SPECIAL PUBLIC HEARING ON HARASSMENT, INTIMIDATION AND BULLYING

The Special Public Hearing on Harassment, Intimidation and Bullying opened at 7:33 p.m. Dr. David Aderhold welcomed Dr. Lee McDonald to his first Board meeting as Assistant Superintendent. Dr. Lee McDonald thanked Dr. Aderhold for the opportunity to serve the District as assistant superintendent for pupil services and expressed his confidence in his successor, Barbara Gould, as the new director of counseling, health and wellness.

Dr. McDonald presented the semi-annual report on harassment, intimidation, and bullying (HIB), as required by the State of New Jersey, covering the period of January through June 2021. He began the presentation by reviewing the definition of HIB. He then presented and compared the District's investigations and founded and unfounded HIB incidents data from 2018-19 vs. 2019-2020 vs. 2020-2021, explaining that the three-year review was warranted due to the unusual year during the pandemic. He reviewed the HIB findings for the six-month period from January 2021 through June 2021, including a categorization of the investigations by month, grade level, location, and distinguishing characteristics. He mentioned that there was a significant drop in the number of cases during this period due to COVID-19. He also reviewed the trends over the past six months, including where and when HIB incidents happen most often. Most incidents occurred over the internet or cell phones, which is reflective of the hybrid and virtual environment the District was operating in during this time period.

Dr. McDonald spoke about the Department of Education's Anti-Bullying Rubric (ABR) and school grading system. ABR is a district's self-assessment checks and balances to address HIB incidents. He explained how the grading system works, and the grades determined through self-assessment by the School Safety Team in each of the core elements. Dr. McDonald presented the District's average score in each of the eight core elements showing that the District met or exceeded all of the requirements for the 2020-2021 school year. He described some of the creative ways the District addressed the

challenge of providing professional development and providing group HIB programs during the pandemic in a virtual environment.

Dr. McDonald shared some of the recommendations to the Board as a result of the HIB report, which are as follows: re-entry programming, continuation of the School Climate Team action planning, providing social and emotional supports, continuing the equity team planning & implementation, and integrating HIB into the strategic plan.

There were no questions or comments from the Board regarding the HIB report. The Board President thanked Dr. McDonald for his presentation.

SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON HARASSMENT, INTIMIDATION, AND BULLYING

Board President Kaish opened the special opportunity for public comment on harassment, intimidation, and bullying. There were no public comments.

APPROVAL OF THE REPORT

Upon motion by Mr. Whitfield, seconded by Ms. McKeown, and by roll call vote with all board members present voting yes, the following board actions were unanimously approved:

1. Accept the “January 1, 2021, to June 30, 2021, District Semi-Annual Report of Harassment, Intimidation, and Bullying” as required by the New Jersey State Department of Education under the Anti-Bullying Bill of Rights Act (P.L. 2010, c.122).

2021-2022 SCHOOL REOPENING PLAN UPDATES

Board President Kaish introduced Dr. Aderhold to present the 2021-2022 WW-P School Reopening Plan. Dr. Aderhold presented information on the NJ Department of Education’s recommendations and strategies for reopening schools for the 2021-2022 school year, entitled *The Road Forward*. He highlighted the main portions of the guidance, including the requirement to provide full day, full-time, in-person instruction and operations for the 2021-2022 school year with no allowance for remote instruction. Dr. Aderhold outlined the CDC guidance, including updates provided today, regarding masking in schools. He also outlined *The Road Forward’s* guidance regarding vaccinations, social distancing, classroom settings, mitigation strategies, screening, and personal protective equipment (PPE). He described the plan’s recommended response to students and staff presenting symptoms, including contact tracing and quarantining guidelines. He also described the District’s challenges and additional mitigation strategies planned for transportation and food distribution. During 2021-2022, all students will be eligible for daily meals at no cost. Dr. Aderhold stressed the importance of social emotional learning in reengaging students, supporting adults, rebuilding relationships, and creating a foundation for academic learning. He reported that students in grades 4-12 will be issued Chromebooks, students grades K-3 will have devices in the classroom, and the District will work to supplement gaps in

student access to devices and internet connectivity. Dr. Aderhold conveyed that *The Road Forward* provides some guidance on what would occur if the District were required to exclude a student, group of students, a class, or multiple classes because of COVID-19. He also conveyed additional measures the District will take for enhanced protection, including limiting nonessential building visitors and volunteers, limiting the facility use by all outside groups, and providing some virtual professional development. He reported that the NJSIAA established a COVID-19 Medical Advisory Task Force (MATF) for providing guidance and a Sports Advisory Task Force that will assess changes. Dr. Aderhold ended his presentation by reporting that Community Education, the Extended Day Program, and enrichment programs will be offered as long as health conditions allow.

One Board member commented that portions of the state plan are problematic and inquired if those areas would be addressed. Dr. Aderhold responded that different advocacy groups are working with the state on areas of concern.

The Board President opened the first opportunity for public comments.

Matthew Weber, 8 Harrison Lane, Princeton Junction, commented in favor of masking in schools.

The District is working with Schneider to finalize pricing for a change order to the ESIP for the installation of a cooling tower at Village School and a chiller at Town Center. Both projects were part of the Statement of Purpose during budget time for use of capital reserve funds. West Windsor Township has reached-out to the District to see if we could provide transportation services for the senior center. The District is investigating contractual and insurance requirements. Staff updated the Committee on food service for the reopening of school. We are preparing for the return to school and will need additional tables in several of the schools to serve students while providing for adequate social distancing. At the high school levels, there will be two lunch periods and tables will be spread further down the halls and/or into the libraries to accommodate all students. August 10, 2021

Call to Order

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Board President Kaish at 7:30 p.m. in the cafeteria of the Thomas Grover Middle School. Ms. Kaish read the following statement:

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by sending a notice of the time, date, location, and, to the extent known, the agenda of this meeting on June 14, 2021 and August 6, 2021 to the *Home News Tribune* and *The Times*. On June 18, 2021 and August 6, 2021, copies of the notice were also posted on the district website, placed in the Board Office and in each of the district schools, and sent to Plainsboro and West Windsor Public Libraries and Plainsboro and West Windsor township clerks.

The following Board members were present:

Mr. Anthony Fleres
Ms. Louisa Ho
Ms. Rachel Juliana

Ms. Michele Kaish
Ms. Dana Krug
Ms. Graelynn McKeown

Ms. Loi Moliga
Mr. Martin Whitfield
Ms. Robin Zovich

No Board members were absent. Present also were: Dr. David Aderhold, Superintendent of Schools; Dr. Christopher Russo, Assistant Superintendent for Finance/Board Secretary; and Ms. Charity Comella, Director of Human Resources. Also present was board attorney, Jeffrey Caccese, Esq.

SUPERINTENDENT COMMENTS

Dr. Aderhold noted that last Friday, Governor Phil Murphy announced a statewide mask mandate for the opening of school. Additional guidance regarding school reopening is expected soon from the local health department. The Superintendent encouraged attendees who missed the reopening presentation at the last Board meeting to visit the District website to view the presentation online.

PUBLIC COMMENT

Board President Kaish opened the first opportunity for public comment.

Mr. Ramesh Lakshminarayana, Plainsboro, expressed concerns regarding reopening school with no vaccination mandate for staff and no virtual option for students ineligible for vaccination.

Board President Kaish closed the first public comment section.

SUPERINTENDENT COMMENTS

Dr. Aderhold explained that the virtual option for public school was only allowed while Governor Murphy's Executive Order 175 was in place. When the executive order was eliminated, public schools no longer had the option to provide virtual schooling. The Superintendent also explained that public entities are unable to require vaccination of employees without the state's approval. The District plans to ask the vaccination status of employees and those staff members who are not vaccinated will be tested for COVID-19 on a weekly basis.

Board president Kaish reported that this is the last board meeting prior to the start of school next week. Teachers return for professional development tomorrow. She thanked everyone who worked diligently over the summer to get ready for school reopening.

SUPERINTENDENT COMMENTS

Dr. Aderhold reported that tomorrow the District will welcome back over 900 teachers and support staff and will welcome back students next week. He commented that he would give a presentation this evening on safety measures regarding school reopening. The Superintendent thanked the leadership team, including Dr. Nathan, Dr. Russo, Dr. McDonald, Ms. Gould, Ms. Comella, Mr. Duncan, and the Human Resources department for addressing the tremendous challenges.

2021-2022 CURRICULUM REVIEW

Dr. Pamela Nathan began the 2021-2022 Curriculum Review presentation by reviewing the District's strategic goals. She began by reviewing the three reasons for updating curriculum: changes in standards, a regular revision cycle, and ensuring the District's strategic goals are emulated. She then reviewed the strategic goals. Dr. Nathan reviewed changes to the literacy documents to integrate equity for grades 3 through 5 and High School. She outlined changes to the science documents in all grades to include climate change standards and integrate equity and inclusivity. The social studies curriculum was updated for equity, inclusivity, and the 2020 New Jersey Student Learning Standards. World Languages and Dual Language Immersion courses were updated with a focus on global competency and equity. Math documents were revised to embrace the whole child, reach every child, and align the sequencing. New standards were incorporated into several other courses, including special education courses, fine and performing arts, and 21st century life and careers. New bridges units aligned sequencing in elementary math, middle school, and algebra.

2021-2022 SCHOOL REOPENING PLAN UPDATES

Board President Kaish introduced Dr. Aderhold to present the 2021-2022 WW-P Health and Safety Protocols. Dr. Aderhold presented an overview of the health and safety protocols for school reopening. He began by explaining that the District is guided by rules of the State of NJ, the Department of Education, Governor Murphy, and administrative law. He explained that, unlike last year, when, by executive order, the District was able to provide virtual instruction, this year, due to the expiration of the executive order, the District no longer has that option. The State's document "The Road Forward" provides recommendations and strategies for reopening schools. On Friday, Governor Murphy signed Executive Orders 251 and 253 requiring masks in schools and vaccination of school employees. Executive Order 251 calls for all students in preschool through 12th grade, as well as teachers, staff members and visitors to wear masks inside all schools. Executive Order 253 requires that all staff must be vaccinated or be tested for COVID-19 weekly. Dr. Aderhold explained that, although information regarding the vaccination status of teachers and students is gathered, it is private medical information and will not be shared. He reported that over 90 percent of District staff, over 90 percent of high school students, and over 60 percent of middle school students are vaccinated. He reported that an outside company would be testing unvaccinated staff once per week. He outlined other health and safety protocols the District has put in place, including HVAC upgrades, physical distancing, temperature checks, contact tracing, hand washing, hand-sanitizing stations, and masking. Dr. Aderhold went into detail regarding HVAC improvements made to increase air quality, flow, and filtration. He also reported on the contact tracing processes, quarantining procedures, and safety measures for buses. The Superintendent explained that, for the safety of students and staff, visitors, volunteers, evening activities, college fairs, large-scale events, and building use by outside groups will all be limited. In addition, parent-teacher conferences will be virtual. Dr. Aderhold relayed that every student is eligible for lunch at no cost this school year and briefly explained the process. Finally, Dr. Aderhold thanked the restart and reopening team who worked to ensure a successful opening, as well as all staff and the school community for their tremendous effort and support over the past 18 months and asked for their continuing support as the District moves forward.

There was a discussion between the Board members and Dr. Aderhold concerning the handling of specific situations under the plan. The Board also discussed vaccination percentages, the vaccination clinic on September 1 and 22, and boosters. Dr. Aderhold replied to a request to clarify, due to the lack of available substitutes, the process for becoming a substitute teacher.

The Committee discussed the Wicoff bid opening and the use of capital reserve funds as designated in the annual budget to supplement the referendum funds. On the agenda for approval this evening are several change orders. Two change orders are for the referendum projects - one is to renovate the nurse's suite in HS South and the other is to upgrade to quarry tile in the kitchen at Community MS. The change orders for the Energy Savings Improvement Program (ESIP) are for further ventilation improvements, including a new cooling tower at Village, replacement of additional HVAC units at Dutch Neck, installation of a new magnetic bearing chiller at Town Center, and the installation of bi-polar air ionizers in the expansion areas of Community MS and HS South. Testing and balancing of the new systems has started. There have been unit ventilator motor issues due to new controls. This issue is being worked on currently. Additional supports are being installed for one of the RTUs for additional stability while we are waiting for additional ductwork materials to arrive. At HS South, in the addition sections,

The combined heat and power (CHP) at HS South is awaiting final inspection. Minor repairs have been made to a few pieces of equipment that required repair. Some HVAC equipment at HS South and Community MS was shut down to reduce wear and tear on the new equipment due to dust from the referendum expansion projects. The equipment was restarted when the dusty work was completed. Condensation was found on some of the HVAC piping and, upon investigation, there were doors open for construction that led to this condition. All solar panel installation is complete with final inspection needed for the HS North equipment. There are change orders on the agenda to do additional HVAC improvements. Staff provided an update on transportation. At this time, all outsourced routes are covered by subcontractors and District serviced routes have drivers. LIAISON REPORTS

Ms. Kaish reported that the leaders of Millstone River School’s PTA collaborated with school administrators, teachers and parents, and chose to take on additional work by participating in the National PTA’s School of Excellence program. She explained that the National PTA School of Excellence designation is awarded to those PTAs and schools that demonstrate significant strengthening of family-school partnerships through an extensive application process. She reported that, over the course of the 2020-2021 school year, the Millstone River PTA developed programs that strengthened family engagement, promoted community, collaboration and Family-School connection, conducted surveys and took actions based on parent and student feedback, and through a variety of initiatives, empowered the voices of the students at Millstone River School. Back in June when the team submitted their application to the National PTA, Ms. Kaish sent an email that said, in part, *“The work that PTA’s do matters and makes a difference. All of you deserve a standing ovation for what you took on with the School of Excellence initiative. Your enthusiasm and dedication to your school community is inspiring and noteworthy. I congratulate you on being amazing Millstone River School citizens and role models.*

As far as I am concerned, you are WINNERS!!" Ms. Kaish reported that earlier this month, the Millstone River PTA received official notification that the National PTA recognizes them as a School of Excellence. She asked that everyone join her in congratulating the Millstone River School PTA on this outstanding and well-deserved achievement.

BOARD PRESIDENT’S COMMENTS

Board President Kaish explained that the meeting was called to order during the earlier executive session. Ms. Kaish commented that this is the first Board meeting of the new school year. She thanked everyone who helped to prepare the schools for students and thanked the community for its support.

SUPERINTENDENT COMMENTS

Dr. Aderhold expressed his condolences to the family of former Board of Education member Todd Hochman, who passed away. There was a brief pause in remembrance of Mr. Hochman. Dr. Aderhold reported on District challenges due to COVID-19. The Maurice Hawk Elementary school was closed due to a COVID-19 outbreak. The Superintendent stressed the importance of the partnership between community and school when it comes to keeping students safe. He reported that there are currently 20 students and four staff members from Maurice Hawk who have tested positive. Dr. Aderhold explained the contact tracing process and the circumstances that would necessitate closing down a classroom or school. He stressed the importance of families to be honest in the contact tracing process and to support the health department by providing requested information. Dr. Aderhold reminded families that the school district does not have the authority to offer virtual instruction as a learning model and that the only reason it was available last year was due to an executive order by the governor. He outlined the New Jersey Department of Health COVID-19 temporary exclusion for individuals who test positive or are required to quarantine as well as the COVID-based exclusions that would enable a student to receive virtual instruction during their quarantine period. Dr. Aderhold concluded his comments by thanking the technology team for the tremendous job they did providing devices over the weekend so that students could attend Maurice Hawk virtually on Monday.

SPECIAL EDUCATION PROGRAM REVIEW

Dr. Aderhold introduced Karen Slagle, director of Special Services, to present the Special Services Program Review. Ms. Slagle introduced the special services supervisory team that would be assisting in presenting the internal report: Melissa Levine, supervisor grades 9–post graduate, Karen Abrams, supervisor grades 4-8, and Samantha Tognela, supervisor grades PreK-3. She then introduced Matthew Korobkin, Senior Advisor with Public Consulting Group (PCG), to provide the external report on the Special Services Program Review. Mr. Korobkin began his presentation by supplying some background information about PCG. He then provided an overview of the special education review process that was followed, including guiding questions and scope of work. He shared PCG’s recommendations to the District to enhance the effectiveness of the special education program. The Board engaged Mr. Korobkin in a conversation regarding varying aspects of the external program review.

Ms. Slagle provided information regarding the internal portion of the Special Education Program Review. Ms. Slagle outlined the program review process the District followed. First, the team identified six focus areas, and then formed guiding questions to keep the review focused. The process proceeded through five phases. Ms. Tognola explained that Phase I initiated the project and included project planning, timeline estimates, contract signing, and an in-person kickoff meeting with stakeholders. Phase II was the data collection phase and included the collection of quantitative and qualitative data, establishing protocols for focus groups, interviewing stakeholders, classroom walkthroughs, parent surveys, and student file reviews. Ms. Slagle reported that, in March 2020, the program review moved into Phase III, which contained the bulk of the work and progressed slowly due to pandemic related challenges. Phase III included interviews with District administration and Board members, parent and student focus groups, parent surveys, staff surveys, staff focus groups, and virtual classroom walkthroughs. In May of 2021, the final report was received, moving the process into Phase IV when the recommendations were organized and 10 of the 14 recommendations were adopted. Ms. Abrams explained that in June 2021, the District began Phase V of the program review process, which involved forming action-planning committees. Action planning committees met over the summer to develop and create actionable steps to move the goals formulated during Phase IV into practice. Ms. Levine outlined the next steps in the program review process, which include posting the program review on the District website and beginning work on each of the goals and actionable steps. The steps will be prioritized and while some steps may be able to be implemented and completed soon, others will need to be developed and revised over time. Progress of the Special Education Program Review action items will be reviewed at a later Board meeting.

The Board engaged the Special Services team in a discussion regarding implementing the recommendations. Ms. Kaish thanked everyone who presented and thanked Tony Fleres, who served as the program review's Board representative.

FIRST OPPORTUNITY FOR PUBLIC COMMENTS

The Board President opened the first opportunity for public comments.

Mark Brugger, 11 Stuart Lane, West Windsor, commented regarding the Special Education Program Review, expressed the importance of parent leadership and parent initiatives, requested that program reviews should be done every five years, thanked PCG for focusing on bringing more equity and fairness to the system, and commented that some items uncovered in 2011 were not really addressed.

Teresa Herrero Taylor, 8 Marblehead Drive, West Windsor, commented regarding the Special Education Program Review, expressed interest in seeing more details, expressed pleasure that the District engaged in the process, encouraged the District to continue to develop the program, and reminded the District that it has great resources in BCBAs, who should work as a team.

Denise Lanchantin Dwyer, West Windsor, commented regarding the Special Education Program Review, expressed interest in the report details, and commented on the Disabilities Act and parents' involvement in the IEP process.

Kathleen Moriarty, 8 Taunton Court, West Windsor, President of SEPTSA, commented regarding the Special Education Program Review, conveyed pleasure that SEPTSA was involved in the process and expressed desire for the District's support of SEPTSA in communicating with families.

Ms. Kaish closed the first opportunity for public comment.

Over 76% earned an A, over 18% earned Bs, and nearly 4% earned Cs. The Committee reviewed the following agenda items and recommends them for approval this evening: the Math Center to present a virtual workshop to District teachers entitled Bridges Intervention Training, and entering into an agreement with Northwest Evaluation Association (NWEA) to supply web-based Measures of Academic Progress (MAP) math, reading, and language arts assessments for students in English and in Spanish.

Finance Committee

Board member Louisa Ho reported that the Finance Committee also met on September 14, 2021. Staff reviewed the opening of schools and that there were challenges. Transportation experienced some issues with timeliness, but every student arrived home safely. The first day of school was the first day that many students were in their new building. Many students needed directions to class, etc. District administration has seen many mental health challenges in the first week. There were COVID issues in one school building mostly from outside activities. This event required the administration to contact trace all involved and led to the quarantining of individuals. The District has applied for a grant to support our staff COVID testing and possibly implement a student-testing program, but the rules are very unclear at this point. There are staff vacancies that need to be filled and a shortage of substitute teachers. The Committee reviewed the monthly financial reports. The budget is tracking very similarly to prior years with sufficient money to complete the year. There are motions on the agenda to approve a donation from the Princeton Theological Seminary, dispose of obsolete equipment that has met its life expectancy, and approve a student transportation contract. Also on the agenda are motions to approve change orders for construction projects of small dollar amounts for items such as additional or replacement wiring, a stainless steel counter, and obtaining construction drawings signed by a registered engineer for bleacher replacement. The audit process is continuing and is going well.

Staff provided an update on Construction. New locks and keying continues in the older portion of Community MS. The Town Center chiller and Village cooling tower, which are part of a change order to the ESIP funded through capital reserve, have not started yet as we are waiting on equipment. The new bleachers for Grover Middle School and Village Elementary School are expected to be delivered in October. A plan is being put in place to complete repairs on several roof leaks in various buildings. We have completed the replacement of concrete curbing at several buildings. We have replaced old and damaged carpeting with Vinyl Composite Tile (VCT) in some areas of the District. Fire alarm work continues in CMS and HSS. HVAC work continues at HSN and all units are up and running. Controls and balancing work has begun. HVAC work continues at MRS as well. The rooftop units are all up and running. A blockage of cold water to the unit ventilators was found in A-wing and work is being done to remediate the problem. Stand-alone air-conditioners have been placed in those rooms. Fresh air is being supplied by the rooftop dedicated outside air system (DOAS). A complete and thorough flushing of the water system will occur because of the blockage. Unit ventilator motors that have been blowing fuses are being reviewed for motor replacement. There is a large supply of fuses on-hand if needed. Expansion work continues at HSS with closing in of the

expansion and improving of areas already closed-in. There have been issues with condensation from sweaty pipes so a contractor has been called in to insulate the plumbing in question. There were roof and skylight leaks that have been addressed. The guidance area, library and early childhood rooms have been turned over to the District. The playhouse and culinary lab should be turned over in the coming weeks. Work on Community Middle School continues with the gym floor installation. The pouring of sidewalks and sign installation is occurring. The topcoat of paving will be applied over the next weekend and the section that meets Grover's Mill road will occur on an evening in October as per the request of the Township. The cafeteria, renovated offices, nurses' station and classrooms were turned over to the District. Work continues on the auditorium and the expansion. Leaks found in the skylights and roof have been addressed. One additional change order is needed to complete the CMS site work. A contractor has been called into to complete the keying and installation of locks for CMS, HSS and GMS. Grover is still awaiting its Certificate of Occupancy (CO), as the building is currently open on a Temporary Certificate (TCO). Preliminary excavation for the HSN expansion has begun. ESIP: The start-up of the combined heat and power system at HSS will occur this week. This project is mostly complete. District staff were trained on the controls for the equipment. Some final software work and commissioning continues. Work remaining includes the installation of sub-metering for gas at HSS due to the expansion. This will occur in conjunction with the connections required for the referendum. Some districtwide repair work is occurring on installed equipment. The District is waiting on final inspections for the solar project at HSN, HSS and Maurice Hawk and that project is complete.

In the cafeteria, the "grab and go" process has been successful for the start of school. Meals served have gone up by approximately 38% daily. Prior to COVID, the District averaged 2,800 meals served per day with a peak of 3,100. On Thursday, the second day of school, the District served 3,996 meals and serve 4,300 meals on Friday. As of Tuesday, the District was averaging 4,535 meals served daily. Some students are bringing their lunch and getting one from the District as well. There have been parental concerns over food allergies and the reduced meal choices. Concerns and questions are being addressed as they are received. The District received \$11,487 from the Department of Agriculture to offset additional costs due to COVID. Moving forward, there are concerns regarding shortages of delivery drivers and food containers. Transportation: The opening of school has had many challenges but the good news is that all students arrived home safely each day. There have been delays and confusion as there always are until the routes "settle-in". On Monday, the District experienced two bus breakdowns and several vendors' buses broke down.

BOARD PRESIDENT’S COMMENTS

Board President Kaish explained that the meeting was called to order during the earlier executive session.

SPECIAL PUBLIC HEARING ON THE 2020-2021 ANNUAL DISTRICT REPORT OF VIOLENCE AND VANDALISM AND HARASSMENT, INTIMIDATION AND BULLYING

Board President Kaish opened the hearing at 7:31 p.m. by introducing Assistant Superintendent for Pupil Services/Planning, Dr. Lee McDonald, to present the annual report.

Dr. Lee McDonald reported that, during the month of October, the District is required to present the Annual District Report of Violence and Vandalism and Harassment, Intimidation and Bullying to the Board of Education in accordance with state statutes. Dr. McDonald reviewed the two types of information collected through the Student Safety Data System (SSDS). The first is information regarding incidents, including incidents of violence; vandalism; harassment, intimidation, or bullying (HIB); weapons offenses; substance offenses; and any other incident leading to student removal from school. The second type of information includes HIB trainings and programs. Dr. McDonald provided several examples of the types of incidents reported in the SSDS systems and displayed the number of incidents for the 2020-2021 school year by grade and incident type. He then compared the 2020-2021 data with that of the 2018-2020 data. Dr. McDonald explained that the reason he used a 2-year span for comparison to the current year was because of the uniqueness of the pandemic. The Assistant Superintendent then provided examples of the second type of data collected by the report: HIB trainings and programs. These trainings and programs include school counselor/ SAC classroom lessons, school climate initiatives, school climate summits, parent teacher association engagements, anti-bullying specialists/administration trainings, and external professional development opportunities.

Dr. McDonald reported that in New Jersey, the first week of October is designated as the “Week of Respect” in accordance with the Anti-Bullying Bill of Rights. Dr. McDonald outlined the types of activities that are taking place this week during the Week of Respect at the elementary, middle, and high schools. He then reported that, in accordance with New Jersey Statute *N.J.S.A. 18A:36-5.1*, the week beginning the third Monday in October is designated as School Violence Awareness Week. He reviewed the activities that would be taking place that week across the district to increase awareness of school violence. Dr. McDonald ended his presentation by outlining the school climate measures occurring throughout the year at all schools across the district.

There were no questions or comments from the Board regarding the report.

SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON THE 2020-2021 ANNUAL DISTRICT REPORT OF VIOLENCE AND VANDALISM AND HARASSMENT, INTIMIDATION, AND BULLYING

There were no public comments on the 2020-2021 Annual District Report of Violence and Vandalism and Harassment, Intimidation, and Bullying.

APPROVAL OF THE REPORT

Upon motion by Mr. Whitfield, seconded by Ms. Juliana and by roll call vote with all Board members present voting yes, the following board action was approved:

1. Accept the “2020-2021 Annual District Report of Violence and Vandalism and Harassment, Intimidation, and Bullying” as required by the New Jersey State Department of Education (N.J.S.A. 18A:17-46 and N.J.A.C. 6A:16-5.3(f)).

ADJOURNMENT OF SPECIAL PUBLIC HEARING

The Special Public Hearing on the 2020-2021 Annual District Report of Violence and Vandalism and Harassment, Intimidation, and Bullying adjourned at 7:43 p.m. The regular board meeting reconvened immediately.

BOARD PRESIDENT’S COMMENTS

Board President Kaish reported that the Board meetings will no longer be held at Thomas Grover Middle School, but will return to the Board Office for the next scheduled Board meeting.

STUDENT REPRESENTATIVE COMMENTS

Ansh Gadodia, High School South, reported that students have spent the past few weeks preparing for homecoming. The homecoming game was last Friday. Class Council has been working on homecoming decorations, covering only 20% of the walls in accordance with the fire department limitations. South’s Spirit Week experienced a good amount of participation. The homecoming dance and pep rally were cancelled and instead the school held gym relays outdoors. HS South voted for their Pirates Crew for homecoming. Pirates Crew is South’s more inclusive alternative to homecoming king and queen that better represents the entire student body. During Spirit Week, the school worked with the PTSA to collect canned food for donations. Merchandise is being sold in the school store and at football games.

Allison Wu, High School North reported that this week is Spirit Week at North. Decorations have been put up and it looks beautiful. The Spirit Week days this week include Pajama Day, Red Carpet Day, Vintage Day, Tacky Tourist Day, and Class Shirt Day. Gym games will be held on Thursday and Friday to substitute for a pep rally. The Homecoming football game will be on Friday, Oct. 8 against Hopewell Valley Regional with a theme of “Neon-Out.” A Black Student Union/Book Club Collaboration has been formed and they are reading the book *How to Be an Antiracist* by Ibram X. Kendi. They have been meeting every Wednesday in the library to discuss the book. Ms. Wu filled in for her co-representative, Edward Li, who was unable to attend this evening because he is attending an EMT assessment. Fall Sports Senior nights have been ongoing for the past few weeks and will continue into October marking the end of the fall season of sports. The HSN National Honors Society hosted New Teacher of the Month door-decorating event was a success when the Society decorated all 12 of the new school faculty’s doors. The Society also opened up its free,

districtwide tutoring program and the official updated tutoring spreadsheet has been released. The National Honors Society is currently planning October's Trunk or Treat event. The NJ Start Strong Assessment will be taking place this week. PSATs for sophomores and juniors will be taking place on Wednesday, Oct. 13; freshmen and seniors will begin the school day at 10:45 a.m. with a virtual learning experience.

FIRST OPPORTUNITY FOR PUBLIC COMMENTS

The Board President opened the first opportunity for public comments.

Makarand Bidwai, Ravens Crest Drive, Plainsboro, commented regarding quarantine requirements when traveling and students' right to virtual school.

Ms. Kaish closed the first opportunity for public comment.

BOARD PRESIDENT'S COMMENTS

Board President Kaish explained that the meeting was called to order during the earlier executive session. She turned the meeting over to Board Attorney Mark Toscano to provide an update on items discussed during executive session. Mr. Toscano reported that, in addition to the items listed on the agenda that was distributed on Friday, the Board also discussed matters involving, under Box 4, health insurance negotiations, under item 6, potential facility lease, and under item 7, litigation against Governor Murphy regarding Executive Order 175. These additions are reflected in the executive session items listed at the beginning of these minutes.

2021 TESTING REPORT PRESENTATION

Board President Kaish introduced Dr. Pamela Nathan, Assistant Superintendent for Curriculum & Instruction, to provide a presentation on testing.

Dr. Nathan outlined the types of tests included in the 2020-2021 Testing Report, including Advanced Placement (AP) tests, Scholastic Aptitude Tests (SAT), graduation pathways, Dynamic Learning Maps (DLM) and ACCESS for English Language Learners (ELLs). She reviewed the parameters for sharing data with the public, explaining that data with a scope that is too narrow, allowing students to be individually identified, will not be shared. She also explained that the testing report is a district level view of the testing data. The first test results Dr. Nathan displayed were for AP testing. In 2021, 3,368 total tests were taken in the District. 77% of 11th and 12th grade students took at least one AP course during the 2020-2021 school year. 85% of grade 11 and grade 12 students scored 3 or above (pass) on at least one AP test in 2020-2021. Dr. Nathan reviewed the SAT scores for reading and math for the class of 2020 and 2021. During both years, WW-P student averages were well above the state average. Dr. Nathan then explained the graduation pathways and that Governor Murphy's Executive Order 117 waived the graduation requirement for seniors. There were a few students who did not graduate in 2020-2021, many of whom are staying with us in the special education program. Dr. Nathan described Dynamic Learning Maps and how the process groups students by subject rather than grade level and testlets are used to determine if students are at target, approaching target or above target. The English Language Learner testing determines ELL enrollment from one school year to the next. Students who reach proficiency exit the program, which is the ultimate goal. Dr. Nathan completed the testing presentation by reviewing intervention strategies for providing support for struggling learners.

Ms. Kaish thanked Dr. Nathan for the presentation.

FIRST OPPORTUNITY FOR PUBLIC COMMENTS

The Board President opened the first opportunity for public comments.

There were no public comments.

COMMITTEE REPORTS

Ms. Kaish turned the floor over to Board member Anthony Fleres to begin the committee reports.

Administration & Facilities Committee

Board member Anthony Fleres reported that the Administration & Facilities Committee met on October 12, 2021. The Committee reviewed the restart and reopening plan. The District continues to monitor the health and safety of the school community while providing regular updates regarding COVID related exclusions. The recently released New Jersey Department of Health Executive Directive #21-011 requires all schools to complete the Surveillance for Influenza and COVID-19 Module in the Communicable Disease Reporting and Surveillance System (CDRSS). The District is working to ensure compliance with the mandate. The Committee reviewed the following policies and regulations and recommends them for first reading on tonight's agenda: P2425-Emergency Virtual or Remote Instruction Program, P6115.01-Federal Awards/Funds Internal Controls-Allowability of Costs, P6115.02-Federal Awards/Funds Internal Controls-Mandatory Disclosures, P6115.03-Federal Awards/Funds Internal Controls-Conflict of Interest, P6311-Contracts for Goods or Services Funded by the Federal Government, P8540-School Nutrition Programs, P8550-Meal Charges/Outstanding Food Service Bill, P8600-Student Transportation. The Committee reviewed the following policies and regulations and recommends them this evening for second reading and approval: P1648-School Employee Vaccination Requirement, P2422-Comprehensive Health and Physical Education, P2467-Surrogate Parents and Resource Family Parents, P5111-Eligibility of Resident/Nonresident Students, P7432-Eye Protection, R7432-Eye Protection, P8420-Emergency and Crisis Situations, R8420.1-Fire and Fire Drills. The Committee reviewed one policy and recommends it for abolishment because it is outdated and addressed in another policy: P5114-Children Displaced by Domestic Violence. The Committee reviewed the District's Remote Learning Plan and recommends it for approval. The plan also requires approval by the county office of education, and the New Jersey Department of Education. Multiple drafts of the 2023-2024 academic calendar were discussed and analyzed. Additional school community stakeholder feedback will be secured before final Board of Education approval. The Committee reviewed School Crisis Manuals that include comprehensive plans, procedures and mechanisms that provide for safety and security in all District schools. Concerning athletics, both high schools successfully hosted homecoming football games on October 1 and 8, 2021. High School South and High School North girls' tennis finished first and second, respectively, in the Mercer County Tournament. Winter sports begin November 8, 2021 for swimming, diving, and ice hockey. November 22, 2021, marks the start of basketball, track, fencing, and wrestling. The Grover Middle School project is in the close out phase with all township inspections completed. HVAC upgrades at High School North and Community Middle School continue, including ductwork re-routing, air intake regulation and balancing. The foundation for the dance studio at High School North is expected to be poured soon. At High School South, finishing touches in the Playhouse auditorium are underway. The new gym at Community Middle School is now open and being utilized with construction in the new media center expected to be completed shortly. Planning and permitting for the Wicoff addition and renovation is underway. The District continues to host student and community events for its "Hispanic/Latinx Heritage Month Celebration." Members of the District's Equity Team have created a common

professional development experience for the October faculty meetings in all schools. The District continues to update outdated language in current job descriptions. The committee reviewed job descriptions for Administrative Assistant to the Superintendent, Confidential Secretary, Health Benefits Coordinator, Instructional Assistant for ESL, Operations Lead, Security Aide, Social Media Manager (formerly Public Information Officer), Substitute Teacher, Support Specialist for iOS and Mobile Devices, Support Specialist for Repair Services, and Support Specialist for Systems. The Committee recommends the revised job descriptions for approval on the October 19, 2021 BOE agenda.

Dr. Aderhold provided some background on the remote learning plan requirement for submittal. He clarified that the plan does not allow the District to provide virtual learning, but is a plan in the event of an emergency that required, and the state allowed, the District to move to virtual.

Curriculum Committee

Board member Dana Krug reported that the Curriculum Committee met virtually on October 12, 2021. Dr. Nathan shared the draft testing report with the committee. The final report will be presented at the October 19, 2021 BOE meeting. Andrea Bean, Math Supervisor for grades 6-12, joined the committee meeting and shared a proposed update for the upcoming High School Program of Studies. This update would complete the math redesign and would combine H&A and Honors students once they enter Pre-Calculus. More information about the update will be coming as the Program of Study presentation is delivered to the Board in November. The Committee recommends approval of professional development consultants, Leadership in Science, to facilitate three Next Generation Science Standards (NGSS) school-based classroom visits and meetings for District science teachers. The Committee also recommends Handle With Care to present one three-day training to district staff and the approval of one administrator, one teacher lead, and three teachers to participate in three NGSS workshops throughout the 2021-2022 school year. The Committee recommends the disposal of instructional materials that are either so outdated as to no longer serve as worthy instructional tools, or are so worn and/or damaged as to preclude effective use and/or economical repair or restoration. The Committee recommends approval of a non-public technology aid initiative expenditure for the French American School of Princeton, approval of the Community Education Winter 2021-22 After School Enrichment programs, and the acceptance of a donation of one darkroom printing enlarger, for use by the District's photography department.

Finance Committee

Board member Louisa Ho reported that the Finance Committee also met on October 12, 2021. Staff updated the Committee on the financial audit. It is anticipated that the State's acceptance date will be delayed because the State has not yet provided information to complete certain financial schedules needed to complete the audit. The Committee reviewed the monthly financial reports and agenda items for this evening. There is a motion on the agenda to establish a petty cash account for Special Services for \$1,500 for expenses related to providing real-world experiences for the students. Another motion will amend the Referendum Construction Manager agreement to reflect the current staffing demands. ABM, our cleaning contractor, requested an amendment to their contract due to the increase in the square footage required to be cleaned due to the referendum expansion. There is a motion to approve this change. Also on the agenda are motions to approve a change order to the HSS Phase 1 contract for additional work that was required and to dispose of obsolete equipment. Preliminary work has begun on the 2022-2023 budget. A budget calendar was shared with the Committee. The County Office scheduled the annual mid-year budget review to discuss progression of the current budget and initiatives for the subsequent budget. Concerns going forward include the possible cost increases in transportation contracts due to anticipated increases in salaries because of

the driver shortage. The cost of a bus has gone up by 25% or more. The M-1 and Comprehensive Maintenance Plan are documents that the State reviews to ensure that the District is budgeting what the formula says is an appropriate amount to support upkeep of school facilities. These documents are required to be submitted by November 15. Since October 19 is the last time the Board will meet before the submission is due, approval to submit the documents will be included on the agenda.

There was a healthcare discussion regarding the first-year performance of the self-funded program. Since the program is in its first year, the actual costs are still being determined. The renewal for our reinsurance program is being quoted at a 16% increase due to a few "high cost" claims. However, this high percentage is on a much smaller premium than if we were fully insured. The rates for the next year are being discussed with the actuary to determine an estimate. Chapter 44, which allows all New Jersey school employees the option to choose the State's School Employee Health Benefit Plan (SEHBP) rather than the District's plan, has been detrimental to the District's revenues but has provided a savings to the employees. The negative impact to the District for a yearly period is approximately \$800,000. Ms. Ho thanked the food service staff for providing samples of the student meals being served at each of the schools. Student participation in the free lunch program remains very high. Last Friday's participation was 5,342, which is almost twice the pre-pandemic counts. We are averaging over 5,100 meals served per day, which is up from the pre-pandemic average of 2,800. Interviews were held for the soon-to-be-vacant food service manager position. In Transportation, there are questions as to the implementation of Executive Order 253, which requires sub-contracted drivers to be vaccinated or submit proof of a negative test on a weekly basis. The District is requiring this process to be followed. Next, the Committee discussed construction updates. There will be change orders for the HS North and Millstone River HVAC projects coming in at about \$600,000, which are mostly inclusive of the entire project. There will also be change orders for HS South and Community MS, which have been moving quickly. The HS North and Millstone River projects are coming to a close with balancing, controls work, and inspections taking place. Construction of the HS North dance studio continues with concrete footings poured, the first several courses of block laid, underground masonry complete, and the pouring of the concrete slab to start shortly. At HS South, exterior wall panels are being installed as well as roofing. Inside ductwork, stud framing, electric wire pulling, and installation of sheetrock is continuing. Furniture is arriving for the renovated areas. Gas service to the building additions is being completed. At Community MS, the addition and renovation work continues in the auditorium and media center. Punch list work is being reviewed in the areas already turned over to the District. Vertical wall panels are being installed on the exterior portion of the addition. Construction meetings have begun for the first phase of the Wicoff project. The work contained in the base Energy Savings Improvement Project (ESIP) is just about complete with a team on-site to finish up controls and to work with District staff on starting up the boilers districtwide. The bi-polar air ionizer installation began in the Community MS and HS South additions. Work will begin on the new Energy Return Ventilator (ERV) at Village as the equipment is scheduled to arrive shortly. At HS South, old plumbing insulation on the cold water mains throughout the building is failing. Schneider Electric provided a proposal for \$118,750 to install new insulation on this plumbing. There is also a proposal for \$75,500 to insulate the plumbing in the gym locker room area, which would allow cold water lines to be run to provide air conditioning. If the projects were done at the same time, there would be a modest savings. The projects would cost \$186,950 combined, versus \$194,250 if done separately. The Assistant Superintendent for Finance sent out a memo to the principals regarding how booster clubs use the District's tax ID number for donations. A student that graduated WW-P has contacted us regarding his project, which is part of Georgetown University's incubation program. The former student would like the District to participate in the research. The administration is currently reviewing a company to provide COVID-19 testing as part of the State paid initiative. Logistics are being worked out on how to provide this service.

STUDENT REPRESENTATIVE COMMENTS

Allison Wu, High School North reported that Dr. Dauber has been scheduling recurring meetings with E-board and senior class council on a bi-monthly basis to keep lines of communication open between students and administration. Winter sports, like swimming, either are in the process of starting, or have already started. Student IDs and senior lanyards have been distributed. Marking period 1 ended on Friday, November 12. This year’s Fall Drama, “Witness for the Prosecution,” will take place this Thursday, Friday, and Saturday, November 18, 19, and 20, at 7:30 p.m. in the High School North theatre. Tickets can be purchased for \$10.

Edward Li, High School North, reported that the National Honors Society’s Trunk or Treat was held on Oct. 22 and was a huge success as many families came to celebrate with the Halloween spirit. The Society is currently planning a Thanksgiving food drive for the Trenton Area Soup Kitchen. High School North Model United Nations (MUN) competed in PMUNC (Princeton Model United Nations Conference), which took place from Thursday, Nov. 11 through Sunday, Nov. 14. The boys’ volleyball team hosted a team volleyball fundraiser/tournament that took place on Nov. 11. Tryouts for the North MEDForum/HOSA team just took place and the team is meeting regularly to prepare for the upcoming regional and state competitions, which will take place in January and March. The High School North jazz band is hosting tryouts afterschool during the week of November 8 through November 12. Congratulations to the WW-P robotics team and their robot named “Singularity” for a stellar performance last weekend at the North Brunswick tournament.

Ansh Gadodia, High School South, reported that student council has been fundraising through afterschool bake sales. Other fundraisers include a sweatpants fundraiser by the junior class council and a crewneck fundraiser by the senior class council. Other class councils plan to do similar events. No merchandise is class specific, so all classes can purchase items. The Disney trip has been cancelled and the senior class council is planning other events to make up for it. Student council is attempting to offer a movie night. Student council is also planning for the winter Spirit Week. National Honor Society (NHS) care baskets are being put together with food and non-food items. NHS’s first event was a “Cake Walk,” where students in NHS brought in cakes and other goods. During lunch, any student could sign up to play a game among nine people for the chance to win a baked good that was brought in.

Ms. Kaish thanked the student representatives for their reports.

2022-2023 PROGRAM OF STUDIES PRESENTATION

Board President Kaish introduced Dr. Pamela Nathan, Assistant Superintendent for Curriculum & Instruction, to present on the 2022-2023 Program of Studies.

Dr. Nathan began the presentation of the 2022-2023 Program of Studies by thanking the team of administrators, students, teachers, and other stakeholders who worked on updating the Program of Studies document. She then showed a video supporting the importance of offering a wide range of course offerings. Assistant Superintendent Nathan noted that three new courses have been added to the High School Program of Studies for the 2022-2023 school year: Dance, Photography II, and Emerging Financial Markets. Dance I includes ballet, jazz, hip-hop, and contemporary styles and is performance based for all levels. The Dance I course falls under a new department, Dance, for the 2022-2023 school year, which became possible due to the creation of dance studios in High School South and High School North. Photography II is a new course that further develops students' capacity to produce professional work. Emerging Financial Markets is a new course focused on the principles of digital finance, cryptocurrencies, and digital financial security. Dr. Nathan also presented the few revisions to the Program of Studies for the 2022-2023 school year. Pre-Calculus Honors & Accelerated and Pre-Calculus Honors have been merged into one course – Pre-Calculus Honors. The deadline for option ii has been moved up to April 1, 2022. There were also several edits and name changes, such as the School to Work Program and TrACC for Transition to Adulthood, Community, and Careers. Other edits to the document included changes to staff member names, course numbers and the like. Dr. Nathan ended her presentation by playing the remainder of the TedEd supplemental video and summing up the need for a wide range of course offerings.

One Board member asked for a clarification regarding the Dance I course.

Ms. Kaish thanked Dr. Nathan for her presentation.

COMMITTEE REPORTS

Ms. Kaish turned the floor over to Board member Anthony Fleres to begin the committee reports.

Administration & Facilities Committee

Board member Anthony Fleres reported that the Administration & Facilities Committee met on November 9, 2021. Members of the Diversity, Equity, and Inclusivity core team presented an overview and update on the District's strategic plan for Equity. The presentation included the impetus for the work, committee structures, goals, and next steps for implementation. The Committee reviewed the following policy and regulation and recommends them for first reading on tonight's agenda: P5751-Sexual Harassment of Students and R5751-Sexual Harassment of Students. The Committee also reviewed the following policies and regulations and recommends them this evening for second reading and approval: P2425-Emergency Virtual or Remote Instruction

Program, P6115.01-Federal Awards/Funds Internal Controls-Allowability of Costs, P6115.02-Federal Awards/Funds Internal Controls-Mandatory Disclosures, P6115.03-Federal Awards/Funds Internal Controls-Conflict of Interest, P6311-Contracts for Goods or Services Funded by the Federal Government, P8540-School Nutrition Programs, P8550-Meal Charges/Outstanding Food Service Bill, and P8600-Student Transportation. An updated version of the 2023-2024 academic calendar was discussed. Additional school community stakeholder feedback will be secured before final Board of Education approval. New Jersey Administrative Code (N.J.A.C. 6A:16-5.1) requires school districts to have a School Safety and Security Plan with plans, procedures, and mechanisms reviewed and updated annually. These plans were shared with the Committee on October 12, 2021, and the District's Statement of Assurance will be submitted to the NJDOE county office by November 30, 2021. The Committee received an update on athletics. Both the High School South boys' soccer and the girls' volleyball teams appeared in the Group IV sectional semi-finals. The United Football Team closed out the season with a 50-14 victory over Newark East Side. Heading into the winter sports season, the District continues to implement appropriate health and safety protocols for all athletic teams while working with Colonial Valley Conference members to ensure similar measures are in place for competitions. Winter sports began November 8, 2021, for swimming, diving, and ice hockey. November 22, 2021, marks the start of basketball, track, fencing, and wrestling. The Committee received an update on referendum projects. HVAC upgrades at High School North and Community Middle School are entering final phases. The foundation for the dance studio at High School North has been set. At High School South, the Playhouse auditorium is nearly complete with plumbing and HVAC work underway in the new wing. Construction of the new media center at Community Middle School is in its final stages. Planning and permitting for the Wicoff addition and renovation is underway. The District continues to update outdated language in current job descriptions. The Committee reviewed descriptions for Administrative Analyst, Administrative Assistant to the Assistant Superintendent for Curriculum and Instruction, Administrative Assistant to the Assistant Superintendent of Finance/Assistant Board Secretary, Assistant Transportation Coordinator, Bus Aide, Bus Driver, Cafeteria/Playground Aide, Payroll Supervisor, Program Analyst, Purchasing Specialist, Supervisor of Accounts, Technology Manager, and Transportation Coordinator. The committee recommends the revised job descriptions for approval on the November 16, 2021, BOE agenda.

Curriculum Committee

Board member Dana Krug reported that the Curriculum Committee met on November 9, 2021. Dr. Nathan shared with the Committee a presentation of the additions and revisions to the High School Program of Studies. The presentation will be presented to the full Board during the board meeting. Dr. Nathan shared that each year the school district has the opportunity to update the narrative sections that appear on the state's School Performance website for each school. The report was reviewed, updated and submitted last week. There are 504 books from the Wicoff media center on the agenda for approval to be disposed because they either are either so outdated as to no longer serve as worthy instructional tools, or are so worn and/or damaged as to preclude effective use or economical repair or restoration. The Committee also recommends approval of Riverside Insights to provide Beyond Year One data manager training for district staff for the 2021-2022 school year.

Finance Committee

Board member Louisa Ho reported that the Finance Committee also met on November 9, 2021. The Committee reviewed the monthly financial reports. On the agenda for approval are several change orders for referendum projects. The change orders include: a steel beam substitution for Wicoff due to materials that are unavailable for purchase; additional crane rental costs and dunnage racks for the Millstone River Elementary School (MRES) HVAC units; stand-alone HVAC units and

dehumidifiers for MRES; additional cold-water plumbing insulation at High School North (HSN); preparation work at High School South (HSS) for PSE&G piping and meters; and, additional theatre lighting at Community Middle School (CMS). The agenda also includes motions to approve the use of cooperative pricing and state contract pricing for technology infrastructure purchases and fire suppression devices, a list of obsolete equipment for disposal, and some changes, cancellations, and additions to transportation routes. The Comprehensive Annual Financial Report (CAFR) is now being referred to by the State as the Annual Comprehensive Financial Report (ACFR). The ACFR due date has been moved to January 31, 2022. However, the audit summary (audsum) is still due January 4. The auditor will meet with the Committee on December 7, and present to the full Board at the December 14 meeting.

Construction Update: Installation of the bleachers at Grover Middle School (GMS) and Village Elementary School (VES) was to occur during teacher's convention weekend. However, the vendor did not secure the proper permits to start the installation. The old bleachers were removed in expectation of installation. The work will now have to occur after hours. Staff updated the Committee on referendum projects. Fire alarm installations at CMS and HSS continue on second shift. HVAC punch list items, balancing, and owner training are being addressed at HSN and MRES. At MRES, installation has begun on the new unit ventilator motors. The contractor and District staff are still trying to remedy the lack of water flow in one wing. In the GMS security office, a new small split HVAC system will be installed. In HSS, casework installation has begun in Block B. Plumbing fixtures are being installed along with ceiling grid and light fixtures. Work continues on the gas service upgrade to support the new construction. At CMS, the front driveway and road paving is complete. The contractor is continuing work in Block D and the auditorium and is completing punch list items in the occupied areas of the addition. The new media center construction is complete and shelving is being installed. At HSN, structural steel work, plumbing, and electric has started. Pre-construction meetings continue for the work at Wicoff. Under the Energy Savings Improvement Program (ESIP), Schneider controls staff continues to work with District staff to try to regulate the temperature in a handful of classrooms where the temperature fluctuates from the expected set point. They will begin work on the Village ES energy return ventilation unit (ERV) very soon.

Work continues on the 2022-2023 budget. There have been meetings with Brown and Brown Health Benefit Advisors. Staff briefed the Committee on facility staffing needs regarding the skilled trades and building maintenance. An updated budget calendar was provided. In the cafeterias, lunch counts continue to rise. On the last Friday in October, 6,125 lunches were served. During the month, 103,907 total lunches were served. The daily counts are twice what they have been historically. Dr. Aderhold gave the committee an update on school operations. The District has been able to support an increase in student mental health cases due to preparations already in place. Since September, 60 new special education students have enrolled in the District. Other areas of concern this year include: difficulty finding instructional assistants and substitutes, managing COVID-related issues and, procedures (which the administration is working on) for the safety of winter sports spectators. In other business, the District participated in an energy demand-response program for electric service through CPower, through the Education Services Cooperative of NJ (ESCNJ). The utility provider will pay the District for a reduction in electricity needed during certain times of the year. The District, through the ESIP's lighting, controls and solar program, outperformed its estimated savings by 14%. The estimated refund for the next year from the program will be \$59,000 for the District's reduced reliance on the electricity grid.

BOARD PRESIDENT’S COMMENTS

Board President Kaish explained that the meeting was called to order during the earlier executive session. Ms. Kaish turned over the meeting to Board Attorney Mark Toscano to update the closed session agenda items that were discussed in closed executive session.

Mr. Toscano reported that, in addition to items listed in the executive session table on Board agenda that was distributed on Friday, the Board also discussed the following matters: Under item #1, student discipline matter, under item #4, negotiations with the WWPSA, under item #7, Docket #DCR P2021-3390 and agency reference number 196-10/21. These items are included in the closed session table at the beginning of these minutes.

Ms. Kaish notified the public of the resignation of Board member Martin Whitfield. She explained that there is a posting on the district website explaining how one could apply for the open seat on the Board.

SUPERINTENDENT’S COMMENTS

Dr. David Aderhold commented regarding the loss of a beloved staff member at Village Elementary School, Andrea Wilkolaski. He thanked teachers and administrators for covering for those staff members that attended the funeral. The Superintendent reflected on the nine year anniversary of the tragic events at Sandy Hook Elementary School and asked that we never forget the importance of the safety and security of our students. He asked that everyone be mindful of the information posted on social media, as to not spread misinformation. Social media misinformation created confusion and fear last week when posts miscommunicated an incident that occurred in Lawrence as having occurred at High School South. He asked that parents and families with concerns to reach out directly to the district. He wished everyone a happy and healthy break.

STUDENT REPRESENTATIVE COMMENTS

Allison Wu, High School North co-representative reported on high school updates for both schools. High School North students have been meeting regularly with Dr. Dauber. All meetings are covered by *The Knightly News*, the official newspaper of North, and are accessible at wwpknightlynews.com. As winter break approaches, staff is planning a staff winter wonderland dress-up. Each day, a different department is challenged with coming up with a winter wonderland theme. There will be a week of winter festive fun from Dec. 17-23 for both staff and students. The themes are: Friday: “North, it’s Cold Outside” winter gear, Monday (12/20): “Silent Knight”: festive/winter PJ; Tuesday (12/21): “Deck the Halls”: favorite holiday/winter colors; Wednesday (12/22): “Ugly Sweater Day”;

Thursday (12/23): “Jingle Bell Rock”: holiday/winter gear: Santa hats, elf ears, holiday socks, jingle bells, etc. In sports, the swim team started the season well as both the boys and girls teams are currently at 3-0. A senior at North broke the school record in the 50 meter freestyle in a meet against Ewing. United cheerleaders, the traditional non-tumbling team, received a bid to Nationals for their performance in the Empire Regional Competition in Wantagh, NY on top of their Game Day team bid from last week. The North musical, *Matilda*, was announced and roles have been cast. Model Congress Yale Conference had seven gavels and won best large delegation.

In Ansh Gododia’s absence, Allison Wu also reported on events at High School South. Winter Spirit Week is starting. Friday is dress up as your favorite movie/TV character day, Monday is ugly sweater day, next Tuesday is twin day, next Wednesday is formal day, and next Thursday is winter/holiday/clothing/hat day. The last Spirit Week received a lot of participation from all grades, so it is expected that there will be a similar amount of participation this time around. Student Council is holding a Clash of the Classes fundraiser, where the classes compete to see who can donate the most money. Student Council has been bringing some money through ongoing bake sales. The Class Councils for each grade are planning to do fundraisers as well, which are still in the works. We recently had a virtual “Town Hall” meeting, where anyone from the student body could ask administrators questions. One of the things talked about was senior prom, which was confirmed to be happening. They are also trying to hold a movie night at some point in the future.

Ms. Kaish thanked Allison for giving the student representative reports.

Dr. Christopher Russo introduced Mr. Scott Clelland of Wiss & Company, LLP, school district auditors, to present a summary of the 2020-2021 school year audit results. Mr. Clelland thanked the administration, Dr. Aderhold, Dr. Russo, Mr. Mead, and everyone involved in the process for their work on the audit. He explained the challenges this year with working remotely due to the pandemic. He reported that the District is awaiting information from the NJ State Division of Pensions & Benefits. The Governor has pushed the deadline for those reports from December to February 5, 2022. The numbers in the ACFR being approved this evening will not change when the State information is available, but there will be footnote disclosures added. Mr. Clelland congratulated the District on thirteen consecutive years of receiving International ASBO’s (Association of School Business Officials) Certificate of Excellence in Financial Reporting award. Mr. Clelland reported that the District is receiving an unmodified opinion, which is the highest level that can be placed on an audit. He relayed that the District is in a good financial position, which improved over the year. The District has maintained reserves within the statutory requirements. Additional testing was necessary due to the Cares Act funds that were distributed. Tests conducted on the Elementary and Secondary School Emergency Relief (ESSER) Funds and Coronavirus Relief Funds found funds were spent in accordance with the regulations and compliance requirements. Mr. Clelland explained that the auditors also tested the District’s internal controls and found a strong environment. He mentioned the two minor findings, a late filing of a report and an incorrect filing, that the district received.

The Board had no questions for Mr. Clelland.

Ms. Kaish thanked Mr. Clelland for his presentation.

There are motions being brought to the Board to accept the annual audit report, submit the Health and Safety evaluation checklist to the County office of education, and close out the final 2010 ROD Grant for construction work completed years ago. The auditors have asked for a 2% increase on their annual audit fee and a motion is on the agenda for approval. There is a motion for the approval of the Performance Assurance Support Service agreement with Schneider Electric as part of Energy Savings Improvement Program [ESIP]. These services help ensure the receipt of the energy rebates that helped fund the project. There is also a change order to the ESIP for insulation of water piping at High School South. Also being brought forward on the agenda are the disposal of obsolete equipment and approval of several transportation items. Staff shared that administration is preparing to sell Solar Renewable Energy Credits (SRECs) in January. Administration has been meeting with budget managers to discuss needs for the 2022-23 budget. Increasing special education and transportation costs are a major concern. An updated budget calendar was provided for review. Fan replacement is being completed on the unit ventilator; three of the sixteen units were found to be faulty and will be replaced. At HSS, interior work continues with floor tiling, casework, and countertop installation in the new science rooms and drywall and painting work in the new main office area. Also in the new main office area, installation of exterior metal panels is almost complete, as is window installation. Work continues at Community Middle School (CMS) on the expanded areas. Punch list items are being completed in the already occupied areas. The new media center is now occupied. Renovation to the future band room (currently the old media center) will start very soon. Work at HSN on the dance studio is moving along with fireproofing of the structural steel. Heating has been added to the work area so the rough in plumbing and electric can start. Changes to the existing ductwork to accept the addition are occurring at this time. Meetings are continuing at Wicoff. Egress stair and ramping installation has begun as the contractor is waiting on further permit approvals. Staff provided information regarding the Energy Savings Improvement Program. Installation of the equipment contained in the original scope has been completed. Ongoing fine-tuning of controls and graphics is taking place. Work on the energy return ventilation unit at Village continues with the tying in of piping and ductwork and the installation of controls. A motion is being brought forward to approve the replacement of insulation on the water mains throughout HSS and to install insulation on the water piping in the locker rooms for chilled water to run through those lines. There is also a motion to approve the Performance Assurance Support Services (PASS) agreement with Schneider Electric for remote energy management, reporting, onsite visits for technical support and repair along with their Building Advisor software that supports the efficient operation of the HVAC equipment. This will help ensure that the District achieves the required energy savings to qualify for, and receive rebates from, the State of NJ. Staff provided information regarding other District improvements and repairs. The bleacher replacements for Grover Middle School and Village Elementary School are scheduled to be completed by the close of winter break. The vendor did not obtain the proper permits in time to install the bleachers over the teacher's convention weekend as planned. XXXV. PRESENTATIONS/REPORTS

SUPERINTENDENT’S COMMENTS

Dr. Aderhold welcomed everyone to the first board meeting of the new year. Dr. Aderhold thanked the community for its flexibility with the schedule as students return to school. He thanked the families for their faith in the district and thanked the teaching and support staff for assisting with the reopening. He explained the increasing number of positive COVID-19 cases within the community, including staff and students. The Superintendent thanked the Human Resources department for their communications to staff regarding quarantine requirements. The Superintendent explained the high volume of calls being experienced by the District right now and that staff are trying to return calls as quickly as possible. He asked that parents please do not call multiple times, but rather leave a message and patiently wait for a response. Dr. Aderhold reported that the District is working to schedule booster clinics on January 21 and 22 at High School North. He clarified that the District is awaiting guidance on boosters for 12-15 year olds to see if they can be included in the clinics. He reported that soon students and staff will be able to opt-in to be tested every week. Dr. Aderhold explained the reasons the District is continuing in-person learning and clarified the State rules regarding remote learning. He further explained that any additional guidance must come through the Department of Education, the Department of Health, or by Executive Order from the Governor. The Superintendent clarified that there is currently no virtual option allowed by the State of New Jersey, but recognized that some districts are bending the rules. Dr. Aderhold relayed that the District will not bend the rules as doing so could jeopardize attendance numbers and school funding. He encouraged all families to consider vaccines and boosters and to monitor the state for updates on contact tracing, quarantining, and other guidance. Dr. Aderhold gave credit to the administrative team for building a schedule that could easily pivot to half-day or virtual. He mentioned that January is School Board Recognition Month and thanked the members of the School Board for their guidance, leadership and service. Dr. Aderhold welcomed the new Board members to the meeting.

STUDENT REPRESENTATIVE REPORTS

Edward Li, student representative from High School North, reported Allison Wu was unable to attend the meeting this evening. Mr. Li reported on the happenings at High School North. EBoard is currently planning the 2022 ToKnight Show, which will be a focus for Student Council during the next few months. On Dec. 15, Student Council E-Board met with Dr. Aderhold and Dr. Dauber to discuss proposals as well as student ideas about how we can be progressive in an effort to support the student body and move our school forward. Mr. Li thanked Dr. Aderhold and Dr. Dauber for their time. The media center procedure at High School North is changing starting today (Jan. 4) and the details can be found on the High School North website. Mr. Li then gave an update on schools clubs and sports. The WWPHSN National Honors Society recently completing its December volunteer event: "Christmas Packages for Penn Medicine." During the event, NHS assembled many mini-care packages including a hand-written card, a candy cane, a hot-chocolate package, and some stickers for the staff at Penn Medicine. During the last day before break, the NHS officers drove to Penn

Medicine to drop off the box of packages to the Nursing Station. The HSN ESports club is planning on hosting a Super Smash Brothers Ultimate tournament in January. Congratulations to the HSN boys' and girls' swim teams. The boys team has a winning record of 4-1, while the girls team has a winning record of 3-1. A special congratulations to one student who broke the Boy's 100 meter freestyle record and now holds two records at High School North.

Ansh Gadodia, student representative from High School South, reported that in the last few weeks before break, HS South had a few important things going on. Winter Spirit Week occurred and there was a good amount of participation. Student Council held a Cash for the Classes fundraiser, which encouraged each class to donate money and compete to see which class could donate the most. Bake sales have been ongoing, raising money for Student Council. Class Councils for each grade are doing fund raising, which has slowed some due to the winter break and again due to COVID-19 concerns. Student Council is still trying to hold a movie night and dodgeball tournament in the future; both have been delayed.

Board President Juliana thanked the students for their reports.

BOARD OF EDUCATION ANNUAL ETHICS TRAINING

Dr. Aderhold explained that the Board attorney could not be present this evening and therefore the School Ethics training would take place at a later Board of Education meeting.

BOARD PRESIDENT’S COMMENTS

Board President Juliana explained that there was an earlier executive session at which the meeting was called to order.

SPECIAL PUBLIC HEARING ON HARASSMENT, INTIMIDATION AND BULLYING

The Special Public Hearing on Harassment, Intimidation and Bullying opened at 7:36 p.m. Board President Rachel Juliana introduced Dr. Lee McDonald, Assistant Superintendent for Pupil Services/ Planning, to provide the annual report on Harassment, Intimidation and Bullying.

Dr. Lee McDonald opened the presentation by reviewing the state's definition of HIB. He reported on the HIB data during the reporting period from July 2021, through December 2021. Dr. McDonald reported on the HIB investigations, both founded and unfounded, by grade level, location, mode, distinguishing characteristics, and victim ethnicity. He relayed that patterns and trends indicated HIB investigations are up from a year ago, which is not surprising as last year’s numbers were unusually low due to a significant decrease in in-person learning. The clustering of incidents at the middle school level is a consistent pattern and is normal based on the developmental stage of adolescents in that age group.

Dr. McDonald explained school climate and highlighted the District’s efforts to maintain a positive school climate in every building through school climate and culture supportive actions. He discussed the District's spring K-12 School Climate Summit, which will focus on building student, parent, and staff connections despite the challenges of remote and hybrid learning. The Assistant Superintendent closed the presentation by revisiting the District’s HIB mission statement to provide all students with a safe learning environment that is free from HIB. This includes adhering to the 2011 New Jersey Anti-Bullying Bill of Rights legislation; training all staff to identify, report, and address HIB behaviors in a timely fashion; and proactively educating parents, students, Board of Education members, and the community to establish HIB expectations and the communication of our commitment to safety and respectful behavior for all.

Board President Juliana thanked Dr. McDonald for his report.

SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON HARASSMENT, INTIMIDATION, AND BULLYING

Board President Juliana opened the Special Opportunity for Public Comment on Harassment, Intimidation, and Bullying.

There were no public comments.

APPROVAL OF THE REPORT

Upon motion by Ms. Zovich, seconded by Ms. McKeown, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

1. Accept the “July 1, 2021, to December 31, 2021, District Semi-Annual Report of Harassment, Intimidation, and Bullying” as required by the New Jersey State Department of Education under the Anti-Bullying Bill of Rights Act (P.L. 2010, c.122).

ADJOURNMENT OF THE PUBLIC HEARING

At 7:47 p.m., the Special Public Hearing on Harassment, Intimidation and Bullying ended, and the business meeting immediately reconvened.

BOARD PRESIDENT’S COMMENTS

Board President Juliana asked Board Attorney Mark Toscano to provide updates to the items discussed in closed executive session.

Mr. Toscano explained that there were two changes to the closed session topics listed on the Board of Education meeting agenda that was distributed on Friday. First, HIB matters were not discussed during the closed session and should be removed from item #9 of the closed session agenda. Second, the Board member vacancy was discussed and should be included under item #7. These changes are reflected in the closed session agenda table at the beginning of these minutes.

Ms. Juliana welcomed everyone to the meeting and mentioned that this was the first week this calendar year of full-day, in-person learning. She thanked the administration, superintendent, principals, teachers, nurses and support staff for their efforts in finding ways to provide education to our students during a challenging time. She thanked the parents and the community for their patience and support and for adjusting with the schedule changes. Ms. Juliana encouraged those wanting to show their support to work together as a community and to consider applying as a substitute teacher, as there is a severe lack of substitutes across the state.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold explained that interviews would take place this evening for the open West Windsor Board position. He thanked Jill Swanson and the West Windsor Health Department for helping to coordinate several additional vaccination clinics that will be available for students and children of staff members. He also thanked Penn Medicine for the clinics that took place this past weekend at High School North. Dr. Aderhold relayed that the State changed the substitute criteria to allow more individuals to be eligible for school substitute positions. Mr. Mark Toscano mentioned that retired teachers and nurses may also apply as substitutes, teachers, and nurses. Dr. Aderhold explained the Board vacancy interview process. Thirteen individuals applied to be considered for the open BOE member position, one individual withdrew, and one individual is unable to attend, but will still be considered. Eleven candidates will be interviewed after the regular board business is conducted. The Superintendent outlined the process that will be followed to interview the candidates in a panel format, after which the Board will recess into executive closed session to consider the qualifications of the candidates. When the Board returns to open public session after deliberations, a motion may be brought forward to appoint a new Board member.

Dr. Aderhold relayed that during a recent West Windsor Township Council meeting, it was intimated that the Board of Education does not have the right to enter into closed executive session to deliberate the selection of the BOE appointee. The council member who spoke was of the opinion that the Board would be in violation of the Open Public Meetings Act if it deliberated in closed executive session. Dr. Aderhold asked Board Attorney, Mark Toscano, to clarify the legality of the Board's entering into closed executive session to deliberate the BOE candidates. Mr. Toscano addressed the issue of going into closed executive session to discuss the selection of a Board member. He specifically pointed out the list of nine topics listed in the Open Public Meetings Act that the Board of Education is permitted to discuss in closed executive session. Item eight identifies the appointment of a public officer as one of those topics. Mr. Toscano explained that the issue of whether or not a public body has the right to discuss the appointment of a prospective member during closed session has been addressed by the courts on several occasions. He relayed that, in these incidences, the court determined that as long as the Board conducts the interviews in open session, and in accordance with the Board's bylaws, the Board is permitted to discuss candidates in closed executive session. Dr. Aderhold appended Mr. Toscano's comments by including that the District's process has been identified as a best practice by the New Jersey School Boards Association, and is the process that has been used by the District for past Board vacancies, including the ones filled by two current Board members, Ms. Rachel Juliana and Ms. Louisa Ho.

PUBLIC COMMENTS

Board President Juliana opened the first opportunity for public comment:

Linda Geevers, 20 Hawthorne Drive, Princeton Junction, commented regarding publicly deliberating the selection of the Board of Education appointee.

Board President Juliana closed the first public comment section.

COMMITTEE REPORTS

Ms. Juliana turned the floor over to Board member Dana Krug to begin the committee reports.

Administration & Facilities Committee

Board member Dana Krug reported that the Administration & Facilities Committee met on January 18, 2022. Dr. McDonald provided an overview of Administration and Facilities Committee while highlighting frequent agenda items including the review of Board of Education policies and regulations; agreements and contracts; updates regarding the referendum, school safety and security, human resources, and athletics; and the District's strategic plan for equity. The Committee reviewed the 2023-2024 Academic Calendar and will move forward for final Board of Education approval in February. To proactively reduce athletic event capacity, the District's spectator policy has been updated to limit tickets to four family members per student-athlete. The District's application for a cooperative high school softball program has been approved by the NJSIAA effective the spring 2022 season. WW-P will be hosting the Mercer County Swimming and Diving Championships at High School North January 27-29, 2022, with appropriate health and safety protocols and live streaming for spectators through WBCB-1490 AM. Spring sports registration opens via the Genesis parent portal January 18 through February 22, 2022. The committee congratulates the High School North winter boys track distance medley relay team who have been crowned Group IV state champions. The Committee discussed updates to Referendum projects. Final punch lists for HVAC upgrades at High School North and Community Middle School continue to be completed. Masonry, plumbing, and fireproofing for the dance studio at High School North continues. At High School South, mechanical piping, ductwork, and installation is underway in

the new main office. Plumbing fixtures in the science rooms have been installed; inspections are scheduled. At Community Middle School, the new weight room, fitness center, and team rooms have received final inspections and have been turned over to the District. Renovation of the new band room (old media center) is underway. Pre-installation and planning meetings for the Wicoff addition and renovation continue. Members of the Diversity, Equity, and Inclusivity team and school administration are facilitating professional development experiences on the intersection of social-emotional learning (WWPRSD Goal 3) and equity (WWPRSD Goal 4) during January faculty meetings. Preparation and planning for a districtwide celebration of Black History Month in February is underway. Tentative A&F committee dates were reviewed and the next meeting will be held on February 1.

Curriculum Committee

Board member Loi Moliga reported that the Curriculum Committee met on January 18, 2022. Dr. Nathan shared the District Option II data with the committee and discussed ways in which the District is working to open alternative pathways for students. Discrete Math for example is a course that will be running this summer for students who are interested in exploring courses that the District does not offer during the school year. Dr. Nathan shared a draft version of the Start Strong data presentation. The presentation will be delivered to the board during the February 8 Board meeting. The New Jersey Department of Education requires the completion of the English Language Learning Three-Year Plan. The District submission consists of a series of answers to questions provided by the Department of Education. The questions ranged from student achievement on assessments such as NJSLA and ACCESS to staff certifications and professional development to support English Language Learner students and families.

The Curriculum Committee recommends the approval of the English Language Learner 3-Year Plan on tonight's agenda. The Committee recommends the approval of the Community Education Spring/Summer 2022 Programs. The Curriculum Committee recommends the approval of the 2022 Summer Financial Literacy course, the approval of the Discreet Math Course, and the disposal of the instructional materials. The Committee recommends approval of, acknowledges, and congratulates Ms. Courtney Dignan as winner of the Heumann-Armstrong Elementary School award, made possible through collaboration between the American Association of People with Disabilities (AAPD), The Coelho Center for Disability Law, Policy, and Innovation, and Equal Opportunities for Students (EOS). As part of this award, the District accepts four iPads to be used by Ms. Dignan's class at Village Elementary School. The District will also facilitate a pass-through award of three books on ableism to every student in Ms. Dignan's class. The Committee reviewed the proposed future committee meeting dates and will next meet on February 15, 2022.

Finance Committee

Board member Louisa Ho reported that the Finance Committee also met on January 18, 2022. The Committee reviewed the proposed agenda items for the upcoming Board meeting, including the financial reports for the month. Included on the agenda are motions to approve state contract and/or cooperative vendors, approve purchases using shared services, and approve a change order for Grover Middle School construction for unused allowances, decreasing the project cost by \$27,751.64. There are also motions to approve the disposal of obsolete equipment, approve some transportation items, authorize some professional development, and accept \$233,821 from the NJ Schools Development Authority for emergent and capital projects to facilitate student's return to in-person education.

Staff provided updates on referendum projects. Fire alarm installation continues at the Community Middle School and HS South. A revised fire alarm proposal is being reviewed for the work at Wicoff. HS North and Millstone River HVAC replacement is in the punch list stage. There was an issue with the

heating system at Millstone River. A bypass valve was open that allowed water to bypass the boilers, thus not heating the water. The problem has been resolved. The High School North dance studio is progressing nicely despite supply chain issues. Work is flying along at HS South with the installation of mechanical piping, ductwork, and insulation, along with above ceiling electrical work. In other areas of the South addition, installation of drywall, insulation, and plumbing fixtures continues. At Community MS, after final inspections, the weight room, fitness center and team rooms have been turned over to the District. In the old media center, which will be the new music room, structural steel and metal decking are complete and interior masonry walls are being constructed. In other areas of CMS construction, casework and furniture are being installed and floors are being polished in preparation for turning those areas over to the District. At Wicoff, the footings for the expansion are dug, filled with rebar, and awaiting inspections prior to the pouring of concrete. There is one area where there is a conflict with existing plumbing, so concrete will be poured in all areas except that area until that conflict is remedied. Exterior material colors are being chosen and loose furniture orders are being planned. Staff also provided updates on the Energy Savings Improvement Projects. Project work is complete with final commissioning and training of District employees occurring building by building. At Community MS, sub meters, which are required for the energy rebates, are being coordinated. Change order work has begun with the Energy Return Ventilation (ERV) unit replacement in Village Elementary School. Work on the other change orders should be begin in March when equipment is on site.

Staff briefed the Committee on Buildings & Grounds issues. Staff notified the Committee that the format of cleaning inspections has changed since each building has an operations lead person. Edvocate, the District's inspection company, has trained staff on what to look for to complete the inspections. Training staff on the inspection process has been a challenge because the program is new and the District has experienced schedule changes due to COVID. Inspections will occur three times during the year. The District will be going out to bid for trash and recycling services soon. The District sold 135 Solar Renewable Energy Credits on January 12 for \$31,185. Staff provided an update on cafeteria operations. In December, an average of 5,600 lunches and 350 breakfasts were served daily. Due to the half-day schedule for past three weeks, the District is expecting a decrease in meals served in January. To date, we are averaging 2,400 lunches and 140 breakfasts daily. The food service program is purchasing new food warmers for Dutch Neck and Maurice Hawk Elementary Schools. The District is awaiting delivery of a new walk-in freezer for Dutch Neck and is receiving quotes for new walk-in refrigerator/freezers at Millstone River, Town Center, and Village. The District submitted a grant for \$71,276 to the NJ Department of Agriculture for various kitchen equipment. Send Hunger Packing distributed 100 gift cards of \$25 each to needy WW-P elementary students. The Federal reimbursement rate under the current program will increase from \$4.4255 to \$4.665 per lunch and breakfast will increase from \$2.465 to \$2.60 per meal. The Committee received an updated 2022-2023 Budget Calendar. There will be a Board Retreat on February 17, 2022 to review the budget. The Committee reviewed the potential committee dates for 2022. Committee dates will be posted on the District website as they are confirmed. Staff shared that the District's COVID-19 cases are trending down this week, as compared to the last several weeks, for both staff and students. Daily staff absences are decreasing. The District plans to return to full day, in-person instruction on Monday, January 24. Over the long weekend, the District had some issues with burst pipes at Dutch Neck, HS North and Wicoff due to the cold temperatures. There was also a fire alarm issue at Village. In anticipation of the cold temperatures, the District's Facilities Department was on a 24-hour watch, enabling them to catch the leaks quickly so they did not affect school operations.

In accordance with the State’s Sunshine Law, adequate notice of this meeting was provided by sending a notice of the time, date, location, and, to the extent known, the agenda of this meeting on January 10, 2022, and February 4, 2022 to the *Home News Tribune* and *The Times*, posted on the district website, placed in the Board Office and in each of the district schools, and sent to Plainsboro and West Windsor Public Libraries and Plainsboro and West Windsor township clerks.

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Board President Juliana at 6:35 p.m. in room C110/111 at the District Administration Building. WHEREAS, the Open Public Meetings Act authorizes Boards of Education to meet in executive session under certain circumstances;

NOW THEREFORE BE IT RESOLVED by the West Windsor-Plainsboro Regional School District Board of Education that it is necessary to meet in executive session to discuss certain items involving:

Also present was board attorney, Jeffrey Caccese, Esq.

BOARD PRESIDENT’S COMMENTS

Board President Juliana explained that the meeting was called to order during the earlier executive session. Ms. Juliana asked Jeffrey Caccese, board attorney, to make a correction to the agenda. Jeff Caccese corrected the notification date listed on the agenda in the call to order, which incorrectly reads March 4, 2022, and should be corrected to read February 4, 2022.

Dr. Russo administered the oath of office to appointed Board member, Shwetha Shetty. Ms. Shwetha Shetty took the oath of office. Dr. Russo and Ms. Juliana congratulated Ms. Shetty.

Ms. Juliana acknowledged and applauded the State of New Jersey for passing legislation last month ensuring Asian American and Pacific Islander inclusive curriculum is taught in New Jersey schools. Board President Juliana reported that there will be events going on around the district during the month of February to celebrate Black History Month.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold reported that yesterday, Governor Murphy stated that as of March 7, his Executive Order 253 on mask mandates in K-12 schools will be eliminated. At that time, it will be up individual school districts to decide whether or not to extend masking requirements. Dr. Aderhold stressed that, until the District has further guidance from the other state agencies, such as the Department of Health and Department of Education, the District will wait to make any decisions on masking. In the meantime, the District will continue to host booster clinics. The West Windsor Health Department will hold a booster clinic tomorrow and another in three weeks on Feb. 23. He reported that the voluntary, in-district, weekly take-home COVID testing program through Mirimus has been terminated as it did not run as well as the District would have liked. Moving forward, a new, voluntary, in-person, on-site testing program will be held every Saturday beginning Feb. 12 at High School North from 9am to noon.

STUDENT REPRESENTATIVES’ REPORTS

Edward Li, High School North student co-representative, reported on club updates. North’s National Honor Society recently hosted two study halls for students interested in studying and collaborating with Nation Honor Society seniors. HS North’s MEdforum held their first restaurant fundraiser at On the Border. HS North’s Class of 2023 is hosting a pickle ball tournament; the competition is open to all grade levels. Mr. Li congratulated the boys swim team for placing second in the team competition at the Mercer County Swimming Championships. He also congratulated the West Windsor-Plainsboro United Cheerleaders for taking a first place win the St. Hubert’s Cheerleading Competition.

Allison Wu, student co-representative from High School North reported that High School North would be hosting virtual conversations, presentations, and exhibits that explore the achievements of African American individuals to celebrate Black History Month. The senior class council will be hosting their traditional annual rose sale this week and the ToKnight show junior hosts have been determined. Ms. Wu congratulated the staff and students for making it through the second semester.

Alison Wu also presented Ansh Gadodia's student report, as the student representative from High School South was unable to attend. Ms. Wu reported that, in the past month or so, High School South's Student Council has been focused on preparing for their next events, which include dodgeball and a movie night, which should take place in either mid-February or mid-March. Student Council has been raising some money through ongoing bake sales. South recently had a virtual "Town Hall" meeting where anyone from the student body could ask administrators questions. Senior prom was one of the topics discussed, and it was clarified that only High School South seniors could attend High School South's Senior Prom. Administrators are planning on expanding senior privileges; details are being ironed out.

Board President Juliana thanked the students for their reports.

START STRONG TEST RESULTS PRESENTATION

Board President Juliana introduced Dr. Pamela Nathan to present the Start Strong Test Results. Dr. Nathan explained that the information provided by these assessments is a snapshot of a student's understanding and should only be used in conjunction with other supporting evidence when drawing conclusions about a student's overall academic performance. She explained that the tests were administered quickly and were mandated by the US Department of Education. Dr. Nathan stressed that the Start Strong results must be interpreted and used differently than NJSLA results. Start Strong results do not cover the breadth and depth of standards as seen on the NJSLA and do not support the same comparisons or inferences about student proficiency. Dr. Nathan displayed the number of students tested in the different subject areas and the results. Results are broken down into three levels: strong support may be needed, some support maybe be needed, and less support may be needed. The Assistant Superintendent presented results by category showing the support level indicated. She presented achievement levels by subgroup and demographics for English language arts, math and science. Dr. Nathan concluded her presentation by outlining the notable achievements of the District and the intervention strategies the District has put in place.

One Board member engaged Dr. Nathan in a discussion regarding future assessments and the ability to compare data from year to year.

Dr. Aderhold commented that the Start Strong test was a quick response by the State of New Jersey to comply with a US Department of Education requirement to have a statewide assessment. The NJSLA will be back, but because it will not have been administered for several years, comparable data points will be difficult.

PUBLIC COMMENTS

The Board President opened the first opportunity for public comments. There were no public comments.

2. Matters in which the release of information would impair the right to receive government funds, and specifically:	
3. Matters which, if publicly disclosed, would constitute and unwarranted invasion of individual privacy, and specifically:	
4. Matters concerning negotiations, and specifically:

No Board members were absent. Present also were: Dr. David Aderhold, Superintendent of Schools; Dr. Christopher Russo, Assistant Superintendent for Finance/Board Secretary; Mr. Patrick Duncan, Special Assistant for Labor Relations; and, Ms. Charity Comella, Director of Human Resources. Also present was board attorney, Jeffrey Caccese, Esq.

BOARD PRESIDENT’S COMMENTS

Board President Juliana explained that the meeting was called to order during the earlier executive session.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold reported that the West Windsor Health Department would be hosting a booster clinic for the District tomorrow at 4pm. These clinics will continue on a 3-week cycle through June. The District is expecting the New Jersey Department of Health to release guidance tomorrow regarding masking and contact tracing. Dr. Aderhold highlighted two changes to Board of Education dates that are on tonight’s agenda for approval. The March 8, 2022, Preliminary Budget Hearing and meeting will be changed to March 15 due to the State’s delay in releasing state aid notices. The June 7, 2022, meeting will be moved to June 14 because the original date falls on the same day as the primary election and the Board meeting room is used as a polling location.

BOARD OF EDUCATION ANNUAL ETHICS TRAINING

Ms. Juliana introduced Mr. Jeffrey Caccese, school board attorney, to provide the required annual school board ethics training. Mr. Caccese relayed that the Board of Education is required to annually review and discuss the School Ethics Act at a public board meeting. He prefaced his training presentation by stressing that the information he is presenting does not replace the individual ethics training required for all newly elected or appointed board members. Before proceeding, Mr. Caccese confirmed that all West Windsor-Plainsboro Board members had received a copy of the Code of Ethics and had signed a written acknowledgement to that fact. The Board attorney began his presentation by outlining the role of a school board member. He then presented a review and analysis of the School Ethics Act, *N.J.S.A. 18A:12-24.1*, including negotiations, chain of command, and areas of concern or retractions. He provided evidence of violations and case examples for each of the ten items listed in the code of ethics. Mr. Caccese provided information about the School Ethics Commission; ethics complaints; advisory opinions; conflicts in definitions between the School Ethics Act and nepotism regulations; confidentiality; collective negotiations participation; Doctrine of Necessity; board member involvement in hiring/evaluating the superintendent; and board member limitations on hiring/evaluating school staff; volunteering; and shared services. The Board attorney ended the presentation by conveying that WW-P Board of Education members with questions regarding potential conflicts should reach out to his office.

Board President Juliana thanked Mr. Caccese for his presentation.

PUBLIC COMMENTS

Makarand Bidwai, Plainsboro, commented regarding a principal remarking he was rude, an incident involving the Plainsboro Police Department, and to express his dissatisfaction with the Plainsboro Mayor.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold conveyed that his understanding of the incident to which the public comment was referring did not involve any Plainsboro Police Department members.

COMMITTEE REPORTS

Ms. Juliana turned the floor over to Board member Loi Moliga to begin the committee reports.

Curriculum Committee

Board member Loi Moliga reported that the Curriculum Committee met on February 15. The meeting began with a presentation by Heather Shanklin, who shared her research project entitled “Principal Leadership During the COVID-19 Global Health Pandemic.” After, Richard Stec, District Science Supervisor, shared his research project, entitled “Increasing Enrollment Diversity in High School Science Advanced STEM Courses for Students with AP Potential.” Both administrators are completing these research projects as part of their doctoral programs. The Committee recommends approval of items on tonight’s agenda, including one high school student to enroll in an online course, American Studies 1, at Educere, LLC, for the 2021-2022 school year, authorizing the fourth year of a five-year Shared Services Agreement between West Windsor Township and the West Windsor-Plainsboro Regional School District for cable television originally approved February 19, 2019, and acceptance of a 2021-2022 First Day of School Foundation Grant Award in the amount of \$1,000, to be used for supplies and community based instruction programs in Ms. Pappano’s Community Middle School classroom.

Finance Committee

Board member Louisa Ho reported that the Finance Committee also met on February 15, and reviewed the proposed agenda items for the upcoming Board meeting, including the financial reports for the month. Included on the agenda is a motion to approve an easement at Community Middle School allowing PSE&G access from the road to its electrical equipment in the front of the building. Two referendum change orders are included on the agenda, one for costs associated with permitting delays at HS South and one for costs associated with spot cooler rentals and installing additional condensate pumps at Millstone River. Also included on the agenda for approval is Open Systems Integrators to move forward with the Wicoff fire alarm system, the disposal of some obsolete equipment, and approval of the latest transportation quotes and jointures. The administration has been preparing budget information. Only the appropriations portion of the State software is available to enter information. There are certain calculations that have not yet been provided by the State, so the revenue portion of the software will not be available until after the Governor’s budget address. The Governor has been granted permission to move the State budget address to March 8, 2022, causing the District to move the date of the Board meeting for adopting the preliminary budget to March 15, 2022. An updated budget calendar was shared with the Committee. Staff provided updates on referendum construction projects. Fire alarm work continues at Community MS and HS South and will begin soon at Wicoff. HVAC control systems work is wrapping up at HS North. There will be a data drop installed in the pool area for control of the

pool HVAC return unit. Work is wrapping up on the room ventilator motor replacement. Delivery of brick for the HS North dance studio façade has been delayed up to six weeks. The gas piping is being connected to the existing building and delays are expected with the expansion's HVAC equipment. At HS South, the Block B addition is coming to completion. Above ceiling gas lines are being connected which will allow for installation of the ceiling grid. Final cleaning and call for code inspections will begin. In Block A, exterior panels are being installed and doorframes are being constructed. Painting and floor tile installation is moving along in several areas. At Community MS, the punch list for the site work portion of the project is being reviewed. Work on the newly renovated music room continues with the completion of the masonry walls, roof decking, interior plumbing and stud framing. In the Block D addition, punch list work is being completed. At Wicoff, footings are mostly complete with masonry wall block work beginning. Staff also provided updates on the Energy Savings Improvement Projects. Project work is complete with the exception of controls work at Village, Town Center, HS South and Dutch Neck. The combined heat and power system at HS South is awaiting final utility approval. Utility connection sub-meters, used for energy rebate accounting, are awaiting installation in the HS south addition. The District is awaiting delivery of the HVAC equipment contained in several addenda to the Energy Savings Improvement Projects.

The Committee discussed food service items. In January, an average of 1,010 breakfasts and 3,545 lunches were served daily. The number of breakfasts served is up, but the number of lunches served is down as compared to a recent average of over 5,000 lunches served per day. The main cause of the lower average in January is that schools were operating on a half-day schedule during the first two weeks; lunches are not served on half-days. Historically, the lunch program averages around 2,800 daily lunches served. The Committee discussed the transportation department. The District has 18 buses and drivers to cover in-district routes. Staff shared District health and safety information. The District's COVID-19 cases have declined dramatically. The Governor of New Jersey announced that the State mask mandate will be lifted effective March 7, 2022, and decisions regarding masking will be moved to the local level. The District is awaiting additional guidance from the State with more specifics. The District plans to wait to make a decision so it can use the most current information available. Federal regulations still require masks to be worn on buses, which has not changed.

2022-2023 Budget Discussion

Dr. David Aderhold presented information regarding the 2022-2023 budget development. He began his presentation by reviewing the District’s mission statement. He outlined the definition of a school budget along with the budget process and timelines. Dr. Aderhold emphasized that the District has received the Association of School Business Officials (ASBO) International’s Certificate of Excellence in Financial Reporting for the past 13 years as well as the organization’s Meritorious Budget Award for the past seven years. The Superintendent reviewed big picture topics included in the 2022-2023 budget, including special services, health care costs, capital projects, technology, staffing needs, transportation, and salary increases. He discussed the 2022-2023 budget stressors, including special services, facilities, health care costs, staffing needs, transportation, and salary increases. Dr. Aderhold then reviewed the expected revenues for 2022-2023 and the budgeting options available. He proceeded to discuss budget considerations in the areas of the business office, transportation, buildings and grounds, insurance & salaries, technology, instructional considerations, special education, and staff increases. The Superintendent discussed the status of capital projects and the referendum, including the completions of the Energy Savings Improvement Program (ESIP) projects, the start of the Wicoff expansion, the need for various HVAC projects, and the plan for media center renovations across the district. He outlined the additional projects to be awarded, including the HS North Culinary arts area, the Wicoff fire alarm replacement, Wicoff renovations, the seven remaining media center renovations, and additional contingencies, totaling \$12,398,464. Dr. Aderhold outlined the budget parameters and unknown budget contributors, including state aid, negotiations with the WWPSA, and prescription and health care increases in December 2022. The Superintendent reviewed the revenues available to the District, including a 2% general fund tax increase, allowances for banked cap, capital reserve allocations, and unknown state aid increases. Administration is recommending a budget-to-budget increase of 2.23%, which equates to a 2% general fund tax increase plus \$392,265 in banked cap.

Dr. Christopher Russo added a comment regarding the increase in the District buildings’ square footage.

There were no questions from the Board members. Ms. Juliana thanked Dr. Aderhold for his presentation.

Also present was board attorney, Mark Toscano, Esq.

BOARD PRESIDENT'S COMMENTS

Board President Juliana explained that the meeting was called to order during the earlier executive session. She asked Board Attorney Mark Toscano to update the topics discussed during closed executive session. Mr. Toscano noted that, in addition to the items noted on the agenda, the Board also discussed, under item number 7, Docket Number A-001571-21T4 and a mechanics lien for the CMS lighting project. These changes are reflected in the closed executive session table above.

The Board President reviewed the purpose of Board of Education meetings and provided additional specifics on the public comment portion of the meeting. Ms. Juliana commented that, two years after the District closed down due to the pandemic, District administration continues to develop plans and make decisions, in collaboration with state and local health officials, administrators, teachers, and staff, to maintain the health and safety of all students and staff. The Board President thanked everyone for their patience and support over these past two years. She stressed that the guiding principle of all decisions made by WW-P administration has been to do what is best for our students and staff. Ms. Juliana explained that the District's current guidelines for elementary masking was developed with the goal of keeping students in the classroom by providing a safe learning environment with the least risk of needing to pivot to virtual. The Board President also explained that the District has followed the NJ Department of Health guidelines throughout the pandemic and is currently using the NJDOH CALI system, which is based on infection rates, unlike the CDC system, which is based on hospitalizations and deaths. Finally, Ms. Juliana commented that, while community members have the right to reach out to voice their opinions and disagreement, the Board does not condone, and finds completely unacceptable, the intrusion into the personal lives and family lives of school personnel, including the superintendent and administrators.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold commented that this past weekend, a group of individuals invaded his personal privacy by purposefully searching him out on social media, as well as searching out his friends and family. The group, using communication through these media, made clear that their intention was to have the Superintendent's contract cancelled, Board members removed from office, the Superintendent's career discredited, and his reputation tarnished. The Superintendent defined these actions as cyberbullying and defamation of character.

STUDENT REPRESENTATIVE REPORTS

Edward Li, co-representative from High School North, reported for Alison Wu, who was unable to make it this evening. The senior snow tubing trip took place Thursday, March 10, and was very fun. The junior class "Pickle Bowl" was held February 25 – 28. Teams signed up and it was a successful

event. There will be a sophomore and freshman March Madness joint class event Friday, March 11. The Spring Musical, *Matilda*, took place March 3, 4, and 5. To celebrate Black History Month, the media center held read-alouds during LA classes. Juniors have NJGPA testing this week. Mr. Li then provided an update on club activities. Spring sports have started and all teams are currently in the middle of their pre-seasons. HSN Literary Magazine held a Valentine's Day Poetry Slam Friday, February 11. HSN Peer Leaders are accepting applications for the Class of 2024, which opened Monday, February 28, and closes today. If you are a High School North sophomore and are interested in leading the school, this would be a great opportunity for you. National Honors Society applications were mailed out to eligible 11th grade students, and there was a Q&A meeting that occurred February 18. On behalf of HSN National Honors Society, I'm excited to meet the new class of dedicated NHS members. Junior Class Council is currently planning their Junior Prom, which will be taking place April 29 from 6-10 p.m. at the Hamilton Manor. Prom packets are available the week of March 21-25. Senior Class Council had an enjoyable day on Tuesday, 2/22/2022, when they gathered in the morning to take pictures to celebrate the day of the Class of 2022. Lastly, I wanted to congratulate two HSN juniors for placing in The New York Times Annual Student Review Contest.

Ms. Juliana thanked Mr. Li for his report.

PRESENTATION ON THE 2021-2022 PROPOSED BUDGET

Assistant Superintendent for Finance, Dr. Christopher Russo, presented the 2022-2023 Tentative Budget, including the recently released state aid numbers, to be submitted to the County office. He began the presentation by reviewing the District's mission statement, which guides all District decisions. Dr. Russo defined a school budget as a planning tool that considers contingencies, manages risk, is fiscally responsible, reflects District values, and considers safeguards and buffers. He reviewed the budget process and timelines, explaining that, after approval this evening, the tentative budget goes to the county for review and then comes back to the Board for a budget hearing April 26. He outlined the big picture topics, followed by the budget stressors, which include special services, facilities, health care costs, staffing needs, transportation, and salary increases. Dr. Russo made special note of current inflation rates creating higher Consumer Price Index (CPI) increases, driver shortages, and fuel costs increases. He then reviewed the revenues and allowances, which, for this budget, will include the 2% cap plus the expiring banked cap allowance of \$392,265. Also included is a state aid increase, which resulted in a net state increase of \$1,621,756. The capital reserve allocation will be \$12,500,000 of the budget this year. Certain budget items were accounted for without all of the data, including upcoming negotiations with the WWPSA, prescription and health care benefits increases in December 2022, fuel costs, and bus route renewal increases. Dr. Russo presented a comparison between the current budget and the proposed budget, outlining the increases and decreases in appropriations for each department. He then presented an overview of the capital reserve and capital outlay budget for planned projects.

There were no questions from Board members. Ms. Juliana thanked Dr. Russo for his presentation.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold expressed appreciation for the public comments and ensured those who spoke that their comments would be taken under advisement. He reported that the West Windsor vaccination rates are 58% for 5-11 year olds, 82% for ages 12-17. The District is seeing vaccination rates in the mid-80s for middle school and about 90% at the high school, with even higher percentages for teachers and an overall staff vaccination rate around 90%. He relayed that the Governor provided flexibility to school districts when making masking determinations. The District will continue to monitor and review the data and modify guidance as the NJ Department of Health modifies their guidance. The Superintendent reported that last week the District had a good week with only 12 cases, but this week, the District is monitoring an outbreak in one school.

BOARD OF EDUCATION COMMITTEE REPORTS

Ms. Juliana turned the floor over to Board member Dana Krug to begin the committee reports.

Administration and Facilities Committee

Board member Dana Krug reported that the Administration & Facilities Committee met March 1. The meeting began with the Committee reviewing the following policies and recommending them for first reading at the March 15, 2022 BOE meeting: P2415.05-Student Surveys, Analysis, Evaluations, Examinations, Testing or Treatment; P2431.4-Prevention and Treatment of Sports-Related Concussions and Head Injuries; R2431.4-Prevention and Treatment of Sports-Related Concussions and Head Injuries; R2460.30-Additional/Compensatory Special Education and Related Services; P2622 Student Assessment; R2622-Student Assessment; P8454-Management of Pediculosis; P9560-Administration of School Surveys. The Committee engaged in a conversation regarding the use of district facilities by school and community organizations with an anticipated increase of activities this spring and summer. Facility use rates, including projected costs for cleaning and security, were discussed. The Committee discussed school traffic concerns brought forward by community stakeholders. Dr. McDonald shared the District’s response to an increase in automobile volume at arrival and dismissal times including upgrades to entry/exit points as part of the referendum construction, additional road striping, and changes in traffic patterns to alleviate congestion. The District continues to consult with law enforcement on how to improve traffic conditions while encouraging families to utilize school transportation. The Committee reviewed proposed costs and fees for the Extended Day Program, which anticipates an increase in enrollment and staffing for summer 2022 and the 2022-2023 school year. Congratulations to High School North boy’s winter track for their Mercer County, Group III Central Sectional, and Group III State Championships. Coach Matthew Coburn has been recognized by the NJEA and NJSIAA as “a coach for all seasons” for his efforts in leading High School South boys soccer, winter, and spring track. Spring sports begin March 7 at the high school level and March 14 at the middle schools. The District anticipates over 1,000 high school students and nearly 800 middle school students will participate. The Committee received updates on Referendum Projects. Final punch lists for HVAC upgrades at High School North and Community Middle School continue to be completed. Interior work including ductwork, fireproofing, and priming of walls in the dance studio at High School North is concluding. At High School South, tilework, painting, electrical finishes, and ceiling grid installation is underway. At Community Middle School, work on the new band room including masonry, piping, and framing continues. Masonry and foundation work for the Wicoff addition and renovation has begun. The Committee was informed that members of the Diversity, Equity, and Inclusivity team and school administration are preparing for the next community stakeholder meeting, on March 23, to move forward

the strategic planning process. The District continues to cross-pollinate equity (WWPRSD Goal 4) with student centered learning (Goal 1), global competency (Goal 2), and social-emotional learning (Goal 3). The Committee reviewed revised job descriptions for 20 positions. The descriptions require more time for discussion, so the Committee will revisit them at the next meeting.

Curriculum Committee

Board member Loi Moliga reported that the Curriculum Committee also met March 1. The Committee reviewed summer curriculum writing and summer professional development. Dr. Nathan shared information about work to map out curriculum writing and professional development sessions for late spring and throughout the summer. Curriculum writing takes place as a result of changes in standards, scope and sequence, and/or strategic goal alignment. The results of the spring and summer work are shared with the Board in a formal presentation in late August or early September. Next, Dr. Nathan shared that professional development for staff is being created to look at data sources, find students' strengths and areas for growth, and utilize District resources that provide access to information across a number of assessments and in a variety of ways. BOYD stands for "Bring Your Own Data" as Linkit! makes individual data accessible. Carving time to collaborate around the information and plan for action is key for our students' success. Dr. Nathan also shared that summer camps are currently being planned and dates are getting released for ESL (English Language Learners) and DLI (Dual Language Immersion) students. The Curriculum Committee recommends approval of Kelsey Jones, Assistant Professor of Human Development at Williams College, to provide two virtual, half-day racial literacy professional development sessions to the administrative equity goal team. The Committee also recommends sending several teachers to virtual Teachers College Summer Institutes in 2022, including five to Writing Institutes, 11 to Reading Institutes, one to an Equity Institute, and one to Rebalancing Balanced Literacy.

Finance Committee

Board member Louisa Ho reported that the Finance Committee also met March 1, when it reviewed the 2022-2023 Tentative Budget. There was a discussion regarding the costs of the special education program and the increasing costs of the County Special Services programs. The Committee discussed the advantages and cost savings to educating students in District, where we can offer a better program. Committee members provided both positive and negative feedback on proposals that staff is considering. The District is continually looking to provide the best program possible for our students. Committee members expressed concerns about the long-term costs of the program. Staff provided an update on Referendum projects. The fire alarm projects are in various stages at several schools. At Community MS, staff is being trained to operate the system, at HS South the project is in the punch list stage, and at Wicoff the contract was approved and work will begin soon. The HVAC projects at HS North and Millstone River are in the controls implementation stage. The HS North dance studio HVAC ductwork installation is beginning this week, however delivery of the roof top unit, originally scheduled for March has been delayed until August. Installation of the roof top unit is required for the installation of the dance floor, which will now be delayed. Currently, interior walls are being painted while fireproofing of structural roofing steel continues. There will be a change order needed to abandon the original sanitary main and install and connect a new one outside of the footprint of the building. At HS South, in Block A, the casework, marker and tack board installation is coming to completion as flooring and ceiling tile installation are beginning. In Block B, the classroom gas piping and data cabling are being installed. South site work grading and hardscape installation are beginning. At CMS, the band room masonry walls and foundation plumbing are complete, as is the new, raised roof area. The general contractor is preparing to remove the existing roof. A Temporary Certificate of Occupancy (TCO) has been received for the auditorium, so performances have been occurring. The delivery of lighting equipment and curtains for the auditorium has been delayed due to supply chain issues. Renovation of

the four remaining classrooms (engineering and science labs) will begin shortly. At Wicoff, masonry block walls are being erected, storm lines are being installed, and interior piers are being formed for structural steel installation. Staff provided a brief update on the remaining Energy Saving Improvement Program projects. At HS South, final controls and graphic work is being completed. The Energy Return Ventilation Unit (ERV) is installed and will be started up this week. Town Center’s new chiller is expected to arrive soon. Work on the HS South pipe insulation will begin soon. The Committee reviewed a cafeteria equipment improvement plan. There will be a bid award for equipment that was bid as part of the \$71,276 grant that was awarded to the District recently for the replacement of kitchen equipment. For the month of February, 5,980 lunches and 305 breakfasts on average were served daily. The Committee reviewed a 5-month operating report from Sodexo. Due to the fixed cost meal program and “free lunch for all” program from the Department of Agriculture, the program is projected to earn a profit this school year, which will be used to fund the equipment improvement plan. Sodexo has continued their TrACC post-graduation partnership with the District’s students for job skills training at HSN, CMS and MRES. After Sodexo met with the HS North Advisory Committee students, they added additional vegetarian options to the menu. Administration provided a health and safety update. The District was considering utilizing a tent again this spring for outside activities. The tent bids came back with one respondent for \$120,000 for use from May 16 – June 21, diesel fuel for the generator at \$6.50 per gallon, and a daily dance floor rate of \$2,700. The District plans to reject the bid at the next Board of Education meeting.

NOW THEREFORE BE IT RESOLVED by the West Windsor-Plainsboro Regional School District Board of Education that it is necessary to meet in executive session to discuss certain items involving:

1. Matters of personal confidentiality rights, including but not limited to, staff and/or student discipline matters, and specifically:	Personnel and Student Matters
2. Matters in which the release of information would impair the right to receive government funds, and specifically:	
3. Matters which, if publicly disclosed, would constitute and unwarranted invasion of individual privacy, and specifically:	
4. Matters concerning negotiations, and specifically:	Negotiations with the WWPSA
5. Matters involving the purchase of real property and/or the investment of public funds, and specifically:	Potential Rental Property
6. Matters involving the real tactics and techniques utilized in protecting the safety and property of the public, and specifically:	
7. Matters involving anticipated or pending litigation, including matters of attorney client privilege, and specifically:

The meeting reconvened to public session at 7:35 p.m. The following Board members were present:

Ms. George-Cheniara	Ms. Dana Krug	Ms. Shwetha Shetty
Ms. Louisa Ho	Ms. Graelynn McKeown	Ms. Robin Zovich

No Board members were absent. Present also were: Dr. David Aderhold, Superintendent of Schools; Dr. Christopher Russo, Assistant Superintendent for Finance/Board Secretary; Dr. Lee McDonald, Assistant Superintendent for Pupil Services/Planning; Dr. Pamela Nathan, Assistant Superintendent for Curriculum & Instruction; Mr. Patrick Duncan, Special Assistant for Labor Relations; and, Ms. Charity Comella, Director of Human Resources. Also present was board attorney, Jeffrey Caccese, Esq.

BOARD PRESIDENT’S COMMENTS

Board President Juliana explained that the meeting was called to order during the earlier executive session. She mentioned that this is the first week of masks optional for all grade levels. Ms. Juliana thanked Dr. Aderhold, administrators, and staff, for carefully analyzing the masking data. She also thanked the community for their patience and support.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold reported that the District would continue to track data and monitor the level of COVID-19 transmission in the community to determine if optional masking continues or if there is a pivot to mandatory masking. He reminded everyone that there is no place in our school community for any type of bullying of students or individuals based on their choice to wear a mask or not wear a mask.

AUTISM PROGRAMMING IN WWPRSD

Dr. Aderhold proudly introduced the Special Services leadership team to present information on Autism Programming in West Windsor-Plainsboro Regional School District. Melissa Levine, Director of Special Services, began the presentation by defining autism and outlining the various degrees of autism. She also outlined the District’s autism instructional size limitations. Samantha Tognela, PreK-3 Special Services Supervisor, presented information regarding the number of students needing autism programs in grades PreK-8 over the past several years. Karen Abrams, 3-8 Special Services Supervisor, shared the mission statement of the autism program. She also outlined the core needs of students in these programs. The team continued to present information, including related services needs of students and lessons learned in the past. The team also outlined the current student needs in preschool to 8th grade, compared them to the needs of students in the past, and outlined a plan to meet student needs in the future. Dr. Aderhold concluded the presentation by outlining the recommendations to the Board of Education. He began by presenting the projected growth in the PreK-8 autism programs. The Superintendent clarified that administration is recommending a two-year, phased-in plan to move the autism program from Town Center to Wicoff. The move would be phased in over the 2022-2023 and 2023-2024 school years. The transition would result in Wicoff becoming a PreK-6th grade school for students receiving Autism and MD self-contained programming, Town Center absorbing the Wicoff sending area’s K-2 population, and Millstone River remaining a grade 3-5 school, but absorbing Wicoff’s 3rd grade sending areas. The consolidation of the Autism and MD self-contained programming into one school would allow students to have consistent access to a team of specialized professionals in a centralized location.

Ms. Juliana thanked the group for their presentation. The Board, the Superintendent, and the presentation team engaged in a discussion regarding the impacts of the proposed changes.

PUBLIC COMMENT

LeeAnn Glozman, 14 Wellington Drive, West Windsor and Dharmendra Makhijani, 5 Benjamin Ct, West Windsor, thanked the Board for pivoting to optional masking for elementary students, for looking at the data, and for allowing parents to make the decision.

Board President Juliana closed the first opportunity for public comment.

The Board re-convened in the multipurpose room of the Board of Education at 7:40 p.m. for the Public Hearing and Board of Education meeting. PUBLIC HEARING ON THE 2022-2023 BUDGET

Board President Juliana opened the Public Hearing on the 2022-2023 Budget at 7:41 p.m.

Dr. Aderhold opened the presentation on the proposed 2022-2023 budget by reviewing the District Mission Statement: *"Building upon our tradition of excellence, the mission of the West Windsor-Plainsboro Regional School District is to empower all learners to thoughtfully contribute to a diverse and changing world with confidence, strength of character, and love of learning."* He then defined a school budget as a planning tool that considers contingencies, manages risk, and considers safeguards and buffers while being fiscally responsible and reflecting district values. He explained the year-round budget process and reviewed some of the key dates during this budget cycle. Dr. Aderhold thanked the Finance Department, under the direction of Dr. Russo, and their team for receiving the Certificate of Excellence in Financial Reporting from Association of School Business Officials [ASBO] International for 13 consecutive years, as well as receiving that organization's Meritorious Budget Award for seven consecutive years. The Superintendent outlined some of the big picture budget topics, including salary increases, special services, capital projects, technology, and transportation. Dr. Aderhold pointed out that the district was able to hold health care costs steady by switching to self-insurance, however, transportation increases are anticipated to be larger than budgeted due to the increase in fuel costs and labor costs. He explained that stressors for next school year include WWPSA negotiations, health care costs, program growth, special services tuition increases, transportation, and the facilities custodial contract renewal. Dr. Aderhold outlined the additional construction projects expected to be awarded during the next school year. He displayed the enrollment numbers by township, noting that Plainsboro students constitute 41.76% of total enrollment and West Windsor students constitute 58.24%. The Superintendent explained the expected revenues, including allowances, capital reserve, and state aid, and reviewed how those revenues will be allocated in the new year. He then reviewed the assessed value and tax impact on each township. He completed his presentation by recommending that the Board approve the 2022-2023 Budget.

The user-friendly budget will be posted on the district website within 48 hours after the public hearing on the budget. Copies of budget presentations are also available on the district web site: http://www.west-windsor-plainsboro.k12.nj.us/about_us/budget_information.

MEETING

BOARD PRESIDENT COMMENTS

Ms. Juliana began her comments by outlining the purpose of Board meetings and the procedures for public comments. She assured the public that, although the Board may not respond to a public comment during the meeting, all comments are heard and considered by the Board and Administration. She thanked the members of the public who respectfully reached out to the Board and Administration to voice their opinion regarding the proposed changes. She thanked the entire special services team for all of their efforts, and explained that the team does sincerely have the best interest of the special education community at heart.

SUPERINTENDENT COMMENTS

Dr. Aderhold commented that the District has a commitment to meet the programmatic needs of all of our students and desires to build better programs. He admitted, and took responsibility for the intention of the plan for Wicoff being poorly communicated. The Superintendent expressed his appreciation to the community

for speaking up. He provided some background on prior changes when the District moved the Autism program to Town Center, decreasing the number of students sent out of district. He explained that the growth in the program since has outpaced expectations. Dr. Aderhold clarified that the aim of the realignment was to improve both our capacity and facilities as to serve more students in the Tier 3 Autism program within the district, rather than sending those students out-of-district. The Superintendent reported that the proposed changes at Wicoff and Town Center have been withdrawn. He completed his comments by reminding the Board that an alternative solution will need to be found that will increase the District's ability to meet the needs of all students without needing to send students out-of-district.

The District continues to leverage the Positive Coaching Alliance and recently held three student athlete workshops on Triple Impact Competitors, Making Teammates Better, and Sports Can Battle Racism. The newly formed United Softball Team is 3-1 in the season and High School South Boys Tennis placed second at the Morristown Classic. Registration for fall high school sports begins May 10. Administration also provided an update on Referendum projects. Final punch lists for HVAC upgrades at HS North and Community MS continue. Masonry work at the High School North dance studio is complete, exterior windows are installed, and interior finishes have begun. At High School South, tilework, painting, and ceiling grid installation continues. At Community MS, work on the new band room including ductwork, painting, and light installation has begun. Masonry and foundation work for the Wicoff addition and renovation continues. The Committee received an Equity Update. Members of the Diversity, Equity, and Inclusivity team and school administration met with community stakeholders on March 23 to secure feedback on an Equity strategic plan draft. Equity professional development for staff continues with preparations underway to celebrate Asian American and Pacific Islander Heritage and Jewish American Heritage Month throughout May. The District continues to update outdated language in current job descriptions and reviewed descriptions for Assistant Athletic Director-Supervisor of Health, Physical Education, and Driver Education, Assistant Director of Technology; Assistant Principal; Director of Athletics; Director of Data Assessment and Accountability; Director of Special Services; Director of Technology; Principal; Supervisor of 6-12 Language Arts; Supervisor of 6-12 Mathematics; Supervisor of Curriculum and Instruction; Supervisor of Instructional Technology; Supervisor of K-5 Language Arts; Supervisor of K-5 Mathematics; Supervisor of Science; Supervisor of Social Studies; Supervisor of Special Services; Supervisor of Technology, Training, and Media Resources; and Supervisor of World Languages. The committee recommends the revised job descriptions for a second review at the next A&F Committee meeting, which will be held on May 16.

Curriculum Committee

Board member Loi Moliga reported that the Committee met on April 12, 2022. Barbara Gould and Guy Tulp joined the meeting to share their research project “Effective Professional Development Impacts Anti-Bias.” Dr. Nathan shared the School Performance Report for WW-P. A link can be found on our district’s website. Data is limited on the report due to the pandemic and a lack of state testing. The Committee reviewed and recommends the adoption of Calculus for the AP Course, 3rd edition, 2020 by Sullivan and Miranda, as the new textbook for AP Calculus AB, AP Calculus BC, and Multivariable Calculus. Dr. Nathan shared the vetting process with the committee. This publisher was chosen as the main text as it is aligned perfectly with the AP syllabus. The materials are used in conjunction with the AP classroom provided by the College Board. This text was designed for high school students taking a college-level course and the students found the materials easier to read and understand. The online materials are user friendly for both teachers and students. Since the Calculus book is only designed for AP courses, an additional Multivariable textbook is needed. The Committee recommends disposal of obsolete media center books that are either so outdated as to no longer

serve as worthy instructional tools, or are so worn and/or damaged as to preclude effective use and economical repair or restoration. The Committee recommends approval of additional Community Education Summer Camps, 4 administrators to attend AVID Summer Institute professional development in Orlando, Florida, and Marty Chen to provide a three-hour virtual workshop during the summer 2022 to dual language immersion teachers and aides. The Committee also recommends one science teacher to attend a virtual AP Environmental Science Summer Institute offered through Southern California AP Institute, and one administrator to attend a virtual Brand X EYCC Educator Youth Coaches Course during the summer of 2022.

Kathleen Moriarty, president of Special Education PTSA, 8 Taunton Court, West Windsor, commented regarding Mr. Harrison speaking on behalf of the Board and regarding special education laws.

SUPERINTENDENT COMMENTS

Dr. Aderhold thanked everyone who came to the meeting to voice their concerns. He explained why it was that administration and the Board thought there was some miscommunication, especially being spread through social media. He clarified a reference to the PCG program review, which was an outside company that made recommendations based on an independent review involving many stakeholders. PCG formulated the review, but their findings came from the community, not from the District. Dr. Aderhold then addressed the questions regarding the referendum and the enrollment numbers. He explained that there is a delay in the building of housing in the communities, but it is coming. He also explained that we were able to do a referendum without increasing taxes or adding additional debt. As for the attorney being present, Mr. Harrison was present at the request of the Board and the administration, as they felt it was important to have a legal expert present. The Superintendent clarified that there is a budget for attorney fees, but there is not a litigation budget. He also stated that if an IEP team cannot come to a resolution, the parent has rights and all parties should work towards a resolution. He explained that the recent enrollment decline has been due to the pandemic, lack of international travel, and postponement of building. Finally, Dr. Aderhold assured the public that we have outstanding teachers, principals and staff that care deeply about our children.

BOARD PRESIDENT’S COMMENTS

Board President Juliana explained that the meeting was called to order during the earlier executive session. She turned the meeting over to Board Attorney Mark Toscano to make changes to the items discussed during executive session.

Mr. Toscano relayed several changes to the items listed on the closed executive session portion of the Board agenda distributed on Friday. Those changes included moving the discussion of the superintendent evaluation until after the public meeting, the removal of *Negotiations with the WWPSA* under item #4, as that item was not discussed, and the addition of *CMS Construction Project* under item #7. The changes are reflected in the closed executive session table at the beginning of these minutes.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold recognized the situation unfolding in Texas and stated that the thoughts of the Board member and Administrators are with the victims’ families.

EQUITY STRATEGIC GOAL PRESENTATION

Ms. Juliana turned the floor over to Dr. Aderhold to introduce the presentation for the evening. Dr. Aderhold introduced the Equity Team, including Barbara Gould, Director of Counseling, Health, and Wellness; Anthony Jones, Diversity, Equity, and Inclusivity Coordinator; Jessica Cincotta, Strategic Goal Chair and High School South Principal; and Susan Totaro, Strategic Goal Chair and Supervisor of Curriculum and Instruction, K-12, to present information on Goal 4 regarding equity and inclusion. The Superintendent explained that Mr. Anthony Jones was unable to join the presentation this evening due to the birth of his child.

Ms. Susan Totaro began the presentation by reviewing the District’s mission statement and strategic goals, emphasizing goal 4. Ms. Jessica Cincotta and Ms. Barbara Gould presented information regarding the strategic planning process used to produce the equity goals. The team outlined the four facets of the equity goal, including Curriculum & Instruction, Board Policy and Practice, Professional Development, and Programs. They explained that separate teams, led by various administrators, were created to address each of these areas. Many of the teams included students, staff, parents, community members and alumni who met throughout the year to ensure transparency. The group conveyed that each team created strategies and activities to support those strategies. The Equity team concluded their presentation by outlining future steps. They indicated that, moving forward, the teams will celebrate the work done so far, launch Action Committees representative of all stakeholders, then plan for progress monitoring.

Several Board members engaged the Equity Team and Dr. Aderhold in a discussion regarding the follow up and review process as well as the development of action committees and implementation.

Ms. Juliana and Dr. Aderhold thanked the group for their presentation and expressed appreciation for all of the work and thought that has been going into the Equity Strategic Planning.

PUBLIC COMMENT

Ms. Juliana opened the first opportunity for public comments.

Several students commented regarding schools being in session during Eid al-Fitr and the lack of recognition of the Muslim holiday.

One student from Plainsboro expressed appreciation for the equity work the district is doing and requested the district prioritize the role of students as the district moves forward.

Kathleen Moriarty, 8 Taunton Court, West Windsor, SEPTSA president, commented regarding diversity, equity, and inclusion, and to express SEPTSA's desire to be a part of these and other district conversations.

SUPERINTENDENT COMMENTS

In response to student comments, Dr. Aderhold explained that the District calendar was set two years in advance, using the holiday list published by the Department of Education. A shift in the holiday's date resulted in the District being closed on the wrong date. Going forward, the District will be more mindful of the fact that the date can change and look into options to accommodate the date change.

BOARD OF EDUCATION COMMITTEE REPORTS

Ms. Juliana turned the floor over to Board member Dana Krug to begin the committee reports.

Administration and Facilities Committee

Board member Dana Krug reported that the Administration & Facilities Committee met on May 16, 2022. Members of the Diversity, Equity, and Inclusivity team met with the Committee to secure feedback on a strategic plan draft. A presentation will be made at the May 24, 2022 Board of Education meeting. The District is celebrating Asian American and Pacific Islander Heritage and Jewish American Heritage Month throughout May with various activities and events. The Committee reviewed the following policies and regulations and recommends them for first reading at the next Board meeting: P1122-Benefits Covering Non-Affiliated Administrative Employees-Category G; P2415.04–Title I District–Wide Parent and Family Engagement; P2415.50–Title I School Parent and Family Engagement; P2417-Student Intervention and Referral Services; P7410-Maintenance and Repair; R7410.01-Facilities, Maintenance, Repair Scheduling, and Accounting; and R7510-Use of School Facilities. The Committee reviewed the following policies and regulations and recommends them for second reading and approval at the next Board meeting: P5460 High School Graduation; P5541 Anti-Hazing; P8465 Bias Crimes and Bias-Related Acts; and R8465 Bias Crimes and Bias-Related Acts. The Committee recommends R7510.01- Use of School Facilities (COVID Addendum), be abolished. The Committee reviewed the 2022-2023 contract for the Advancement Via Individual Determination (AVID) program offered at both High School North and South. The District will be issuing a Request for Quote (RFQ) to secure a school physician for the 2022-2023 school year. The committee recognizes and thanks Dr. Gerry Raymond for

his many years of service to the District. Dr. Lee McDonald shared referendum updates with the Committee by providing a photographic tour of the construction progress at High School South, High School North, Community Middle and Wicoff Elementary School. Highlights included the dance studios at both high schools, a renovated band room and new science classrooms at CMS, and new kindergarten classrooms and music room at Wicoff. Athletic registration for fall high school sports is now open. Both High School North and South recently honored college bound student athletes from the class of 2022 with a signing day ceremony. The Committee then reviewed job descriptions that the District continues to update for outdated language and recommends the revised job descriptions for approval on the May 24, 2022 BOE agenda.

Curriculum Committee

Board member Pooja Bansal reported that the Curriculum Committee met on May 17, 2022. At the beginning of the meeting, Sue Totaro, Jessica Cincotta and Barbara Gould presented the draft Equity Strategic Goal Presentation. Questions and feedback were provided to the team by the committee members. The Committee reviewed several items on the agenda for this evening's meeting and recommends approval of the third year of a five-year agreement with Educational Services Commission of New Jersey (ESCNJ) to provide administration of non-public funds for non-public school students within the district in accordance with State guidelines. The Committee also recommends the adoption of new textbooks for Forensic Sciences, Physics Honors, Physics, and Geometry, the disposal of obsolete classroom library items in accordance with R7300.1, the approval of several professional development opportunities for teachers, and the renewal of technology service agreements for next school year.

Finance Committee

Board member Louisa Ho reported that the Finance Committee also met on May 17, 2022. The Committee reviewed agenda items for the May 24 Board meeting agenda. Included on the agenda are the approval of the monthly financial reports, the 2022-2023 professional service rate renewals, the transfer of capital project interest income, petty cash fund amounts, disposal of some old equipment, the use of cooperative pricing for refinishing gym floors, and several travel requests. The agenda also includes the request for approval to use state contract vendors and participate in joint purchasing agreements, cooperative purchasing agreements, and shared services agreements for next school year. Staff shared information regarding the referendum projects. Bids are prepared to be advertised for Phase 1 of the media center renovations, which includes Dutch Neck and Millstone River. The HS North and Millstone River HVAC projects are at the commissioning, owner training, and punch list milestone. Work on the HS North dance studio is all but complete. However, the installation of the most important part of the dance studio, the floor, is delayed due to the delay in the rooftop HVAC unit delivery. The floor cannot be installed until the room's air is conditioned properly for installation. The documents for the HS North culinary arts lab and media center are being prepared and scheduled for bid at the end of this school year. At HS South, both wings are at the substantial completion and punch list milestone. The last furniture delivery has been made and the final touches on any outstanding work is being completed in the Block A addition. In Block B, final code inspections are complete with security camera installation coming to completion as well as the final punch list items. At Community MS, the band and practice rooms' lights have been installed and the fire alarm installation is occurring. In addition, acoustic wall panels were installed, HVAC ductwork installation is being finalized, and VCT (Vinyl Composite Tile) flooring is being installed. In the Workshop/Engineering rooms and the Science Labs, the floors have been saw-cut, masonry has been removed and the required plumbing and electric have been installed. Once the area is inspected, the concrete will be poured for the flooring. At Wicoff, masons are erecting the block walls, plumbers are installing roof drains and ventilation stacks, and electricians are installing conduit for the new electrical service. Staff also shared an update on Energy Savings

Improvement Program [ESIP] projects. At Community MS, the gas sub-meters for the expansion part of the building still need to be installed. The sub-meters are needed for the energy rebates. Controllers for the additional HVAC approved last month have been ordered. The chiller at Town Center is running with control and balancing work starting. The new HVAC equipment for the Dutch Neck office has been installed and is running. Staff shared information regarding food service, which is averaging 5,900 lunches per day and 520 breakfasts for the month of April. Sodexo has provided pricing for the upcoming year and the approval will be brought forward on June agenda. The Committee discussed lunch prices, which must be increased this year due to inflation and cost increases. WW-P meal prices are below the other districts in the county. It was determined that the lesser increase would be requested for approval. The proposed lunch prices for 2022-2023 are included on the Board meeting agenda. Staff shared that several transportation routes went out to bid. Some came in at higher than expected amounts. The district is taking price increases into consideration and looking into different pricing options. Staff provided a health and safety update. COVID-19 cases are rising in our community. The District has been in consultation with local and county health officials and at this time, there is no masking recommendation. Administration continues to monitor the situation. The Committee discussed potential stressors on the approved budget, mostly due to inflation and gas price increases.

Ms. Graelynn McKeown, West Windsor Plainsboro Education Foundation Liaison, reported that the WW-P Education Foundation Executive Board met on June 8. Ashima Saksena announced this will be her last year as president. She has formed a strong partnership with, and support from, the Administration. She has accomplished much with the support of the community and she shared her appreciation for the teachers in identifying their needs during each of the grant cycles. The 1st Virtual Innovation Fair and Talent Show was held on June 4. It was an outstanding event with strong participation and a diverse array of virtual presentations and activities. They received two diamond and one platinum sponsorships. The Talent Show committee received 120 audition tapes and was impressed with all the talented students across our district. They saw Rubix Cube expertise, a ventriloquist, and many piano players. In the end, they were only able to select 25 acts. At the District Celebration, which was held earlier tonight, the Education Foundation was able to provide 17 teachers with grant certificates. The STAR campaign had generated \$3400 in donations as of the date of the meeting (June 8). The executive committee is actively scouting for board members so if you are interested in giving back to the community, they would love to hear from you.
