes to the county for review then comes back to the Board for a budget

hearing in April. He recalled that one year ago this week was the last in-person Board meeting and that one year ago tomorrow, the High School South Disney trip was cancelled. He thanked the teachers, administrators, custodians, nurses, child study team members, instructional aides, drivers, food service workers, and all that have worked so hard to provide educational opportunities for our students in a safe environment. The Superintendent commented that the District opened school on September 8, 2020, with 284 cases in New Jersey and there are 3,400 cases today. He explained that the District is working to determine what can be done safely to increase in-person instruction. A survey went out on Friday to gather information. The survey will close on Sunday so administration can begin to analyze the data.

PRESENTATION ON THE 2021-2022 PROPOSED BUDGET

Dr. Aderhold presented the 2021-2022 Tentative Budget to be submitted to the County office. He began his presentation by reviewing the District mission statement, defining a school budget, revisiting the timelines of the budget process, and mentioning the District accolades. The Superintendent provided details regarding the budget stressors, including Special Services tuition increases, the facilities custodial contract renewal, health care cost increases, increased staffing needs, additional transportation routes for special education, renewal of regular education routes, negotiated salary increases, and the start-up costs of the Energy Savings Improvement Program (ESIP). Some of the big picture budget topics examined included Special Services, health care costs, capital projects, technology, staffing needs, transportation, salary increases, and PPE/health and safety measures. Dr. Aderhold reviewed the expenditure increase amounts in the areas of health care costs, salaries, transportation, technology, Building and Grounds, and capital projects. He reported that the District received state aid notification of a net increase of \$1.655 million, which includes the re-establishment of 2020-2021 reduction of \$779,000 and an additional \$875,000 of new aid for 2021-2022. However, the NJ Employee Health Plan is estimated to negatively impact the budget by \$390,000. The Superintendent explained that the revenues available to the district include a 2 percent general fund tax increase plus allowances, which are made up of a health care adjustment (there is none available this year), and expiring banked cap, plus the state aid increase. He provided additional details regarding health care, buildings and grounds, transportation, the minimum wage increase, technology, financial and operations, Special Education, staff positions, and capital projects. He exhibited the budgetary increases in the areas of transportation, Special Services, technology, salaries, and finance and operations, which total approximately \$5 million. Dr. Aderhold concluded his budget presentation with the 2021-2022 budget assumption of a 2.37 percent general fund tax increase, which includes the utilization of \$621,243 in banked cap. He added that the District received notice on February 19 that it qualifies for CARES II Grant Funds in the amount of \$907,415 for Health Care/HVAC/PPE, \$58,233 for learning acceleration, and \$50,454 for mental health support. The District has until the conclusion of 2023 to spend the Cares II Funds.

One Board member questioned the District's plan for after spring break. Dr. Aderhold explained that there are many variables impacting the planning process, including safety protocols, staffing, scheduling, vaccination rates, parent choice, and guidance from the State of New Jersey.

PUBLIC COMMENT

Board President Kaish opened the first opportunity for public comment:

Laura Coen, 8 Cottonwood Drive, West Windsor, commented via audio regarding the hybrid program. Ms. Coen questioned whether administration would be asking teachers if they have been vaccinated. She also questioned why hybrid is an option rather than either all-in or virtual.

Julie Thomas, 197 Varsity Ave, Princeton, commented via audio regarding the hybrid program. Ms. Thomas questioned if any decisions have been made regarding all in-person options for elementary students with IEPs.

Johan Glozman, 14 Wellington Dr, Princeton Junction commented via audio and video regarding the hybrid program, focusing on the upcoming school year. Mr. Glozman advocated for the 3-foot rule as opposed to the 6-foot rule for social distancing to allow schools to reopen to more in-person learning. He questioned if in-person learning would be more available if the 6-foot rule was suspended, what measures the district would take to prioritize in-person learning for students with special needs if the 6-foot rule was not suspended, and what parents can do to assist the district in getting answers from the State.

Libby Barak, 36 Scott Ave, West Windsor commented via audio and video regarding asynchronous learning. Ms. Barak requested a reduction in the use of asynchronous learning for students with IEPs and 504s, especially the number of YouTube videos that are assigned to students. She also questioned if in-person EDP would be available in the spring and summer.

Maya Kamath, 19208 Warbler Way, West Windsor commented via audio and video thanking everyone for their resilience.

Board Attorney Mark Toscano mentioned that during the executive session, the board did not discuss personnel issues listed in box #1, or HIB matters listed in box #9, but did discuss staff and student health issues under box #1. These changes are reflected in the Closed Executive Session table at the beginning of these minutes.

Mr. Mark Toscano read the following written public comments:

Julia Raynesh, 303 Trinity ct., Princeton wrote:

"Hello, I would like to know if combining Hybrid 1 and Hybrid 2 will be possible in the spring semester. Also, what is the status of getting our kids back in school for longer than 1 week per month. With vaccines being out and neighboring towns making it possible for their students to be in school full days, what is the plan for our district? Thank you,
Julia Raynesh."

Stephanie Thomas, 25 Melville Rd., West Windsor, wrote:

"First, thank you to the administration for opening our district for hybrid from the very first day of school, and thank you to the teachers and staff for coming to work; we have friends in districts that are still 100% virtual. If more parents request all-in this spring than can be accommodated, I would propose a lottery to fill all available spaces rather than maintaining the status quo. At least in K-5 it should be simple to determine how many spaces are available in each of weeks 1 and 2 given the reduced COVID classroom capacity of 12 to 13 students. One cohort could be all-in from April 12 through mid-May and a second the final portion of the year. We have found in-school instruction very motivating for our kids compared to being at home. Finally, a comment on the screen-free afternoons: for our family, these have only meant more screen time since as working parents we are unable to take time out of our day to supervise other activities. Realistically, it means more video games or YouTube replace constructive school time. I am perplexed as to who could be benefitting from this program. We find it highly disruptive, especially to band class and lessons, and teachers have to continually plan for changing schedules. We would have strongly preferred maintaining consistent schedules throughout the year. Thank you also for incorporating club-like spring sports at the middle school level, we look forward to participating."

Marissa Hine, 6 Wynwood Dr, West Windsor wrote:

"Good evening, I have children in second and fourth grade in the district on the hybrid schedule. I thank you for adding the recent survey that includes consideration of a more full-time school schedule and the recognition of the wishes of many parents to do so. Grades K thru 5, notably, construct the invaluable foundation for learning that occurs during a child's later years. While my kids have benefitted from some in-person schooling this year, they would undoubtedly benefit from 5-days a week, each week. As other

school districts are making accommodations to have this safely occur, I feel strongly that our district has the resources to allow, at a minimum, the kids who have been hybrid all year, to safely enjoy the same educational benefits as our neighboring districts. We recognize this is a challenge, but people move into to this district and pay the taxes for the benefit of their child's education. If other districts have the ability to move forward, we can do the same. I'm confident parents will work with the district to make this happen from a transportation, etc. standpoint. Lastly, in recognition of the logistical challenges, and the fact that the survey gave the option for in person schooling for both existing hybrid and virtual students - I would like to request that all efforts be made to keep the younger children, currently on a hybrid schedule, with the same teacher they've had throughout this year. This hybrid student population has been limited in number since the beginning of the year, and it would be preferable to not add further disruption to the already challenging situation. "

Christine Hodges, 18 Zaitz Farm Road, Princeton Junction, wrote:

"Is our district administration and school board members considering the consequences of the hybrid learning set up that has been offered this past school year? Has the district reached out to students or parents to ask what challenges they or their students have faced in school or why they switched to virtual? If anyone in our administration or on the BOE doesn't have a child in school in our district how can you understand how some of these students feel or their experiences if you haven't spoken to them or their parents? Since the beginning of the school year has our district improved the teachers ability to teach in the classroom (with additional technology/resources) to those students who are in school as well as those who chose to stay home? What is going to change come fall for the students even if the teachers become vaccinated? Will the teachers have to teach in person or will some still be able to stay home? What about the social distancing of 6 feet requirement? Will the district reduce the social distancing from 6 feet? Isn't the CDC guidance of 6 feet advisory? If so, then aren't the schools not obligated to follow every guideline recommended? If our district stays at 6 feet, it's going to be impossible to have the students back in school together. Somehow other schools and districts have figured out how to make it work, but our district can't. The BOE meetings allow for comments from the public but don't require any response from the administration or BOE members. I'm sure residents and parents would love to have a town hall zoom, if it can't be in person, where questions can be asked and answered by the administration and BOE. The lack of communication from our district administration has been disappointing."

Susan Bluni, 1 Sarah Ct, Princeton Junction, wrote:

"If the elementary school students are already eating snacks in their classrooms why not extend the day to a regular full day and have them eat lunch in the classrooms? If the 6' social distancing rule is what is keeping the district from adding more students into the classroom then why doesn't the district ask the parents if they would be willing to have their kids in the classroom if the 6' was reduced to 3'. Please consider holding a town hall so parents can ask their questions directly and get answers."

Kristen Raeter, Kristen.Raeter@gmail.com, West Windsor, wrote:

"Comments posted at BOE meetings rarely get a response and emails seem to go unanswered. So I am wondering if Dr. Aderhold could gather a panel and do a Zoom town hall meeting so that parents can ask questions and get real-time answers."

Latoya Edwards, 249 Robbinsville Edinburg Rd, West Windsor, wrote:

"Join the African American Parent Support Group as we host the WSC (We See Color) Project as they discuss the Realities of Racism. Katy Coyle, 7 Taunton Ct, Princeton Jct, wrote:

"First, I would to thank Dr. Aderhold, Ms. Dobinson and her team for opening up Middle School Spring Sports. Sports are so important to many of WWP students and families, we are happy to see them back for the Middle Schools. Second, I would like to hear more about the plans for executing survey requests after Spring Break. I understand that results are not available, however, there are a large number of hybrid families who have expressed interest in combining the two weeks so that kids who want to be in school can do so each day of every week. What is the plan for moving forward after the survey results are finalized? Third, are there any district plans for additional summer programs to assist children who have fallen drastically behind and are not grade-ready but are also not part of the special education or IEP programs who would qualify for ESY? Last, can you please confirm that it is the administration's goal and top priority to re-open schools fully by the Fall?"

Ramon Garcia, 9 Norfolk Drive, Princeton Jct., wrote:

"First my I say that my sincerest hope is that we will be back to school in September 2021, in full force with all our teachers and students vaccinated and ready to achieve a semblance of normalcy. That being said, I think a first step should include knowing who has received the vaccine. I stand ready to advise my school nurse of my vaccine schedule. Confidentiality notwithstanding, the greater good takes precedence when it comes to community health and education of our students.
Ray Garcia, IA HS South"

Matthew Wargo, 412 Village Rd East, West Windsor, wrote:

"Thank you for sharing the survey to collect parent feedback on returning to school in-person this spring. We fully support bringing our children back to school full time, for those families who want to participate. We hope this is possible, considering that there are only 5-7 kids in our daughter's middle school classrooms in the hybrid model. Doubling this small number should be possible for those families that choose this option. If there are concerns as to social distancing, an accurate reading of the NJ DOE Road Back Plan shows that there is a lot of flexibility. It states schools should implement policies for social distancing ""to the maximum extent possible"" and offers several suggested alternatives, like face-coverings, if that is not practical. It does not state that a 6 foot distance between every person is a mandatory requirement for in-person learning. It is not possible to fully explain the devastating mental health suffering our kids are experiencing. Please survey that subject if you need more information or motivation to make this change to all-in as soon as possible."

Liza McCune, 6 Norchester Drive, West Windsor, wrote:

"The Robbinsville school district has 35% (K-12) of kids who have chosen their hybrid model. A few weeks ago their school district sent out a survey asking the parents if they wanted both hybrids to return to every day would they be ok if the children were not 6' apart. The parents agreed and as of March 15th all the hybrid kids will be in person everyday. Why can't WWP do that since we have a smaller percentage of kids?"

Ms. Kaish thanked Mr. Toscano for reading the public comments and closed the public comment period.

SUPERINTENDENT COMMENTS

Dr. Aderhold expressed his appreciation to parents who attended the Board meeting to advocate for the return to in-person learning. He relayed that the District is working on gathering information on the vaccination status of staff members, as there is currently no organized approach to teacher vaccinations from the state. The District is also discussing the possibility of going from 6 feet to 3 feet physical distancing and the additional measures that would need to be put in place to make that happen safely. The Superintendent

reported that, to date, the District has not received any additional guidance on from the state, including whether or not parent choice will continue. He relayed that it would be helpful if parents reached out to the Governor’s office and state legislators to advocate for additional guidance and teacher vaccinations. He also relayed that the District is working on schedules for the fall that could easily pivot from virtual to in-person and back to provide minimal disruption to students. Dr. Aderhold explained the challenges of students returning to full-day in-person learning, including the challenge of safely providing lunch. He also explained the challenges surrounding increased in-person learning opportunities for students with IEPs. The Superintendent encouraged attendance at the AAPSG event tomorrow evening for those who are interested.

Ms. Kaish commented on the complexity of the work that has gone on during the last 12 months.

BOARD OF EDUCATION COMMITTEE REPORTS

Board member Louisa Ho reported that on February 25, 2021, there were two meetings to discuss the 2021-2022 budget. Most of the discussion was shared during Dr. Aderhold’s budget presentation earlier in the meeting, including the amount of state aid the District will receive. Staff briefed the Committee on the District budget stressors, which are primarily special education, health care costs, the Energy Savings Improvement Program, technology devices, and Buildings & Grounds. The Committee discussed budgeted staffing position, capital reserve and capital projects, budgeted appropriations and revenues, the 2 percent general fund tax levy and banked cap. The Committee discussed how much banked cap they were comfortable using of the amount expiring next year and the amount expiring the year after. The Board members were generally supportive of a 2.37 percent tax levy increase. The Finance Committee met again on March 2, 2021. Board member Robin Zovich joined the Finance Committee members. After reviewing feedback, the Committee agreed to proceed with the general fund tax levy increase of 2.37 percent for the 2021 – 2022 budget. These funds will assist the district with our “Return to Normal” budget and supports for students. The tentative budget is on the agenda for approval this evening. The tentative budget will then be submitted to the Executive County Superintendent for review and approval prior to the formal Board budget vote and adoption at the budget hearing in late April.

BOARD PRESIDENT'S COMMENTS

Board President Kaish explained that the meeting was called to order during the earlier executive session and asked Mr. Toscano to provide an update on the items discussed.

Board attorney, Mark Toscano, reported that during the executive session, HIB matters were not discussed, however, in addition to the items noted on the agenda, staff and student health issues were discussed. [These changes are reflected in the executive session table at the beginning of these minutes under items #1 and #9].

SUPERINTENDENT'S COMMENTS

Dr. Aderhold welcomed everyone to the meeting. He provided an update on the instructional model for the 2020-2021 school year. The Superintendent thanked the over 6,500 parents who responded to the recent survey regarding in-person learning. He also thanked administrators for analyzing the data and creating pathways to accommodate as many of the requests as possible. He expressed gratitude for those parents who reached out to advocate for vaccination of education staff, as there has been an increase in availability of vaccines for teachers and school staff. Dr. Aderhold thanked Penn Medicine for reaching out to the superintendents in Mercer County to help and thanked four WW-P staff members of the vaccination scheduling team, Michelle Crilly, Michelle Soller, Sheryl Morro, and Julia Giordano for helping to make appointments. The Superintendent reported that on April 12, the District would be starting in-person learning on an early dismissal schedule, 5-days per week for a majority of the students who requested it. Although the District was able to grant most requests, there were a few students that the District was unable to accommodate. Over the course of this week, letters will be sent to parents regarding each individual student request. For situations that could not be accommodated, phone conversations will be taking place to determine if anything can be done. Dr. Aderhold thanked the building administrators for their work on scheduling. He thanked the transportation department for their work updating bus passes and prioritizing transportation for those who requested it in response to the new CDC guidance allowing buses to accommodate 23 students. The Superintendent conveyed that the District will still follow CDC guidance involving wearing masks, social distancing, filling out health screening forms, hand washing, contact tracing, and having face shields available. He asked for parents' patience while some staff transition from virtual teaching to in-person teaching with a virtual component and explained that, with more students in closer proximity, the District anticipates a greater potential of contact tracing, quarantining, and shutting down of classrooms. Dr. Aderhold reported that for the 2021-2022 school year, the District expects to return to a full-day in-person model with the hope of being able to offer a virtual model, if the Governor's Executive Order remains in place.

PUBLIC COMMENTS

Board President Kaish opened the first opportunity for public comment:

Johan Glozman, 14 Wellington Dr., Princeton Junction, commented via audio and video to thank the Board, teachers, and school staff, for their work during the pandemic. He also thanked those who contributed to getting teachers vaccinated and expressed his pleasure in the District's move towards more in-person learning. He asked that the District reach out if he and other parents can help.

Sweta Parthasarathy, 4 Beardsly Ct., Princeton Junction, commented via audio and video regarding her pleasure in the District's move toward more in-person learning and offered to help in any way. She also requested additional information regarding the use of Plexiglas barriers.

Pam Grund, 188 Conover Rd, Princeton Junction, commented via audio and video regarding her pleasure in the District's move toward more in-person learning. She questioned the number of teachers transitioning back to in-person, vaccination rates for teachers, and quarantine protocols.

Mitos Beske, 11 Westminster Ct., Princeton Junction, commented via audio and video regarding her pleasure in the District's move toward more in-person learning, the return to some sense of normalcy, and the psychological stress of virtual learning. She also thanked District staff.

Becky Marks, 28 Westminster Ct., Princeton Junction, commented via audio regarding her pleasure in the District's move toward more in-person learning. She questioned the difficulties in pivoting the schedule and if parents could help. She also requested a focus on getting students outside more, taking down playground barriers, and community building.

Board attorney, Mark Toscano, read the following written comments:

Laura Coen, 8 Cottonwood Dr., West Windsor, wrote:

"Please provide a 5 day a week, every week, option this Spring. We thank you for working hard to make this happen. Unfortunately, with every day that passes, our children suffer. Today was another day that my 8 year old woke up and cried in front of her Chromebook."

Jamie Costaldo, 51 Old Bear Brook Rd, Princeton, wrote:

"First, I'd like to say that we have been very blessed with our teachers this year. My children have had the best of the best and for that – especially given the circumstances – I'm so grateful. I do feel however, that for the best intellectual, emotional and behavioural development for my children – and potentially many others, a full-time, consistent in-school experience is absolutely vital. We all want what is best for our kids – that is our common bond. For my children, they thrive best when they are surrounded consistently by their educators and other children. I recognize that all parties involved in the decision-making process regarding getting our kids back into the classroom on a more regular basis are working to their utmost ability to make that happen. Thank you for all of your efforts!"

Gene Hsiao, 8 Endicott Lane, Princeton Junction, wrote:

“I support a 5 day a week, every week option for my children. I look forward to seeing progress from the BoE in that direction.”

Julia Raynesh, 303 Trinity Ct., Princeton, wrote:

“Thank you to the Board of Ed, the teachers, and everyone for working hard at getting our kids back to school safely. I would like to join other families in expressing my thanks for the flexibility the board and the district has shown in trying to respect the preferences of parents, and I would like to strongly request that in person instruction be accommodated for any who asked for it in the survey that went out. Please use any or all creative solutions that you can come up with for this, and especially please don't wait for New Jersey to remove the 6 foot requirement. The CDC changed their guidelines to reflect the overwhelming evidence that kids, especially the younger ones, are safer even than vaccinated adults, and kids in masks are not a real risk to teachers, staff, or each other. Some parents want to stay virtual, which I respect, and I hope the district will continue to honor that. But our kids need to be in person, many of our teachers want to be in person, and we are all willing to do whatever is necessary to achieve that outcome. All while following the science and the evidence that epidemiologists and public health agencies are providing. Thank you, Julia Raynesh”

Libby Barak, 36 Scott Ave, West Windsor, wrote:

“Many comments in the previous meeting have asked for a town hall meeting that will allow for questions to be asked and answered. Although parents can comment in BOE meetings, comments are not meant to be answered, which leaves a feeling of not being heard despite the attention and best intentions of the board members. Especially, parents of children with IEP have expressed a common desire for a more open dialogue with the district on the challenges our kids face at the moment. We appreciate that several board members are parents of school-aged children, some even in the district, but each person has a different experience and especially parents of children with special needs should be given the opportunity to voice concerns that go beyond individual parent-teacher conferences. Board meetings are not the time or place for questions and answers, but there should be a place for a public discussion in such difficult times. Are there any obstacles preventing the board from having such an open meeting?”

“I would like to join the other parents and members of the community in requesting full in person instruction for the parents that have asked for it. The CDC no longer recommends the 6' rule, and relaxing this rule should make it possible for more in person instruction. Through our coordinated efforts and in learning from our private school peers whom have successfully implemented full time, in person instruction for the past school year, I hope that we aim to do the same and move towards that goal for Fall 2021.”

Liza McCune, 6 Norchester Drive, West Windsor, wrote:

“We are appreciative that the administration has been listening to our desire to have our children in school everyday. Now that the CDC has decreased the 6' recommendation to 3' I am hoping, that the students who choose to be in school, can return 5 days a week starting on April 12th. Princeton and Robbinsville along with other NJ school districts have set the tone by successfully setting out a plan to bring their students back to consistent in person instruction. To the staff members who don't want to return I ask them to consider the following. We are our children's role models and advocates. If we don't show them how to move forward when faced with a crisis then how will they learn to be resilient? Lets choose to be leaders. Lets have a plan, take all the necessary precautions, and move forward. What we're doing now is standing still.”

"Good evening, I wanted to take the opportunity to echo the comments and sentiment of my fellow parents in allowing the students to return to school this spring, and next fall. I appreciate the consideration you've given this matter, including the survey. I believe efforts have been made by staff so that teachers, support staff, custodial staff, bus drivers and cafeteria staff were provided opportunities to be vaccinated and they have largely taken advantage of those efforts. I think that is reflective of the want for both staff and students to return to school and the recognition of how important that is to both parties. Considerations for the board should include the following:

1. Other superintendents have acted in regards to the updated CDC guidelines, allowing for 3ft.
2. Data shows that child-to-teacher transmission is unlikely. Controls can still be in-place for quarantines and shut downs, even with 5-day a week attendance.
3. Data also shows that the virus rarely spreads over surfaces, especially when frequent handwashing and sanitizing is occurring.
4. According to state aid funding records, NJ school districts are expected to have an estimated 26,000 fewer students by fall. And this is a phenomenon our families are directly experiencing via our neighbors and friends throughout our district as more local families transfer to the wide range of private/faith-based schools available locally. Thank you"

"Dear Dr. Aderhold and members of the Board, Given the results of the survey and the 3 feet recommendation from the CDC when can those that chose to return to ALL IN instruction expect to go back to school full time? Now that the vaccine is available to teachers, have those that teach remotely been prioritized to receive the vaccine so they can return to school and teach in person? In person teaching is a huge priority for my children and many others. Thank you, Jennifer Connaughton "

“The CDC and NJ governor have relaxed regulations, vaccinations are available and other local NJ schools are going back to school full time after spring break. What is your plan to get our children back in school this spring and in the fall?”

Matt Wargo, 412 Village Rd East, West Windsor, wrote:

"With the new CDC guideline of 3ft rather than 6, how likely is it that school will re-open fully in the fall, for a full day of in-person instruction, including lunch? There are already 143 school districts in NJ that are fully open, as of last week. When can we join them? I realize this is a public comment period and you are not under a legal obligation to respond. But please, offer an answer with as much specific information as possible, to allow parents to plan for next year. On this important question, it would be helpful to hear the perspective of the board, as well as the administration. Thank you."

Board President Kaish closed the first public comment section and thanked everyone for their comments.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold responded to the public comments. He stressed that the return to school would not be normal, as there will be social distancing, hand washing, wearing of masks, use of face shields, and the use of bipolar ionizers and HEPA and charcoal filtration systems in every classroom. He mentioned that recent CDC guidance removed some of the need for Plexiglas barriers. The Superintendent clarified that the hybrid option is still available, meaning that if a family was hybrid and selected to stay hybrid, the students will continue in the hybrid program. In addition, if a family was hybrid and did not select anything, those students will remain hybrid. As for vaccinations, he explained that the District could not mandate the vaccination of staff. More staff will be returning to in-person and some staff will stay in virtual assignments. Dr. Aderhold explained the difficulty with pivoting the schedules from virtual to in-person with a district as large as WW-P with over 900 staff members and approximately 9,300 students, some needing additional services for IEPs, OT/PT, speech, ESL, and other needs. He reported that administrators are discussing reopening the playgrounds, but the District wants to ensure the success of bringing additional students in-person first. The Superintendent talked about the community building currently occurring through virtual communities. He explained productive alternatives to a town hall session with parents of students with special needs. There are opportunities to engage in group support meetings through SEPTSA, and opportunities to engage with District staff, including case managers, building administrators, the director of special services, Mr. James Earle, and Dr. Lee McDonald, regarding individual student needs. He concluded his comments by announcing that there is a tent listed on the agenda this evening for approval that will be used for outside events such as proms, award ceremonies, and concerts.

COMMITTEE REPORTS

Ms. Kaish turned the floor over to Board member Anthony Fleres to begin the committee reports.

Administration & Facilities Committee

Board member Anthony Fleres reported that the Administration & Facilities Committee met virtually on March 16, 2021. Dr. Aderhold provided an update on the progress of virtual and hybrid school. Mr. Fleres thanked the Superintendent, administration, faculty, and staff for all the work they are doing. The committee reviewed R1642-Earned Sick Leave; P2415-Every Student Succeeds Act; P2415.02-Title I-Fiscal Responsibilities; P2415.05-Student Surveys, Analysis, and/or Evaluations; P2415.20-Every Student Succeeds Act Complaints; and R2415.20-Every Student Succeeds Act Complaints, made minor edits and recommends the policies for first reading at tonight's Board meeting. The committee reviewed policy 2415.01, Academic Standards, Academic Assessments, and Accountability, and determined that the guidelines and procedures are covered in several other board approved policies and regulations and recommends the policy be abolished. The Boys Scouts will collaborate with the Dutch Neck PTA to organize a Clean-Up Day on the Dutch Neck Garden. The committee reviewed the proposal and recommends approval on the March 23, 2021, BOE agenda. The Committee received an update on athletics. The winter athletic season was a success and student athletes are now preparing for the spring. Volleyball teams will start playing this week and will be traveling outside of the District to compete in the Burlington County Scholastic League. Middle school sports registration has opened and it will remain open until April 9, with over 180 students currently signed up between the two middle schools. Schedules will be developed based on athlete registration. The Athletic Director, Kate Dobinson, is currently holding meetings with student athletes and parents/guardians to discuss health and safety

protocols as well as expectations for practice and games. The interview process for the head football coach is moving along. The District plans to have a recommendation made prior to spring break. District consultant, PCG, has completed data collection for the special education review. They are in the process of analyzing data and creating a draft report of the results. PCG plans to deliver a draft report to the District in early May. The Committee discussed the referendum projects. The fire alarm project at Millstone River is complete and pending closeout. Planning is underway to install a new fire alarm system at CMS. HVAC upgrades at High School North and Millstone River with various components of the project making substantial progress. The remaining punch list items for the security vestibules are complete and final inspections for Village and Grover schools required by the Township will be scheduled during spring break (March 29, 2021) due to the disruptive nature of the inspection required. The Grover Middle School addition is on target for completion with courtyard, door and hardware installation ongoing. Flooring installation has started on the ground floor and operable partitions have been installed. Phase 2 of High School South renovations and additions are progressing well, with remaining utility and earthwork items being addressed in the spring due to weather. Work on the Playhouse is predominantly above the ceiling (catwalk level) electrical work for lighting and power for theatrical equipment. Demolition has been substantially completed at the Guidance/CST area. The Diversity, Equity, and Inclusivity Coordinator, Mr. Anthony Jones, is collaborating with staff and students to plan and implement Women's History Month events across the District. Conversations have also started about Asian Heritage History Month in May. The Committee discussed next steps in planning an implementation of Strategic Goal 4, the equity goal. The equity committee will be creating a structure for implementation similar to the process followed for Strategic Goals 1, 2, and 3. The Committee reviewed the following revised job descriptions and recommends them for approval: LDTC-Learning Disabilities Teacher Consultant, School Psychologist, School Social Worker, School Language Specialist, and Substitute Teacher.

Curriculum Committee

Board member Dana Krug reported that the Curriculum Committee met virtually on March 15, 2021. Dr. Lee McDonald joined the meeting as a guest. Anthony Jones, DEI Coordinator, joined the meeting to meet the Curriculum Committee team and share the goals of his current work. Dr. Nathan shared the draft internal Equity team website with the Committee to illustrate the work unfolding. Carl Cooper, Supervisor of Social Studies, and a HSN student shared information about the Social Studies pilot project across 7th - 11th grades. Many books were vetted and five have been selected for adoption. Kyle Schimpf, Principal of CMS, shared with the Committee his dissertation proposal and current research entitled "Exploring Changing Expectations of Middle School Families within a COVID-19 Context." Dr. Nathan shared the current waitlist numbers and the process for prioritizing students for the summer course as the Financial Literacy course is a graduation requirement. The Committee recommends approval of the items listed on tonight's agenda, including professional development opportunities for staff, acceptance of a musical instrument, and the disposal of instructional materials that are either so outdated as to no longer serve as worthy instructional tools, or are so worn and/or damaged as to preclude effective use and economical repair or restoration.

Finance Committee

Board member Louisa Ho reported that the Finance Committee met virtually on March 16, 2021. The Committee reviewed the monthly financial reports. Staff shared that no accounts are over-expended and there are sufficient funds to complete the year. The budget is tracking similarly to last year with one slight difference due to the "lag" in the processing of health insurance claims since January 1. There were no responsive bidders for the March 16 bid opening for two large tents, one at South and one at North, to accommodate student events. Because the District advertised and conducted two bid openings with no results, purchasing laws allow the finance office to negotiate a price for the tents. The acknowledgement

that no bids were received and negotiations will take place is on the agenda for approval. The High School North additions and renovations bid opening occurred and the bids were significantly over estimate. A motion is included on the Board agenda to reject all of the bids as they exceed the budgeted amount. Also on the agenda are motions for the use of NJ Cooperative Bids for the purchase of built-in classroom furniture and technology infrastructure equipment for the Community Middle School referendum project and communication and video safety equipment for the Grover Middle School referendum project. Also on the agenda is the approval of a change order, which will closeout one of the remaining contracts from the Maurice Hawk addition. Also included on the agenda are motions to approve the disposal of obsolete kitchen equipment and approve staff members' virtual attendance at several workshops. Staff shared that the 2021-2022 budget was submitted to the County Office for review.

Staff shared information on capital projects. Construction of the Village salt storage shed continues with the installation of vinyl siding and electricity for lighting. Staff also shared updates on the Energy Savings Improvement Projects (ESIP). At High School South, the science wing chiller is ready for start-up now that the weather is warmer. Most other projects at the school are complete with the balancing contractor on-site performing tests on newly installed equipment. Electric metering equipment still needs to be installed to segregate the new construction portion of the building for energy tracking and rebate purposes. Final punch list items are being reviewed along with training of staff on new equipment. The combined heat and power unit near the pool has control work, integration, and staff training to be completed. At Dutch Neck, controller integration work continues and system balancing and staff training is needed. Work at Community Middle School is near completion. Punch list items need to be reviewed and control systems need to be programmed. There is installation coordination work going on with existing equipment that ties into the new equipment. Electric meters still need to be installed in the areas of the addition for tracking and rebate purposes and the training of staff still needs to occur. Work on the computer room at High School North is underway with one unit installed and running. The second unit will be installed shortly. The lighting retrofit at North is 99 percent complete with work continuing at Grover Middle School on the retrofit. Punch list review and commissioning is occurring at Village and Town Center. Solar installation has started at High School North, High School South, and Maurice Hawk.

Staff updated the Committee on cafeteria issues, reporting that, as of the end of January 2021, Sodexo has donated \$59,423 in Sodexo employee hours to assist our nurses with COVID-19 related tasks. The cafeteria operation for the food distribution is running a deficit of \$41,520 as of the end of February. There is a transportation bid opening on Wednesday, March 17, for the routes that did not receive bids at the last bid opening. There will be a walk-in item to accept the results of the bid opening. Looking forward to the 2021-2022 school year, the District is looking to start school with schedules based on full-day in-person and full day virtual, with the ability to pivot when needed. The District is looking at technology that would facilitate this concept. There are challenges associated with next school year, including how to safely provide meals. The Board will also be considering returning to in-person meetings as staff and students return. Staff shared that the previously postponed Solar Renewal Energy Credit (SREC) sale will take place on Wednesday March 17.

Ms. Kaish acknowledged the following retirements and thanked them for their service to the District: Janet Bowes, Town Center Principal, 35 years; Sherry Sizemore, Supervisor of World Languages, 19 years; Alice Guest, School Nurse, 26 years; Kristi Mattingly, Elementary Teacher, 25 years; Susan Mercurio, Family & Consumer Science Teacher, 16 years; Rosanne Bourassa, Secretary, 10 years; and Joanne D’Attilio, Secretary, 22 years. Ms. Kaish also made a correction to an acknowledgement made at a prior meeting: Vicki Gurzau is retiring with 25 years with the District, not 17 years as previously stated.

APPROVAL OF MINUTES

Upon motion by Mr. Fleres, seconded by Ms. Moliga, and by affirmative voice vote of all present, the following Board of Education minutes were approved: February 23, 2021 Closed Executive Session, March 9, 2021 Meeting, and March 9, 2021 Closed Executive Session.

LIAISON REPORTS

Dana Krug, Liaison to the New Jersey School Boards Association (NJSBA), shared a few opportunities and updates. She reminded the Board that Thursday, April 8, the Mercer County School Board Association will host its spring meeting. Ms. Krug reported that last Friday she attended the NJSBA Board of Director’s meeting as the Mercer County representative. At that meeting, the NJSBA announced that the annual NJSBA fall conference would be virtual. The logistics make it difficult to implement the conference in person due to social distancing, PPE and cleaning protocols, and the Atlantic City Convention Center being used as a mega-site for vaccination administration. The conference is scheduled for October 26 through 28, 2021.

PUBLIC COMMENT

Board President Kaish opened the second opportunity for public comment.

Latoya Edwards, 249 Robbinsville Edinburg Road, West Windsor, commented via audio regarding hybrid school and the community being mindful and empathetic that people are still at risk from COVID-19.

Board attorney, Mark Toscano, read the following written comments:

Libby Barak, 36 Scott Ave, West Windsor, wrote:

“Since March 2020, the teachers in the district have worked tirelessly to adapt to a new reality. Starting with only a few hours of work a week, the kids now have a full schedule. We all applaud the teachers for the way they mastered many technological skills and handled this transition with great effort. At the same time, human learning is most effective through social interaction. When people converse, they use shared attention, gestures, intonation, and shared vocabulary that is the basis for efficient learning across all ages. Many of the classes in the district still use independent activity choice-boards, pre-recorded videos from YouTube, and applications such as Prodigy, Scholastic, and others. These options are not designed to support learning and this overwhelming use is a source for concern, Is the district monitoring or providing guidelines for the number of sessions a week such options can and are being used instead of synchronized teaching? Will all-in students still use such options or will teaching go back to proper active teaching methods? This question is asked with full respect and gratefulness for the teacher's efforts. Perhaps work demands can be offset from teachers using resource teachers for lesson design so that in-class teachers would be able to focus on the execution of lessons and communication with students.”

Shraddha Adepu, 6 Aldrich way, Princeton junction, wrote:

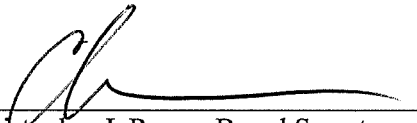

"What are the plans for the school to Open. It is affecting the mental well being of the kids, and that should be highest priority."

Deborah Charle, 9 Zeloof Drive, Princeton Junction, wrote:

"I support a 5 day a week, every week option for my children."

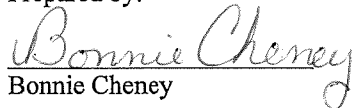

Board President Kaish closed the second public comment section and thanked everyone who submitted comments.

At 9:02 p.m., by motion of Ms. Ho, seconded by Mr. Whitfield, and by unanimous voice vote of all present, the meeting adjourned.

Dr. Christopher J. Russo, Board Secretary

PUBLIC HEARING ON THE 2021-2022 BUDGET

Board President Kaish opened the Public Hearing on the 2021-2022 Budget at 7:34 p.m.

Dr. Aderhold opened the presentation on the proposed 2021-2022 budget by reviewing the District's mission statement. He explained that the budget is a planning tool that manages risks, considers contingencies, considers safeguards and buffers, is fiscally responsible and supports District values. The Superintendent reviewed the year-round budget process and timelines. He presented the District accolades, including the receipt of ASBO International's Certificate of Excellence in Financial Reporting for the past 12 years and Meritorious Budget Award for the past six years, and credited all the District staff that work to make that happen. The Superintendent reviewed the 2021-2022 budget stressors including: special services tuition increases, the second year custodial contract renewal, health care costs effected by multiple variables, increased staffing needs, increased transportation costs, contractual salary increases, and the initial startup costs for the Energy Savings Improvement Program (ESIP). Big picture budget topics included the same items mentioned above, plus some capital projects, technology, staffing needs, PPE, and health and safety measures. Dr. Aderhold presented a summary breakdown of the budget expenditure increases in the various areas. He then reviewed the District's revenues, which includes the 2% general fund tax increase plus expiring banked cap. In addition, the District budgeted a capital reserve allocation for capital projects and received a budgeted increase in state aid.

Dr. Aderhold itemized the budget considerations by category effected, including the business office, financial and operations, special education, staff positions, capital projects, referendum projects, and unknown budget contributors such as health benefit increases. He also provided more detail regarding the expiring banked cap, which is \$621,243 this year, the capital reserve allocation of \$8,761,000, and the budgeted state aid increase. The Superintendent presented the township enrollment counts, including the enrollment percentage change between the two townships over the past ten years. He also presented the taxpayers guide to education spending, comparing West Windsor-Plainsboro with similar districts in the area. Dr. Aderhold exhibited the District's budget-to-budget increase percentages and corresponding tax levy increases over the past 12 years, including the recommended increase of 2.37% for the 2021-2022 budget. He then exhibited the allocation of revenues, explaining the changes from the 2020-2021 budget to the 2021-2022 budget, by budget category, including the total budget-to-budget change. In conclusion, he explained the tax implications on the tax rate per \$100 of assessed value of a home in West Windsor and a home in Plainsboro.

the option to attend in-person, or virtually similar to graduation last year. Senior College Commitment/Declaration Day is Saturday, May 1, and pictures of students in their college merchandise will be posted on the senior class council Instagram and social media. Finally, this week is Senior Spirit Week with themed days taking place all week.

Edward Li, co-representative from High School North, provided an update on club activities. Student Council Executive Board elections for the upcoming 2021-2022 school year are taking place now. Class Council elections will be taking place soon, following the end of the Executive Board elections. Third marking period ended on Thursday, April 12, and we are currently in the last marking period of the school year. The spring sports season started recently, and will be taking place until June 20, 2021.

Ms. Kaish and Dr. Aderhold thanked the student representatives for their reports.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold stated that the Governor of New Jersey recently changed capacity limits primarily for outdoor gatherings. The New Jersey Department of Education recently issued some end of year guidance regarding graduations. Administration will be reviewing the new guidance this week. A marquee tent is going up at High School North this week allowing the District to do many outdoor events for students in a safer environment. Graduation is taking place with a video tape submission component as well as an in-person component so there will be multiple pathways to celebrate our seniors. The Superintendent recognized the Equity Leadership Team and the work the team and Anthony Jones are doing, especially in preparing for Asian Pacific American Heritage Month in May. He also recognized some clubs, including the HSN Chinese Club, HSS Chinese Club, HSS Asian Diversity Initiative, HSS Korean Student Union, HSN SAASA, HSS SAASA, that have been involved in planning events at the high school level and thanked them for their involvement.

PUBLIC COMMENTS

Board President Kaish opened the first opportunity for public comment:

Board Attorney Mark Toscano reported that there were no members of the public signed up to comment via audio and/or video.

Board Attorney Mark Toscano read the following written comment:

Jennifer Riccards, 85 Warwick Rd., West Windsor, wrote:

The special education parent community in WWP is eager to see the draft report from the program review that was recently completed. But as we all know, a report is simply that – a document – and the real meaning happens when actions take place based on what was learned. We all know that there are

improvements that need to be made to better serve our special needs students. The WWP Special Education Parent Teacher Student Association, or SEPTSA, looks forward to working closely with the district administration on examining the recommendations from this review and identifying how best to move forward and actually improve how special education services are delivered in WWP. We believe that parental leadership is absolutely critical in ensuring that this review does not simply sit on a virtual shelf but is used in a way that is meaningful and was worth the significant effort that everyone put into it. We are excited to read the draft report when it comes to the Board in the next few weeks, but are more excited to roll up our sleeves and work with James Earle, Karen Slagle, and the Special Services staff to make WWP the best district possible for all our students, especially students with IEPs. Thank you.

Board President Kaish closed the first public comment section.

Dr. Aderhold commented that the District is eager to read the Special Education Program Review report as well and there will be an action plan put in place after the presentation in September.

COMMITTEE REPORTS

Ms. Kaish turned the floor over to Board member Anthony Fleres to begin the committee reports.

Administration & Facilities Committee

Board member Anthony Fleres reported that the Administration & Facilities Committee met virtually on April 20, 2021. Dr. Aderhold provided an update on the progress of virtual and hybrid school. He shared that the return for more students to in-person instruction is going well. Approximately 65% of students remain on virtual instruction and approximately 35% of students are attending school in-person. As we enter the fourth quarter, the District is preparing for an increase in student activities and award ceremonies. A large tent at HSN will be installed in order to ensure the ability to hold events such as National Honor Society Induction, the high school musicals, Jr. Prom/Prom, and a variety of other district events. The District also continues to review schedules in order to develop the fall master schedules and safely accommodate more students and staff on grounds. Some of the challenges include implementing current social distancing requirements and managing large lunch groupings, particularly at the high school level. The committee reviewed the following policies for first reading: P4125-Employment of Support Staff Members, P6360-Political Contributions, P8330-Student Records, and P9713-Recruitment by Special Interest Groups. The committee recommends moving the policies forward to the April 27, 2021 BOE meeting. The committee reviewed the following policies and regulations for second reading: R1642-Earned Sick Leave Law, P2415-Every Student Succeeds Act, P2415.02-Title I-Fiscal Responsibilities, P2415.05-Student Surveys, Analysis, and/or Evaluations, P2415.20-Every Student Succeeds Act Complaints, and R2415.20-Every Student Succeeds Act Complaints. The committee recommend approval of the policies and regulations forward to the April 27, 2021 BOE meeting. The committee reviewed the AVID contract for the 2021 – 2022 school year. Advancement via Individual Determination is a program that supports students with high academic potential that are in need of targeted supports and intervention. The program is being phased in over four years and a new 9th grade cohort is identified each academic year. The spring athletic season has begun with athletics returning to the middle school students at Grover and Community Middle Schools. Students at High School South and High School North have begun competitions. Health protocols are being strictly enforced. Unfortunately, the District had to quarantine the HSN girls' lacrosse program due to a positive COVID-19 case. Additionally, the District has concluded the interview process for the head football coach and is pleased to recommend the new head coach on the April 27, 2021, BOE agenda. The District expects to open athletics fully for the fall 2021 season. District Consultant, PCG or Public Consulting Group, has completed data collection for the special education review. This past week, members of the administration and PCG began working on a timeline to charge an action planning committee. PCG plans to deliver a

draft report to the administration in May. Dr. Aderhold provided a general overview of the referendum projects. Highlights included a review of the High School South, Grover Middle School, and Community Middle School expansion projects. HVAC upgrades at High School North and Millstone River with various components of the project making substantial progress. The Grover Middle School addition is on target for completion by June 2021. Phase 2 of High School South renovations and additions are progressing well, with remaining utility and earthwork items being addressed in the spring. Work in the Playhouse is predominantly above ceiling (catwalk level) electrical work for lighting and power for theatrical equipment. Demolition has been substantially completed at the library, child growth and development room, and the Guidance/Child Study Team area. The District architect and Dr. Aderhold presented the Wicoff Elementary expansion to the Development Review Committee in Plainsboro last week. The committee has authorized the project to move forward to the Plainsboro Planning Board. The Diversity, Equity, and Inclusivity Coordinator, Mr. Anthony Jones, continues to collaborate with staff and students to implement events for Women's History Month across the District. Planning continues regarding Pan-Asian American Heritage Month in May. Structures to build a strategic plan for the implementation of Strategic Goal 4, the equity goal, are underway. A leadership team and sub-committees have been named to develop next steps. The committee reviewed the revised media specialist job description. The committee recommends the revised job description for approval on the April 27, 2021, BOE agenda.

Curriculum Committee

Board member Dana Krug reported that the Curriculum Committee also met virtually on April 20, 2021. Mr. Richard Stec, science supervisor, joined the committee meeting and shared the vetting process for a new textbook for the Descriptive Astronomy course. After several textbooks from various publishers were vetted, Openstax was selected based on its alignment with the strategic goal work and its ability to support teaching and learning in astronomy. Melissa Pearson, K-5 math supervisor, also joined the Committee to present information on the vetting process for a new foundational math resource for elementary grades K-5. A team of elementary building leaders, supervisors, teacher resources specialists, and basic skills math teachers reviewed the print resources in digital format, student resources and manipulatives, online tools and other digital resources. The Committee recommends the adoption of Bridges, foundational math resource for elementary grades K-5. The implementation will be a multi-year progression, starting with Kindergarten, 1st and 5th grade in year 1 (2021-2022) of the roll out. The Committee recommends approval of several items on this evening's agenda, including the Community Education Preschool Summer virtual camps, entering into an agreement with Northwest Evaluation Association (NWEA) to supply web-based Measures of Academic Progress (MAP) assessments for students, and several professional development opportunities for staff members.

Finance Committee

Board member Louisa Ho reported that the Finance Committee also met virtually on April 20, 2021. Staff briefed the Committee on the budget hearing to be held today. The Committee reviewed the Finance section of the Board agenda. Staff shared the monthly financial reports and indicated that no lines are over-expended and there are sufficient funds to complete the year. The budget is tracking similarly to prior months with 4.98% reduction in total amount of the budget spent to date. The reduction is due primarily to self-funding health care and the lag in processing of monthly claims and holding positions vacant due to the reduction in state aid. There are several motions on the upcoming agenda for Referendum purchases, including state contract purchases of door controllers and communication devices, including installation, at Community Middle School and cooperative purchase agreements for audio, video, communication and science equipment for the Community Middle School and Grover Middle School. Also included is the cooperative purchase of 2,700 Dell Chromebooks as part of our technology refresh. Three change orders are included on the agenda, two

for the salt storage sheds, and one for the High School South site work. There is a motion to dispose of obsolete equipment. Transportation items make up a majority of the finance section of the agenda. There are motions to renew transportation contracts within the allowable Consumer Price Index increase of 1.69% for the 2021-2022 school year, a quote for a special education route, and various transportation jointures. Finally, there are requests for approval of several virtual workshops and conferences for staff members. Administration will meet with Plainsboro municipal officials next Tuesday to discuss the budget. Hard copy of the final budget calendar was shared with the Committee. The public hearing will be virtual and take place on April 27. The net taxable value of West Windsor decreased by more than \$37 million for the tax impact calculation. In addition, the value of the average assessed home went up by over \$1,200. These changes, that are out of the District's control, caused a slightly higher tax impact than if the value of the community had remained the same. Township officials shared that this should be a one year issue as it is anticipated that the new housing coming on-line should offset the current year decrease in value.

Staff provided an update on both Capital and Referendum Projects. Staff also provided an update on the status of Energy Savings Improvement Program (ESIP) projects. The majority of the projects are complete with commissioning, graphic interface programming, staff training and punch list review occurring. The solar installation continues at Maurice Hawk, High School South, and High School North. These projects should be completed for a summer start-up. There will be an agenda item in May for a change order to the ESIP for the ERV (Energy Recycling Ventilator) replacement at Village and the various rooftop unit repairs at Grover Middle School as anticipated in the 2021-2022 budget under Capital Reserve Projects. The District still needs to approve a 2 year agreement, beyond the one year warranty, to monitor the performance of the equipment to satisfy the final \$1.1 million rebate as part of the incentive program. The agreement may be on the Board agenda in May. Dr. Aderhold reported that the return of additional students to in-person instruction went well last week. The teaching staff required for in-person instruction returned as required. Overall, the staff and administration appeared happy with the return of the students. The HSN Girls' Lacrosse team did have to quarantine due to a COVID situation. The goal is to have graduation at the Cure Arena this June based on current NJ Department of Health Guidelines. Changes will need to be made to the normal procedures to allow for social distancing.

BOARD PRESIDENT’S COMMENTS

Board President Kaish explained that the meeting was called to order during the earlier executive session and asked Board Attorney Mark Toscano to provide an update on the items discussed.

Mr. Toscano reported that during the executive session, under executive session item #9, HIB matters were not discussed. Dr. Aderhold also corrected a case number referenced under item #7 on the executive session agenda. These changes are reflected in the closed executive session agenda items listed at the beginning of these minutes.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold thanked the faculty and staff for all the work they have been doing. He commented that there are many student events being planned with care to ensure they are held safely. He thanked the nurses, the Middlesex County Health Department, the West Windsor Health Department, and Olden Pharmacy for the vaccine clinic held yesterday at Grover Middle School. Over 700 students were vaccinated thanks to the tremendous efforts of them as well as the Buildings & Grounds staff and the Grover Middle School administrators and staff. The District is looking forward to hosting additional clinics as needed. Dr. Aderhold congratulated a High School North senior student athlete for becoming the 2021 girls golf state champion. He also congratulated the High School North girls golf team for achieving sectional champions. In regards to recent changes to masking rules throughout the state, the Superintendent reported that the executive order requiring masking and social distancing on school grounds has not changed. Schools will maintain mask rules for the remainder of this year and masking should be anticipated for the fall. Masks will be required for attendees at award ceremonies, plays, musicals, and other events to keep students and visitors safe. The in-person graduation ceremony at the CURE Arena is a school function and will require masking. Dr. Aderhold reported that last night, Mr. James Earle was appointed the Superintendent of Trenton Public Schools. Dr. Aderhold expressed his appreciation of Mr. Earle’s contributions to the district over the past three years and wished him the best moving forward. He also recognized Mr. Bruce Salmestrelli, educator and president of the WWPEA, who is retiring. The Superintendent expressed great admiration and respect for Mr. Salmestrelli. He thanked Mr. Salmestrelli for his leadership, guidance and for being a tremendous partner through many negotiations and the pandemic.

PUBLIC COMMENTS

Board President Kaish opened the first opportunity for public comment:

Mr. Toscano reported that there were no written comments submitted to the Board Secretary prior to the deadline, nor was there anyone signed up to speak. He read the one written comment that was submitted via the online form.

Lori Marabella, 9 Park Hill Terrace, West Windsor, wrote:

In late February, fifth grade parents received notice that CogAT test scores were available in Genesis. The email informed us “The primary purpose of the CogAT test is to ensure the instructional programs offered by the West Windsor-Plainsboro Regional School District meet the individual needs of the students.” However, it appears the only instruction, or individual needs, that are considered for middle school are those that involve math. Score high enough and there is a math class for you, but no special consideration is given for students with top percentile verbal scores. Of course our children are more than test scores -- Interest and motivation are important factors too. But to paraphrase Renzulli, there is no relationship between talent identification and language arts programming going on here. The needs of these students are dismissed with “The Workshop model meets all the needs.” Repeating that doesn’t make it so, and when so much instructional time is spent “conferencing” with small groups and individual students, how much instruction are students actually getting? The workshop model is dependent on group work and peer feedback, so it is critical that high-ability/interest/motivation students have classmates at their level. There are still very few writing opportunities as outlined in the curriculum documents, which I have spoken about before. My conversations and emails with administration indicate the district is ill-prepared to make “the instructional adaptations” in the content areas called for in the Strengthening Gifted and Talented Education Act signed by Gov. Murphy last January. Nor does there seem to be an understanding of evidence based practices such as cluster grouping, which is surprising since this was an accepted recommendation from the 2016 G&T program review. Perhaps it is time for a fresh look at how services can be delivered in the content areas (other than math) to meet the learning needs of identified students, and if the district is meeting the requirements of the new law. And 80 minutes of middle school language arts instruction, as recommended by the NJ DOE, would be an improvement.

Board President Kaish thanked Ms. Marabella for her comment and closed the first public comment section.

COMMITTEE REPORTS

Ms. Kaish turned the floor over to Board member Anthony Fleres to begin the committee reports.

Administration & Facilities Committee

Board member Anthony Fleres reported that the Administration & Facilities Committee met virtually on May 18, 2021. The Committee received an update on the progress of the virtual and hybrid school environments from Mr. Earle, assistant superintendent of pupil services/planning. A team of District volunteers continues to support families receiving meal benefits during food distribution. This process will continue throughout the summer and all WW-P families will be eligible to receive meal benefits. Dr. McDonald provided a health and safety update to the Committee related to wearing masks. WW-P will continue to require masks for staff, students, and visitors during school and indoor/outdoor events. All schools are currently in planning stages for serving lunch in the 2021-2022 school year while observing social distancing guidelines. Additional volunteers and support staff may be needed. The District has also received federal COVID-19 grant relief funds to support learning acceleration, mental health, and facilities maintenance and upgrades. Building and District administrators are currently planning to allocate the funds for summer support and academic support during the school year. The Committee reviewed the following policies and recommends moving them forward for first reading on tonight’s agenda: P1121-Benefits Covering Non-Affiliated Central Office

Administrative Employees-Category C; P1122-Benefits Covering Non-Affiliated Administrative Employees-Category A; P1643-Family Leave; P2431.3- Heat Participation Policy for Student-Athlete Safety; P2622-Student Assessment; P4420-Benefits Covering Non-Affiliated Support Staff-Category B; P5111-Eligibility of Resident/Nonresident Students; and R5111-Eligibility of Resident/Nonresident Students. The Committee also reviewed Regulation 7510-Use of School Facilities and discussed the potential need for additional staff, custodians, security, and operations foremen to prepare buildings for students and staff after an outside group uses the facilities. The potential for increased staff support may require changes in the fees charged to outside groups. The Committee will further discuss building use at the next A&F Committee meeting on June 15, 2021. The Committee reviewed the following policies and recommends them for second reading and approval on tonight's agenda: P4125-Employment of Support Staff Members; P6360-Political Contributions; P8330-Student Records; and P9713-Recruitment by Special Interest Groups. The Committee reviewed the Occupational Health Services Agreement to provide COVID-19 testing and related services for the District and recommends the agreement for approval. The Committee reviewed two medical contracts: Medical Inspector and Medical Services Director and recommends both contracts for approval. The Committee discussed the spring athletic season, which is in its final stages with teams competing for post-season opportunities. The District would also like to congratulate a High School North Senior who won the 2021 Girls Golf State Championship. Athletic staff and student athletes have done a great job of implementing and following health and safety protocols. Masks will continue to be required at indoor and outdoor athletic events for students, staff, and visitors. The District expects to open athletics fully for the fall 2021 season. District Consultant, Public Consulting Group (PCG) has completed data collection for the special education review. This past week, members of the administration and PCG began finalizing a timeline to charge an action planning committee. The Committee also reviewed an amendment to the contract with additional action planning included. PCG plans to deliver a draft report to the administration in May. The Committee recommends the contract for approval. Mr. Earle provided a general overview of all the referendum projects. Highlights included a review of the High School South, Grover Middle School, and Community Middle School expansion projects. Work is ongoing. HVAC upgrades at High School North and Millstone River are making substantial progress. Security vestibules and toilet renovations have been completed and all have passed final inspections. The Grover Middle School addition is on target for completion by June 2021 with punch list items remaining. Phase 2 of High School South renovations and additions are progressing well, with remaining utility and earthwork items being addressed. Demolition has been substantially completed at the library, child growth and development room, and the guidance/child study team area. In the area of equity updates - WW-P staff are finishing up Pan-Asian American History Month activities. The equity team chairs and co-chairs continue to plan structures to provide support in the following areas: policy and procedure, curriculum and instruction, professional development, and programs. The equity team is also in the process of planning summer professional development for staff. Mr. Duncan, WW-P Special Assistant for Labor Relations, provided an overview of updated language in two current job descriptions, Visual Media Manager and Director of Special Services. He also provided information related to two new job descriptions recommended by the administration: Transition Coordinator and Job Coach. The Committee recommends these job descriptions for approval on the May 25, 2021, agenda.

Curriculum Committee

Board member Dana Krug reported that the Curriculum Committee met virtually on May 18, 2021. Dr. Nathan presented a proposed pilot program for Algebra 2/Algebra 2 Honors. She explained that when students wish to drop from Advanced Algebra 2 Honors into Advanced Algebra 2, the District is not always able to accommodate the change. Sometimes the student may have to move several classes and change teachers. The District would like to accommodate students by letting them stay in the Honors class with the teacher differentiating the materials for their learning. The Committee recommends several items on this evening's agenda, including the approval of the Educational Services Commission

of NJ to provide non-public services, the approval of several consultants for the StarTalk Hindi/Urdu summer program, the disposal of instructional materials that are obsolete, and several professional development opportunities for staff. Also recommended for approval on tonight's agenda are the acceptance of a donation of a piano from a former West Windsor resident, the approval of several technology agreements, and the approval of one overnight field trip for the swim team in December.

One Board member requested additional information regarding the Algebra 2/Algebra 2 Honors pilot program. Dr. Pamela Nathan explained the pilot program in more depth.

Finance Committee

Board member Louisa Ho reported that the Finance Committee also met virtually on May 18, 2021. The Committee reviewed the agenda items for the May 25 Board meeting. The professional service rates are mostly remaining the same, with only a few companies increasing their rates. The liability and worker's compensation insurance renewals are included for approval as well as the acceptance of a safety grant for the purchase of automated external defibrillators (AEDs). Most of the finance portion of the agenda is the semi-annual renewal of the procurement list of cooperative purchasing agreements and state contract vendors. Other items for the May 25 meeting include the transfer of capital project interest income and transportation items. In the personnel section of the May 25 Board agenda will be the updated hourly rates for the 2021-2022 school year. The Committee also discussed some items that are expected to be included on the June 8 Board meeting agenda, including the student accident insurance (no rate increase) and food service agreement renewals. Mr. George Duthie joined the meeting and provided updates on referendum projects. Prices for construction materials have spiked in the last 6-9 months. As a result, the latest bids for the HSN dance studio and the Millstone River and Dutch Neck libraries came in over budget. The Committee discussed a path forward to reduce the effects of these trends. Staff provided an update on the Energy Savings Improvement Program (ESIP). Work is wrapping up with all of the ESIP projects. Controls work continues along with instruction of facilities staff on the operation of the new systems. The electric and gas meters still need to be installed on the new section of HSS. These are required for the last energy rebate. Lighting in HSS and HSN still needs to be completed but will be delayed due to use of the rooms. Supply chain issues held up delivery of this equipment originally. Installation of solar panels on the roof of HSS is nearing completion with connection to power service scheduled for early June. The installation of the final two arrays at HSN is delayed to allow the referendum HVAC contractor to complete their work. Installation at the other schools is complete with final connections being made. Staff provided updates on cafeteria issues for next year, including the food service renewal and the possibility of no cost lunch for all students. The challenge for next year will be serving lunch in accordance with pandemic guidelines. Additional staff will be needed to support the food service operation next year, including lunchroom aides. Each building and grade level will need a specific plan. Staff provided updates on the school response to the recent change in CDC guidance. The District is holding an on-site vaccination clinic for students that are of age. There will be in-person high school graduation ceremonies at the CURE Arena. We are working to stream this event as well as the graduation videos that will be aired later in the evening. Staff shared that there are many administrative vacancies that need to be filled. The Committee discussed the return to in-person committee meetings. The Hourly Rate Chart was reviewed for the 2021-2022 school year. The minimum hourly salary will jump from \$12 to \$13 per hour in January 2022. In addition, there will be an increase in the substitute teacher rate as our current rates are no longer competitive.

The following Board members were present:

Mr. Anthony Fleres	Ms. Michele Kaish	Ms. Loi Moliga
Ms. Louisa Ho	Ms. Dana Krug	Mr. Martin Whitfield
Ms. Rachel Juliana	Ms. Graelynn McKeown	Ms. Robin Zovich

No Board members were absent. Present also were: Dr. David Aderhold, Superintendent of Schools; Dr. Christopher Russo, Assistant Superintendent for Finance/Board Secretary; Mr. James Earle, Assistant Superintendent for Pupil Services/Planning; Dr. Pamela Nathan, Assistant Superintendent for Curriculum & Instruction; and Ms. Charity Comella, Director of Human Resources. Also present was board attorney, Jeffrey Caccese, Esq.

BOARD PRESIDENT COMMENTS

Ms. Kaish reported that, prior to this meeting, there was a virtual district celebration honoring retirees, educators of the year, and West Windsor-Plainsboro Education Foundation grant recipients. On behalf of the entire Board, Ms. Kaish congratulated all of the honorees.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold congratulated all of the retirees, educators of the year, and Education Foundation grant recipients. He thanked the WW-P Education Foundation for all of the work they have done, especially during the pandemic, in service of our community. He relayed that there was an impressive list of applications submitted for next year and he thanked the WW-P educators for taking the time to submit them for their students. Dr. Aderhold reported that there were 47 retirees honored this evening, representing 1,129 ½ years of service, the most years of service the District has ever had retire in one year. Dr. Aderhold thanked Ms. Comella and her staff and Mr. Jenkins for putting together the district celebration video. He reminded everyone that this is the last virtual Board meeting. The Board meetings going forward will be held at Grover Middle School to ensure social distancing and public comment will be in-person only. The Board meetings will be livestreamed and the video will be posted after the meeting. Submitted written comments will not be read, however, they are entered into record. Mask mandates have been a point of confusion, so Dr. Aderhold clarified that masks will be required in the buildings for the rest of this year. If students and classes are going outside for recess or PE during hot weather, masks can be removed if there is social distancing. Dr. Aderhold thanked the Board for the tent at High School North, conveying that the tent has been very well utilized and well received by students and the community. The Superintendent reported that there are three recommendations on this evening’s agenda for administrative hires. His first

recommendation was Jennifer Braverman as the next assistant principal at Millstone River School, filling the vacancy created by the appointment of Dr. Erin Falk as the next principal of Town Center. He explained that Jennifer joins WW-P from the Hamilton Township School District where she started her career as an elementary school teacher and spent the past 18 years as a school counselor. She comes highly recommended by Dr. Rocco, Superintendent of Hamilton Township School District. Second, Dr. Aderhold recommended Peter James as assistant director of technology. He explained that Mr. James is the current assistant principal of Community Middle School, former assistant principal of High School North, former Supervisor of Mathematics and Science in the Hopewell Valley Regional School District, and has served as an administrator for the past 13 years. Finally, with the retirement of Dennis Lepold at High School South, the Superintendent recommended Jessica Cincotta, current assistant principal of HSN, as the next principal of High School South. He explained that Jessica has 12 years of experience as an administrator, prior to which she was a band and choir teacher. Jessica has taught internationally in Paraguay and Bolivia is currently the District co-chair for our K-12 Equity Strategic Planning Committee. Dr. Aderhold congratulated the three aforementioned individuals and reported that the District currently has six administrative openings: Assistant Superintendent of Pupil Services and Planning, Director of Special Services, Assistant Director of Building and Grounds, Assistant Principal of Grover Middle School, Assistant Principal of Community Middle School, and Assistant Principal of High School North. The Superintendent reported that he expects to have four recommendations for administrative positions at the next Board meeting.

PUBLIC COMMENT

Board President Kaish opened the first opportunity for public comment.

Dr. Aderhold reported that there were three written comments submitted via the online form.

Mr. Jeffrey Caccese, board attorney, read the following written comments:

Angiras Arya, 18 Indian Run Rd, Princeton Junction, wrote:

To Whom It May Concern: As one of the nearly 1500 signatories of this Open Letter for Asian American and Pacific Islander Studies in NJ Public Schools (see below for the link), I strongly recommend “the thoughtful and comprehensive inclusion of Asian American and Pacific Islander studies” in our curriculum. I would also like to express my appreciation for the teachers and students who organized educational activities for Pan-Asian American History Month for high school students, and I hope that this will be a district-wide event in the future. Our students deserve the best education we can offer, but their education will remain incomplete as long as we ignore the countless Asian Americans and Pacific Islanders whose struggles and contributions have been an inextricable part of American history. As the letter states, “many educators are already embarking on this work. We must all learn and recognize that AAPI history is American history.” I stand in solidarity with the letter’s authors and strongly urge you to include AAPI studies in the WW-P curriculum.

Sincerely, Angiras Arya

Parent of two children in the WW-P school district

Lori Marabella, 9 Park Hill Terrace, West Windsor, wrote:

I wanted to follow up on my comment and Dr. Nathan’s response from the last BOE meeting, as the curriculum committee is scheduled to meet next week. I hope the members will be asking:

- If the CogAT test provides such “valuable information,” why is its use limited to identifying and providing services for students in math only? Is a verbal score not equally as valuable?

- If district policy 2464, which largely restates the NJ Strengthening Gifted and Talented Education Act, requires that “The parent of any student identified as gifted or talented shall be consulted regarding any program designed to address the student’s particular needs.” are parents actually receiving notification and consultation from the district?
- Also from the policy “The Superintendent or designee will develop and document appropriate curricular and instructional modifications used for gifted and talented students indicating content, process, products, and learning environments...” Have modifications been developed and documented? If so, how are they communicated?
- Where can the required complaint process be found on the district website?

Thank you, and I am appreciative of the time Dr. Nathan has offered to discuss my concerns about the middle school language arts program.

Latoya Edwards, 249 Robbinsville Edinburg Rd, West Windsor, wrote:

As the school year comes to a close, I just want to say THANK YOU to the School Board, Dr. Aderold, Administrators, Teachers and Staff. This was not an easy school year. We started this school year still in the midst of the pandemic. Tensions and fears were running high yet you all worked tirelessly to ensure a smooth transition to remote and/or hybrid learning for our students. Thank you for keeping parents informed and making the tough decisions. As a parent, I am so happy this school is coming to a close! AAPSG will be offering their annual Summer Math program virtually again starting in July. Students will have the opportunity to take math classes taught by WWP Teachers. Please check the virtual backpack and/or the school website for more details.

Thanks again.

President, African American Parent Support Group

Dr. Aderhold reported that there were five individuals signed up to speak via audio and/or video.

Kani Ilangovan, 18 Indian Run, West Windsor commented via audio and video regarding her membership in Make Us Visible New Jersey, anti-Asian discrimination, and the importance of including Asian American and Pacific Islander studies in public schools.

Christina Jenq, 8 Brookfield Way, Princeton Junction commented via audio and video regarding the mental health of the Asian American and Pacific Islander population and the importance of including Asian American and Pacific Islander studies and history in public schools.

Angelica Qin, 4 Le Parc Dr, West Windsor commented via audio and video regarding her experiences while attending the WW-P School District and the importance of including Asian American and Pacific Islander activism and history in the public school curriculum.

Ping Xu, 15 Titus Ln, Plainsboro, commented via audio and video regarding her role in the parents and childrens education club, the importance of including Asian American and Pacific Islander history in the school curriculum, and the importance of providing teacher professional development on racial identity.

Jeremy Hui, 95 Marion Drive, Plainsboro, commented via audio and video regarding the importance of Asian American and Pacific Islander studies in schools and including more AAPI texts and literature.

The Board President closed the first public comment section.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold thanked all of the members of the public who commented. He responded to the six speakers who commented regarding the importance of including Asian American and Pacific Islander studies in school. Dr. Aderhold explained how the District is moving forward with several of the recommendations mentioned by the speakers. As an example, he pointed to pilot texts that the District is working on for the social studies curriculum. The Superintendent explained that the statewide standards often do not address diverse representation and described the Board's Goal 4 - specific to equity, diversity, and inclusivity - to guide the District in addressing these inadequacies.

Also present was board attorney, Mark Toscano, Esq.

BOARD PRESIDENT’S COMMENTS

Board President Kaish explained that the meeting was called to order during the earlier executive session. She welcomed everyone to Grover Middle School and explained that the location was chosen to allow for additional social distancing.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold reminded all that, with the return to in-person meetings, public comment would be in-person only. He thanked all of the staff for their efforts over the past year and congratulated all of the WW-P graduates. The Superintendent reported that the District is awaiting further guidance from the state regarding masking, social distancing, and other procedures, but as of right now, school will be open for full-day, in-person instruction in September. No virtual instruction will be available due the expiration of the Governor’s Executive Order. He reminded all that the District must follow the rules established by the State of NJ and the governor.

ARPA SAFE REOPENING & CONTINUITY OF SERVICES PLAN

Dr. Aderhold presented information regarding the LEA Plan for Safe Return to In-Person Instruction and Continuity of Service Pursuant to the Federal American Rescue Plan Act (ARPA), Section 2001(i). He explained that, in April of this year, the President of the United States signed into law the ARPA act. The Superintendent reported that the information being presented this evening is a requirement for the District to be eligible for any funding under the ARPA. He explained that, due to the changing nature of the pandemic, as well as state and local safety requirements, the plan does not contain specifics, but rather affirms the District’s plan to follow and comply with guidance from the CDC, State of New Jersey, the New Jersey Department of Education, and state and local health departments. Although not required, the Executive County Superintendent asked that each district’s plan be approved by their Board of Education. The preliminary plan is due by June 24 and approval of the preliminary plan will allow the district to submit a full plan in November. Dr. Aderhold reviewed the data entered for each area of plan.

HIGH SCHOOL COOPERATIVE SOFTBALL TEAM

Dr. Aderhold presented information regarding the proposed High School Cooperative Softball team. He began his presentation by defining a Cooperative Sports Program as per the NJSIAA bylaws. Dr. Aderhold provided some background of WW-P’s experience with sports cooperatives due to declining enrollment. The projected softball enrollment, which takes into consideration softball registration, number of players graduating and number of students being promoted from middle school programs, would not be enough to field a team at any one school. The projected number of HS North players is 22 and projected

number of HS South players is eight. These enrollment numbers justify forming a cooperative team. The CVC did grant approval for WW-P to pursue the cooperative sports task force at the NJSIAA. The deadline for application is September 15. Dr. Aderhold completed the presentation by outlining the next steps, including submitting the application and attending a committee hearing with the NJSIAA Cooperative Sports Committee.

There was a conversation between several Board members and the superintendent regarding specifics of the cooperative sports program.

FIRST OPPORTUNITY FOR PUBLIC COMMENTS

Ms. Kaish thanked Dr. Aderhold for his presentations. The Board President opened the first opportunity for public comments.

Gabriella Turcanu, 5 Cromwell Court, West Windsor spoke regarding mask mandates and social distancing requirements for the upcoming school year. She expressed her disagreement with mask mandates in schools.

Joy Horton, 827 Moti Court, Ewing, former resident of West Windsor, commented regarding Mr. James Earle. She spoke about her experiences with Mr. Earle and thanked him for his leadership and positive impact on students. On behalf of AAPSG, she wished him well in his new role as Superintendent in Trenton.

Ms. Kaish closed the first opportunity for public comment.

SUPERINTENDENT'S COMMENTS

Ms. Kaish offered Dr. Aderhold the opportunity to respond to the public comments. Dr. Aderhold thanked Ms. Horton for her comments. The Superintendent clarified the compliance requirements for the ARPA funds. He also explained that, as a public school district, West Windsor-Plainsboro is required to follow the rules set forth by the State of New Jersey, the Department of Health, the Governor, the CDC, and the Department of Education. Dr. Aderhold relayed that the Governor still may make changes regarding what will happen in the fall and the District is preparing for a variety of scenarios to be fully prepared for whatever decision is made. While making those preparations, the District is keeping in mind the most vulnerable and fragile students, as well as those that are unable to be vaccinated.

At approximately 8:22 p.m., Board member Graelynn McKeown left the meeting.

COMMITTEE REPORTS

Ms. Kaish turned the floor over to Board member Anthony Fleres to begin the committee reports.

Administration & Facilities Committee

Board member Anthony Fleres reported that the Administration & Facilities Committee met on June 15, 2021. Athletic Director, Kate Dobinson, provided the A&F Committee a Cooperative Proposal for Softball in WW-P. The committee is in favor of the proposal on the June 22, 2021 BOE agenda for approval. Public consulting group representative, Matthew Korobkin, provided a brief presentation on the Special Education review process including how they engaged stakeholders (parents, staff and students) in collecting data for the final report and guiding questions used during the process. He also outlined next steps in action planning and shared an update on the initial action-planning meeting held

on June 9, 2021. The following committees have been formed to address the recommendations in the final report: Pre-referral, Referral, Eligibility, and Child Find Committee; Teaching, Learning, and Special Education Support Committee; and a Special Education Organization and Personnel / Family Engagement Committee which will be facilitated by Special Services and building administration. Action planning will continue throughout the summer and into the fall. The District will present the final report and the action plan to the Board in September of 2021. The Committee reviewed the following policies and regulations and recommends them for first reading: P5200-Attendance; R5200-Attendance; P5320-Immunization; R5320-Immunization; P5330.04 Administering an Opioid Antidote; and R5330.04-Administering an Opioid Antidote. The Committee reviewed the following policies for second reading and approval on tonight's agenda: P1121-Benefits Covering Non-Affiliated Central Office Administrative Employees-Category C; P1122-Benefits Covering Non-Affiliated Administrative Employees-Category A; P1643-Family Leave; P2431.3- Heat Participation Policy for Student-Athlete Safety; P2622-Student Assessment; P4420-Benefits Covering Non-Affiliated Support Staff-Category B; P5111-Eligibility of Resident/Nonresident Students; and R5111-Eligibility of Resident/Nonresident Students. The committee recommends the following policies be abolished on the June 22, 2021 BOE agenda: P1649-Federal Family First Coronavirus (COVID-19) Response Act; P3431.1-Family Leave; P4431.1-Family Leave; P3431.3-New Jersey's Family Leave Insurance Program; and P4431.3-New Jersey's Family Leave Insurance Program. James Earle, Assistant Superintendent for Pupil Services/Planning, gave an overview of his merit goal, which he will be submitting to the Executive County Superintendent. Dr. Aderhold shared the American Rescue Plan Act (ARPA) grant and the application process involved in order for the District to secure the funds. The Committee discussed referendum project updates. System installation work continues at Community Middle School. The fire alarm rough-in work at High School South is continuing at the renovated areas and the addition. A significant delivery of fire alarm materials is in transit to the job site. At High School North, work has been focused on the inside of the building and they are continuing new duct installations. Millstone River School installations of roof duct tie-ins to the interior duct and the ERU/RTU service platforms and are nearly complete. Security and toilet room renovations are complete and township inspections are scheduled during summer break. GMS addition is complete and final inspections being conducted. Renovations at High School South continue to progress well. Meeting and planning is underway for renovations at High School North and Wicoff. Work is projected to begin next year. The Equity Team concluded its work for the school year and invited students and staff to share experiences engaging in diversity, equity and inclusivity work during the school year. The team is currently planning for summer professional development opportunities and action planning for the 2021-2022 school year. The District continues to update outdated language in current job descriptions. The A&F Committee reviewed the job descriptions of the Director of Counseling, Health, and Wellness and Community Education Program Administrator. The committee recommends the revised job description for approval at tonight's meeting.

Curriculum Committee

Board member Dana Krug reported that the Curriculum Committee met on June 15, 2021. Dr. Nathan shared the variety of professional development sessions in the District's Genesis PD Catalog. Staff can RSVP and see descriptions of sessions in the portal. Sessions target strategic goals such as Equity, SEL and Global Competence as well as targeted skills and content-based sessions. Dr. Nathan shared an update on the K-5 report card work. The K-5 Report Card revision work will be complete by the end of this summer. Reading, writing, and math indicators will stay the same while social studies, science, 21st century competencies, and special areas (music, art, computers) will have new indicators. The narrative portion of the report card will also be expanded. The finalized report card will be shared once completed with staff and families. Toolkits will also be shared with staff to support this work and implementation of the revised report card. Dr. Nathan shared EdCOT Expanded with the committee. EdCOT (Educational Classroom Of Today) is a District created acronym. The goal of the EdCOT Expanded pilot is to determine what classroom technology should be used to support authentic learning. During

the summer, and into the start of the 2021-22 school year, a team consisting of the pilot teachers, instructional specialists, supervisors, and building administration will be reviewing the instructional needs of teachers and students in order to determine the best technology to support those needs. The idea behind EdCOT is to look at technology integration by starting with instruction. Once the instructional and learning needs are established, various technologies are evaluated to determine which would meet these needs. In the original 1st grade pilot, it was determined that the primary instructional need was untethering the teacher from the front of the room. In the early elementary classroom instruction can take place anywhere in the room. The technology selected allowed the teacher to record, access and share digital information as they moved throughout the room. While this model has worked very well for 1st, 2nd and 3rd grade classrooms, that does not mean it is the best solution for all classrooms. Expanding EdCOT will allow teachers to determine the best technology to meet their instructional needs. Dr. Aderhold shared the ARPA grant and the application process involved in order for the District to secure the funds. The Committee reviewed and recommends approval of several agenda items, including professional development opportunities for staff, technology agreements, a one-year agreement with Funds for Learning, LLC to provide E-rate services, and Nurtured Heart Approach to present sessions for district teachers and parents.

Finance Committee

Board member Louisa Ho reported that the Finance Committee also met on June 15, 2021. The Committee reviewed the monthly financial reports, which indicate there are sufficient funds to complete the year. This year's budget is tracking very similarly to last year's. Included on the agenda for this evening is a motion to transfer up to \$5 million in available general fund balance into capital reserve for future facilities projects. There is also a motion to reject the Dutch Neck and Millstone River library renovation bids because they came in over budget. Also included on the agenda are two change orders, one for the HS South referendum project for the refinishing and repair of the existing playhouse folding partition and one for the Energy Savings Improvement Program for the generator automatic transfer switch for the generator at the board office. Also on the agenda is the approval of several technology purchases due to the technology refresh done at the end of the year. The Committee discussed referendum project updates. At Community Middle School, the District has concerns regarding the completion of the site work. Tri-Con, the site work contractor, has been given notice of intent to remove them from the job due to not meeting work completion milestones. Staff provided an update on the Energy Savings Improvement projects. Installation of mechanical equipment is complete with training of staff being scheduled. Installation of LED lighting in the two high school auditoriums will occur at the end of the school year. Inspection of the MRES's emergency lighting system needs to occur. Final interconnection of the HS South solar system to the utility power is scheduled for June 19. Installation of the solar panels on HS North is on hold until the referendum HVAC contractor makes more progress. The District will sell Solar Renewal Energy Credits on July 21, 2021. Since the last sale, we entered into a maintenance and monitoring contract for the equipment. The system was down at HS South for a week in May due to mechanical failure. The monitoring company notified the District immediately, diagnosed the problem and completed the repair. The Committee discussed the American Rescue Plan Elementary and Secondary School Emergency Relief funds aka ARP ESSER funds. The Safe Return to School Plan is due by June 24. Monday food service distribution will continue through the summer. Participation is averaging 725 students per week. The District has started planning for the re-opening of the cafeterias in the fall. At the current time, there is no guidance from the State for re-opening regarding social distancing. The cafeteria operation as of the end of May is running a \$47,782 deficit, which is better than expected. The food distribution would not work without the District volunteers. More than 200,000 breakfasts and 200,000 lunches have been served this school year. The Committee meeting dates for the second half of the year are planned for July 19, Aug. 17, Sept. 14, Oct. 12, Nov. 9, and Dec. 7. There will be some student activities in the summer such as visitations, ESL, Dual Language Immersion (DLI) and athletics. Most of Community Education will be virtual.
